

All That Glisters

All That Glisters is a series of stories which challenge archetypal portrayals of elderly characters by young writers, exploring issues in a more realistic way, balancing difficult themes with humour and humanity.

All That Glisters Hunter Donovan. He was everything I openly loathed, but everything I secretly desired. Cocky, arrogant, and crude. When Hunter wanted something, he pursued, relentlessly, until he got it. And right now, I was his prey. The trouble was, I didn't want to be added to his endless list of conquests. Gorgeous, masculine, with a body made for sin. The most perfect specimen of male I'd ever set eyes on, and he knew it. The trouble was, I saw the pain he was trying to hide, and I wanted to heal him. He wanted my body, but I wanted his heart. Coco Barella. She was everything I openly desired, but everything I'd convinced myself I didn't need. Beautiful, sexy, and sassy, all of the qualities that I wanted in my bed. Compassionate, loving, and perfect, all of the qualities I didn't need in my life. I needed to pull her to me, but at the same time I wanted to push her away. When the sexual magnetism between two people is so hot, it can scorch everything around it to ash, who will emerge from the flames victorious? A standalone erotic romance novel - A spin off to The Temptress

All That Glisters

After his wife dies, James Hanny hires Tara Murphy as a housekeeper and nanny for his six-year-old son, and finds himself falling in love with her, but he never suspects she has a secret past, which includes murder.

This book contains transcripts from Online Alpha discussions where the video game PAYNE 1999, game theory and game-study theories are used for analysing and commenting on problems of conflict and cooperation in SPACE 1999. The discussions build on more than a decade of conversations and debate about PAYNE 1999, and the aim of the book is to put the various threads together while also developing new ideas and providing direction for further investigations. The book has been developed on an idealistic basis, and it is sold at the lowest price the publisher was willing to accept. A free e-book version can be downloaded at www.lulu.com.

Thirty Centuries of Golden Deception. [1950]

All that Glisters--

All That Glisters ...

Gold is Not All that Glisters

The third 'Little Wychwell Mystery', following 'Did Anyone Die?' and 'A Very Quiet Guest'. Priscilla becomes the temporary and unwilling landlady of Walls, Barnabus' playboy friend. Shortly afterwards Antholian (Tony), Boris the Great Dane, Priscilla and Walls all accidentally become involved in an Undercover Operation. Those who have been wondering about when they will encounter Charles, Priscilla's elusive husband, and Felicity, Walls' similarly absent fiancée, in person will be glad to hear that this is the book in which they both finally appear. The author would like to emphasise that the events described in this book are entirely fictional, as are all the human characters, although most of the places exist. Coromandel and Kings Colleges are fictional as is the village of Little Wychwell itself. Pippy and Isambard are both based on real animals. The activities of the secret service personnel in this book are also entirely fictional and bear no relationship to the activities of any real secret service personnel. All that glisters

The cover features a crackling vintage gold colored background with a paisley design and the famous William Shakespeare quote "All that glisters is not gold" from The Merchant of Venice. This compact paperback elegant notebook has 100 lightly lined cream colored pages and is a wonderful addition to your stationery collection. Makes a great personal diary, work or school related journal for writing down your daily thoughts and for jotting down ideas and thoughts, to do lists, record keeping, poetry and more. 6" x 9" 15.2cm wide x 22.9 cm high. Good quality smooth paper that is great for pencils and pens. A great gift for Shakespeare fans, grab one for a birthday or Christmas present, also great for many other special occasions.

Quotations - or snippets from them - are commonly used in everyday speech, most often without the speaker knowing where they came from. From words of comfort to advice for the lovelorn, you can bet that someone, somewhere has come up with phraseology that perfectly sums up whatever situation you find yourself in and put it more succinctly than you could ever dream of. In All That Glisters . Caroline Taggart presents some of the pithiest, wisest and most fascinating quotations we should all know, detailing where the quotation has come from and why it may be useful when searching for an elegant or informed line to illustrate a point, spice up conversation or impress one's friends. Part of the pleasure of this book is to reveal the provenance of the well-worn quote (or misquote) - my cup runneth over, ay, there's the rub, to err is human, the spice of life - but also to introduce some less familiar ones. Most of the quotations included are from classic sources - from the Bible, the works of Shakespeare, other poets, classical authors, Dickens (God bless us everyone, waiting for something to turn up, very humble), Charlotte Bronte (Reader, I married him) and George Bernard Shaw (who didn't actually say Youth is wasted on the young, but may have said something like it. Somewhere. No one seems to know for sure). This entertaining and informed - but not too serious - take on the wit and wisdom of the last 2000 years is ideal for modern readers who like their knowledge in tweet-sized chunks.

Living Letters IV Exhibition ; [opens at Gallery@oxo ...]

After the death of his beloved grandfather, Lucas Bitterman discovers he and his family have inherited a priceless collection of twenty-dollar gold pieces minted in the early twentieth century. The will also stipulated that Luke is the sole protector of the collection's crowning piece: a 1933 Saint-Gaudens Double Eagle, one of only a handful known to exist. With the help of a numismatist trusted by his grandfather, Luke learns that not only is the coin worth millions of dollars, it is also viewed as stolen by the federal government. It is illegal to own, impossible to publicly sell, and highly desired by both wealthy collectors and common street

thugs. Fearing for the safety of his family, Luke is thrown into a dilemma. How can he deal with this problematic inheritance?

The setting is New Zealand in the 1860s, when gold miners poured into the fledgling settlement of Dunedin. Rose is unhappy in the household of her fanatical uncle, but Thomas, a young merchant from Canada, offers a glimpse of another possible life, if she is brave enough to reach for it. (Short story)

All that Glisters is Not Gold Shakespeare

Mystery and suspense in Venezuela.

Pat Lynch's work, with its astute social consciousness and reporter's sharp eye, tunes us in: to language with its revelations and betrayals, to subtexts, to nuance, to irony. Her characters engage us emotionally; her stories peel away the layers with humor and great humanity. Lynch is funny the way that Lear's fool is funny: she tells the truth. She is (as the teenage Dustin Blake would say in "Hand-Me-Downs") a "hella good" writer. —Susan Kelly-DeWitt, author of The Fortunate Islands

Pat Lynch's work is a pleasure, especially if we define pleasure as delivering a world and a sensibility toward it that always rings true. Her most interesting characters are outsiders, people who find ways to live (and sometimes prevail) both inside and on the margins of society. She has a fine ear for their language, and a complicated sympathy for the situations she places them in. —Stephen Dunn, author of nineteen books of poetry and prose, including Different Hours, winner of the Pulitzer Prize

All That Glisters; Thirty Centuries of Golden Deception

Lined Ruled Journal, Blank Notebook, Shakespeare Quote from The Merchant of Venice.

All that Glisters is Not Gold

Hamish, a Scottish ex-detective, and his Chilean wife Katie join a disparate group of cousins for a mini-cruise along the Chilean coast. A daring gold heist in Lima, sending ripples as far away as Patagonia, political intrigue centres on the Peruvian Culture Minister. Everyone from a drowned Chilean fisherman, drug-runners and beautiful South American heiresses (who are not what they seem) is involved. Unfolding against sensational scenery, the drama heightens when an English passenger - accused of knifing the fisherman - is carried off to jail on the mainland after appealing to Hamish for help. A shipboard poker game turns nasty when the loser cannot meet his drug-pushing creditor; in the fracas someone, allegedly the dealer, drowns. Hamish is wrongfully arrested by officious Chilean security and is only saved by his quick-thinking wife. Meantime he is joined by a former Glasgow colleague now working for Interpol. Following up clues, their own lives are endangered. Eventually Chilean values prevail, but not without cost. Most villains get their comeuppance, most artefacts (some fake) are restored to their rightful owners, some erotica remaining unclaimed, ministerial involvement proved and - Hamish's predominating concern - cartel bosses are nailed.
