marketing is the process of earning money (commissions) every time you promote a company's products or services and drive a sale. You only get paid every time you drive a sale, just like

representative.
The idea behind
it is that you
promote other

products, often
through an

a commission if
people actually

Let me put it this way: if you were offered no pay for six months for 40+ hours of work per week, but after those six months, you got \$5,000+ per month for the rest of your life, would that be worth it to you? If that idea isn't unbelievably
