Disappearing friends. Magic gemstones. Warring kingdoms. False allies. A trail gone cold. A battle for supremacy. A mad emperor. A scheming empress. Codes of honor - and dishonor. Only trust and sacrifice will save the day. Oh yes, and the Ravenstones. An epic quest, a tale of heroism, a saga of accepting one's destiny and

enduring friendship - The Ravenstones is a story for fantasy enthusiasts of all ages. In the tradition of Watership Down, Wind in the Willows and the Redwall series, C.S. Watts writes about animals-some brave, some modest, some cruel, some evil, some treacherous. Each one plays a crucial role in the story of the mythic Ravenstones. In Eirwen and Fridis, the first of the seven-volume series, the tale of an unlikely friendship between an unassuming polar bear and an intrepid eider duck begins. The former is searching for lost friends, while the latter is ready for the adventure of a lifetime. Eirwen and Fridis also introduces

the Ravenstones, magic gemstones that have been missing for so long they've been largely forgotten by the world-but not by all! Their travels have taken them to Vigmar, a mountainous empire at war with neighboring Aeronbed. Fate places the inexperienced bear in command of the Empire's quarrelsome forces, and he is immediately beset by the demands of leadership. Fridis, overcoming misfortune, seeks to unravel the mysteries of Vigmar's capital, Blakfel, and confront its scheming rulers. In Volume 2, The Invasion of Aeronbed, misadventure, temptation, envy and betrayal haunt the paths the two must tread, now separated from each

other. Lucky escapes, a mysterious forest, surprising allies and the Ravenstones come to their aid. Eirwen has decided that Vigmar must invade its neighbor to bring an end to the long-standing conflict. He chooses to lead the wolfpack, commanded by the ambitious Adarix, into the very heart of Aeronbed. Fridis, meanwhile, ill-equipped for such violent confrontations, must stay behind to fend for herself. Although she discovers a meaningful role in Blakfel, danger lurks for her in the capital's byways and castle towers as much as on any battlefield. The Ravenstones is a story of light and darkness, of intertwining good and

evil, intrigue and ambition, loyalty and deception, in the tradition of The Chronicles of Narnia, Harry Potter and A Wrinkle in Time. For the reader who loves fantasy, it has every essential element: colorful characters in a parallel universe, heroes and villains, humor, plot twists and turns and best of all a satisfying ending. The first two volumes of the seven-part series are being published simultaneously. The remainder will be available every few months over the next couple of years.

The Pride of an African Migrant: In Remembrance of Jimmy Mubenga, a Martyr of Globalisation, Murdered by the UK Border Regime on a British Airways Fli

In the year since their father's death, June and November Garrett have made a fine life for themselves on their ranch. Romance has bloomed between November and Deputy Cash O'Shea, and June, in her own unorthodox manner has been cultivating her relationship with the sheriff, Henry Redwolf. It would seem an idyllic time in their lives, but for one thing: a band of local outlaws and their scheme to rob a drug delivery van goes terribly awry. When Sheriff Redwolf is shot and laying

Trust Me I'm a Miner

The Original Keto Diet Book 2021

When six musicians come together to form an all-girl country band, The Sweethearts of Country Music are born. But can they balance their musical worlds with their personal lives? C.C. DeVera plays to

the beat of her own drum. As the percussionist for the Lipstick Outlaws, she prefers to stay out of the spotlight, safe in the shadows of her band mates. C.C.'s not one to make waves, but when her family wants to set her up on yet another disastrous blind date--for her sister's wedding, no less--she finally puts her foot down. And tells a little white lie. That she already has a date. Dalton Gregory's job on the crew is a challenge, but he loves life on the road with the Outlaws. His little crush on the band's beautiful drummer makes the long hours even more worth it. There's something about C.C. that makes his palms sweat, and his heart

pound out its own rhythm. Then, C.C.'s family shows up at one of their gigs, wanting to meet her new mystery man. After she pulls Dalton into the act, things quickly get out of hand. It's a mad scramble to keep up the charade, but what happens when their fake relationship starts to edge its way into reality? Can they both set aside their fears and admit they're not pretending anymore? The Sweethearts of Country Music series includes six books by six different authors. Each novel features a member of the band as she struggles to balance music and love.
