

## American Promise Volume2 Fifth Edition Value

"The American Promise: A Concise History" is a brief, inexpensive narrative with a clear political, chronological narrative that makes teaching and learning American history a snap. Streamlined by the authors themselves to create a truly concise book, the fifth edition is nearly 15 percent shorter than the fourth compact edition, yet it includes more primary sources than ever—including a new visual sources feature. It is also enhanced by LearningCurve, our easy-to-assign adaptive learning system that will ensure students come to class prepared.

Lee Christmas gets drunk and falls asleep at the throttle of his locomotive, plowing straight into an oncoming train. Blacklisted from the railroad and his marriage in tatters, he flees New Orleans on a steamer bound for the tropics. In Honduras, he begins a quiet new life. But trouble has a way of finding Christmas. With unrest sweeping the countryside, he's kidnapped by bandits. Soon, he finds himself taking sides in an all-out civil war as leader of the rebellion. MERCENARY is the story of the USA's most famous soldier of fortune: the hard-drinking drifter who changed the fate of a nation. Praise for MERCENARY: "[Highly recommended to readers of adventure fiction and history, as well as anyone interested in American adventurism and meddling in Latin America.] - Michael Wallace, Wall Street Journal and USA Today bestselling author. [Lee Christmas led a roaring life on and off the battlefield. Gaughran's great, fast-paced read keeps you right alongside all his exploits.] - Richard Sutton, author of The Red Gate. Keywords: Historical fiction | Literary fiction | Biographical fiction | Adventure novel | Central America | Latin America | Honduras | New Orleans | Lee Christmas | History

An essential American dreamlike access to higher education was becoming a reality with the GI Bill and civil rights movements after World War II. But this vital American promise has been broken. Christopher Newfield argues that the financial and political crises of public universities are not the result of economic downturns or of ultimately valuable restructuring, but of a conservative campaign to end public education's democratizing influence on American society. Unmaking the Public University is the story of how conservatives have maligned and restructured public universities, deceiving the public to serve their own ends. It is a deep and revealing analysis that is long overdue. Newfield carefully describes how this campaign operated, using extensive research into public university archives. He launches the story with the expansive vision of an equitable and creative America that emerged from the post-war boom in college access, and traces the gradual emergence of the anti-egalitarian [corporate university,] practices that ranged from racial policies to research budgeting. Newfield shows that the culture wars have actually been an economic war that a conservative coalition in business, government, and academia have waged on that economically necessary but often independent group, the college-educated middle class. Newfield's research exposes the crucial fact that the culture wars have functioned as a kind of neutron bomb, one that pulverizes the social and culture claims of college grads while leaving their technical expertise untouched. Unmaking the Public University incisively sets the record straight, describing a forty-year economic war waged on the college-educated public, and awakening us to a vision of social development shared by scientists and humanists alike.

A study of the gap between the promise and practice of American democracy examines the historical national unity derived from the democratic ideal and the frustration of that ideal by political institutions and hierarchies

Going to the Source

Loose-leaf Version for The American Promise: A Concise History, Volume 2

The Wealth of Networks

The American Promise has long been a course favorite. Students value The American Promise for its readability, clear chronology, and lively voices of ordinary Americans, while instructors rely upon the rich content, the many documents and features, and the overall support for teaching their class their way. The American Promise provides superior formats for every use—the print book allows for a seamless reading experience while LaunchPad provides the right space for active learning assignments and dynamic course management tools that measure and analyze student progress. LaunchPad comes with a wealth of primary sources and special critical thinking activities to help students progress toward learning outcomes; LearningCurve, the adaptive learning tool that students love to use to test their understanding of the text and instructors love to assign to prepare students for class; and a suite of instructor resources from videos to test banks that make teaching simpler and more effective.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

The American Promise: A Concise History is a brief, inexpensive narrative with a clear political, chronological narrative that makes teaching and learning American history a snap. Streamlined by the authors themselves to create a truly concise book, the fifth edition is nearly 15 percent shorter than the fourth compact edition, yet it includes more primary sources than ever—including a new visual sources feature. It is also enhanced by LearningCurve, our easy-to-assign adaptive learning system that will ensure students come to class prepared.

Promises Kept

The American Promise, Value Edition, has long been a favorite with students who value the text's readability, clear chronology, and lively voices of ordinary Americans, all in a portable format. Instructors have long valued the full narrative accompanied by a 2-color map program and the rich instructor resources of the parent text made available at an affordable price. The sixth edition introduces a breakthrough in teaching and learning through the addition of LaunchPad, which combines carefully-curated new assignments and assessments integrated with the full-length parent text e-book—the same narrative in the Value Edition but with full color art and maps and more features for analysis—in its own intuitive course space. The American Promise Value Edition with LaunchPad now provides the best formats for every activity—the print book allows for a seamless reading experience while LaunchPad provides the right space for active learning assignments and dynamic course management tools that measure and analyze student progress. LaunchPad comes with a wealth of primary sources and special critical thinking activities to help students progress toward learning outcomes; LearningCurve, the adaptive learning tool that students love to use to cement their understanding of the text and instructors love to assign to prepare students for class; and a suite of instructor resources from videos to test banks that make teaching simpler and more effective. What's in the LaunchPad

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

\*Organized chapter by chapter to parallel The American promise: a history of the United States in all its editions"-v. 1, p. iii.

[A]n ambitious economic history of the united States...rich with details." ?—David Leonhardt, New York Times Book Review How did a weak collection of former British colonies become an industrial, financial, and military colossus? From the eighteenth to the twenty-first centuries, the American economy has been transformed by wave after wave of emerging technology: the steam engine, electricity, the internal combustion engine, computer technology. Yet technology-driven change leads to growing misalignment between an innovative economy and anachronistic legal and political structures until the gap is closed by the modernization of America's institutions—often amid upheavals such as the Civil War and Reconstruction and the Great Depression and World War II. When the U.S. economy has flourished, government and business, labor and universities, have worked together in a never-ending project of economic nation building. As the United States struggles to emerge from the Great Recession, Michael Lind clearly demonstrates that Americans, since the earliest days of the republic, have reinvented the American economy - and have the power to do so again.

The American Promise

Authorized King James Version

#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (The Washington Post Book World). "Quite extraordinary."—Toni Morrison In this lyrical, un sentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father— a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for Dreams from My Father "Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride's The Color of Water and Gregory Howard Williams's Life on the Color Line as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus devoted to neither."—The New York Times Book Review "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kallowitz, author of There Are No Children Here "One of the most powerful books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel."—Charlayne Hunter-Gault, author of In My Place "Dreams from My Father is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Precise and wise, this book will tell you something about yourself whether you are black or white."—Marian Wright Edelman

The basic text for Alcoholics Anonymous.

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate,

provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

Informing the Future

This new textbook is designed for non-specialist courses in biology or life sciences. It covers all aspects of the discipline from cells and organisms to population and ecology.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those

instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

This core text is the first to provide a much-needed interdisciplinary approach to international studies. Emphasizing the interconnected nature of history, geography, anthropology, economics, and political science, International Studies details the methodologies and subject matter of each discipline then applies these discipline lenses to seven regions: Europe; East Asia and the Pacific; South and Central Asia; sub-Saharan Africa; the Middle East and North Africa; Latin America; and North America. This disciplinary and regional combination provides an indispensable, cohesive framework for understanding global issues. The fully updated fourth edition includes four new global issues chapters: The Refugee Crisis in Europe; The Syrian Civil War and the Rise of the Islamic State; Global Climate Change; and The Globalization of Modern Sports. .

In Democracy in California, Brian P. Janiskee and Ken Masugi clearly explain the politics and character of California's governmental institutions and the dynamics affecting the lives of its citizens. The Second Edition is updated throughout and includes special discussions of the recent 2006 election, the 2005 special election, and the 2003 recall effort.

The Tobacco Atlas

Politics and Government in the Golden State

The American Promise, 5th Ed Vol 2 + Reading the American Past 5th Ed Vol 2

Research in the past five years suggests a bleak picture of the health dangers of smoking, with tobacco the biggest single killer of all forms of pollution. It is estimated that one person dies every ten seconds due to smoking-related diseases. This publication considers the history and current position regarding tobacco use, as well as providing some predictions for the future of the tobacco epidemic upto the year 2050. It contains a number of full-colour world maps and graphics to illustrate the variations between countries and regions. Issues discussed include: tobacco prevalence and consumption; youth smoking; the economics of tobacco farming and manufacturing; smuggling; the tobacco industry, promotion, profits and trade; smokers' rights; legislative action such as smoke-free areas, tobacco advertising bans and health warnings.

The American Promise has long been a course favorite for its readability, clear chronology, and the voices of Americans that animate the book. Now with new co-authors, the eighth edition continues to deliver a strong narrative with political backbone and offers a new pedagogical design that reinforces that history is a discipline rooted in debate and inquiry. The American Promise has primary sources in each chapter, a full-color map and art program, and comprehensive supplement options, including LaunchPad and a free companion sourcebook. Available for free when packaged with the print book, the popular digital assignment and assessment options for this text bring skill building and assessment to a more highly effective level. The greatest active learning options come in LaunchPad, which combines an accessible e-book with LearningCurve, an adaptive and automatically graded learning tool that—when assigned—helps ensure

instances where discretionary action is possible, and many other study and assessment tools. For instructors who want the easiest and most affordable way to ensure students come to class prepared, Achieve Read & Practice pairs LearningCurve, adaptive quizzing and our mobile, accessible Value Edition e-book in one easy-to-use product.

PMBOK® Guide is the go-to resource for project management practitioners. The project management profession has significantly evolved due to emerging technology, new approaches and rapid market changes. Reflecting this evolution, the Standard for Project Management enumerates 12 principles of project management and the PMBOK® Guide, &—Seventh Edition is structured around eight project performance domains. This edition is designed to address practitioners' current and future needs and to help them be more proactive, innovative and nimble in enabling desired project outcomes. This edition of the PMBOK® Guide, reflects the full range of development approaches (predictive, adaptive, hybrid, etc.)•Provides an entire section devoted to tailoring the development approach and processes;•Includes an expanded list of models, methods, and artifacts;•Focuses on not just delivering project outputs but also enabling outcomes; and•Integrates with PMStandards™ for information and standards application context on project type, development approach, and industry sector.

The American Promise is more teachable and memorable than any other U.S. survey text. The balanced narrative braids together political and social history so that students can discern overarching trends as well as individual stories. The voices of hundreds of Americans - from Presidents to pipe fitters, and sharecroppers to suffragettes - animate the past and make concepts memorable. The past comes alive for students through dynamic special features and a stunning and distinctive visual program. Over 775 contemporaneous illustrations - more than any competing text - draw students into the text, and more than 180 full - color maps increase students' geographic literacy. A rich array of special features complements the narrative offering more points of departure for assignments and discussion. Longstanding favorites include Documenting the American Promise, Historical Questions, The Promise of Technology, and Beyond American's Borders, representing a key part of our effort to increase attention paid to the global context of American history.

A History of the United States from 1865 Compact Edition

Understanding the American Promise, Volume 2

The American Promise, Combined Edition

Many document readers offer lots of sources, but only Going to the Source combines a rich selection of primary sources with in-depth instructions for how to use each type of source. Mirroring the chronology of the U.S. history survey, each chapter familiarizes students with a single type of source while focusing on an intriguing historical episode such as the Cherokee Removal or the 1894 Pullman Strike. Students practice working with a diverse range of source types including photographs, diaries, oral histories, speeches, advertisements, political cartoons, and more. A capstone chapter in each volume prompts students to synthesize information on a single topic from a variety of source types. The wide range of topics and sources across 28 chapters provides students with all they need to become fully engaged with America's history.

Understanding the American Promise, Third Edition, features a brief, question-driven narrative that models for students the inquiry-based methods used by historians and features an innovative active learning pedagogy designed to foster greater comprehension of the reading. This book includes a full-color map and art program, new primary documents, and comprehensive supplement options including LaunchPad. It is also enhanced by LearningCurve, our easy-to-assign adaptive learning system that will ensure students come to class prepared.?

Lots of readers offer lots of sources, but only Going to the Source gives students a clear method for how to use them. The reader's strong pedagogical framework, developed by historians with extensive teaching experience, helps students learn how to ask fruitful questions in order to evaluate documents effectively and develop critical reading skills. Mirroring the chronology of the U.S. history survey, each chapter introduces students to the excitement of working with documents by focusing on a single intriguing historical episode. The reader's wide variety of chapter topics that complement the survey course and its rich diversity of sources -- from personal letters to political cartoons -- provokes students' interest as it teaches them the skills they need to successfully grapple with historical sources.

"It has been yesterday, I know tomorrow." This inscription in Tutankhamun's tomb summarizes The Fifth Beginning. Here, archaeologist Robert L. Kelly explains how the study of our cultural past can predict the future of humanity. In an eminently readable style, Kelly identifies four key pivot points in the six-million-year history of human development: the emergence of technology, culture, agriculture, and the state. In each example, the author examines the long-term processes that resulted in a definitive, no-turning-back change for the organization of society. Kelly then looks ahead, giving us evidence for what he calls a fifth beginning, one that started about AD 1580. Some might call it "globalization," but the author places it in its larger context: a five-thousand-year arms race, capitalism's global reach, and the cultural effects of a worldwide communication network. Kelly predicts that the emergent phenomena of this fifth beginning will include the end of war as a viable way to resolve disputes, the end of capitalism as we know it, the widespread shift toward world citizenship, and the rise of forms of cooperation that will end the near-sacred status of nation-states. It's the end of life as we have known it. However, the author is cautiously optimistic: he dwells not on the coming chaos, but on humanity's great potential.
