**Amsco's Integrated Algebra 1**

**Preparing for the ACT Mathematics & Science Reasoning**

**Preparing for the Advanced Placement Exams**

**Algebra 1, Student Edition**

**EL-Hi Textbooks & Serials in Print, 2003**

Principles of Macroeconomics for AP® Courses covers scope and sequence requirements for an Advanced Placement® macroeconomics course and is listed on the College Board AP® example textbook list. The text covers classical and Keynesian views, with a prominent section on the Expenditure-Output model to align to the AP® curriculum. The book offers a balanced approach to theory and application, and presents current examples to students in a politically equitable way. Principles of Macroeconomics for AP® Courses PDF and web view versions have been updated to include current FRED (Federal Reserve Economic) data.

Gilbert Strang's clear, direct style and detailed, intensive explanations make this textbook ideal as both a course companion and for self-study. Single variable and multivariable calculus are covered in depth. Key examples of the application of calculus to areas such as physics, engineering and economics are included in order to enhance students' understanding. New to the third edition is a chapter on the 'Highlights of calculus', which accompanies the popular video lectures by the author on MIT's OpenCourseWare. These can be accessed from [math.mit.edu/~gs](http://math.mit.edu/~gs).

Biology for AP® courses covers the scope and sequence requirements of a typical two-semester Advanced Placement® biology course. The text provides comprehensive coverage of foundational research and core biology concepts through an evolutionary lens. Biology for AP® Courses was designed to meet and exceed the requirements of the College Board's AP® Biology framework while allowing significant flexibility for instructors. Each section of the book includes an introduction based on the AP® curriculum and includes rich features that engage students in scientific practice and AP® test preparation; it also highlights careers and research opportunities in biological sciences.
