Preálgebra

Fundamentals of Spanish

"Preálgebra is designed to meet scope and sequence requirements for a one-semester prealgebra course. The text introduces the fundamental concepts of algebra while addressing the needs of students with diverse backgrounds and learning styles. Each topic builds upon previously developed material to demonstrate the cohesiveness and structure of mathematics. Prealgebra follows a nontraditional approach in its presentation of content. The beginning, in particular, is presented as a sequence of small steps so that students gain confidence in their ability to succeed in the course. The order of topics was carefully planned to emphasize the logical progression throughout the course and to facilitate a thorough understanding of each concept. As new ideas are presented, they are explicitly related to previous topics."—BC Campus website.

Presents a Spanish language grammar and vocabulary practice workbook to accompany a text book for classes in high school Spanish.

"Presents ancient and neo-Latin language phrases and conversations on a variety of topics. Includes pronunciation guide, bibliography, and English to Latin vocabulary. Expanded and enlarged from the 3rd edition (2003)"—Provided by publisher.

The TOTIL method of education will help your child learn twice as much from kindergarten through high school. It ' s easy to understand and even easier to implement. TOT stands for " time on task, " and IL stands for " independent learning. " By focusing on these two key areas, your child can be home-schooled to become better at math, English, and advanced subjects. He or she will be able to write, research, and think better when it ' s time to enter college. Dr. Doris Leclerc Ball, a retired teacher and psychologist, spent more than forty years perfecting the TOTIL method. In this guidebook, you ' ll discover • the critical importance of learner-centered education; • the obsolete nature of most teachers and how to replace them; • the simple curriculum and materials your child needs to succeed; • many other insights on how to help your child learn. Your child can master the knowledge and skills necessary to compete at the highest levels for grades, jobs, and more. It begins with a roadmap for Revolutionizing Education in America.

A proven grammar-based approach that gets you communicating in Spanish with confidence, right away Easy Spanish Step by Step proves that a solid grounding in grammar basics is the key to mastering a second language. Grammatical rules and concepts are clearly explained in order of importance, and more than 300 verbs and key terms are introduced on the basis of frequency. Numerous exercises and engaging readings help learners quickly build their Spanish speaking and comprehension prowess.

Modern Spanish Grammar: A Practical Guide is an innovative reference guide to Spanish, combining traditional and function-based grammar in a single volume.The Grammar is divided into two parts. The shorter section covers traditional grammatical categories such as word order, nouns, verbs and adjectives. The larger section is carefully organized around language functions and notions such as: giving and seeking information putting actions into context * expressing likes, dislikes and preferences comparing objects and actions.All grammar points and functions are richly illustrated and information is provided on register and relevant cultural background. Written by experienced teachers and academics, the Grammar has a strong emphasis on contemporary usage. Particular attention is paid to indexing and cross-referencing across the two sections. This is the ideal reference grammar for learners of Spanish at all levels, from elementary to advanced. It will prove invaluable to those with little experience of formal grammar, as no prior knowledge of grammatical terminology is assumed and a glossary of terms is provided. The book will also be useful to teachers seeking back-up to functional syllabuses, and to designers of Spanish courses.

This updated edition of the combination textbook and workbook is designed as an introduction to Spanish for classroom use. The emphasis is on oral proficiency--conversational speaking and listening comprehension--but the authors also present detailed instruction in the fundamentals of Spanish grammar, vocabulary, reading comprehension, and writing in Spanish. The book is filled with exercises and answers, true-to-life dialogues, illustrations of Hispanic art, and photos that capture the flavor of Spanish culture in Spain and Latin America. In this new edition, the vocabulary sections and readings have been updated to include the latest technology, while the cultural sections now include information about the Hispanic individuals currently making a splash on the world scene.

Experienced Waldorf ring Spanish language teaching to bright light in this invaluable book. Rich with imaginative ideas on how to help students learn the language and hear the culture woven into the language is the gift of this book. Poems, songs, games, and vocabulary building stories are some of the treasure trove offered in this good book! Foreign language teaching is challenging in America where English is the only language we hear in most areas. To open the hearing of students to listen for the rhythms, the music, and the meaning in Spanish is the goal of the good teachers who wrote this book for us.

The backbone of Henle Latin Second Year is intensive language study, including review of the first year plus new materials. Separated into four parts, Henle Latin Second Year includes readings from Caesar's Commentaries, extensive exercises, and Latin-English vocabularies. Humanistic insight and linguistic training are the goals of the Henle Latin Series from Loyola Press, an integrated four-year Latin course. Time-tested and teacher endorsed, this comprehensive program is designed to lead the student systematically through the fundamentals of the language itself and on to an appreciation of selected classic texts.

"Published by OpenStax College, American Government is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project. "—BC Campus website.

This series offers a comprehensive review and thorough understanding of the elements of the Spanish language. Each book can be used as a complement/supplement to any basal textbook or solely for review and additional practice.
