A Systematic Catalogue of Soft-Scale Insects is a synthesis and catalogue of all

the information published on eight families of scale insects (Hemiptera: Coccoidea) worldwide from 1758 to the present. Data is provided on their correct scientific names, common names, synonyms, taxonomy, host plants, distribution, natural enemies, biology, and economic importance. This book will be a valuable compendium of biological and systematic information for zoologists, entomologists, crop protection specialists, quarantine officers, students studying entomology and related disciplines, and others who require information about scale insects for research and control projects. Beginning with volume 41 (1979), the University of Texas Press became the publisher of the Handbook of Latin American Studies, the most comprehensive annual bibliography in the field. Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines, the Handbook alternates from year to year between social sciences and humanities. The Handbook annotates works on Mexico, Central America, the Caribbean and the Guianas, Spanish South America, and Brazil, as well as materials covering Latin America as a whole. Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas. The Handbook of Latin American Studies is

the oldest continuing reference work in the field. Lawrence Boudon became the editor in 2000. The subject categories for Volume 58 are as follows: Electronic Resources for the Humanities Art History (including ethnohistory) Literature (including translations from the Spanish and Portuguese) Philosophy: Latin American Thought Music Colección de los tratados, convenciones, capitulaciones, armisticios y otros actos diplomáticos y políticos

The gossip is an axis of literary creation and deconstruction of the official discourse in the narrative of Tomás Eloy Martínez. In Santa Evita and La Novela de Perón there are mechanisms used by gossip to reinterpret space and history.

This book presents the proceedings of the 1st International Congress on Innovation and Research – A Driving Force for Socio-Econo-Technological Development (CI3 2020). CI3 was held on June 18–19, 2020. It was

organized by the Instituto Tecnológico Superior Rumiñahui and GDEON, in co-organization with Higher Institutes: Libertad, Bolivariano, Vida Nueva, Espíritu Santo, Sudamericano Loja, Central Técnico and sponsored by the Universidad Nacional Mayor de San Marcos (Perú), the Federal University of Goiás (Brazil) and HOSTOS—Community University of New York (USA). CI3 aims to promote the development of research activities in Higher Education Institutions and the relationship between the productive and scientific sector of Ecuador, supporting the fulfilment of the National Development Plan “Toda una vida 2017-2021”.

Embodying Mexico examines two performative icons of Mexicanness--the Dance of the Old Men and Night of the Dead of Lake Pátzcuaro--in numerous manifestations, including film, theater, tourist guides, advertisements, and souvenirs. Covering a ninety-year period from the postrevolutionary era to the present day, Hellier-Tinoco's analysis is thoroughly grounded in

Mexican politics and history, and simultaneously incorporates choreographic, musicological, and dramaturgical analysis. Exploring multiple contexts in Mexico, the USA, and Europe, Embodying Mexico expands and enriches our understanding of complex processes of creating national icons, performance repertoires, and tourist attractions, drawing on wide-ranging ethnographic, archival, and participatory experience. An extensive companion website illustrates the author's arguments through audio and video.

Where did your surname come from? Do you know how many people in the United States share it? What does it tell you about your lineage? From the editor of the highly acclaimed Dictionary of Surnames comes the most extensive compilation of surnames in America. The result of 10 years of research and 30 consulting editors, this massive undertaking documents 70,000 surnames of Americans across the country. A reference source like no other, it surveys each surname giving its meaning, nationality, alternate spellings, common forenames associated with it, and the frequency of each surname and forename. The Dictionary of American Family Names is a fascinating journey throughout the multicultural United States, offering a detailed look at the meaning and frequency of surnames throughout the country. For students studying family genealogy, others interested in finding out more about their own lineage, or lexicographers, the Dictionary is an ideal place to begin research.

A Driving Force for Socio-Economic-Technological Development

In Citizens of Scandal, Vanessa Freije explores the causes and consequences of political scandals in Mexico from the 1960s through the 1980s. Tracing the process by which Mexico City reporters denounced official wrongdoing, she shows that by the 1980s political scandals were a common feature of the national media diet. News stories of state embezzlement, torture, police

violence, and electoral fraud provided collective opportunities to voice dissent and offered an important, though unpredictable and inequitable, mechanism for political representation. The publicity of wrongdoing also disrupted top-down attempts by the ruling Partido Revolucionario Institucional to manage public discourse, exposing divisions within the party and forcing government officials to grapple with popular discontent. While critical reporters denounced corruption, they also withheld many secrets from public discussion, sometimes out of concern for their safety. Freije highlights the tensions—between free speech and censorship, representation and exclusion, and transparency and secrecy—that defined the Mexican public sphere in the late twentieth century.
