Edexcel A2 Biology Revision Guide

The only textbook that fully supports the Oxford AQA International GCSE Biology specification (9201), for first teaching in September 2016. The enquiry-based, international approach builds scientific skills and knowledge, preparing students for the Oxford AQA International GCSE exam supporting their progression to further A Level study.
Supports Pearson Edexcel Level 3 Advanced GCE in Biology B (9BI0) specification. Build investigative skills, test understanding and apply biological theory to topical examples with the updated, all-in-one textbook for Years 1 and 2. Combining everything your students need to know for Edexcel A level Biology B specification, this revised textbook will: - Support all 16 required practicals with activities and questions to help students explain procedures, analyse data and evaluate results. - Provide clear definitions, as well as explanations, of the meanings of all technical v needed for the specification. - Help bring students up to speed with a summary of prior knowledge and diagnostic questions at the start of each chapter. - Offer assessment guidance with exam practice questions at the end of each chapter, graded by difficulty to support progression. - S students with new extended response and 'Challenge' questions. - Build mathematical skills with a dedicated 'Maths for Biology' chapter and support throughout, explaining key concepts and methods. - Develop and embed understanding with end-of-chapter summaries, free online acce answers and an extended glossary.
"This book helps in raising and sustaining motivation for better grades. These books are the best possible match to the specification, motivating readers by making maths easier to learn. They include complete past exam papers and student-friendly worked solutions which build up to pra for all round exam preparation. These books also feature real-life applications of maths through the 'Life-links' and 'Why ...?' pages to show readers how this maths relates, presenting opportunities to stretch and challenge more apply students. Each book includes a Live Text CDROM w fully worked solutions examined step-by-step, animations for key learning points, and revision support through the Exam Cafe."--Publisher's description
The Cambridge Lower Secondary Complete Biology Student Book builds a solid foundation in Lower Secondary Biology through a rigorous, separate science approach and develops the skills students need to prepare them for the step up to IGCSE. This resource fully covers the curricu students for a smooth transition to IGCSE Biology. The book provides an international approach from author, Ann Fullick, teacher and subject specialist author of nearly 200 textbooks. It maintains the strengths of the previous, best-selling edition, but with updates and improvements to b students' needs. The Student Book is supported by a Workbook that provides opportunities for independent practice inside and outside the classroom, and a Teacher Handbook, which offers full teaching support.
