Kallimni Arabi bishweesh is part of a planned series of multi-level Egyptian Colloquial Arabic course books for adults, written by Samia Louis and developed at the International Language Institute (ILI), Cairo. The book covers the Novice Lower-Mid levels of language proficiency according to ACTFL (American Council for Teaching Foreign Languages).

For decades, students learning the Arabic language

have begun with Modern Standard Arabic (MSA) and then transitioned to learning spoken Arabic. While the MSA-first approach neither reflects the sociolinguistic reality of the language nor gives students the communicative skills required to fully function in Arabic, the field continues to debate the widespread adoption of this approach. Little research or evidence has been presented about the effectiveness of integrating dialect in the curriculum. With the recent publication of textbooks that integrate dialect in the Arabic curriculum, however, a more systematic analysis of such integration is clearly becoming necessary. In this seminal volume, Mahmoud Al-Batal gathers key scholars who have implemented integration to present data and research on the method 's success. The studies address curricular models, students' outcomes, and attitudes of students and teachers using integration in their curricula. This volume is an essential resource for all teachers of Arabic language and those working in Teaching Arabic as a Foreign Language (TAFL).

This revised and updated answer key accompanies both DVD and textbook exercises in Al-Kitaab fii Ta callum al cArabiyya with DVDs, Part Two, Second Edition.

This intermediate level text has been developed in accordance with performance-based principles, contextualization, use of authentic materials, function/task-orientedness, and balance between skill getting and skill using. Each topic covers punctuation, grammar and new words and expressions.
