This Second Edition of Diana Ridley's bestselling guide to the literature review outlines practical strategies for reading and note taking, and guides the reader on how to conduct a systematic search of the available literature, and uses cases and examples throughout to demonstrate best practice in writing and presenting the review. New to this edition are examples drawn from a wide range of disciplines, a new chapter on conducting a systematic review, increased coverage of issues of evaluating quality and conducting reviews using online sources and online literature and enhanced guidance in dealing with copyright and permissions issues.

While much work has been done on goddesses of the ancient world and the male gods of pre-Christian Scandinavia, the northern goddesses have been largely neglected. Roles of the Northern Goddess presents a highly readable study of the worship of these goddesses by men and women. With its use of evidence from early literature, popular tradition, legend and archaeology, this book investigates the role of the early hunting goddess and the local goddesses who were involved in all aspects of the household and the farm. What emerges is that the goddess was both benevolent and destructive, a powerful figure closely concerned with birth and death and with destiny of individuals.

These chapters on [[Responsible Leadership] represent the latest thinking on a topic of increasing relevance in a connected world. There are many challenges that still remain when it comes to establishing responsible leadership both in theory and practice. Whilst offering conceptualisations for the improvement of leadership is a first and perhaps easier response, what is more difficult is to facilitate the actual change to happen. These chapters will not only generate interest in the emerging domain of studies on responsible leadership, but also will pave the way for future research in this area in the years to come. This book informs instructors and librarians about the history, aims, and pedagogical uses of the annotated bibliography. A companion to the authors' Writing the Annotated Bibliography, this text enables instructors to better understand the annotated bibliography not only as a tool for research and composition but also as a valuable pedagogical tool. It provides practical guidance along with assignments, lesson plans, assessment rubrics, and other tools for using annotated bibliographies in effective and nuanced ways. It also contains annotated bibliography samples in APA, MLA, and Chicago styles. This practical book is of great use to instructors of composition and research skills, librarians, curriculum designers, writing center directors, and education professionals.

James Harner's popular pamphlet, first published in 1985, has been revised and updated in the light of advances in computer technology and the availability of humanities databases. Harner offers useful information on planning research, organizing an annotated bibliography, compiling entries, using a computer to prepare the manuscript, and editing. While the booklet focuses on the preparation of a comprehensive bibliography on a single literary author, the procedures and techniques are easily adapted to selective or subject bibliographies and to other periods and disciplines.

"There has never been a guide as comprehensive as this to writing in all its forms. . . . Useful, clear and encyclopedic, this book is an essential guide for every household."—Examiner
Need to know how to format your résumé for that job application? How do you write a cover letter that will stand out? Wondering how to request a letter of recommendation for graduate school? Trying to craft a get-well note that will really help? How informal is too informal when instant messaging in the office? What do you write on the website for your small business? What should you say in a wedding invitation? Or a divorce announcement? With over 200 how-to entries and easy-to-use models organized into three comprehensive sections on work, school, and personal life, How to Write Anything covers a wide range of topics that make it an essential guide for the whole family.

In 1991, the Government of Canada ratified the United Nations Convention on the Rights of the Child, requiring governments at all levels to ensure that Canadian laws and practices safeguard the rights of children. A Question of Commitment: Children's Rights in Canada is the first book to assess the extent to which Canada has fulfilled this commitment. The editors, R. Brian Howe and Katherine Covell, contend that Canada has wavered in its commitment to the rights of children and is ambivalent in the political culture about the principle of children's rights. A Question of Commitment expands the scope of the editors' earlier book, The Challenge of Children's Rights for Canada, by including the voices of specialists in particular fields of children's rights and by incorporating recent developments.

The Elements of Inquiry covers the basic guidelines for graduate students doing an investigation or inquiry project. It distills the rubrics necessary for teaching research methods and completing research projects, and gives the student researcher a list of steps to follow to complete any type of inquiry project – including formal research projects such as doctoral dissertations. It was written to support the work of students in an educational leadership doctoral program, but it will also assist the research efforts of college students at any level in any discipline. The book begins by establishing the underlying philosophical concepts upon which all good research is based, preparing students to get down to the "nuts and bolts" of conducting their own research and evaluating the research of others. Fundamental concepts and rules of research are explained both for producers and consumers of social science and educational research. Numerous practical examples illustrate the steps in the research process presented in the text. There are end-of-chapter exercises for students to apply the concepts discussed in the chapter. Templates for organizing and presenting research provide students with a game plan for success with their research. The book ends with an up-to-date annotated bibliography of beginning and advanced research texts allowing students easy access to books that detail the more specialized research topics. While most research books detail one or more method in depth, this text provides a broad introduction to many techniques and models used in doctoral dissertations, and will be of particular value to those who are consumers of inquiry studies and research reports. Key to the overview provided is the annotated bibliography that leads the reader to the next stage of understanding or doing research.

Recipes for Success is a unique, user-friendly guide that informs and empowers doctoral students with the skills and knowledge to start and complete their dissertation. Putting together an excellent dissertation is like preparing a gourmet feast for a gathering of distinguished guests who are connoisseurs of fine cooking. You, the researcher, are the chef and chief meal engineer for this eloquent repast. Careful preparation is needed each step of the way, along with a formal means to reach your desired goal. Recipes takes you gingerly through these steps. Recipes is presented in three phases. In PHASE 1 you start your initial preparation, gather ingredients, and prepare the menu for your feast. This includes your mental, physical, and psychological preparation along with the selection of the type of meal (research topic and method) you will serve. In PHASE 2 you gather your accoutrements and utensils to collect and analyze data to help you solve the problem you pose, answer your research questions, and achieve your purpose. In PHASE 3 you learn how to put your meal (dissertation) together to ensure a delicious high-quality study to serve at your feast.

Included are several presentations and web resources to serve as your maitre d' for your banquet. Here is what readers are saying about Recipes: Very easy to read! Offers examples and a space to then write your own information. It is broken down into manageable pieces, which makes thinking about your work easier than thinking about the whole dissertation. T.R. (Georgia) Dr. Simon's book is the best resource for dissertations that I have ever seen. It should be titled, Dissertations for Dummies, because anyone can follow it. Brenda (New Jersey). I love this book! It is interesting and exciting, and written in a format that I easily understand. It is easy to read, it is concise, and when compared to the other books in my library on dissertation writing, all others pale in comparison. Sharon (Arizona).

The bestselling guide to reporting writing, updated and reworked for today's practice Essentials of Assessment Report Writing offers effective solutions to the creation of reader-friendly, yet targeted, psychological, and educational assessment reports. Parents, clinicians, clients, and other readers need more than test-by-test descriptions—they need an accessible analysis of the entire situation to determine their next steps. This book provides clear guidance for busy practitioners seeking ways to improve their report writing skills. With a focus on current practice, this new second edition covers DSM-5 updates and the latest assessment instruments including the WJ IV, WISC-V, WAIS-IV, KTEA-3, and the CAS2. New discussion includes advice on tailoring the report to the audience, and annotated case reports provide illustrative models of effective report styles, interpretation, and analysis. Key concepts are highlighted for quick reference throughout, and end-of-chapter questions help reinforce understanding. Reporting styles vary widely within the field, in both content and style; there is no definitive "standard," but many reports fail to reflect best practices and therefore prove less than useful to the reader. This book provides expert guidance throughout the reporting process to help practitioners provide high-quality, accessible reports. Integrate assessment results to provide a person-centered report Identify and navigate critical decision points in the interpretive process Write efficiently yet effectively while enhancing the reader's experience Provide an accurate, informative, and readable assessment report Incorporate practical recommendations to address the referral concerns Expertly-conducted assessments should culminate with a carefully constructed analysis that provides direction via clear communication. Because this report will be used to inform treatment, intervention, and ultimately, the client's quality of life—it is critical that it provides clear, informative guidance in a way that readers can understand. Essentials of Assessment Report Writing provides comprehensive guidelines for navigating through the report writing process.

The New York Times bestselling work of undercover reportage from our sharpest and most original social critic, with a new foreword by Matthew Desmond, author of Evicted Millions of Americans work full time, year round, for poverty-level wages. In 1998, Barbara Ehrenreich decided to join them. She was inspired in part by the rhetoric surrounding welfare reform, which promised that a job—any job—can be the ticket to a better life. But how does anyone survive, let alone prosper, on \$6 an hour? To find out, Ehrenreich left her home, took the cheapest lodgings she could find, and accepted whatever jobs she was offered. Moving from Florida to Maine to Minnesota, she worked as a waitress, a hotel maid, a cleaning woman, a nursing-home aide, and a Wal-Mart sales clerk. She lived in trailer parks and crumbling residential motels. Very quickly, she discovered that no job is truly "unskilled," that even the lowliest occupations require exhausting mental and muscular effort. She also learned that one job is not enough; you need at least two if you int to live indoors. Nickel and Dime reveals low-rent America in all its tenacity, anxiety, and surprising generosity—a land of Big Boxes, fast food, and a thousand desperate stratagems for survival. Read it for the smoldering clarity of Ehrenreich's perspective and for a rare view of how "prosperity" looks from the bottom. And now, in a new foreword, Matthew Desmond, author of Evicted: Poverty and Profit in the American City, explains why, twenty years on in America, Nickel and Dime is more relevant than ever.

Information Literacy in Music: An Instructor's Companion is a practical guide to information literacy instruction for busy librarians and music faculty. This book contains examples of course-integrated assignments designed to help postsecondary music students develop foundational skills in information literacy. These assignments have been solicited from experienced librarians and faculty across the United States, and they represent a broad spectrum of approaches to music research, from historical to applied studies. Be inspired by new and creative solutions to students' information literacy challenges and by the many examples of successful collaborations between librarians and music faculty.

Designer and critic Jessica Helfand has emerged as a leading voice of a new generation of designers. Her essays--at once pithy, polemical, and precise--appear in places as diverse as Eye, Print, ID, The New Republic, and the LA Times. The essays collected here decode the technologies, trends, themes, and personalities that define design today, especially the new media, and provide a road map of things to come. Her first two chapbooks--Paul Rand: American Modernist and Six (+2) Essays on Design and New Media--became instant classics. This new compilation brings together essays from the earlier publications along with more than twenty others on a variety of topics including avatars, the cult of the scratchy, television, sex on the screen, and more. Designers, students, educators, visual literati, and everyone looking for an entertaining and insightful guide to the world of design today will not find a better or more approachable book on the subject.

Reexamining the Chicano civil rights movement of the 1960s and 1970s, In the Spirit of a New People brings to light new insights about social activism in the twentieth-century and new lessons for progressive politics in the twenty-first. Randy J. Ontiveros explores the ways in which Chicano/a artists and activists used fiction, poetry, visual arts, theater, and other expressive forms to forge a common purpose and to challenge inequality in America. Focusing on cultural politics, Ontiveros reveals neglected stories about the Chicano movement and its impact: how writers used the street press to push back against the network news; how visual artists such as Santa Barraza used painting, installations, and mixed media to challenge racism in mainstream environmentalism; how El Teatro Campesino's innovative "actos," or short skits, sought to embody new, more inclusive forms of citizenship; and how Sandra Cisneros and other Chicana novelists broadened the narrative of the Chicano movement. In the Spirit of a New People articulates a fresh understanding of how the Chicano movement contributed to the social and political currents of postwar America, and how the movement remains meaningful today.

This volume pulls together research on several aspects of the self. One set of chapters deals with the importance of building a self based on authenticity and "Who I really am."; a second group deals with the ways in which we defend views of the self as positive and powerful; a third group is concerned with multiple aspects of self regulation. Each of the chapters is a well-written, non-technical description of an important, currently active research program.

From the acclaimed New York Times bestselling author: An essential volume for generations of writers young and old. The twenty-fifth anniversary edition of this modern classic will continue to spark creative minds for years to come. For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott's hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne's father—also a writer—in the iconic passage that gives the book its title: "Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he'd had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother's shoulder, and said, 'Bird by bird, buddy. Just take it bird by bird.'"
