When it's crucial crunch time and your AP U.S. History exam is just around the corner, you need REA's AP U.S. History Crash Course!

The author uses marriage to examine the social history of New Mexico between 1500 and 1846

Interpreting the Great Awakening of the eighteenth century was in large part the work of Jonathan Edwards; whose writings defined the revival tradition in America. Moving from sensitive descriptions of "the Surprising work of God" in conversion to a quest for the essence of true religion, and threading his way through mounting controversies over "errors in doctrine and discipline," Edwards sought to locate an authentic core of evangelical experience, to define it in terms of biblical faith and psychological insight, and to defend it against both overheated zealous and rationalistic critics. The tracts that unfold his thoughts, presented in chronological order (with related correspondence) for the first time in accurate critical texts, document a movement so significant for the American continent that it has been called "our national conversion." In a carefully researched introduction, C.C. Goen identifies the "Arminian threat" to the Awakening. A Northampton pastor responded at the onset of the Awakening, and traces Edwards' understanding of vital religion as it developed in the ambiguous context of revivalism. Mr. Goen's study also illuminates little-known aspects of A Faithful Narrative and describes the haphazard way in which that important work reached its eager audience. C.C. Goen, author of *Revivalism and Separatism in New England, 1740-1800* (1962), is professor of church history at the Wesley Theological Seminary in Washington, D.C.

Equip your students to excel on the AP® United States History Exam, as updated for 2016 Features "flexibility designed to use in a one-semester or one-year course" "divided into nine chronological periods mirroring the structure of the new AP® U.S. College Board Curriculum Framework, the text reflects the Board's effort to focus on trends rather than isolated facts" "each period features a one-page overview summarizing the major developments of the period and lists the three featured Key Concepts from the College Board Curriculum Framework" "each Think As a Historian feature focuses on one of the nine historical thinking skills that the AP® exam will test" "each chapter narrative concludes with Historical Perspectives, a feature that addresses the College Board emphasis on how historians have interpreted the events of the chapter in various ways" "the chapter conclusion features a list of key terms, people, and events organized by theme, reflecting the College Board's focus on asking students to identify themes, not just events" "chapter assessments include eight multiple-choice items, each tied to a source as on the new AP® exam, as well as four short-answer questions" "period reviews include both long-essay questions and Document-Based Questions in the format of those on the AP® exam, as updated for 2016

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass* The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the

problems and opportunities that we confront today.

Designed for America's History, Ninth Edition, this two-volume primary source reader offers a chorus of voices from the past carefully selected to enrich the study of U.S. history. Five to six documents per chapter, ranging from speeches and political cartoons by celebrated historical figures to personal letters and diary entries by ordinary people, foster historical thinking skills while putting a human face on America's diverse history. To support the structure of the parent text, unique part document sets at the end of each part present sources that illustrate the major themes of each section. Brief introductions place each document in historical context, and questions for analysis help students practice historical thinking skills and link individual sources to larger themes.

A thought-provoking new book from one of America's finest historians "History," wrote James Baldwin, "does not refer merely, or even principally, to the past. On the contrary, the great force of history comes from the fact that we carry it within us, are unconsciously controlled by it in many ways, and history is literally present in all that we do." Rarely has Baldwin's insight been more forcefully confirmed than during the past few decades. History has become a matter of public controversy, as Americans clash over such things as museum presentations, the flying of the Confederate flag, or reparations for slavery. So whose history is being written? Who owns it? In *Who Owns History?*, Eric Foner proposes his answer to these and other questions about the historian's relationship to the world of the past and future. He reconsiders his own earlier ideas and those of the pathbreaking Richard Hofstadter. He also examines international changes during the past two decades--globalization, the collapse of the Soviet Union, the end of apartheid in South Africa--and their effects on historical consciousness. He concludes with considerations of the enduring, but often misunderstood, legacies of slavery, the Civil War, and Reconstruction. This is a provocative, even controversial, study of the reasons we care about history--or should.

Depicts the hardships and suffering endured by the Joads as they journey from Oklahoma to California during the Depression.

The Warmth of Other Suns

The Revolutionary Generation

Give Me Liberty! An American History

Fabric of a Nation

'An irresistible page-turner that reads like the most compelling, sleep defying fiction' TIME OUT One was an architect. The other a serial killer. This is the incredible story of these two men and their realization of the Chicago World's Fair of 1893, and its amazing 'White City'; one of the wonders of the world. The architect was Daniel H. Burnham, the driving force behind the White City, the massive, visionary landscape of white buildings set in a wonderland of canals and gardens. The killer was H. H. Holmes, a handsome doctor with striking blue eyes. He used the attraction of the great fair - and his own devilish charms - to lure scores of young women to their deaths. While Burnham overcame politics, infighting, personality clashes and Chicago's infamous weather to transform the swamps of Jackson Park into the greatest show on Earth, Holmes built his own edifice just west of the fairground. He called it the World's Fair Hotel. In reality it was a torture palace, a gas chamber, a crematorium. These two disparate but driven men are brought to life in this mesmerizing, murderous tale of the legendary Fair that transformed America and set it on course for the twentieth century . . .

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

A Very Short Introduction

America's History, Volume 1: To 1877

AP U.S. History

Colonial America

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make **THE AMERICAN PAGEANT** accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: **THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1-41)**; **Volume 1: To 1877 (Chapters 1-22)**; **Volume 2: Since 1865 (Chapters 22-41)**. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A reissue of a Pulitzer prize-winning classic, and now the major motion picture **GETTYSBURG**. As a result of these acclamations, this book is considered one of the greatest novels written on the Civil War.

Presents an epic history that covers the period from the end of World War I through the 1970s, chronicling the decades-long migration of African Americans from the South to the North and West through the stories of three individuals and their families.

Rethinking the Past in a Changing World

A Novel of the Civil War

A Century of Dishonor

A Patriot's History of the United States

Cracking the AP U. S. History Exam, 2017 Edition

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

USAs historie indtil 1996

In 2014, College Board rolled out a new AP® U.S. History course, which centered less on memorizing content and more on developing skills. Since then, the course has been modified here and there, but very little has changed in AP® textbooks--content is still king. Until now.

Fabric of a Nation is the first book to truly embrace this dramatic shift in the AP® course and in how history is taught. Built from the ground up by long-time AP® leaders Jason Stacy and Matthew Ellington, this book offers a new approach to AP® US History by seamlessly integrating: A brief historical narrative AP® skills practice Primary source documents Exact alignment to the AP® course Now, that's revolutionary!

Visible Saints: The History of a Puritan Idea

A Sketch of the United States Government's Dealings with Some of the Indian Tribes

From the time they stepped ashore at Plymouth and Salem, the New England Puritans have commanded attention, partly because of their undertaking, partly because of its material success, but also because of the tension, excitement, and hope aroused by a large-scale effort with society. Their attempt to direct human relations into a consistent pattern derived from Biblical precepts has been the focus of many Puritans. In previous works I have discussed their concepts of family relationships and of civil government. Currently I am engaged in a study of their ideas affected economic problems. In the ensuing pages I have tried to examine the origins and history of an idea that they considered for society than domestic, political, or economic ones, the idea of membership in the church.

His popular courses were renowned for their energetic presentations, commitment to scholarship, and helping students achieve high exam scores.

Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the perspective of the working class, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the streets and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the perspective of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrants. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. From Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the Pulitzer Prize Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of our history, 1492-Present

Who Owns History?

A Massively Collaborative Open U.S. History Textbook, Vol. 1: To 1877

The introduction, discussion questions, suggestions for further reading, and author biography that follow are intended to enhance your reading group's discussion of Joseph Ellis's *Founding Brothers: The Revolutionary Generation*. We hope they will enrich your experience of this Pulitzer Prize-winning study of the intertwined lives of the founders of the American republic--John Adams, Aaron Burr, Benjamin Franklin, Alexander Hamilton, Thomas Jefferson, James Madison, and George Washington.

With fresh interpretations from two new authors, wholly reconceived themes, and a wealth of cutting-edge new scholarship, the seventh edition of *America's History* is designed to work perfectly with the way you teach the survey today. Building on the book's hallmark strengths — balance, comprehensiveness, and explanatory power — as well as its outstanding visuals and extensive primary-source features, authors James Henretta, Rebecca Edwards, and Robert Self have shaped *America's History* into the ideal resource for survey classes.

In this Very Short Introduction, Alan Taylor presents the current scholarly understanding of colonial America to a broader audience. He focuses on the transatlantic and a transcontinental perspective, examining the interplay of Europe, Africa, and the Americas through the flows of goods, people, plants, animals, capital, and ideas.

Provides a comprehensive review of key test topics, test-taking strategies, and two full-length practice tests with detailed answers explanations.

As the characters go through their daily journeys, each one finds themselves often pondering the question: Where do we go from here? Some will realize the answer to that question, while others will be left to figure out which way to turn next. Interwoven in this novel are issues and lessons related to friendship, love, death, family secrets, betrayal, heartbreak and pure bliss. Set in the suburbs of Maryland and the Washington Metropolitan area, you ' ll take a ride through the characters ' lives that will touch your heart and leave you wanting more.
