“We tried to live with 120 percent intensity, rather than waiting for death. We read and read, trying to understand why we had to die in our early twenties. We felt the clock ticking away towards our death, every sound of the clock shortening our lives.” So wrote Irokawa Daikichi, one of the many kamikaze pilots, or tokkotai, who faced almost certain death in the futile military operations conducted by Japan at the end of World War II. This moving history presents diaries and correspondence left by members of the tokkotai and other Japanese student soldiers who perished during the war. Outside of Japan, these kamikaze pilots were considered unbridled fanatics and chauvinists who willingly sacrificed their lives for the emperor. But the writings explored here by Emiko Ohnuki-Tierney clearly and eloquently speak otherwise. A significant number of the kamikaze were university students who were drafted and forced to volunteer for this desperate military operation. Such young men were the intellectual elite of modern Japan: steeped in the classics and major works of philosophy, they took

Descartes' "I think, therefore I am" as their motto. And in their diaries and correspondence, as Ohnuki-Tierney shows, these student soldiers wrote long and often heartbreaking soliloquies in which they poured out their anguish and fear, expressed profound ambivalence toward the war, and articulated thoughtful opposition to their nation's imperialism. A salutary correction to the many caricatures of the kamikaze, this poignant work will be essential to anyone interested in the history of Japan and World War II.

The Life and Times of Eddie Mcgrath

*Anarchist, journalist, drama critic, advocate of birth control and free love, Emma Goldman was the most famous—and notorious—woman in the early twentieth century. This abridged version of her two-volume autobiography takes her from her birthplace in czarist Russia to the socialist enclaves of Manhattan's Lower East Side. Against a dramatic backdrop of political argument, show trials, imprisonment, and tempestuous romances, Goldman chronicles the epoch that she helped shape: the reform movements of the Progressive Era, the early years of and later disillusionment with Lenin's Bolshevik experiment, and more. Sounding a call still*

*heard today, Living My Life is a riveting account of political ferment and ideological turbulence. First time in Penguin Classics Condensed to half the length of Goldman's original work, this edition is accessible to those interested in the activist and her extraordinary era*

Beautiful and charismatic, the daughter of one of Pakistan's most popular leaders -- Zulfikar Ali Bhutto, hanged by General Zia in 1979 -- Benazir Bhutto is not only the first woman to lead a post-colonial Muslim state, she achieved a status approaching that of a royal princess, only to be stripped of her power in another example of the bitter political in-fighting that has riven her country. From her upbringing in one of Pakistan's richest families, the shock of the contrast of her Harvard and Oxford education, and subsequent politicisation and arrest after her father's death, Bhutto's life has been full of drama. Her riveting autobiography, first published in 1988 and now updated to cover her own activities since then and how her country has changed since being thrust into the international limelight after 9/11, is an inspiring tale of strength,

dedication and courage in the face of adversity.

Daughter of the East: An Autobiography

The definitive biography of the father of modern Turkey, a powerful figure in the still-unfolding drama of the Middle East. With the collapse of the Ottoman Empire after the First World War came the emergence of new nations, chief among them Turkey itself. It was the creation of one man, the soldier-statesman Mustafa Kemal, who dragged his country from the Middle Ages to the twentieth century, and in defeating Western imperialists inspired 'the cause of the East'. Lord Kinross writes of the intrigues of empires, the brutalities of civil war, personal courage - showing us Ataturk, the incarnation of glory - as well as of Kemal's youthful ambition, and his problems with his wife.
