Beginning with the classic book The Prism of Lyra in 1989, Lyssa Royal-Holt's channeling has focused on presenting profound galactic wisdom in a grounded way to assist our lives on Earth. In this book, the most detailed and powerful channeled teachings that have come through in recent years are presented in depth. These new teachings are sourced from ancient Vega mysticism — the awakening teachings brought to Earth in ancient days from both Sirius and the Pleiades called the School of the Nine Serpents. After millennia of absence, our Sirian and Pleiadian ancestors have now resumed their teachings to match the next phase of human evolution. This book contains two threads: The first thread is the awakening teachings of the Pleiades that were part of the ancient school called the Golden Lake Teachings. These work with the heart and have the gentle and distinct flavor of our Pleiadian ancestors. The second thread is the Sirian teachings that make up the structural foundation of the School of the Nine Serpents. You don't need to believe in the reality of extraterrestrials to gain immense benefit from the wisdom in this book. These teachings are consciousness-centered and based on the necessary integration of body, mind, spirit, and emotion, as well as light and shadow. Together, the Pleiadian and Sirian teachings provide an invaluable road map for the next phase of human evolution — the integration of polarity and the awakening of human consciousness beyond duality.

In The Golden Sherpa: Ascending Into Magical Spirituality, Matthew Krajewski invites spiritual seekers to follow him through a rainbow of heart-based spiritual practices. While one may explore diverse mystical practices, we can all sometimes doubt our authenticity, and need some user feedback to assure us we are cultivating our own special, divine light. Building on ideas from his first book, Modern Magic: Reclaiming Your Magical Heritage, his follow-up book, The Golden Sherpa, details how it truly feels to experience spiritual energy. By teaching ourselves new ways to think by way of the heart, The Golden Sherpa articulates biological, spiritual energy as our true nature, details the light and shadow of energy, as well as ways to passively and actively experience energy. Matthew Krajewski left a successful career in Silicon Valley to embrace being a spiritual writer and teacher, and he uses his journey to explore the struggles and joy we all experience when following our hearts. By following The Golden Sherpa everyone can better understand energetic reality, explore their own magic, and ascend to new heights of integrated living.

From what to expect to how to prepare, the teachings in this book serve as guidance for the next 20 years, so that people will be able to attune themselves to the spiritual forces that are coming.

The present collection examines the many different ways in which religions appeal to the authority of science. The result is a wide-ranging and uniquely compelling study of how religions adapt their message to the challenges of the contemporary world.

A century ago, Celtic groups descending from the famed Hermetic Order of the Golden Dawn pioneered a fascinating form of ceremonial magic invoking Pagan Celtic powers instead of relying on the more commonly used Judeo-Christian names and symbols. Those groups disappeared many decades ago, and their teachings were lost. But today, their legacy has been reborn. Respected occult author and Grand Archdruid John Michael Greer has re-created a complete magical system based on the Celtic Golden Dawn traditions. This new book provides students with a complete curriculum of Druidical magic and occult wisdom, including training in ceremonial magic, meditation, pathworking, divination, geomancy, and herbal alchemy, allowing self-initiation into the three degrees of Ovate, Bard, and Druid. Structured to resemble a long-lost correspondence course, The Celtic Golden Dawn presents a series of knowledge lectures, meditations, and rituals leading to mastery of the most important magical techniques.
