'I was spellbound by the hooded man at work. Mesmerized by this agent of death, who had ignored the carnage around him by biding his time and waiting to strike.' It is the Golden Age of Piracy and the New World beckons. Edward Kenway - the brash young man who dreams of gold - cannot resist the lure of a life of glory on the high seas. When his family homestead is attacked there seems like no better time to escape, and Kenway soon establishes himself as one of the deadliest privateers of his day. But greed, ambition, and revenge in his wake. And when evidence of a crippling conspiracy begins to surface, threatening to destroy everything that he holds dear, Kenway can't resist the urge for retribution. And so he is drawn into the centuries-old battle between the Assassins and the Templars.

Assassin's Creed Odyssey is the ninth large installment of the bestselling series launched in 2007. Unlike the previous parts of the series, which were action games, this production represents the RPG action genre. The title was created by Ubisoft's in-house studio in Montreal. Assassin's Creed Odyssey begins in 431 BC with the outbreak of the conflict between Sparta and Athens, known as the Peloponnesse War. Before starting the game we choose one of the two characters - Alexios or Kassandra, grandchildren of the famous king of Sparta, Leonidas. However, they were cursed by the family and banished; we meet them when they earn a living as mercenaries as adults. The beginning of the title Odyssey, on the other hand, is the moment when the heroine or heroine takes on orders that will radically change his life, opening the way for him to become a Spartan heroine. Unlike earlier Assassin's Creed games, Odyssey's plot is to some extent non-linear. In the course of the struggle, we make decisions that influence the course and end of the script - although we cannot influence the fate of the world, the choices we make are translated into the life of the protagonist (the creators allow us, for example, to romance with selected people) and the characters around him. The story is conveyed both in film interviews and in conversations in which the developers, for the first time in the history of the series, gave players the opportunity to choose dialogue issues. Separate mention should be made of the fact that in Assassin's Creed Odyssey historical and mythical characters appear, headed by Socrates, documenting our actions by Herodotus, Hippocrates known as the father of modern medicine, or even Pericles, who fought to defend Athens' independence. In Assassin's Creed Odyssey we observe the action from a third party perspective (TPP). The game gives us a vast open world, which consists of several regions, varying in terms of landscape, season and population density. In addition to Attica, which is central to Athens and Lakonia, where Sparta is located, there are also militarized Achaia and Messinia, forest islands with a beautiful golden autumn, or even the glamorous city of Corinth. We can travel along this "sandbox" both on foot (which makes the parkour system, which is a showpiece of the series, allowing the heroes to overcome obstacles in a spectacular and instant way), and on the back of a mountain named Phobos. In addition, the game returns free sailing, a hallmark of Assassin's Creed IV: Black Flag released in 2013. Our ship, Adrestia, can be modified by changing its appearance and equipment. Of course, we do not swim alone on the sea - during the game we can recruit the crew (also from among stunned enemies), and each of its members has unique abilities, which influence our combat potential during battles with enemy units. It is worth noting that sailing is once again made more attractive by the shanties sung in Greek by our subordinates. On land, our enemies are eliminated both from hiding and in open combat. If we decide on a quiet solution, we can take advantage of the blessings carried by the spearhead of Leonidas' spearhead - a legendary artifact, which replaced a hidden blade known from earlier versions of the cycle. These weapons also provide Alexios and Kassandra with supernatural abilities like increased strength or the ability to instantly knock out an opponent's shield; they are useful in close combat duels, where we use various types of white weapons. There are also large-scale battles with up to 300 units in the game, and when we break the law, our Mercenaries follow us and we can bribe, kill or simply run away from them.

Bursting with timelines, concept art, locations, history, character profiles, and technology, this is the ultimate guide to the millennia-long struggle between the Assassin Brotherhood and the Templar Order. The covert war between two secret organizations, the Templars order and the Brotherhood of the Assassins, has been raging for millennia. Packed with beautiful images and featuring the latest lore, "Assassin's Creed: The Essential Guide," explores the major characters, technology, key historical settings, and epic story of this conflict.

Encompassing the entire franchise, Assassin's Creed: The Essential Guide is both an ideal introduction and the perfect guide to the Assassin's Creed universe, full with facts on: -The Assassin Brotherhood and the Templar order -The First Civilisation -Technology and Weapons -Historical Settings and Locations -The Present day storyline

Assassin's Creed Rogue takes us to 18th Century North America where we'll be braving the icy waters of the North Atlantic, the bustling streets of New York and the greenery of River Valley. This time around however, things are a little different for the series as we'll be taking on the role of an assassin turned Templar and get to view the clandestine war from a fresh set of eyes and a different viewpoint. In our extensive Assassin's Creed Rogue guide, we'll take you through the game from beginning to end, show you how to handle all those secondary memories and just about everything else the game has to offer! Our guide includes: - Every story mission (and how to get FULL Synch for each one). - All secondary memories covered (Assassin Intercepts, hunting challenges, legendary battles etc.). - All Templar maps and buried treasures. - Locations of all blueprints. - Takeover every Fort, Settlement and Gang Headquarters. - Hunting/Harpooning/Crafting - it's all in here. - Miscellaneous side-tasks explained. - Complete achievement/trophy unlock guide.

**As games grow ever-more ubiquitous in our culture and communities, they have become popular staples in public library collections and are increasing in prominence in academic ones. Many librarians, especially those who are not themselves gamers or are only acquainted with a handful of games, are ill-prepared to successfully advise patrons who use games. This book provides the tools to help adult and youth services librarians to better understand the gaming landscape and better serve gamers in discovery of new games—whether they are new to gaming or seasoned players—through advisory services. This book maps all types of games—board, roleplaying, digital, and virtual reality—providing all the information needed to understand and appropriately recommend games to library users. Organized by game type, hundreds of descriptions offer not only bibliographic information (title, publication date, series, and format/platform), but genre classifications, target age ranges for players, notes on gameplay and user behavior type, and short descriptions of the game's basic premise and appeals.**

Having obtained a position on the Glatton, Richard Delancey is soon to see action in the Battle of Camperdown. But the Nore and Spithead mutinies intervene to upset the course of his career. He devises an original legal defense in the court martial of a fellow officer accused of murder, and acquits himself well, but falls afoul of the naval establishment and is passed over in the general promotion of all in his rank.

An officially licensed guide to the exciting historical destinations and ancient battlegrounds of Ubisoft's Assassin's Creed series Meticulously re-created historical sites are a staple of the bestselling Assassin's Creed series--and, in fact, are one of the main draws of Ubisoft's all-time bestselling property. Each new game transports gamers to a different era and locale, beginning with Jerusalem in the time of the Crusades and going on to explore Renaissance-era Italy, colonial America, Paris during the French Revolution, 19th-century London, and ancient Greece and Egypt. Assassin's Creed has provided a means to walk through the past and experience world history in a firsthand, immersive way. In Assassin's Creed: Atlas, previously unpublished maps, diagrams, and drawings illuminate all of the lands of antiquity featured across the series that have defined both real-world history and the games themselves. Throughout, gaming journalist Guillaume Delalande expands on Assassin's Creed's fascinating lore and reflects on the critical moments that gamers experienced in these locations.

Having taken players all the way to the gateway to the modern world in Syndicate, Assassin's Creed once again takes fans on an adventure through history. The Art of Assassin's Creed 7 collates hundreds of concept arts, including sketches, final paintings, and 3D Renders, alongside in-depth commentary from the artists and developers, representing the ultimate insight into the design processes behind the game.

The characters and places from the Assassin's Creed video games come to life in this unique non-fiction guide to the historical time periods of the games. It's a perfect-and age appropriate-- book for middle grade and YA fans of the Assassin's Creed franchise, exploring how the game's characters figure into their various time periods and then diving into the real history of each. It features the true stories behind the battles, assassinations, and historical figures such as George Washington, Leonardo da Vinci and the infamous pirate Blackbeard. Illustrated with images from the games as well as historical illustrations and photographs, time periods include the Crusades, Italian Renaissance, Colonial Americas, French Revolution, and Victorian England. Both unbelievably cool and educational, Assassin's Creed Through the Ages is a stunning visual guide that shows how the hugely popular game series brings history to life.

The year is 1715. Pirates rule the Caribbean and have established their own lawless Republic where corruption, greediness, and cruelty are commonplace. Among these outlaws is a brash young captain named Edward Kenway. His fight for glory has earned him the respect of legends like Blackbeard, but also drawn him into the ancient war between Assassins and Templars, a war that may destroy everything the pirates have built. Welcome to the Golden Age of Piracy. Inside this guide: - Every story mission (and how to get FULL Synch for each one). - Every single side quest covered (Legendary Ships, Contracts etc). - All hidden treasure maps and treasures located. - Every miscellaneous mission is detailed. - Hunting/Harpooning/Crafting - It's all in here. - All Templar Hunts - Trophy/achievement guide. - "Freedom Cry" and Playstation-exclusive "Aveline" DLCs covered in full.

The Ming dynasty becomes a battleground for the Brotherhood of Assassins and the Order of the Templars in this blockbuster action novel from a previously unexplored part of the beloved Assassin's Creed universe. China, 16th century. The Assassins are gone. Zhang Yong, the relentless leader of the Eight Tigers, took advantage of the emperor's death to eliminate all his opponents, and now the Templars hold all the power. Shao Jun, the last representative of her clan, barely escapes death and has no choice but to flee her homeland. Vowing to avenge her former brothers in arms, she travels to Europe to train with the legendary Ezio Auditore. When she returns to the Middle Kingdom, her saber and her determination alone will not be enough to eliminate Zhang Yong: she will have to surround herself with allies and walk in the shadows to defeat the Eight Tigers.

Assassin's Creed Manga - printed in English in the US for the first time! Assassin's Creed Awakening is a manga adaptation of the Assassin's Creed IV: Black Flag video game. The title stars Edward Kenway in the 18th century and Yanao Seijin in the present as Seijin relives Edward's memories under the eye of Abstergo Industries. In 1715, pirates established a lawless republic in the Caribbean and ruled the land and seas. These outlaws paralyzed navies, halted international trade, and plundered vast fortunes. They threatened the power structures that ruled Europe, inspired the imaginations of millions, and left a legacy that still endures. Into this world sails a young, cocky, and fearsome captain named Edward Kenway. His skill with a sword and disdain for authority earn him the respect of pirate legends like Blackbeard, but thrust him into an ancient conflict that threatens to destroy everything the pirates have built.

*Reus is a god game by Abbey Games in which you take control of nature through the hands of mighty giants. You possess all imaginable powers over nature! There is only one thing on the planet that you do not control: mankind, with all their virtues and all their vices. You can shape their world, but not their will. It's your responsibility to maintain a balance in which man is not overpowered by nature, and nature does not fall to man's greed. Inside the guide:*

- Descriptions of the game's premise and core gameplay concepts.
- Information and tips on how to tackle every level 1, 2 and 3 development - clear the game's 64 development challenges.
- Detailed explanations of gameplay elements.
- Information on every resource in the game. Every Plant, Animal and Mineral detailed.
- Information on the Giants and their powers, and how best to evolve them.

*Assassin's Creed IV: Black Flag is here and if you have played other titles of the series you can recognize that it is the 4th instalment. It is the sequel to Assassin's Creed III but has a totally new take on the game. Assassin's Creed and its series are very popular among gaming enthusiasts and history buffs because it combines historically accurate events and places in an action-adventure game. According to recent accounts, the franchise has sold more than 55 million copies of the series since it was introduced during the first quarter of 2013. Assassin's Creed IV is a totally different game since the creators have made it more historically correct plus the components of the game have been created to be more accurate too. Game fans have been looking forward to the best of the series and Black Flag has all the elements that players want to see. *The reporters said it was a sexy story—church, money, greed, adultery, blood, a defenseless child with profound disabilities, and a good man who never saw it coming, all the elements that garnered column inches and high ratings. The main players on the stage included a talented journalist who played the organ at church, a cunning narcissist who hid behind a pretty face and a sweet demeanor, and a respected businessman and father. The plan, her plan, unfolded in the early morning hours of June 8, 1994, when a flyspeck of a man dressed in black, covetous and possessed by passion, clutched a large knife in his gloved hands and stood above his sleeping prey. He could not know, as the blade arced toward its target, how many lives would be forever changed by their crimes.*
