A DARING HEIST. A PRICELESS ARTIFACT. A SECRET LOCKED SAFELY AWAY—UNTIL NOW. When Michelangelo’s David is stolen from its museum in Florence, it’s only the latest in a series of audacious raids on the world’s greatest treasures. But American archaeologist Nina Wilde and her husband, ex-mercenary Eddie Chase, discover the raiders’ ultimate target when the Talonor Codex—a cryptic travel journal that Nina found in Atlantis—is snatched from a well-guarded exhibition right in front of their eyes. The codex holds clues to the location of the Vault of Shiva and its mythical contents: the chronicles of the ancient Hindu god of destruction himself. From a deadly shootout in San Francisco to a hidden valley in the snowbound Himalayas, Nina and Eddie must run a labyrinthine gauntlet of ruthless killers, corrupted faiths, and twisted ambitions to reach the sacred vault ahead of a cunning billionaire with a plot to remake the world—after he brings this one crashing down.

From the author of the Crystal Quest Series. Ten thousand years ago, Atlantis was a vast, sprawling city on an amazing island in the Atlantic Ocean. It was home to an advanced race of people whose technology was far beyond that of primitive mankind who lived on the rest of the Earth.

"Here stands the New Man. His conception of reality is a dance of electronic images fired into his forebrain, a gossamer construction of his masters, designed so that he will not--under any circumstances--perceive the actual. This New Man's happiness is delivered to him through a tube or an electronic connection. His God lurks behind an electronic curtain; when the curtain is pulled away we find the CIA sorcerer, the media manipulator. Jeff Keith is one of the foremost writers and researchers on political conspiracy in the world today"-- Publisher description.

Are there 10,000-year-old secret societies that still exist today? Was there a race of giants that once inhabited the Americas? Did ancient Egypt and ancient China have heretofore undiscovered ties? Lost Secrets of the Gods delves into these ancient mysteries and many more in articles by some of the world’s most intrepid and knowledgeable researchers. The old paradigms of history are being radically transformed as we discover more evidence of little-known cultures and what they achieved. Many ancient cultures spoke and wrote of visitors that gave them knowledge and helped shape their societies. Who were they, and where did they come from? We now know that many ancient cultures had advanced knowledge of science, agriculture, and astronomy, only some of which has been rediscovered in the last 100 years. Were The Iliad and The Odyssey really about an epic struggle in pre-Celtic Europe? What happened to the Persian army that completely disappeared from Egypt 2,500 years ago? Did the ancients know how to create psychic guard dogs to protect sacred sites? There is much more to history than what has officially been recorded. Lost Secrets of the Gods reveals startling truths and asks fascinating questions traditional historians have long ignored.

The Atlantis Deception

It happened more than 450,000 years ago. Beings from outer space came to planet Earth in search of resources: fuel for a distant planet. It all began in Sumer, in ancient Mesopotamia. You may think this is an outlandish story by someone who has not slept for some days, but everything you will read is well documented in the most ancient writings known to mankind: the Enuma Elish, Atrahasis, the Epic of Gilgamesh, and many more. These writings, made in cuneiform on clay, have served as a source of inspiration for books of such importance as Genesis and Exodus in the Bible... although over time, the true knowledge has been mutated or mutilated for ideological or religious reasons. Over many years of research, Cediel has been able to verify that the facts are clear and undeniable...it just happens that they are so difficult to believe that science prefers not to accept them, because they do not conform to the historical paradigm. Finally, after years of research, and motivated by a shamanic experience, he has decided to committed his ideas to print: The Verne Code is the result. The Verne Code speaks of penicillin before Fleming, air travel before the first modern plane, of ancient maps of great precision charting places only discovered in the 20th century, of the human genome before Craig Venter, of cloning before Dolly the sheep, of nuclear explosions before Hiroshima and Nagasaki, about the quest for immortality before Geron Corporation; a treasure trove of ancient secrets waiting to be discovered. In The Verne Code, Cediel shows evidence of the extraterrestrial origin of humankind, and argues that the writings of the most ancient civilizations are reliable sources of evidence to allow us to draw objective conclusions. The Verne Code is an exciting journey from the knowledge that existed in the most remote antiquity, to the frontiers of current scientific knowledge. The result is an anthropogenesis, a cosmogenesis, a theory of aging and a breakthrough theory on Atlantis. Cediel also explains the importance of the Sun and anticipates the intellectual and spiritual paradigm that will rule in the next astrological age of Aquarius-Leo. Cediel denounces the state of hypnotic sleep in which mankind finds itself. He affirms the need for humanity to wake up from its dreams so you can be truly free, and master of your destiny. The author claims that we today are witness to a huge manipulation of history, just at the time in history when there is apparently the greatest freedom for the individual. Everything you know is wrong. "People must believe that they are free and not manipulated in order to be able to handle them efficiently." This is the motto of those whose objective is to reduce the vibration of the human race. Only those who realize this will be in a position to stop being manipulated, as only those who realize that they are asleep can wake up. A psycho-neural code has been implanted in our brains so that we believe we are free; we believe we belong to the tribe, the philosophical system, or the movement that will allow us to be free once and for all...but the reality is very different: the intelligence that is fed and powered by the dream of humans has infiltrated the forums and places where humans go to stop being manipulated...evil...yes...but true....WELCOME TO THE UNIVERSE MATRIX."

A firsthand, behind-the-scene account of the controversies surrounding modern explorations at Giza • Investigates the recent scandals at Giza and claims of secret excavations and tunneling inside the Great Pyramid • Reveals the historical evidence in support of secret chambers in the Great Pyramid and beneath the Great Sphinx • Exposes the secret agendas behind the latest explorations on the Giza plateau Since 1993 Robert Bauval has been embroiled in the many controversies involving the search for the lost treasures of the pyramid builders and the quest for the legendary Hall of Records of Atlantis. The strange but true story that he unfolds implicates American business moguls, the prestigious National Geographic Society, several Ivy League universities, the Edgar Cayce Foundation, the Freemasons, Christian fundamentalists, Zionists, and the Egyptian government. In this fully updated edition of Secret Chamber, including new color photographs, Robert Bauval pursues his in-depth investigation of clandestine events at Giza and the role played by the controversial ex-Minister of Antiquities Dr. Zahi Hawass. What lies behind the mysterious doors at the end of the star shafts in the Great Pyramid? What do the mysterious inscriptions found behind the Gantenbrink door mean? What is the real purpose of the Relief Chambers and the red ochre “graffiti” in them? Who is behind the secretly tunneling and excavating in these chambers, and why? Is there really a hidden Hall of Records from Atlantis beneath the Great Sphinx? Is the Great Pyramid just a tomb or does it

serve a higher purpose involving a lost science of immortality? Why do the ancient texts ascribe the Pyramid’s design to the supreme god of wisdom Thoth, the writer of the fabled Books of Hermes? Will the Great Pyramid prove to be the “missing link” to our true origins or a “metaphysical machine” to access the world beyond? Providing a firsthand account of the strange events that have taken place at the Giza plateau in the last three decades, Bauval reveals the hidden agendas behind these events and raises important questions about the meaning of Egypt’s ancient structures and the very origins of civilization.

The Acambaro collection comprises hundreds of clay figurines that are apparently thousands of years old; however, they depict such bizarre animals and scenes that most archaeologists dismiss them as an elaborate hoax. The collection shows humans interacting with dinosaurs and various other 'monsters' such as horned men. Both Haggood and Earl Stanley Gardner were convinced that the figurines from Acambaro were authentic ancient artifacts that indicated that men and dinosaurs had cohabited together in the recent past, and that dinosaurs had not become extinct many millions of years ago as commonly thought. David Hatcher Childress writes a lengthy introduction concerning Acambaro, the latest testing, and other evidence of 'living' dinosaurs.

Technology of the Gods lays out the mind-bending evidence that long-lost civilizations had attained and even exceeded our "modern" level of advancement. Westerners have been taught that humankind has progressed along a straight-line path from the primitive past to the proficient present, but the hard, fast evidence (literally written in stone!) proves that the ancients had technologies we cannot even replicate today.

A RUMOR OF RICHES. A MAZE OF MURDER. AND THE WORLD'S MOST DANGEROUS, SOUGHT-AFTER PRIZE. Nina Wilde and Eddie Chase possess extraordinary pieces of an ancient puzzle that leads them from Singapore to the jungles of South America. Inside a storm of political and drug warfare, Nina is getting close to one of history’s greatest secrets: the mythical golden city of El Dorado. As one discovery unveils another, Nina realizes that a legendary Incan leader made a deal with his Spanish captors—and hid forever the real El Dorado. Now, Nina and Eddie face a maze of death traps and betrayals, including one that reaches into Eddie’s past in Afghanistan, even into his own family in England. Behind a waterfall in Peru is an unfound wonder of the world. And to get there, Nina and Eddie may have to sacrifice everything: their friends, their love for one another, even their lives.

The New York Times Bestselling Travel Memoir! The author of Turn Right at Machu Picchu travels the globe in search of the world’s most famous lost city. “Adventurous, inquisitive and mirthful, Mark Adams gamely sifts through the eons of rumor, science, and lore to find a place that, in the end, seems startlingly real indeed.”—Hampton Sides A few years ago, Mark Adams made a strange discovery: Far from alien conspiracy theories and other pop culture myths, everything we know about the legendary lost city of Atlantis comes from the work of one man, the Greek philosopher Plato. Stranger still: Adams learned there is an entire global sub-culture of amateur explorers who are still actively and obsessively searching for this sunken city, based entirely on Plato’s detailed clues. What Adams didn’t realize was that Atlantis is kind of like a virus—and he’d been exposed. In Meet Me in Atlantis, Adams racks up frequent-flier miles tracking down these Atlantis obsessives, trying to determine why they believe it’s possible to find the world’s most famous lost city—and whether any of their theories could prove or disprove its existence. The result is a classic quest that takes readers to fascinating locations to meet irresistible characters; and a deep, often humorous look at the human longing to rediscover a lost world.

Ancient legends tell of an almost forgotten civilization possessing flying fighting machines, vast armies, and a source of limitless free energy called Vril. In the middle of the twentieth century two rival submarines from warring nations in our world raced to find the lost continent of Atlantis and the source of Vril. One nation aimed to secure world domination, the other sought to preserve world freedom. Neither submarine was seen again until the present day when one of them is discovered in a secret subterranean dock and caught suddenly in the world’s energy-hungry gaze. In a bid to stop the secrets of Atlantis from destroying mankind in the present day, the sub escapes its secret moorings for a perilous return voyage to Atlantis. Here in "Austin and the Lost Kingdom of Atlantis" - the sequel to "Austin and the Secret of Karnak House" - school friends Bill Young and Toby Wishman, Bill's heartthrob Lulabell Singer (Lu), and their arch enemy Stu Briggs, find themselves trapped together aboard the Professor's ancient and leaky submarine on a perilous undersea adventure to try to find and rescue the Professor's long-lost son, Rudi, and destroy the deadly secrets of Atlantis once and for all.

Go behind the scenes into little-known corners of the public record and discover how corporate America has worked hand-in-glove with the Pentagon for decades -- dreaming about, planning, and actually constructing secret underground bases. And newly-uncovered information indicates that the strangeness continues with bizarre, high-tech gadgets like portable, hand-held surgical lasers and injectable electronic IDs as small as a grain of rice! Provides convincing evidence that angels, demons, and fallen angels were flesh-and-blood members of a giant race predating humanity, spoken of in the Bible as the Nephilim. • Indicates that the earthly paradise of Eden was a realm in the mountains of Kurdistan. • By the author of Gateway to Atlantis. Our mythology describes how beings of great beauty and intelligence, who served as messengers of gods, fell from grace through pride. These angels, also known as Watchers, are spoken of in the Bible and other religious texts as lusting after human women, who lay with them and gave birth to giant offspring called the Nephilim. These religious sources also record how these beings revealed forbidden arts and sciences to humanity--transgressions that led to their destruction in the Great Flood. Andrew Collins reveals that these angels, demons, and fallen angels were flesh-and-blood members of a race predating our own. He offers evidence that they lived in Egypt (prior to the ancient Egyptians), where they built the Sphinx and other megalithic monuments, before leaving the region for what is now eastern Turkey following the cataclysms that accompanied the last Ice Age. Here they lived in isolation before gradually establishing contact with the developing human societies of the Mesopotamian plains below. Humanity regarded these angels--described as tall, white-haired beings with viperlike faces and burning eyes--as gods and their realm the paradise wherein grew the tree of knowledge. Andrew Collins demonstrates how the legends behind the fall of the Watchers echo the faded memory of actual historical events and that the legacy they have left humanity is one we can afford to ignore only at our own peril.

I am different. I have always been different, but no one can know or my life will be in danger. So I hide in plain sight, wearing drab clothes and thick glasses and trying to be invisible. I'm so good at hiding, no one has ever noticed me. Until Ian...the mysterious and oh-so-cute boy I know I need to avoid. Now I have been seen. But if they're all terrified about who I am, wait until they see what I can do...

Shows how a desecrated tomb in the Valley of the Kings holds the key to the true history of the destruction of Atlantis • Reveals that Tomb 55 in the Valley of the Kings was designed not to keep intruders out, but to trap something inside • Provides forensic evidence proving that the mask believed to be the face of Tutankhamun is actually that of his elder brother Smenkhkare In Atlantis and the Ten Plagues of Egypt, Graham Phillips explores the excavation of a mysterious and ritually desecrated tomb in the Valley of the Kings, Tomb 55, which he contends holds the key to the true history of the destruction of Atlantis. Unlike other Egyptian tombs designed to keep intruders out, Tomb 55 was constructed to keep something imprisoned within, specifically Smenkhkare, the older brother of Tutankhamun who was deemed responsible for the ten plagues in Egyptian history, to prevent such tragedies from ever happening again. The forensic findings from this tomb coupled with compelling new evidence from the polar ice caps provide sensational evidence that the parting of the Red Sea, the deaths of the first born, and the other plagues that afflicted Egypt were all actual historical events. Core samples from the polar ice caps indicate that a gigantic volcanic eruption took place in the eastern Mediterranean around the time of Amonhotep’s reign. Other research suggests this to have been the time of the eruption that destroyed the Greek island of Thera, one of the likely locations of Atlantis, and that the subsequent cataclysm may explain the unusual lack of resistance to the new religion installed by Amonhotep’s son, Akhenaten, when he took power several years later.
