

## Autobiography Of A Spiritually Incorrect Seoclerkore

*A first entry in a new series by the spiritual teacher and author of The Journey of Being Human describes how the natural freedom and creativity of childhood is typically sacrificed in favor of productivity, calling for more liberating approaches that enable parents to become aware of their own negative conditioning. Original. 20,000 first printing.*

*In Living on Your Own Terms: What Is Real Rebellion?, one of the twentieth century's greatest spiritual teachers reveals how you can resist the rules and regulations that oppose your values while retaining your own individuality. "People can be happy only in one way, and that is if they are authentically themselves. Then the springs of happiness start flowing; they become more alive, they become a joy to see, a joy to be with; they are a song, they are a dance."—Osho Decades after the rebellions of the 1960s, new generations are again challenging and rebelling against outdated structures and values, focusing on political and economic systems and their failings. But this generation has the opportunity and responsibility to move the development of human freedom to the next level. Osho's philosophies will support these future generations in expanding their understanding of freedom and pushing toward new systems for humanity. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the "1000 Makers of the 20th Century" and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.*

*NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell – plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.*

*An Introduction to the Teachings of Osho*

*Zorba the Buddha*

*India My Love*

*Creativity*

*The Book of Woman*

*Glimpses of a Golden Childhood*

*Living Dangerously: Ordinary Enlightenment for Extraordinary Times*

Drawn from the late provocative spiritualist's recorded talks, a portrait of his life and teachings covers his youth and education, his life as a professor of philosophy, his years of travel during which he cited the importance of meditation, and the legacy he sought to leave behind. Reprint. 15,000 first printing.

Often described as a rebel, an iconoclast, an enlightened mystic and an intellectual giant, Osho (also known as Acharya Rajneesh and Bhagwan Shree Rajneesh) is all this and more. He brought about a spiritual revolution in the lives of those who cared to grow intellectually. He spoke fearlessly against orthodox religions, priests, politicians, age-old traditions and anything he thought was a hindrance to the path of self realisation. This made him the most talked about and controversial mystic of the twentieth century.

Enlightenment of this stature is not attained in a few years or even in a lifetime it is spread over hundreds of years and over lives, as was with the case of Osho, who spoke about his previous life and birth. This is only one of the many astounding facts about Osho which this book reveals. Osho The Luminous Rebel traces the story of Osho from his birth, talking about his spiritual search for truth and the wondrous story of his enlightenment. The book also takes the reader through those years of Osho's struggle with authority figures, his travels all over India, to the much-hyped city of Rajneeshpuram in the US, to one of the greatest mysteries of our times. Osho believes that he was poisoned by the US government when he was detained in various jails there; he was later denied visas in almost all countries across the world events, he reveals, that exposed the true face of democracy. Osho The Luminous Rebel is for all Osho lovers and admirers, for the uninitiated but spiritually inclined, and for those who are just curious to know more.

"For five thousand years the politician and the priest have been in the same business." In this provocative volume, Osho invites us to look through his microscope and examine

not only the profound influence of religion and politics in society, but also its influence in our inner world. To the extent we have internalized and adopted as our own the values and belief systems of the “powers that be,” he says, we have boxed ourselves in, imprisoned ourselves, and tragically crippled our vision of what is possible. From Occupy Wall Street to the Arab Spring, from the election of the first Black president in the United States to the appointment of a new pope who promises to use St. Francis of Assisi as a role model (following endless scandals involving child abuse) the roles of priests and politicians in our public life have recently captured the attention of our times, often just initiating another round of hope and subsequent disillusionment. In other words, wittingly or unwittingly, we keep digging ourselves deeper into the mess we are in. A new kind of world is possible — but only if we understand clearly how the old has functioned up to now. And, based on that understanding, take the responsibility and the courage to become a new kind of human being. "You have to be aware who the real criminals are. The problem is that those criminals are thought to be great leaders, sages, saints, mahatmas. So I have to expose all these people because they are the causes. For example, it is easier to understand that perhaps politicians are the causes of many problems: wars, murders, massacres, burning people. It is more difficult when it comes to religious leaders, because nobody has raised his hand against them. They have remained respectable for centuries, and as time goes on their respectability goes on growing. The most difficult job for me is to make you aware that these people — knowingly or unknowingly, that does not matter — have created this world."

An unbelievably believable story about the afterlife, with documenting photographs from the former publisher of a major metropolitan newspaper. In 2004, Janis Heaphy Durham's husband, Max Besler, died of cancer at age 56. The daughter of a Presbyterian minister, she practiced her faith as she struggled with her loss. Soon she began encountering phenomena unlike anything she'd ever experienced: lights flickering, doors opening and closing, clocks stopping at 12:44, the exact time of Max's death. But then something startling happened that changed Heaphy Durham's life forever. A powdery handprint appeared on her bathroom mirror on the first anniversary of Max's death. This launched Heaphy Durham on a journey that transformed her spiritually and altered her view of reality forever. She interviewed scientists and spiritual practitioners along the way, as she discovered that the veil between this world and the next is thin and it's love that bridges the two worlds.

Trusting Oneself and the Other

*Understand the life and teachings of Osho, one of the twentieth century's most unusual gurus and philosophers, in **Autobiography of a Spiritually Incorrect Mystic**. In 1990, Osho prepared for his departure from the body that had served him for fifty-nine years—in the words of his attending physician—“as calmly as though he were packing for a weekend in the country.” Who was this man, known as the Sex Guru, the “self-appointed bhagwan” (Rajneesh), the Rolls-Royce Guru, the Rich Man’s Guru, and simply the Master? Drawn from nearly five thousand hours of Osho’s recorded talks, this is the story of his youth and education, his life as a professor of philosophy and years of travel teaching the importance of meditation, and the true legacy he sought to leave behind: a religion-less religion centered on individual awareness and responsibility and the teaching of “Zorba the Buddha,” a celebration of the whole human being. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the *Sunday Times of London* as one of the “1000 Makers of the 20th Century” and by *Sunday Mid-Day (India)* as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.*

*The seventh book in the **Osho Life Essentials** series. The old, simplistic categorization of human behaviors into moral categories of "right and wrong" as regulated by the Ten Commandments or other rules of "good and bad" behavior strike many people today as either hopelessly outdated or completely irrelevant. In a global world, we are in search of universal values – values based on a contemporary understanding that unifies us as human beings beyond the divisions of religions, nations, and race. In this volume, Osho speaks directly to this contemporary search as he introduces us to a new and higher level in our quest for values that make sense in the world we live in – a level that goes far beyond moral codes of behavior. His vision is of a transformed human being who is nothing less than the next step in evolution. In Osho's vision the validation of right and wrong does not come from the outside through laws and commandments, but through an inner connectivity and oneness with existence.*

*The last words Osho spoke before leaving the body: "Anando will be my medium." Through a series of poignant memories and anecdotes, Anando offers a glimpse into the private life of the twentieth-century mystic, Osho, through her unique perspective as one of his caretakers and secretaries in the last years of his life. These stories, never before shared publicly, show another side of the man described by *The Times (London)* as "one of the makers of the twentieth century". Anando reveals the sense of humor and fearlessness with which he navigated the controversies that hounded him in his later years, as well as the immense compassion and love with which he worked on those closest to him.*

Shares the author's insights into the religious, political, social, and economic forces that compel people into fanaticism or opposing belief systems, discussing psychological aspects of the human need to belong and believe in a cause.

Osho is one of the best-known spiritual teachers of our time. The Sunday Times named him one of the '1,000 makers of the twentieth century'; the novelist Tom Robbins has called him 'the most dangerous man since Jesus Christ'. Nearly two decades after his death in 1990, the influence of his teachings continues to grow, reaching seekers around the world. This inspiring compendium of spiritual wisdom and insight offers a way for everyone to access the enlightening message of the Buddha as Osho offers his unique take on his teachings, with a wisdom and wit that make it a wonderful read. When you engage with Osho's writing, you feel as if he is speaking to you. His conversational style is fluid and engaging, and while his acute perception often comes as a delight and a surprise, his shrewd insights will stay with you always. Whether he is discussing a complex philosophy, or the teachings of a great mystic, Osho always approaches the subject with his own distinctively irreverent, thought-provoking and inspiring perspectives. Covering subjects including Belief, Responsibility, Relationships, Doing Good and the Power of Consciousness, this is a book that offers real insight into leading a more spiritual life now.

"We do a million things not to be alone with ourselves. But truly knowing oneself is indeed a miracle." We measure ourselves by the connections we make and the relationships we maintain. At any point in life, a person is someone's sibling, friend or lover. But as soon as these descriptors are taken away, a person suddenly feels naked, vulnerable or even lost. It is believed that truly knowing yourself is the first step towards understanding the world around us. But how does one begin that path to understanding? Read on, as Osho talks about the many ways by which you can truly find yourself and begin a spiritual journey in How to Know Yourself.

One of the greatest spiritual teachers of the twentieth century shares the inspirational insights of timeless philosophies in *The Man Who Loved Seagulls: Essential Life Lessons from the World's Greatest Wisdom Traditions*. In *The Man Who Loved Seagulls*, Osho discusses essential stories and parables from the world's great wisdom traditions of Zen, Taoism, Christianity, and Judaism. Osho himself a master storyteller interprets the stories in this collection and applies them to the concerns of modern day life. The valuable lessons they impart are both timely and universal. The stories encourage meditation as they are meant to be told and studied again and again, in order to discover new layers of meaning with each reading. Ideas and topics include: \* The futility of chasing happiness \* The journey from fear to freedom \* The Zen approach to death and dying \* The extraordinary intelligence of innocence \* And much more Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the "1000 Makers of the 20th Century" and by Sunday Mid-Day (India) as one of the ten people along with Gandhi, Nehru, and Buddha who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Swami Chaitanya Keerti

Autobiography of a Spiritually Incorrect Mystic

Knowing Beyond Logic

Is It Essential to Have Something to Believe In?

**The book offers a radically different approach to life and to seeing the world. Short excerpts from Osho are selected to inspire, to provoke, and to trigger a self-reflection that leads to change. It is easy to read but perhaps difficult to digest . . . in essence, it is a meditation book! "The truth that you will find — you will be surprised — is nowhere written, cannot be written. It is impossible to write it. It has never been uttered by anybody and it is not going to be uttered by anybody." You are looking at a bit of magic here. It is as though the vast ocean is contained in a very small volume. Open this book anywhere and you come upon such a depth of wisdom, such utter truth, that even just a sentence can be the start of a new way of looking at life, a new way of living life to the fullest. This is a lovely gift to yourself or to share with a friend. "I teach you to be authentic, integrated individuals with immense self-respect." — Osho**

**I Teach Love Of Life This Was The Basis Of All Of Osho S Teachings, And One That Was Often Lost In The Controversies That Surrounded Him For Most Of His Career As A Spiritual Guide. A Man Of Vast Learning Who Had Read Everything He Could Find To Broaden His Understanding Of The Belief Systems And Psychology Of Modern Man, He Was At The Same Time Completely Original In His Approach, Insisting On Finding Out The Truth For Himself Rather Than Accepting What Had Been Taught By Others. Iconoclastic Yet Persuasive, Lucid Yet Grounded In A Wealth Of Theological Knowledge, His Message Found A Worldwide Audience. In Life S Mysteries The Reader Is Introduced To Some Of The Key Tenets Of Osho S Philosophy. A Sampling: Life: I Teach The Art Of Living Your Life Totally, Of Being Drunk With The Divine Through Life. Love: If You Really Want To Know About Love, Forget About Love And Remember Meditation (Just As) If You Want To Bring Roses Into Your Garden, Forget About Roses And Take Care Of The Rosebush... In The Right Time, The Roses Are Destined To Come. Sex: If It Can Give Birth To A Child, To A New Life...You Can Imagine Its Potential: It Can Bring A New Life To You Too. Enlightenment: You Should Not Make Any Effort, You Should Relax And Enlightenment Comes. Death: To Me Death Is Not The End Of Life But...The Very Climax...If You Have**

**Lived Rightly, If You Have Lived Moment To Moment Totally, If You Have Squeezed Out The Whole Juice Of Life, Your Death Will Be The Ultimate Orgasm.**

From one of the greatest spiritual leaders of the twentieth century, **Creativity: Unleashing the Forces Within** will inspire you to nurture your inner ideas and innovations—and apply them in every aspect of your life. As Osho points out in this book’s foreword, historically, the creative person has been all but forced to rebel against the society. But nowadays, the situation has dramatically changed. In today’s world, the ability to respond creatively to new challenges is demanded of everybody, from corporate CEOs to “soccer moms.” Those whose toolbox for dealing with life includes only what they have learned in the past from their parents and their teachers are at a distinct disadvantage both in their relationships and in their careers. Making a switch from imitative and rule-bound behavior to creative innovation and flexibility requires a profound change in our attitudes about ourselves and our capabilities. **Creativity** is a handbook for those who understand the need to bring more creativity, playfulness, and flexibility to their lives. It’s a manual for thinking “outside the box”—and learning to live there as well. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

One of the greatest spiritual teachers of the twentieth century invites you on a journey through what makes human beings afraid—and how confronting fears strengthens us. In **Fear: Understanding and Accepting the Insecurities of Life**, Osho takes the reader step by step over the range of what makes human beings afraid—from the reflexive “fight or flight” response to physical danger to the rational and irrational fears of the mind and its psychology. Only by bringing the light of understanding into fear’s dark corners, he says, airing out closets and opening windows, and looking under the bed to see if a monster is really living there, can we begin to venture outside the boundaries of our comfort zone and learn to live with, and even enjoy, the fundamental insecurity of being alive. **Fear** features a series of meditation experiments designed to help readers experience a new relationship with fear and to begin to see fears not as stumbling blocks, but as stepping stones to greater self-awareness and trust. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

**Story of a Maverick Mystic**

**Ten Discourses on Zen Stories**

**Living on Your Own Terms**

**What Is Right and What Is Wrong?**

**Fame, Fortune, and Ambition**

Celebrating the spirit of song In **A Song to Sing, a Life to Live**, Don and Emily Saliers help readers see the connections between Saturday night music and Sunday morning music by exploring the songs and the music itself. They tell the stories of their own lives in music, and they share what they have learned and observed about the power of music in human life. They help us appreciate the joy of music and take us into places of sorrow, where we must go if we are to live with honesty about ourselves and compassion for others. This book is for churchgoers and spiritual seekers alike. Music is described as a force that it has the power to embrace those who are deeply immersed in the life of Christian faith and speak to those who are spiritual but may question formal religion. The book explores a wide variety of musical styles and offers an invitation to embrace a broader and deeper vision of the power of music and the spiritual dimensions of attentive listening. "This is a beautiful expression of music as many things--healer, nurturer, and agent of change" (Mary Chapin Carpenter).

One of the greatest spiritual teachers of the twentieth century shares his wisdom about building loving relationships in **Intimacy: Trusting Oneself and the Other**. “Hit-and-run” relationships have become a part of our society as it has grown more rootless, less tied to traditional family structures, and more accepting of casual sex. But at the same time, there arises an undercurrent of feeling that something is missing. This quality has very little to do with the physical, though sex is certainly one possible door. Far more important is a willingness to expose our deepest feelings and vulnerabilities, with the trust that the other will treat them with care. Ultimately, the willingness to take the risk of intimacy has to be grounded in an inner strength that knows that even if the other remains closed, even if that trust is betrayed, there will be no permanent damage. In this gentle and compassionate guide, Osho takes his readers step-by-step through what makes people afraid of intimacy, how to encounter those fears and go beyond them, and how to nourish themselves and their relationships to support more openness and trust. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Why do people place so many obstacles in the way of spirituality? Told with great humor and self-deprecation, **Wakefield--and cartoonist delVecchio--have created a book that both the spiritual, and the secular, can enjoy.**

A provocative look at the pursuit of material success and influential power from one of the twentieth century's greatest spiritual teachers. “I want you to be rich in every possible way—materially, and I want you to live the richest life that has ever been lived on the earth.”—Osho **Fame, Fortune, and Ambition: What is the Real Meaning of Success?** examines the symptoms and psychology of greed and the pursuit of celebrity. Where does greed come from? Do values like competitiveness and ambition have a place in bringing innovation and positive change? Why do celebrities and the wealthy seem to have so much power in our world? Is it true that money can't buy happiness? These questions are tackled with a perspective that is thought-provoking, surprising—and particularly relevant to our troubled economic times. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

An Oral History as Told by Jon Stewart, the Correspondents, Staff and Guests

Talks on Sufi Stories

Essential Life Lessons from the World's Greatest Wisdom Traditions

A Song to Sing, a Life to Live

**The path to freedom is filled with questions and uncertainty. Is it possible to truly know who we are? Do our lives have a purpose, or are we just accidental? What are we meant to contribute? What are we meant to become, to create, and to share? In *The Book of Understanding*, Osho, one of the most provocative thinkers of our time, challenges us to understand our world and ourselves in a new and radical way. The first step toward understanding, he says, is to question and doubt all that we have been taught to believe. All our lives we've been handed so-called truths by countless others—beliefs we learned to accept without reason. It is only in questioning our beliefs, assumptions, and prejudices that we can begin to uncover our own unique voice and heal the divisions within us and without. Once we discover our authentic self, we can embrace all aspects of the human experience—from the earthy, pleasure-loving qualities that characterize Zorba the Greek to the watchful, silent qualities of Gautam the Buddha. We can become whole and live with integrity, able to respond with creativity and compassion to the religious, political, and cultural divides that currently plague our society. In this groundbreaking work, Osho identifies, loosens, and ultimately helps to untie the knots of fear and misunderstanding that restrict us—leaving us free to discover and create our own individual path to freedom.**

**Zorba the Buddha is the first comprehensive study of the life, teachings, and following of the controversial Indian guru known in his youth as Bhagwan Shree Rajneesh and in his later years as Osho (1931-1990). Most Americans today remember him only as the “sex guru” and the “Rolls Royce guru,” who built a hugely successful but scandal-ridden utopian community in central Oregon during the 1980s. Yet Osho was arguably the first truly global guru of the twentieth century, creating a large transnational movement that traced a complex global circuit from post-Independence India of the 1960s to Reagan's America of the 1980s and back to a developing new India in the 1990s. The Osho movement embodies some of the most important economic and spiritual currents of the past forty years, emerging and adapting within an increasingly interconnected and conflicted late-capitalist world order. Based on extensive ethnographic and archival research, Hugh Urban has created a rich and powerful narrative that is a must-read for anyone interested in religion and globalization.**

**Reveals how the fundamentalist movements in Christianity, Judaism, and Islam were born out of a dread of modernity.**

**One of the twentieth century's greatest spiritual teachers invites you onto the path that takes you through all of life's experiences and to embrace your own humanity. Man is a bridge, says Osho, between the animal and the divine—and our awareness of this dual aspect of our nature is what makes us human. It is also what makes us restless, full of conflict, so often at the crossroads of selfishness and generosity, of love and hate, frailty and strength, hope and despair. *The Journey of Being Human: Is It Possible to Find Real Happiness in Ordinary Life?* looks into how we might embrace and accept these apparent contradictions, rather than trying to choose between them, as the key to transforming each twist and turn of life's journey into a new discovery of who we are meant to be. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.**

### **Sex, Spirituality, and Capitalism in the Global Osho Movement**

*Who is Osho? Osho has himself explained that the word 'Osho' is derived from William James' expression 'oceanic experience' which means dissolving into the ocean. "Oceanic describes the experience," says Osho, "but what about the expression? For that we use the word 'Osho'." Subhuti was one of the rare disciples of Gautama the Buddha. One day he asked Buddha, "Will there be people after some centuries who will understand the teachings?" Gautama the Buddha replied, "Subhuti, don't talk like this. After 2500 years there will again be a Sangha (commune of seekers). This earth will always have presence of awakened souls or earth will cease to exist". Once again, after 25 centuries, a unique Sangha of seekers, came into existence in the presence of the enlightened master Osho. In this book, some of them have shared their understanding about Osho and his vision and we are grateful to them. Osho is oceanic. So many such books have been written and we are sure that thousands of books will be written in near future, as what Osho has given to the world, is totally inexhaustible. Allah to Zen is not more than a tiny drop.*

*This timely book explores the wisdom of the Gnostic Jesus, who challenges our preconceptions about the world and ourselves. Based on the Gospel of Thomas, the book recounts the missing years in Jesus' life and his time in Egypt and India, learning from Egyptian secret societies, then Buddhist schools, then Hindu Vedanta. Each of Jesus' original sayings is the "seed" for a chapter of the book; each examines one aspect of life — birth, death, love, fear, anger, and more — counterpointed by Osho's penetrating comments and responses to questions from his audience.*

*A Guide To Understanding The Essential Woman A Woman, According To Osho, Is A Mystery; Trying To Understand Her Is Futile. In This Book, Based On His Discourses, Osho Talks About Woman Not In His Capacity As A Man, But As A Consciousness, An Awareness . In Order To Find Her True Potential, He Says, A Woman Should Search Within Her Own Soul And Rebel Against Any Repression. Unless You Have A Rebellious Soul, You Are Not Alive In The True Sense Of The Word. Osho Talks About Various Issues Like Motherhood, Relationships, Family And Birth Control. Questioning The Concept Of Marriage, He Says It Is The Ugliest Institution Invented By Man As Its Aim Is To Monopolize A Woman. He Is Equally Critical Of The Institution Of Family Which Corrupts The Human Mind. A Woman, He Says, Should Not Imitate Man: Rejoice In Your Feminine Qualities, Make A Poetry Out Of Them. The Perfect State Of Being, According To Osho, Is A Synthesis Between The Head And The Heart, With The Heart Remaining The Master. The Rare Sensitivity Of Osho S Words Will Appeal To Both Men And Women.*

*For Osho, all change is individual. There is no 'society' to change—change can only happen to each one of us, one at a time. So, no matter what the subject matter of the book, the thread that runs through all Osho's words is like a love song that we can suddenly, mysteriously, hear at just the right moment. And strangely, no matter what the words seem to be referring to, they are really only referring to us. This is no ordinary love song, more an invitation to open our hearts to hear something beyond the words, beyond the heart . . . a silence beyond all understanding—where we all belong. Just Like That brings together Osho's talks on Sufi stories and Sufism. Osho, with his characteristic wit, incisiveness and irreverence, peels the layers of our consciousness and introduces us to ourselves.*

*Allah to Zen*

In The Book of Women: A Celebration of Women and the Female Spirit, one of the twentieth century 's greatest spiritual teachers discusses the importance and value of feminine strengths. " The woman should search into her own soul for her own potential and develop it, and she will have a beautiful future. " —Osho Osho explores the role of women in our society. Up until now, he says, both religious institutions and politics have remained male-dominated—not only male-dominated but male-chauvinistic. This has created so many of the crises that we see in the world now, brought about by excesses of ambition, competitiveness, and greed. In these pages, Osho challenges readers to reclaim and assert the feminine qualities of love, joy, and celebration to bring a reunion of the intellect and the heart that is so desperately needed. He looks to the female

spirit in all of us as a way to nurture the soul and cultivate a healthy relationship with spirituality. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “ 1000 Makers of the 20th Century ” and by Sunday Mid-Day(India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Buddha Is Merciless. Nobody Has Ever Opened The Doors Of Reality So Deeply, So Profoundly As He Has Done. He Does Not Allow You Any Childish Desires. He Says: Become More Aware, Become More Conscious, Become More Courageous. Don'T Go On Hiding Behind Beliefs And Masks And Theologies. Take Your Life Into Your Own Hands. Burn Bright Your Inner Light And See Whatever Is. And Once You Have Become Courageous Enough To Accept It, It Is A Benediction. No Belief Is Needed. That Is Buddha'S First Step Towards Reality, To Say That All Belief Systems Are Poisonous; All Belief Systems Are Barriers. Osho Buddha'S Teaching Is A Way Of Life, Not A Way Of Belief. His Teaching Is Very Scientific, Very Empirical, Very Practical. He Is Not A Philosopher, Not A Metaphysician. He Is A Very Down-To-Earth Man. Buddha Says: You Can Change Your Life Beliefs Are Not Needed. In Fact, Beliefs Are The Barriers To Real Change. Start With No Belief, Start With No Metaphysics, Start With No Dogma. Start Absolutely Naked And Nude, With No Theology, No Ideology. Start Empty! That Is The Only Way To Come To Truth. Osho

Drawn from the late provocative spiritualist's recorded talks, a portrait of his life and teachings covers his youth and education, his life as a professor of philosophy, his years of travel during which he cited the importance of meditation, and the legacy he sought to leave behind.

A mystic offers an ode to the beautiful and enchanting land of India, bringing the country to life with portraits of its beggars, kings, lovers, warriors, artists, and scholars.

The Education of Little Tree

***Discover your own deep well of wisdom in Intuition: Knowing Beyond Logic—from one of the greatest spiritual teachers of the twentieth century.***

***Intuition deals with the difference between the intellectual, logical mind and the more encompassing realm of spirit. Logic is how the mind knows reality, intuition is how the spirit experiences reality. Osho's discussion of these matters is wonderfully lucid, occasionally funny, and thoroughly engrossing. All people have a natural capacity for intuition, but often social conditioning and formal education work against it. People are taught to ignore their instincts rather than to understand and use them as a foundation for individual growth and development—and in the process they undermine the very roots of the innate wisdom that is meant to flower into intuition. In this volume, Osho pinpoints exactly what intuition is and gives guidelines for how to identify its functioning in others and ourselves. You will learn to distinguish between genuine intuitive insight and the “wishful thinking” that can often lead to mistaken choices and unwanted consequences. Includes many specific exercises and meditations designed to nourish and support each individual's natural intuitive gifts. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.***

***The Education of Little Tree tells of a boy orphaned very young, who is adopted by his Cherokee grandmother and half-Cherokee grandfather in the Appalachian mountains of Tennessee during the Great Depression. "Little Tree" as his grandparents call him is shown how to hunt and survive in the mountains, to respect nature in the Cherokee Way, taking only what is needed, leaving the rest for nature to run its course. Little Tree also learns the often callous ways of white businessmen and tax collectors, and how Granpa, in hilarious vignettes, scares them away from his illegal attempts to enter the cash economy. Granma teaches Little Tree the joys of reading and education. But when Little Tree is taken away by whites for schooling, we learn of the cruelty meted out to Indian children in an attempt to assimilate them and of Little Tree's perception of the Anglo world and how it differs from the Cherokee Way. A classic of its era, and an enduring book for all ages, The Education of Little Tree has now been redesigned for this twenty-fifth anniversary edition.***
