***This book addresses sixteen different reform proposals that are urgently needed to correct the fault lines in the international tax system as it exists today, and which deprive both developing and developed countries of critical tax resources. It offers clear and concrete ideas on how the reforms can be achieved and why they are important for a more just and equitable global system to prevail. The key to reducing the tax gap and consequent human rights deficit in poor countries is global financial transparency. Such transparency is essential to curbing illicit financial flows that drain less developed countries of capital and tax revenues, and are an impediment to***

**sustainable development. A major break-through for financial transparency is now within reach. The policy reforms outlined in this book not only advance tax justice but also protect human rights by curtailing illegal activity and making available more resources for development. While the reforms are realistic they require both political and an informed and engaged civil society that can put pressure on governments and policy makers to act.**

**A GLOBE & MAIL BEST BOOK OF THE YEAR FOR 2012 "Glover is a master of narrative structure." —Wall Street Journal In the tradition of E.M. Forster, John Gardner, and James Wood, Douglas Glover has produced a book on writing at once erudite, anecdotal, instructive, and amusing. Attack of the Copula Spiders represents the accumulated wisdom of a remarkable literary career: novelist, short story writer, essayist, teacher and mentor, Glover has for decades been asking the vital questions. How does the way we read influence the way we write? What do craft books fail to teach aspiring writers about theme, about plot and subplot, about constructing point of view? How can we maintain drama on the level of the sentence—and explain drama in the sentences of others? What is the relationship of form and art? How do you make words live? Whether his subject is Alice Munro, Cervantes, or the creative writing classroom, Glover's take is frank and fresh, demonstrating again and again that graceful writers must first be strong readers. This collection is a call-to-arms for all lovers of English, and Attack of the Copula Spiders our best defense against the assaults of a post-literate age. Douglas Glover is the award-winning author of five story collections, four novels, and two works of non-fiction. He is currently on the faculty of the Vermont College of Fine Arts MFA in Writing program. Praise for Douglas Glover "So sharp, so evocative, that the reader sees well beyond the tissue of words into ... the author's poetic grace." - The New Yorker "Glover invents his own assembly of critical approaches and theories that is eclectic, personal, scholarly, and smart ... a direction for future literary criticism to take." - The Denver Quarterly "A ribald, raunchy wit with a talent for searing self-investigation." - The Globe and Mail "Knotty, intelligent, often raucously funny." - Maclean's**

*Cities at War*

*A Singaporean Mystery*

*Attack of the Copula Spiders*

*From Bench to Bedside*

Warfare in the twenty-first century goes well beyond conventional armies and nation-states. In a world of diffuse conflicts taking place across sprawling cities, war has become fragmented and uneven to match its settings. Yet the analysis of failed states, civil war, and state building rarely considers the city, rather than the country, as the

terrain of battle. In *Cities at War*, Mary Kaldor and Saskia Sassen assemble an international team of scholars to examine cities as sites of contemporary warfare and insecurity. Reflecting Kaldor's expertise on security cultures and Sassen's perspective on cities and their geographies, they develop new insight into how cities and their residents encounter instability and conflict, as well as the ways in which urban forms provide possibilities for countering violence. Through a series of case studies of cities including Baghdad, Bogotá, Ciudad Juarez, Kabul, and Karachi, the book reveals the unequal distribution of insecurity as well as how urban capabilities might offer resistance and hope. Through analyses of how contemporary forms of identity, inequality, and segregation interact with the built environment, *Cities at War* explains why and how political violence has become increasingly urbanized. It also points toward the capacity of the city to shape a different kind of urban subjectivity that can serve as a foundation for a more peaceful and equitable future.

Under the guidance of America's original gastronomic genius, the basic noodle is elevated in dishes such as basil lasagna, Portuguese fish stew with orzo, and cheddar angel hair soufflé. *Beard on Pasta* is full of easy-to-follow recipes, along with tips on preparation, sauce, and serving that you'll be eager to try. This is the third book in Paul Adam's fast and furious Max Cassidy thriller series. Teenage escapologist, Max Cassidy, knows for sure that his mother did not kill his father, his father is not even dead . . . But somebody seems very determined to prevent Max from discovering the truth - in fact, somebody wants him dead. In this, the final instalment of the thrilling Max Cassidy series, Max travels across the world; from London to San Francisco to Russia in his quest to be reunited with his family.

Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland , California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

If You Could Talk To The Greatest Master of This Century - What Would You Ask? The sages of the centuries, each one tincturing their thought with their own soul essence, have united in telling us that, ""As a man thinketh in his heart, so is he."" It has been established by the experience of the ages that always the law is the same. But HOW shall one think in their heart, so that only goodness may blossom and ripen into rich deed and rare result? What is the apparently mysterious secret by which life's dull metal is transmuted into precious mintage? As Troward has said, ""Thought is the only action of the mind. By your habitual thoughts you create corresponding external physical conditions, because you thereby create the nucleus which attracts to itself its own correspondence, in due order, until the finished work is manifested on the material plane."" ***These fibs just got real! The first hilarious book in a brand-new series for boys. Hi! I'm Oliver Tibbs (some people call me "Oliver Fibbs") and everyone in my family is super-brilliant at something - chess, ballet, brain surgery and architecture - but I'm not brilliant at anything. Show and Tell (or as I call it: Pain and Torture Time) is my worst nightmare... I haven't got a black belt at karate or made a mega-powerful electro-magnet. All I'm good at is reading comics and eating pizza. But I'm fed up with being Dull and Boring, so I've been telling the class about my adventures as a Defender of Planet Earth - battling against the evil Alien Brain Drain who wants to take over the world! Everyone loved it except Miss Wilkins, who gave me a detention for telling fibs. Now my parents think I'm Going Bad. I keep telling them - THEY'RE NOT FIBS, THEY'RE STORIES!***

Would you: a) Not tell your parents? b) Stop colouring your hair, having pedicures and buying Gucci? c) Start your own website that asks for money without apology? But when it all goes horribly wrong, and her credit card balance mounts in a terrifying manner, Karyn knows that she has to take control. She starts her website [www.savekaryn.com](http://www.savekaryn.com) on which she fearlessly asks for donations to help pay off her debts. The website receives over 2 million hits and has replies from all over the world - some supportive, many abusive. But after four months, Karyn has become a new woman- debt-free, grateful and happy. This is the hilarious and touching true story of how she does it.***

***Brilliant. Colorful. Visionary. Tenacious. Witty. Since his appointment to the Supreme Court in 1986, Associate Justice Antonin Scalia has been described as all of these things and for good reason. He is perhaps the best-known justice on the Supreme Court today and certainly the most controversial. Yet most Americans have probably not read even one of his several hundred Supreme Court opinions. In Scalia Dissents, Kevin Ring, former counsel to the U.S. Senate's Constitution Subcommittee, lets Justice Scalia speak for himself. This volume—the first of its kind— showcases the quotable justice's take on many of today's most contentious constitutional debates. Scalia Dissents contains over a dozen of the justice's most compelling and controversial opinions. Ring also provides helpful background on the opinions and a primer on Justice Scalia's judicial philosophy. Scalia Dissents is the perfect book for readers who love scintillating prose and penetrating insight on the most important constitutional issues of our time.***
