

B2b Content Marketing Institute

"Brandscaping uncovers how unconventional content partnerships lead to unparalleled marketing success. You'll learn how to bring together like-minded brands and undiscovered talent to create content that increases demand and drives sales.

Brandscaping is a big, infectious idea designed to be embraced by C-suite executives and implemented by savvy marketing professionals." --Back cover.

Killing your current marketing structure may be the only way to save it! Two of the world's top marketing experts reveal the next level of breakthrough success—transforming your marketing strategy into a standalone profit center. What if everything we currently know about marketing is what is holding us back? Over the last two decades, we've watched the entire world change the way it buys and stays loyal to brands. But, marketing departments are still operating in the same, campaign-centric, product-led operation that they have been following for 75 years. The most innovative companies around the world have achieved remarkable marketing results by fundamentally changing

Where To Download B2b Content Marketing Institute

their approach. By creating value for customers through the use of owned media and the savvy use of content, these businesses have dramatically increased customer loyalty and revenue. Some of them have even taken it to the next step and developed a marketing function that actually pays for itself. Killing Marketing explores how these companies are ending the marketing as we know it—in favor of this new, exciting model. Killing Marketing provides the insight, approaches, and examples you need to understand these disruptive forces in ways that turn your marketing from cost center to revenue creator. This book builds the case for, literally, transforming the purpose of marketing within your organization. Joe Pulizzi and Robert Rose of the Content Marketing Institute show how leading companies are able sell the very content that propels their marketing strategy. You'll learn how to:

- * Transform all or part of your marketing operation into a media company*
- * Integrate this new operation into traditional marketing efforts*
- * Develop best practices for attracting and retaining audiences*
- * Build a strategy for competing against traditional media companies*
- * Create a paid/earned media strategy fueled by an owned media*

Where To Download B2b Content Marketing Institute

strategy Red Bull, Johnson & Johnson, Disney and Arrow Electronics have succeeded in what ten years ago would have been deemed impossible. They continue to market their products as they always have, and, through their content-driven and audience-building initiatives, they drive value outside the day-to-day products they sell—and monetize it directly. Killing Marketing rewrites the rules of marketing—enabling you to make the kind of transition that turns average companies into industry legends. This book addresses challenges and opportunities in research and management related to new advertising and consumer practices in a converging media society. It specifically relates to the increasing power of consumers in the (digital) marketing process and discusses the challenges this may bring to advertisers. Advances in Advertising Research are published by the European Advertising Academy (EAA). This volume is a selective collection of research presented at the 16th International Conference in Advertising (ICORIA) which was held in Ghent (Belgium) in June 2017. The conference gathered more than 160 participants from over 30 countries all over the world. After more than twenty years of living and working with

Where To Download B2b Content Marketing Institute

entrepreneurs on four continents, Professor Steve Phelan hasn't seen it all, but he has seen a lot! In Startup Stories, he distills his wisdom on how to become a successful entrepreneur into sixteen chapters, supported by the stories of everyday entrepreneurs he has met over the years. Most books on entrepreneurship try to teach you how to become an extraordinary entrepreneur, the next Steve Jobs or Elon Musk. The problem is there are only 2,000 billionaires on the planet, so the odds are slim that you will be joining their ranks. Instead, this book shows you how to make the most of being an everyday entrepreneur. Everyday entrepreneurs don't make the headlines, but almost half of the population will be quietly involved in an entrepreneurial activity at some stage in their lives. This book is for you. The book begins by framing entrepreneurship as a series of progressively challenging levels. Personal entrepreneurs use their entrepreneurial spirit to achieve their goals while working for others. Nascent entrepreneurs are in the process of birthing a business. Lifestyle entrepreneurs enjoy the autonomy of working for themselves but like to keep things small. Employer entrepreneurs, on the other hand, rely on hiring

Where To Download B2b Content Marketing Institute

family members and other employees to boost revenues and results. Growth entrepreneurs would like to grow their business in a major concern, while super entrepreneurs are already operating in the billion-dollar range. Dr. Phelan examines the advantages, challenges, and opportunities of operating at each level. The result is a very human, very readable book that combines true stories with sound principles that are guaranteed to inspire and inform regardless of where you choose to start your entrepreneurial journey.

Killing Marketing: How Innovative Businesses Are Turning Marketing Cost Into Profit

Scott analyses how the internet has revolutionised communications and promotions. Told with many compelling

Where To Download B2b Content Marketing Institute

case studies and real-world examples, this is a practical guide to the new reality of PR and marketing. Digital Relevance teaches readers the knowledge, strategies, and skills need to create content, instantly engage customers, and compel them to action by sharing ideas so seamlessly matched to each audience's context that they can't help but take next steps toward purchase. Raising brand awareness, building trust, establishing credibility, and ultimately driving revenue, that's what the top of the funnel is all about. It can be a marketer's "Paradise City", but without focus, it can quickly become overwhelming. The one-two punch of social media and content marketing is a vital part of any successfully integrated marketing approach. If you are not pairing these two powerhouses together then you are simply missing opportunities to grow your business. The tactics and strategies in this book have come together through a tremendous amount of research, trial and error, expert input, and real world applications. From startups to

Where To Download B2b Content Marketing Institute

enterprise-what's included here works across the board and can very quickly make an impact. Just like your favorite double album, this book is separated into four sides, each one addressing a different aspect of Content and Social: * Content - Why marketers need to change their mentality from creating more content, to more relevant content and three practical ways to create content that delivers a face-melting return on investment. * Social - Using social to build awareness, trust and drive high quality leads. * All Together Now - What the future holds for content and social and what it means for marketers. * The Credits - The essential resources you need to stay on top of trends in content and social media. No frills, no fluff, just useful, practical tactics, strategies and lessons from one modern marketer to another, with a touch or rock n roll flare. Carlos Hidalgo provides a clear roadmap and framework on how B2B organizations can implement change management and transform their Demand Generation. Case studies and excerpts from B2B marketing practitioners and ANNUITAS

Epic Content Marketing: How to Tell a Different Story,

Break through the Clutter, and Win More Customers by

Marketing Less

Content, in all its forms, is the single most critical element of any marketing campaign.

Finding a successful equilibrium between content marketing and content strategy is

difficult, but essential. Content - The Atomic Particle of Marketing goes beyond

superficial descriptions of how to produce engaging social media content to offer the

results of many years of deep quantitative research, and hours of interviews with senior

marketers at some of the world's leading brands. Written by a recognised industry thought-leader, Content - The Atomic Particle of Marketing explores how content functions in the broader framework of all marketing, as well as organizational concerns and IT decision making. It demonstrates the value content brings not only to "owned" media initiatives, such as a company website or blog, but also the essential role content plays in all other marketing initiatives, from social media to advertising to offline channels. It will enable readers to make the organizational, staffing, tools and process decisions necessary to get content up and running across divisions and organizational silos. Deeply researched and insightful, Content - The Atomic Particle of Marketing is, quite simply, the definitive research-based guide to content marketing.

The NEW Rulebook for Entrepreneurial Success What's the surest way to startup failure? Follow old, outdated rules. In Content Inc., one of today's most sought-after content-marketing strategists reveals a new model for entrepreneurial success. Simply put, it's about developing valuable content, building an audience around that content, and then creating a product for that audience. Notice a shift? Author Joe Pulizzi flips the traditional entrepreneurial approach of first creating a product and then trying to find customers. It's a brilliant reverse-engineering of a model that rarely succeeds. The radical six-step business-building process revealed in this book is smart, simple, practical, and cost-effective. And best of all, it works. It's a strategy Pulizzi used to

build his own successful company, Content Marketing Institute, which has landed on Inc. magazine's list of fastest growing private companies for three years straight. It's also a strategy countless other entrepreneurs use to build their own multi-million dollar companies. Build an audience and you'll be able to sell pretty much anything you want. Today's markets are more dynamic and customers are more fickle than ever before. Why would you put all your eggs in one basket before securing a loyal customer base? Content Inc. shows you how to get customers first and develop products later. It's the best way to build a solid, long-lasting business positioned for today's content-driven world. This is the simple but profoundly successful entrepreneurial approach of one of today's most creative business minds. A pioneer of content marketing, Pulizzi has cracked the code when it comes to the power of content in a world where marketers still hold fast to traditional models that no longer work. In Content Inc., he breaks down the business-startup process into six steps, making it simple for you to visualize, launch, and monetize your own business. These steps are:

- *The "Sweet Spot": Identify the intersection of your unique competency and your personal passion*
- *Content Tilting: Determine how you can "tilt" your sweet spot to find a place where little or no competition exists*
- *Building the Base: Establish your number-one channel for disseminating content (blog, podcast, YouTube, etc.)*
- *Harvesting Audience: Use social-media and SEO to convert one-time visitors into long-term subscribers*
- *Diversification: Grow your business by expanding*

into multiple delivery channels • Monetization: Now that your expertise is established, you can begin charging money for your products or services This model has worked wonders for Pulizzi and countless other examples detailed in the book. Connect these six pieces like a puzzle, and before you know it, you'll be running your own profitable, scalable business. Pulizzi walks you step by step through the process, based on his own success (and failures) and real-world multi-million dollar examples from multiple industries and countries. Whether you're seeking to start a brand-new business or drive innovation in an existing one, Content Inc. provides everything you need to reverse-engineer the traditional entrepreneurial model for better, more sustainable success. Joe Pulizzi is an entrepreneur, professional speaker, and podcaster. He is the founder of several startups, including the Content Marketing Institute (CMI), recognized as the fastest growing business media company by Inc. magazine in 2014. CMI produces Content Marketing World, the world's largest content marketing event, and publishes the leading content marketing magazine, Chief Content Officer. Pulizzi's book Epic Content Marketing was named one of Fortune magazine's Five Must Read Business Books of the Year.

Named one of Fortune Magazine's "5 Best Business Books" in 2015 See your offering through the buyer's eyes for more effective marketing Buyer Personas is the marketer's actionable guide to learning what your buyer wants and how they make decisions.

Written by the world's leading authority on buyer personas, this book provides comprehensive coverage of a compelling new way to conduct buyer studies, plus practical advice on adopting the buyer persona approach to measurably improve marketing outcomes. Readers will learn how to segment their customer base, investigate each customer type, and apply a radically more relevant process of message selection, content creation, and distribution through the channels that earn the buyers' trust. Rather than relying on generic data or guesswork to determine what the buyer wants, the buyer persona approach allows companies to ask the buyer directly and obtain more precise and actionable guidance. Buyer personas are composite pictures of the people who buy solutions, services or products, crafted through a unique type of interview with the people the marketer wants to influence. This book provides step-by-step guidance toward implementing the buyer persona approach, with the advice of an internationally-respected expert. Learn who buys what, and why Understand your buyer's goals and how you can address them Tailor your marketing activities to your buyer's expectations See the purchase through the customer's eyes A recent services industry survey reports that 52 percent of their marketers have buyer personas, and another 28 percent expect to add them within the next two years – but only 14.6 percent know how to use them. To avoid letting such a valuable tool go to waste, access the expert perspective in Buyer Personas, and craft a more relevant marketing strategy.

*It's an exciting time to be in marketing, with an array of equalizing platforms from the Internet to social media to content marketing, that have reset the playing field for businesses large and small. Yet, it's also a challenging time, with much work to do and an ever-changing array of platforms, features, and networks to master--all on tighter budgets than ever before. Don't get discouraged, get scrappy! Weaving hacks, tips, idea starters, and more, chief brand strategist Nick Westergaard has provided in *Get Scrappy* a plan of attack for businesses of any size to:*

- Demystify digital marketing in a way that makes sense for your business
- Do more with less
- Build a strong brand with something to say
- Create relevant and engaging content for your social media platforms
- Spark dialogue with your community of customers
- Measure what matters

And more. The result will be a reliable, repeatable system for building your brand, creating engaging content, and growing your community of customers. Don't wait for marketing to reinvent itself. Instead, proactively reinvent your company's marketing to maximize its reach!

This book provides evidence-based answers to the key questions asked by marketers every day. Tackling issues such as how brands grow, how advertising really works, what price promotions really do and how loyalty programs really affect loyalty, *How Brands Grow* presents decades of research in a style that is written for marketing professionals to grow their brands.

Attract, engage, and inspire your customers with an "Optimize and Socialize" content marketing strategy *Optimize* is designed to give readers a practical approach to integrating search and social media optimization with content marketing to boost relevance, visibility, and customer engagement. Companies, large and small, will benefit from the practical planning and creative content marketing tactics in this book that have been proven to increase online performance across marketing, public relations, and customer service. Learn to incorporate essential content optimization and social media engagement principles thereby increasing their ability to acquire and engage relevant customers online. *Optimize* provides insights from Lee Odden, one of the leading authorities on Content and Online Marketing. This book explains how to: Create a blueprint for integrated search, social media and content marketing strategy Determine

Where To Download B2b Content Marketing Institute

which creative tactics will provide the best results for your company Implement search and social optimization holistically in the organization Measure the business value of optimized and socialized content marketing Develop guidelines, processes and training to scale online marketing success Optimize offers a tested approach for a customer-centric and adaptive online marketing strategy that incorporates the best of content, social media marketing, and search engine optimization tactics.

Anyone with any kind of digital presence is a publisher. That includes web sites, but also businesses that blog, are present on social media sites such as Facebook, YouTube or Twitter, and even companies that publish and disseminate content digitally, such as white papers, e-books, podcasts, etc. The reason for this shift is clear: it's easier and cheaper than ever to have a digital presence - and to use your digital profile to market to your customers and prospects. Doing so reduces, and in some cases, eliminates, the need for advertising. Why buy media when you ARE the media? But as we all know, with great power comes great responsibility. What kind of content should you publish? In what forms, and on what platforms? How do you ensure that you'll keep having things to say, and how will you say them effectively, in a consistent "voice" unique to your organization? How will you know if your content strategy is working?

Christoph Trappe's third content book focuses on how you can create the content performance culture you need to drive results in your organization. Included are

Where To Download B2b Content Marketing Institute

philosophy and tips on how to maximize content like through podcasting and easy-to-produce video.

Unleashing the Power of Partnerships

Talk Triggers is the definitive, practical guide on how to use bold operational differentiators to create customer conversations, written by best-selling authors and marketing experts Jay Baer and Daniel Lemin. Word of mouth is directly responsible for 19% of all purchases, and influences as much as 90%. Every human on earth relies on word of mouth to make buying decisions. Yet even today, fewer than 1% of companies have an actual strategy for generating these crucial customer conversations. Talk Triggers provides that strategy in a compelling, relevant, timely book that can be put into practice

immediately, by any business. The key to activating customer chatter is the realization that same is lame. Nobody says "let me tell you about this perfectly adequate experience I had last night." The strategic, operational differentiator is what gives customers something to tell a story about. Companies (including the 30+ profiled in Talk Triggers) must dare to be different and exceed expectations in one or more palpable ways. That's when word of mouth becomes involuntary: the customers of these businesses simply MUST tell someone else. Talk Triggers contains: • Proprietary research into why and how customers talk • More than 30 detailed case studies of extraordinary results from Doubletree Hotels by Hilton and their warm cookie upon arrival, The Cheesecake Factory and their giant menu, Five Guys Burgers and their extra fries in the bag, Penn & Teller and their nightly meet and greet sessions, and a host of delightful small businesses • The 4-5-6 learning system (the 4 requirements for a differentiator to be a talk trigger; the 5 types of talk triggers; and the 6-step process for creating talk triggers) • Surprises in the text that are (of

course) word of mouth propellants Consumers are wired to discuss what is different, and ignore what is average. Talk Triggers not only dares the reader to differentiate, it includes the precise formula for doing it. Combining compelling stories, inspirational examples, and practical how-to, Talk Triggers is the first indispensable book about word of mouth. It's a book that will create conversation about the power of conversation. The Content Formula answers the biggest question currently on marketer's minds: what is the ROI of content marketing? This book provides a step by step guide for marketers, and is divided into three parts: how to build the business case for content marketing, how to find the budget to establish a new content marketing program, and how to measure content marketing success in business terms.

Think of the last great article you read or the last great speech you heard. Chances are, if you remember one key message, you also remember one compelling story. That's because the best content starts with a story. When it comes to marketing, the best business content starts with a story the audience cares

about, not the brand's message about what it wants to sell them. In Brand, Meet Story, Heather Pemberton Levy describes the Story Comes First method, a practical approach that combines techniques from journalism and fiction writing to help brands tell stories that put the readers' interests first. Whereas most brand marketers create content to sell their product, service or technology, the Story Comes First method turns this approach on its head to create content with the "human moments" that truly engage an audience. Filled with examples from Levy's experience creating content marketing programs, trade books, and hundreds of articles for a variety of B2B and B2C brands, the book shows readers a step-by-step approach to create content designed to deliver business results. Brand, Meet Story explains the key ways to uncover what your audience cares about and how to turn brand messaging into stories that matter. Levy inspires readers to develop a compelling voice that will carry the brand tone and values across all channels, and helps them turn their ideas into engaging, story-driven content their audiences will read, love,

and share.

Design, activate and measure a clear social media strategy which is directly accountable to your wider business objectives and engages with an integrated customer engagement strategy.

stop selling to their buyers and start answering their questions to get results; revised and updated to address new technology, trends, the continuous evolution of the digital consumer, and much more In today's digital age, the traditional sales funnel—marketing at the top, sales in the middle, customer service at the bottom—is no longer effective. To be successful, businesses must obsess over the questions, concerns, and problems their buyers have, and address them as honestly and as thoroughly as possible. Every day, buyers turn to search engines to ask billions of questions. Having the answers they need can attract thousands of potential buyers to your company—but only if your content strategy puts your answers at the top of those search results. It's a simple and powerful equation that produces growth and success: They Ask, You Answer. Using these principles, author Marcus Sheridan led his struggling pool company from the bleak depths of the housing crash of 2008 to become one of the largest pool installers in the United States. Discover how his proven strategy can work for your business and master the principles of inbound and content marketing that have empowered thousands of companies to achieve exceptional growth. They Ask, You Answer is a straightforward guide filled with practical tactics and insights for transforming your marketing strategy. This new edition has been fully revised and updated to reflect the evolution of content marketing and the

Where To Download B2b Content Marketing Institute

increasing demands of today's internet-savvy buyers. New chapters explore the impact of technology, conversational marketing, the essential elements every business website should possess, the rise of video, and new stories from companies that have achieved remarkable results with They Ask, You Answer. Upon reading this book, you will know: How to build trust with buyers through content and video. How to turn your web presence into a magnet for qualified buyers. What works and what doesn't through new case studies, featuring real-world results from companies that have embraced these principles. Why you need to think of your business as a media company, instead of relying on more traditional (and ineffective) ways of advertising and marketing. How to achieve buy-in at your company and truly embrace a culture of content and video. How to transform your current customer base into loyal brand advocates for your company. They Ask, You Answer is a must-have resource for companies that want a fresh approach to marketing and sales that is proven to generate more traffic, leads, and sales.

Finally: a real-life, practical industry guide on content strategy and marketing. Practical Content Strategy & Marketing is your go-to guide on a practical content strategy and marketing education, created by author Julia McCoy as a written accompaniment to her new course, the Content Strategy & Marketing Course (www.contentstrategycourse.com).

Where To Download B2b Content Marketing Institute

If you run a business, or if you're trying to break into a top-dollar content marketing career, you need to know the practical concepts involved in content strategy and marketing. The "how," the "why," the "where" of content. Content marketing itself involves so many platforms, formats, content types, strategies, tools—and to get the most ROI from your approach to content marketing and strategy, you have to know how to do the most important content marketing practices. Forget FOMO and trying to figure out too many things. This guide will teach you the most important foundations and skills you actually need in order to get far in our booming industry of content marketing. For the first time in the industry, *Practical Content Strategy & Marketing* lays the "hows" of content marketing and strategy out, in a step-by-step approach, book form. Each section has written exercises built to solidify what you're reading and learning—you'll be able to fill these out with a pen. Don't be afraid to mark up this book! Why is this book different? You're not going to find corporate, birds-eye, mumbo-jumbo fluff in this content marketing guide. Quite the opposite. The author, Julia McCoy, won her way to the top (awarded as the top 33rd content marketer in 2016) the hard-knocks way. She dropped out of college and built a content agency, Express Writers, on nothing but \$75 and the tenacity to go and follow her dream and see it through. Five years later, Julia's business has served over 5,000 clients and employs over

Where To Download B2b Content Marketing Institute

40 team members, and her content consistently ranks at the top of Google and among the highest-shared for guest publications. Her go-to marketing strategy? A practical, hands-on content marketing approach that has ended up bringing her 99% of the clients her agency currently works with. With Julia as your guide, learn the principles and physical “how-to” behind these six key cores of effective content marketing: Module 1: Core Foundations of an ROI-Based Content Strategy Module 2: Audience Persona Discovery, Sales Funnel Content Mapping, & Style Guidelines Module 3: Understanding Keywords, SEO Opportunities, & Creating Keyword Reports Module 4: How to Build Content Cores (Your Content House) for an Authority Presence Online Module 5: Practical Content Creation (Your Site & Guest Blogging) Module 6: Content Promotion, Setting a Budget, Preparing Your Editorial Calendar, & Maintenance Along the way, you'll get to build a working content strategy from the ground up, using the Brand Strategy Exercises in each module. Have your pen and thinking cap ready—and a brand you want to build an entire working strategy for! Practical Content Strategy & Marketing is a field guide for the smartest content marketers who know that strategy is the key to thriving in our world of new marketing through content. Bonus: leading business marketing expert Mark Schaefer joins Julia to write the foreword, and guests Sujan Patel, Michele Linn, Steve Rayson and more appear in guest lessons throughout

Where To Download B2b Content Marketing Institute

the book.

Now in its fifth edition, the hugely popular Digital Marketing Excellence: Planning, Optimizing and Integrating Online Marketing is fully updated, keeping you in line with the changes in this dynamic and exciting field and helping you create effective and up-to-date customer-centric digital marketing plans. More than half-a-million business leaders have discovered the power of the StoryBrand Framework, created by New York Times best-selling author and marketing expert Donald

Where To Download B2b Content Marketing Institute

Miller. And they are making millions. If you use the wrong words to talk about your product, nobody will buy it. Marketers and business owners struggle to effectively connect with their customers, costing them and their companies millions in lost revenue. In a world filled with constant, on-demand distractions, it has become near-impossible for business owners to effectively cut through the noise to reach their customers, something Donald Miller knows from first-hand. In this book, he shares the proven system he has created to help you engage and influence customers. The StoryBrand process is a proven solution to the struggle business leaders face when talking about their companies. Without a clear, distinct message, customers will not understand what you can do for them and are unwilling to engage, causing you to lose potential sales, opportunities for customer engagement, and much more. In *Building a StoryBrand*, Donald Miller teaches marketers and business owners to use the seven universal elements of powerful stories to dramatically improve how they connect with customers in their businesses. His proven process has helped thousands of companies engage with their existing customers, giving them the ultimate competitive advantage. *Building a StoryBrand* does this by teaching you: The seven universal story points all humans respond to; The real reasons customers make purchases; How to simplify a brand message so people understand it; How to create the most effective messaging for websites, brochures, and social media. Whether you are the marketing director of a multibillion-dollar company, the owner of a small business, a politician running for office, or the lead singer of a rock band, *Building a StoryBrand* will forever transform the way you talk about who you are, what you do, and the unique value you provide.

bring to your customers.

Professional services marketing is undergoing a revolution. More and more, firms are being found and vetted online, and traditional techniques for generating leads and nurturing prospects are growing less effective. In this groundbreaking new book readers will understand the changing landscape and how to lay the foundation for a powerful online marketing program. Based on primary research of over 500 professional services firm executives, this book offers easy-to-understand, practical advice, as well as real-world examples of firms that are using online marketing today to build their businesses.

F#ck Content Marketing isn't a book for content marketers. Instead, it's for everyone in an organization who needs better context and direction for how to drive demand, revenue, and relationships with content. Truly effective companies (and marketers) create content experiences, drawing the customer into an immersive infinite scroll that mirrors the customer experience of Netflix, Spotify, and other billion-dollar brands. Randy Frisch will push you to rethink how you approach content for complex buyer journeys. The current mindset is volume-the more content created, the better. But the reality is that almost 70 percent of content created within an organization is never used, and there's little point investing in content marketing if you're not leveraging the assets you create. In this book, Frisch unpacks the Experience Framework, arming your organization to deliver personalized experiences that leverage your content to engage your audiences at scale-as well as identify and ramp up the players in your organization who need to own this process.

Perhaps no function in the business organization has been as

fundamentally revolutionized as marketing. The social and mobile Web has completely changed the speed, efficiency, and ease with which consumers can engage with each other and has had a tremendous impact on brands. This new engagement of the consumer with keen awareness of their relationships and emerging social networks now correlates to every single aspect of our business. So, yes, marketing has changed. The question is what are we going to do about it?Content and Subscription: The New Marketing OpportunityAs growth of the social and mobile Web changes the methods of communication, the old lines of hierarchical relationships between business and consumer blur substantially. As consumers publish and share their opinions (both good and bad) with increasing ease, they can become more persuasive than even the company's voice itself. Every one of these groups becomes a powerful ally or enemy depending on what we do. All of them will be constantly in flux developing levels of trust and requiring varying levels of transparency to filter content and determine buying decisions. They will expand and

collapse with great velocity, and it will all happen with or without our participation. Content marketing has been around for hundreds of years. But the application of a specific strategic process around content marketing is still new. The amount of budget that is allotted for new content creation is going to become a significant part of your "new media" budget. And subject matter experts in the organization are going to have new responsibilities. It's a transformative new process and it won't happen overnight. But it can, and should, happen. Get Content Get Customers showed us the light but there's been no book to show us the way. There is an ancient Chinese proverb that says a "crisis" is simply an "opportunity riding the dangerous wind." As marketers we now have the opportunity to develop new processes with our marketing strategy, power them with content, and ultimately keep that wind at our back. Successful programs will focus on creating a thoughtful strategy and process to foster this content marketing. This book is a detailed "how-to" to build that successful content marketing process.

Reach more customers than ever with TARGETED CONTENT Epic Content Marketing helps you develop strategies that seize the competitive edge by creating messages and “stories” tailored for instant, widespread distribution on social media, Google, and the mainstream press. It provides a step-by-step plan for developing powerful content that resonates with customers and describes best practices for social media sharing and search engine discoverability. Joe Pulizzi is a content marketing strategist, speaker and founder of the Content Marketing Institute, which runs the largest physical content marketing event in North America, Content Marketing World.

Connect to customers with compelling content! The rules of marketing have changed. Instead of loud claims of product superiority, what customers really want is valuable content that will improve their lives. Get Content Get Customers explains how to develop compelling content and seamlessly deliver it to customers— without interrupting their lives. It's the new way of marketing, and it's the only way to

build a loyal, engaged customer base. “Pulizzi and Barrett have taken integrated marketing communications to the next level. . . . Every marketer, large or small, can use this text to build better ongoing customer relationships.” –Don Schultz, Professor Emeritus-in-Service, Integrated Marketing Communication, Northwestern University “Deftly navigating the worlds of PR, advertising and marketing, Joe and Newt prove that the real secret to great marketing is not a brilliant tagline, but creating compelling and useful content.” –Rohit Bhargava, Senior Vice President of Digital Marketing, Ogilvy 360 Digital Influence, and author of Personality Not Included “Get Content Get Customers provides a play-by-play for any marketer who is serious about breaking away from the pack.” –Greg Verdino, Chief Strategy Officer, Crayon, LLC

Transforming B2B Marketing to Meet the Needs of the Modern Buyer

Explains how to use the art of storytelling and the science of journalism to form an authentic message for a company's product and a successful social networking site that can reach a wide audience.

Neal Schaffer helped revolutionize the way professionals utilize LinkedIn with his award-winning book *Windmill Networking: Understanding, Leveraging & Maximizing LinkedIn*. He now does the same to enlighten companies how to develop business on LinkedIn with *Maximizing LinkedIn for Sales and Social Media Marketing*. Thought LinkedIn was just for job seekers? Think again. LinkedIn is the most important destination for your sales and social media marketing efforts if your company is selling products and services to other businesses. When looking at LinkedIn's extensive functionality from a sales and marketing perspective as presented in this book, you'll soon understand how you can create new business from your LinkedIn activities. After reading this book you'll learn how to master the LinkedIn platform to develop business, including

how to create a sales-oriented profile and connections policy to attract more leads, become an industry thought leader by establishing your own community within the lucrative LinkedIn demographic, set up your LinkedIn Companies Page to improve your reputation--and drive more traffic to your website, and optimize your LinkedIn presence as part of your social media optimization efforts. This practical guide, supplemented by more than 15 case studies, will teach you and your employees everything you need to know on how to successfully develop leads and business on LinkedIn.

The difference between helping and selling is just two letters. If you're wondering how to make your products seem more exciting online, you're asking the wrong question. You're not competing for attention only against other similar products. You're competing against your customers' friends and family and viral videos and cute puppies. To win attention these days you must ask a different question: "How can we help?" Jay Baer's Youtility offers a new approach that cuts through the clutter: marketing that is truly, inherently useful. If you sell something, you make a customer today, but if you genuinely help someone, you create a customer for life.

Innovative B2B Marketing is a clear, practical guide that demystifies modern aspects of B2B marketing, including marketing models, processes and thought leadership pieces. New customer buying habits, the digital era and the new industry landscape (influenced by the application economy) have all had a great impact, with marketing professionals

consequently facing a shift away from traditional practices. The focus of Innovative B2B Marketing is to cut through the noise and make sense of the new models, methods and processes that have recently emerged in the B2B marketing sphere. Authored by Simon Hall, an ex-CMO who brings over 20 years' senior level experience as one of the leading voices in the B2B sphere actively working with the CIM, the IDM, and other major associations, Innovative B2B Marketing brings together a wealth of insight and information sourced from the author's own first-hand experience. Featuring real-life examples from diverse sectors, plus topical discussion points and problems from key B2B marketing forums and associations, marketers will find new approaches, models and solutions to help deal with any B2B marketing challenge.

What Marketers Don't Know

“My favorite book of the year.”—Doug McMillon, CEO, Wal-Mart Stores Harvard Business School Professor of Strategy Bharat Anand presents an incisive new approach to digital transformation that favors fostering connectivity over focusing exclusively on content. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Companies everywhere face two major challenges today: getting noticed and getting paid. To confront these obstacles, Bharat Anand examines a range of businesses around the world, from The New York Times to The Economist, from Chinese Internet giant Tencent to Scandinavian digital trailblazer Schibsted, and from talent management to the future of education. Drawing on these stories and on the latest research in economics, strategy, and marketing, this refreshingly engaging book reveals important lessons, smashes celebrated myths, and reorients strategy. Success for flourishing companies comes not from making the best content but from recognizing how content enables customers’ connectivity; it comes not from protecting the value of content at all costs but from unearthing related opportunities close by; and it comes not from mimicking competitors’ best practices but from seeing choices as part of a connected whole. Digital change means that everyone today can reach and interact with others directly: We are all in the content business. But that comes with risks that Bharat Anand teaches us how to recognize and navigate. Filled with conversations with key players and in-depth dispatches

from the front lines of digital change, The Content Trap is an essential new playbook for navigating the turbulent waters in which we find ourselves. Praise for The Content Trap “A masterful and thought-provoking book that has reshaped my understanding of content in the digital landscape.”—Ariel Emanuel, co-CEO, WME | IMG “The Content Trap is a book filled with stories of businesses, from music companies to magazine publishers, that missed connections and could never escape the narrow views that had brought them past success. But it is also filled with stories of those who made strategic choices to strengthen the links between content and returns in their new master plans. . . . The book is a call to clear thinking and reassessing why things are the way they are.”—The Wall Street Journal

Engage Customers Around the World with Cross-Regional Content Marketing Technology has virtually erased national borders, forever transforming the way we reach and engage customers, as well as the way we search for and consume content. Global Content Marketing takes you step-by-step through the process of creating and refining your strategies to meet this new reality. LEARN HOW TO: Create content that engages people--regardless of their country and culture Identify key actions and strategies to apply to your projects Connect "dots" that others don't see and connect them in ways you never thought of before "Content marketing across geographies is a different animal. In this smart, practical, and authoritative book,

Pam Didner has tamed this animal for all of us." -- DOUG KESSLER, Creative Director, Velocity "A valuable guide to developing and distributing your global content effectively." -- NANCY BHAGAT, former VP, Global Marketing Strategy, Intel, and current Divisional CMO, TE Connectivity "This book is the blueprint for engineering a modern scalable content marketing operation." -- PAWAN DESHPANDE, CEO, Curata "Finally the book that explores all critical aspects of global content marketing! Whether you are a small business or a Fortune 500 company, it is essential to understand the 4P's developed by Pam Didner. Read it and take your content strategy to the whole new level." -- EKATERINA WALTER, author of Think Like Zuck and coauthor of The Power of Visual Storytelling
