exercises Special software allowing you to interact with the recordings. This Mandarin textbook is designed to be used with its separately available workbook, Basic Mandarin Chinese—Speaking & Listening Practice Book which provides a range of drills and exercises designed to dramatically enhance your spoken proficiency and improve your Chinese language skills.

The Routledge Course in Modern Mandarin Chinese is a two-year undergraduate course for students with no prior background in Chinese study which takes students from complete beginner to post-intermediate level. Designed to build a strong foundation in both the spoken and written language it develops all the basic skills such as pronunciation, character writing, word use and structures, while placing strong emphasis on the development of communicative skills. Each level of the course consists of a textbook and workbook, available separately in simplified or traditional character editions. Both workbooks include a free CD with all the dialogues from the textbooks and the necessary audio for the listening for information exercises. A companion website will provide expanded listening files and a broad range of resources for students and teachers. The benefits of this course include: -focus on the long-term retention of vocabulary, characters and structures by reiterating structures and vocabulary throughout the book series -carefully selected and staged introduction of characters with staged removal of pinyin to ensure recognition and use of characters -clear and jargon-free explanations of use and structures, that are easy for students and teachers to understand -extensive workbook

Online Library Basic Spoken Chinese An Introduction To Speaking And Listening

exercises for homework, independent study, and classroom use focusing on all language skills and modalities including a vast inventory of carefully structured exercises focusing on listening comprehension, reading for information, and writing for communication - an extensive inventory of classroom activities that guide students to develop communication-based speaking and listening skills. -a list of communication goals and key structures for each lesson allowing the student to assess progress -cultural notes explaining the context of the dialogues - language FAQs explaining aspects of Chinese language as they relate to the content and vocabulary in the lesson -storyline following a group of students studying in China from Europe, North America and East Asia, making the book attractive to a variety of students and facilitating the introduction of Chinese culture. -full-color text design for the textbook and carefully matched designs for the traditional and simplified books, allowing for easy cross-reference The course is also fully supported by an interactive companion website. The website contains a wealth of additional resources for both teachers and students. Teachers will find lesson plans in both English and Mandarin, providing a weekly schedule and overall syllabus for fall and spring, as well as activities for each lesson and answer keys. Students will be able to access downloadable character practice worksheets along with interactive pronunciation, vocabulary and character practice exercises. All the audio material necessary for the course is also available online and conveniently linked on screen to the relevant exercises for ease-of-use. For further details please

range of exercises for regular practice. A full answer key, a grammar summary, bilingual glossaries and English translations of dialogues can be found at the back as well as useful vocabulary lists throughout. Key features include: A clear, user-friendly format designed to help learners progressively build up their speaking, listening, reading and writing skills Jargon-free, succinct and clearly structured explanations of grammar An extensive range of focused and dynamic supportive exercises Realistic and entertaining dialogues covering a broad variety of narrative situations Helpful cultural points explaining the customs and features of life in China An overview of the sounds of Chinese Balanced, comprehensive and rewarding, Colloquial Chinese is an indispensable resource both for independent learners and students taking courses in Chinese. Audio material to accompany the course is available to download free in MP3 format from www.routledge.com/cw/colloquials. Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

The Spanish language edition of one of the world's most beloved picture books, Tikki

Online Library Basic Spoken Chinese An Introduction To Speaking And Listening

Tikki Tembo. Tikki tikki tembo-no sa rembo- chari bari ruchi-pip peri pembo! Three decades and more than one million copies later children still love hearing about the boy with the long name who fell down the well. Arlene Mosel and Blair Lent's classic re-creation of an ancient Chinese folktale has hooked legions of children, teachers, and parents, who return, generation after generation, to learn about the danger of having such an honorable name as Tikki tikki tembo-no sa rembo-chari bari ruchi-pip peri pembo. Tikki Tikki Tembo is the winner of the 1968 Boston Globe - Horn Book Award for Picture Books. This is the Spanish language edition.

"DeFrancis's book is first rate. It entertains. It teaches. It demystifies. It counteracts popular ignorance as well as sophisticated (cocktail party) ignorance. Who could ask for anything more? There is no other book like it. ... It is one of a kind, a first, and I would not only buy it but I would recommend it to friends and colleagues, many of whom are visiting China now and are adding 'two-week-expert' ignorance to the two kinds that existed before. This is a book for everyone."

--Joshua A. Fishman, research professor of social sciences, Yeshiva University, New

Online Library Basic Spoken Chinese An Introduction To Speaking And Listening

York "Professor De Francis has produced a work of great effectiveness that should appeal to a wide-ranging audience. It is at once instructive and entertaining. While being delighted by the flair of his novel approach, the reader will also be led to ponder on some of the most fundamental problems concerning the relations between written languages and spoken languages. Specifically, he will be served a variety of information on the languages of East Asia, not as dry pedantic facts, but as appealing tidbits that whet the intellectual appetite. The expert will find much to reflect on in this book, for Professor DeFrancis takes nothing for granted." --William S.Y. Wang, professor of linguistics, University of California at Berkeley

Here is a concise guide to supplement any course of study and help with homework, travel, and test preparation. Topics include word order, time, nouns, verbs, adjectives, word choices with verbs and adverbs, and letter writing. The simple format has one goal: quick mastery and growing confidence. Qin Xue Herzberg, a graduate of Beijing Normal University, has taught Chinese for decades and has been an upper-level Chinese professor at Calvin College for ten years. Larry Herzberg did

This condensed anthology reproduces close to a dozen plays from Xiaomei Chen's well-received original collection, *The Columbia Anthology of Modern Chinese Drama*, along with her critical introduction to the historical, cultural, and aesthetic evolution of twentieth-century Chinese spoken drama. Comprising representative works from the Republican era to postsocialist China, the book encapsulates the revolutionary rethinking of Chinese theater and performance that began in the late Qing dynasty and vividly portrays the uncertainty and anxiety brought on by modernism, socialism, political conflict, and war. Chosen works from 1919 to 1990 also highlight the

Online Library Basic Spoken Chinese An Introduction To Speaking And Listening

formation of national and gender identities during a period of tremendous social, cultural, and political change in China and the genesis of contemporary attitudes toward the West. PRC theater tracks the rise of communism, juxtaposing ideals of Chinese socialism against the sacrifices made for a new society. Post-Mao drama addresses the nation's socialist legacy, its attempt to reexamine its cultural roots, and postsocialist reflections on critical issues such as nation, class, gender, and collective memories. An essential, portable guide for easy reference and classroom use, this abridgment provides a concise yet well-rounded survey of China's theatricality and representation of political life. The original work not only established a canon of modern Chinese drama in the West but also made it available for the first time in English in a single volume. A lively and accessible account which explores the teaching of Chinese as an international language from a Singapore perspective.

The materials in this series have been acclaimed as a breakthrough in Mandarin Chinese language learning.

Online Library Basic Spoken Chinese An Introduction To Speaking And Listening

A seminal 1921 work by the linguist Edward Sapir, outlining his influential ideas and hypotheses on language and its speakers.

Learning Chinese can be frustrating and difficult, partly because it's very different from European languages.

Following a teacher, textbook or language course is not enough. They show you the characters, words and grammar you need to become proficient in Chinese, but they don't teach you how to learn them! Regardless of what program you're in (if any), you need to take responsibility for your own learning.

If you don't, you will miss many important things that aren't included in the course you're taking. If you study on your own,

you need to be even more aware of what you need to do, what you're doing at the moment and the difference between them.

Here are some of the questions I have asked and have since been asked many times by students: How do I learn

characters efficiently? How do I get the most out of my course or teacher? Which are the best learning tools and resources?

How can I become fluent in Mandarin? How can I improve my pronunciation? How do I learn successfully on my own? How

can I motivate myself to study more? How can I fit learning Chinese into a busy schedule? The answers I've found to

these questions and many others form the core of this book. It took eight years of learning, researching, teaching and writing

to figure these things out. Not everybody has the time to do that! I can't go back in time and help myself learn in a better

way, but I can help you! This book is meant for normal students and independent language learners alike. While it

covers all major areas of learning, you won't learn Chinese just by reading this book. It's like when someone on TV

teaches you how to cook: you won't get to eat the delicious dish just by watching the program; you have to do the cooking

yourself. That's true for this book as well. When you apply what you learn, it will boost your learning, making every hour

Online Library Basic Spoken Chinese An Introduction To Speaking And Listening

you spend count for more, but you still have to do the learning yourself. This is what a few readers have said about the book:

"The book had me nodding at a heap of things I'd learnt the hard way, wishing I knew them when I started, as well as highlighting areas that I'm currently missing in my study." -

Geoff van der Meer, VP engineering "This publication is like a bible for anyone serious about Chinese proficiency. It's easy for anyone to read and written with scientific precision." -

Zachary Danz, foreign teacher, children's theatre artist About me I started learning Chinese when I was 23 (that's more than eight years ago now) and have since studied in many different situations, including serious immersion programs abroad, high-intensity programs in Sweden, online courses, as well as on the side while working or studying other things. I have also successfully used my Chinese in a graduate program for teaching Chinese as a second language, taught entirely in Chinese mostly for native speakers (the Graduate Institute for Teaching Chinese as a Second Language at National Taiwan Normal University). All these parts have contributed to my website, Hacking Chinese, where I write regularly about how to learn Mandarin.

The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other

Online Library Basic Spoken Chinese An Introduction To Speaking And Listening

*languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist*, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.*

A complete beginning-level course for written Mandarin Chinese designed to teach you to read and write Mandarin quickly and efficiently! The Basic Mandarin Chinese series offers a complete introductory course superior to any other language product for Chinese. These books teach spoken and written Chinese separately, allowing you to focus on the area most important to you, and to learn the spoken and written forms of Chinese at different speeds depending on your available time and interest. The free audio recordings included with this book reinforce the content and make the learning process easy. Whether you're learning Mandarin for work, travel or other reasons—the Basic Mandarin Chinese approach of having two separate but integrated "tracks" helps you to learn the language more efficiently and more successfully. Key features of this Chinese textbook and online material include: Learn to read and write the 288 highest-frequency characters and over 700 words Designed to have you reading and writing simple, connected Chinese sentences quickly Both simplified and traditional characters are taught; you may choose to learn either or both Features a variety of fonts and styles—typeset and handwritten—preparing you to use Chinese

Online Library Basic Spoken Chinese An Introduction To Speaking And Listening

characters in different contexts, from reading signs to texting on your phone. The online material included with this book includes over 6 hours of audio recordings by various native speakers, including recordings of all the reading selections, new characters, and vocabulary. This textbook is designed to be used in conjunction with the Basic Mandarin Chinese—Reading & Writing Practice Book which provides a range of drills and exercises designed to enhance your proficiency in reading and writing Mandarin Chinese quickly.

This is a beginning-level course in written Chinese that employs a revolutionary new method designed to have you quickly reading and writing simple, connected Chinese sentences. Along with its sister book Basic Spoken Chinese and their accompanying workbooks, Basic Written Chinese offers a complete introductory course to the written Chinese language. As a native English speaker, working hard to learn Chinese characters is not enough; you have to work smart to learn this very different language efficiently. No matter why you've chosen to learn Chinese—for business, travel, cultural studies or another goal—the Basic Chinese approach of two separate but integrated tracks in spoken and written Chinese will help you learn this language most efficiently and successfully. Basic Written Chinese is designed so it can be used in a class with an instructor or by independent learners

Online Library Basic Spoken Chinese An Introduction To Speaking And Listening

working on their own. Basic Written Chinese systematically introduces 288 of the highest frequency characters (in both their simplified and traditional forms) and over 700 common words written with them in context in sentences and a variety of reading passages to help you master basic Chinese reading and writing. This method will greatly improve your abilities to read Chinese and write Chinese. The structure of each new character is explained in detail to make the learning of characters easier, and "look-alike" characters are compared and contrasted. Many lessons include character differentiation drills and some lessons include realia such as name cards, street signs, or email messages. Each lesson introduces 6 new characters and a number of words that are written using them. By dividing the learning into small tasks, you maintain a sense of accomplishment rather than getting bogged down. You'll experience both printed and handwritten forms of characters, as well as several different printed fonts. The accompanying MP3 audio CD includes: Over 6 hours of audio by several native Mandarin speakers. Recordings of all reading selections. Recordings of all new characters and new vocabulary. Available separately, Basic Written Chinese Practice Essentials is the companion workbook for Basic Written Chinese. This practical guide includes a broad range of drills and exercises designed to dramatically enhance your proficiency in reading

vocabulary, and basic grammar tips. Contents: Pages 1-118 Alternate pages of lined and squared paper for note-taking and handwriting practice Pages 119-120 Chinese Character charts Pages 121-124 Key vocabulary lists Pages 125-128 Basic grammar tips

Explores the richness, continuity, development, and uniqueness of the Chinese language and the meanings of its strokes in addition to noting its limitations when applied to Western science and technology.

"In *The Other Greek*, Arthur Cooper offers a captivating and unorthodox introduction to the world of the Chinese script through the medium of poetry, explaining the structure, meaning and cultural significance of each character. Written nearly half a century ago, and now published posthumously, the book argues that the role of Chinese writing was analogous to the influence of Greek civilization on Western culture. Chinese is the Greek of the Far East, 'the other Greek'.

Originally a cryptanalyst, Cooper uses his professional--and distinctly non-academic--training to analyse Chinese characters and points out a series of unacknowledged associations between them. Ultimately he aims to initiate the reader with no prior knowledge of the language into Chinese writing and poetry"--

What does it take to reinvent a language? After a meteoric rise, China today is one of the world's most powerful nations. Just a century ago, it was a crumbling empire with literacy reserved for the elite few, as the world underwent a massive technological transformation that threatened to leave them behind. In *Kingdom of Characters*, Jing Tsu argues that China's most daunting challenge was a linguistic one: the century-long fight to make the formidable Chinese language accessible to the modern world of global trade and digital technology. *Kingdom of Characters* follows the bold innovators who reinvented the Chinese language, among them an exiled reformer who risked a death sentence to advocate for Mandarin as a national language, a Chinese-Muslim poet who laid the groundwork for Chairman Mao's phonetic writing system, and a computer engineer who devised input codes for Chinese characters on the lid of a teacup from the floor of a jail cell. Without their advances, China might never have become the dominating force we know today. With larger-than-life characters and an unexpected perspective on the major events of China's tumultuous twentieth century, Tsu reveals

how language is both a technology to be perfected and a subtle, yet potent, power to be exercised and expanded.

Cheng & Tsui's best-loved Chinese textbook series is new, revised, and better than ever!

A linguist and author shares what she discovered about Mandarin, China's most common language, while living in Shanghai and Beijing, and describes how it provided a window into her understanding of the romance, protocol, humor, and relationships within modern China.

China Ready! prepares students and independent learners to work in the hospitality and tourism industry for high-value tourism business coming from China to English-speaking countries. The book focuses on listening and speaking skills - essential skills for learners. This book's features include the following: • Important cultural and social awareness factors for interacting with clients from China • Vocabulary • Real-life scenarios • Situational role playing and interactive listening • Experiential exercises to encourage learning outside the classroom The book is aimed at students who have attained the Common European Framework Reference (CEFR) A2 level and will bring them up to the CEFR B2/C1 level or 四级 口语 (HSK) 4/5.

Chinese (Audio and Practice PDF downloads Included)

Learning to read and write Chinese requires lots of practice. This unique practice guide can be used with any Chinese textbook or on its own to enhance your proficiency in reading and writing Mandarin Chinese. Intermediate Written Chinese Practice Essentials offers a wealth of carefully-designed exercises and activities to help you develop every aspect of your reading and writing ability. This workbook has been designed so it can be used either in a class with an instructor or by independent learners working on their own. Both simplified and traditional characters are taught and practiced in the same volume. This means students can learn either or both kinds of characters without having to purchase another book, and instructors have the flexibility to teach a combined class where some students read and write one type of characters and other students the other type. This workbook provides character practice sheets for the 336 characters introduced in Intermediate Written Chinese, with complete information on stroke order and direction for both the simplified and traditional forms of the characters. Reading and writing exercises are included, such as those involving dictation and the answering of questions based on the content of each lesson. English-Chinese translation exercises are provided for each unit. The Downloadable content provides: Native-speaker audio recordings for dictation practice. Printable flash cards for all the new characters and words, with Chinese characters on one side and Pinyin and English on the other. Printable pdf files with additional exercises and activities. Together with this book, you can use Intermediate Spoken Chinese if you want to learn fluent spoken Mandarin. About the Series: Respected Chinese language expert Dr. Cornelius Kubler, who has taught diplomats, business people and students, presents a learning system that uses separate but integrated "tracks" to help you efficiently master the basics of spoken and written Chinese. The materials in the Basic Chinese

series allow you to move from complete beginner level to basic fluency.

Welcome to the world's most efficient method of learning Mandarin Chinese, whether you are striving to learn Chinese on your own or studying in a classroom setting. Part of the widely-used and highly acclaimed Kubler series, Intermediate Spoken Chinese provides separate but integrated "tracks" to help you learn to read, write, and speak Chinese efficiently, at your own pace. Some students and teachers wish to emphasize speaking ability first, whereas others want to focus on learning to read and write Chinese at the same time. These Chinese language study books allow you the flexibility to acquire the spoken language and the written language with the method that best fits your needs. Intermediate Spoken Chinese allows you to experience real-life situations in different Mandarin speaking locales. (It also exposes you to the authentic range of Chinese accents; you're not limited only to learning an imaginary "textbook Beijing accent" as in other books). Each of the everyday situations explored here—from shopping at a market to playing an unexpected phone tag—is one you're likely to encounter as you interact with Chinese language speakers. You can choose to use this book with its corresponding Intermediate Chinese Practice Essentials Workbook, available separately, that offers you a wide range of one-of-a-kind activities to help you practice the language skills you learn here. Key features of Intermediate Spoken Chinese include:

- Clear and detailed explanations of natural, colloquial Chinese grammar, pronunciation and usage
- Recommended strategies to help you learn to speak Chinese more efficiently
- Experience the actual speaking styles of Chinese people in various parts of mainland China as well as Taiwan, Macao, Hong Kong, Singapore, and Malaysia
- Notes on Chinese culture and society allow you to understand situational etiquette
- Discussions of challenges faced specifically by English speakers who are learning Chinese and how to overcome them
- Downloadable audio recordings by native speakers of all the vocabulary, dialogues, and other vital items

separate Teacher's Guide and a full character transcript (Simplified and Traditional) are both available electronically. Accompanying digital content contains 56 videos shot on location, which allow you to view conversations involving Chinese speakers from different parts of China. Feel confident traveling in the Mandarin-speaking world; with this language learning set you will be speaking Chinese gracefully and fluidly in no time.

This is a complete beginning-level course for written Mandarin Chinese designed to teach you to read and write Mandarin quickly and effectively! The Basic Mandarin Chinese series offers a complete introductory course superior to any other language product for Chinese. These books teach spoken and written Chinese separately, allowing you to focus on the area most important to you and to learn the spoken and written forms of Chinese at different speeds depending on your available time and interest. The free audio recordings included with this book reinforce the content and make the learning process easy. No matter whether you're learning Mandarin for work, travel or other reasons—the Basic Mandarin Chinese approach of having two separate but integrated "tracks" helps you to learn the language more efficiently and more successfully. Key features of this Chinese textbook and discs include: Learn to read and write the 288 highest-frequency characters and over 700 words. Designed to have you reading and writing simple, connected Chinese sentences quickly. Both simplified and traditional characters are taught; you may choose to learn either or both. Features a variety of fonts and styles—typeset and handwritten—preparing you to use Chinese characters in different contexts, from reading signs to texting on your phone. The free audio recordings included with this book includes over 6 hours of MP3 audio recordings by various native speakers, including recordings of all the reading selections, new characters, and vocabulary. This textbook is designed to be used in conjunction with the Basic Mandarin Chinese—Reading & Writing Practice Book which provides a range of drills and exercises designed to dramatically
