Strange Medicine casts a gimlet eye on the practice of medicine through the ages that highlights the most dubious ideas, bizarre treatments, and biggest blunders. From bad science and oafish behavior to stomach-turning procedures that hurt more than helped, Strange Medicine presents striking but true facts and an honor roll of doctors, scientists, and dreamers who inadvertently turned the clock of medicine backward:

- Medieval dentists burned candles in patients'

Strange Medicine is an illuminating panorama of medical history as you've never seen it before.

the first full-scale biography of the Soviet dictator in twenty years. Service describes in unprecedented detail the first half of Stalin's life--his childhood in Georgia as the son of a violent, drunkard father and a devoted mother; his education and religious training; and his political activity as a young revolutionary. No mere messenger for Lenin, Stalin was a prominent activist long before the Russian Revolution. Equally compelling is the depiction of Stalin as Soviet leader. Service recasts the image of Stalin as unimpeded despot; his control was not limitless. And his conviction that enemies surrounded him was not entirely unfounded. Stalin was not just a vengeful dictator but also a man fascinated by ideas and a voracious reader of Marxist doctrine and Russian and Georgian

literature as well as an internationalist committed to seeing Russia assume a powerful role on the world stage. In examining the multidimensional legacy of Stalin, Service helps explain why later would-be reformers--such as Khrushchev and Gorbachev--found the Stalinist legacy surprisingly hard to dislodge. Rather than diminishing the horrors of Stalinism, this is an account all the more disturbing for presenting a believable human portrait. Service's lifetime engagement with Soviet Russia has resulted in the most comprehensive and compelling portrayal of Stalin to date.

Whether or not Jesus rose bodily from the dead is perhaps the most critical and contentious issue in the study of Christianity. Until now, scholars have concentrated on explicit statements in the New Testament to support their views, but Richard Swinburne argues for a wider approach, asking instead whether the character of God and the life of Jesus support the probability of the Resurrection. Hermann Hesse, the author, has narrated a lot about Siddhartha and his spiritual journey. A lot has been discussed about Siddhartha. He is loved by everyone. He is a source of joy for everybody, but he, Siddhartha, is not a source of joy for himself, he finds no delight in himself. Siddhartha has started to nurse discontent in himself, he has started to feel that the love of his father and his mother, and love of his friend, will not bring him joy forever and ever, will not nurse him, freed him, satisfy him. Siddhartha has many queries in his mind like as, ‘Do the sacrifices give a happy fortune?’, ‘What about the Gods?’, ‘Was it really Prajapati who had created the world?’ ‘Was it not the ‘Atman’, the singular one?’

Siddharatha meets his father and says, ‘With your permission, my father, I have come to tell you that it is my longing to leave your house tomorrow and go to ascetics. My desire is to become a Samara.’ His father says-‘You will go into the forest and be a Samara , when you will find blissfulness in the forest, come back and teach me to be blissful.’ This is just an excerpt, the whole book consists of spiritualistic way of narration, thus becomes interesting one. Once you start reading can’t resist to leave the book in the mid.

The Théâtre du Grand-Guignol in Paris (1897 - 1962) achieved a legendary reputation as the 'Theatre of Horror' a venue displaying such explicit violence and blood-curdling terror that a resident doctor was employed to treat the numerous spectators who fainted each night.
