You know you have the talent to make it in the beauty industry, but figuring out where to begin can feel like a mystery—and cosmetology schools often don't prepare students for the business end of these jobs . . . which can make or break your career. Consider this book your crash course on how current and aspiring beauty professionals can profit from their passions to create wealth beyond their wildest dreams. Entrepreneur and celebrity hairstylist Kiyah Wright knows exactly what it takes to amass wealth in the hair and beauty industry. From the time she was just 14 years old and doing hair in her grandmother's basement for \$20 a pop, Kiyah had found her calling. By 17, she had 200 clients and netted over \$60K a year. Now, 25 years later, she's at the top of her game with A-List Hollywood clientele, two Emmy Awards, two Hollywood Beauty Awards, a thriving business, and a million-dollar brand. In *From Beauty to Business*, Wright breaks down her seven proven success principles that helped her achieve her goals: Developing a success mindset Understanding the business of the beauty business Finding your niche Diversifying with multiple streams of income Growing your platform to grow your profits Preparing for the unexpected Planning for your future She also lays out crucial success strategies not taught in hair or beauty schools about entrepreneurship, finance, branding, marketing, product distribution, how to harness the power of social media, and how to build wealth. Whether you're working from your house or a salon, *From Beauty to Business* will set you up for success with practical tools for thriving in the beauty business on your own terms. This first-of-its-kind sourcebook features Kiyah's favorite success affirmations, industry-themed business templates, worksheets, and the foolproof strategies Kiyah used to attract and retain superstar clients like Tyra Banks, Jennifer Hudson, Ciara, Iman, Taraji P. Henson, and Gabrielle Union. Whether you're looking for tips in your career as a hairstylist, makeup artist, esthetician, or other beauty professional, *From Beauty to Business* is the ultimate resource guide that will set you on a straight path to success. This edition has been updated to "cover new trends and includes the underpinning knowledge for the skills you will need in your practice as a beauty therapist. Covering areas such as nutrition and lifestyle, and spa treatments as well as all the main therapies, this book will support you in your day-to-day work. The anatomy and physiology section has been completely revised to include extensive diagrams of all body systems." - back cover.

Starting and operating your own business is not just the American dream, it is the pathway to wealth. And a business plan is critical to forming the right strategy and taking the steps needed to ensure success. THIS IS NOT A BASIC TEMPLATE. This book, unlike so many others, has actually done most of the work for you. While most books are vague and give you one sentence explanations of what you should include, this book is near complete. THIS BOOK IS A COMPLETED HAIR & BEAUTY SALON BUSINESS PLAN and it is provided it to you with all the additional information you will need to complete your own.

Writing a business plan should be simple, dynamic, and straightforward. More importantly, it must be a FUNCTIONAL tool that advances you forward towards your goals -- rather than holding you back due to endless tinkering and perfecting of your plan

without taking action. Enter the 24 Hour Business Plan Template, your functional tool to get you there as efficiently as possible. This is a complete guide that includes a downloadable pre-formatted business plan template and cash flow spreadsheet to help you get started. In the book, I lay out the method I personally used to plan my own business - and in doing so, leave my full-time job and start my business on a full-time basis within seven months. My plan itself was constructed in under 24 hours on January 1, 2015 as my new years resolution; the remainder of the time spent was executing this plan over time. In the book you'll learn how to do the same, or close to it at the very least - and you'll begin to understand why this efficiency in the beginning is so important. To reiterate, it's important to get to the action-taking phase as soon as possible. This cannot be overstated enough. Successful entrepreneurs and authors like Eric Ries, Gabriel Weinberg, and Justin Mares tout this very principle in their books *The Lean Startup* and *Traction* -- the simple fact is, it's much easier to make progress by taking action and adapting over time vs. trying to get everything perfect the first time around. Too much time can be spent getting stuck in your head due to information paralysis or perfectionism, only to wake up one day realizing you've actually done nothing concrete at all to advance your goals. Don't be this person! Get up out of your chair and take action to make your goals happen. Realize that it may take several iterations of creating a business plan, or cycling through various ideas, before you feel confident in moving forward with one in particular. This is okay -- and in fact, it's the exact reason why you need to be efficient during the initial planning and evaluation stage. Much better to spent one or two weeks cycling through 5-10 ideas than an entire year getting nowhere. In this book, we'll cover the following topics: -The importance of validation, and how to validate your business idea. -The key elements of designing an amazing cover page for your business plan. -How to write an executive summary, and why it must be written last after everything else. -The proper elements that make up your Company Objectives section. -The right approach to laying out your Products & Services section. -How to setup a target customer profile including the right questions to ask. -Websites and tables that will greatly simplify your industry and competitor analyses. -Several possibilities for getting started with sales and marketing, and the difference between each. -The key elements that will comprise your operational plan and any business logistics. -What roles need to be defined in your Management section. -The preferred formats and metrics to use in your business capitalization (initial funding) section. -How to lay out your financial plan, both for your business and your personal finances. Please know fat was trimmed from every section of this book to ensure you can get through it and understand the key principles quickly and move on to actually creating your own plan. Only the critical elements were left in, with additional explanation added at key junctions to ensure comprehension. Whether you're venturing out for your first time as an entrepreneur, or you're a seasoned veteran looking for a no-nonsense way to manage the planning process for your next venture, 24 Hour Business Plan Template belongs on your tool belt.

This book is structured as a business plan template that can be used to write a business plan. The book also explains what should be written in each section of the business plan, and how to ultimately have a great business plan.

For aspiring entrepreneurs and business owners, the possibilities are limitless. The flexibility, freedom and cost-effectiveness that starting-up in the home offers means that more and more entrepreneurs are choosing this as the best location to agilely launch their business. *Starting a Business from Home* gives you the valuable advice you need on how to run a successful business from your own desk and, crucially, how to rise to the challenge of business expansion. Packed with practical advice, *Starting a Business From Home* covers how to research your market, business ownership and titles issues, raising money and managing your finances, building and operating a website, writing a business plan, preparing your accounts, taking your product to market and expanding overseas - all from your home. Exercises, end of chapter actions and technical resources in the appendices mean that this is the ultimate practical guide for home-based entrepreneurs. Case studies from around the world showcase best practice and provide inspirational stories from successful businesses that began in the home.

This business book is different. Unlike every other book you'll read with titles like "How To Craft The Perfect Business Plan in 89 Incredibly Simple Steps", this book is different. It's a simple "How To" guide for creating a Business Plan that's right for you and your business and also an easy to follow workbook. The workbook will guide you through the process you need to follow. It tells you the questions that you need to consider, the numbers you need (and how to get them), and supporting documents you need to gather. The main purpose of a business plan is to aid YOU in running YOUR business. So the workbook has been designed for you to write the information in and refer back to as needed. If you need to supply your Business Plan to another party, such as a bank if you're looking for finance, then it's simple to type up the various sections for a professional document. Running your own business is both a challenging and daunting prospect. With a well-thought-out business plan in place (anticipating the challenges you'll face AND the solutions) it will be much less daunting and much more exciting. Good luck! Molly

**“I’ve set up my corporation. Now what do I do?” All too often business owners and real estate investors are asking this question. They have formed their protective entity – be it a corporation, LLC or LP – and don’t know what to do next. “Run Your Own Corporation” provides the solution to this very common dilemma. Breaking down the requirements chronologically (ie the first day, first quarter, first year) the book sets forth all the tax and corporate and legal matters new business owners must comply with. Written by Rich Dad’s Advisor Garrett Sutton, Esq., who also authored the companion edition “Start Your Own Corporation”, the book clearly identifies what must be done to properly maintain and operate your corporation entity. From the first day, when employer identification numbers must be obtained in order to open up a bank account, to the fifth year when trademark renewals must be filed, and all the requirements in between, “Run Your Own Corporation” is a unique resource that all business owners and investors must have. Rich Dad/Poor Dad author Robert Kiyosaki states, “Run Your Own Corporation is the missing link for most entrepreneurs. They’ve set up their entity, but don’t know the next steps. Garrett Sutton’s book provides valuable information needed at the crucial start up phase of operations. It is highly recommended reading.” When “Start Your Own Corporation” is combined with “Run Your Own Corporation” readers have a two book set that offers the complete corporate picture.**

**A how-to guide for preparing your personal life for entrepreneurship—from a successful couple who has been there. Most people have two lives: the one that they are living and the one that they want to live. Today, there is more opportunity than ever for anyone to create their ideal life through entrepreneurship. After overcoming the obstacles of building three businesses with one spouse still in a 9-5 job and working together as a married couple while raising two young kids, Tom and Ariana Sylvester have cracked the code and developed a framework on how to successfully do business and life—together. In Lifestyle Builders, Tom and Ariana guide current and aspiring entrepreneurs through the major aspects of making it happen with a simple step-by-step process, including getting clear on what the ideal life looks like, mapping out personal and business financials, and teaching readers how to organize and run their business to support their ideal lifestyle. Lifestyle Builders shows those seeking the entrepreneurial lifestyle how to unlock the secrets to making the ideal life a reality, even those who are busy and seriously lacking time and money. ***Judging by all the hoopla surrounding business plans, you'd think the only things standing between would-be entrepreneurs and spectacular success are glossy five-color charts, bundles of meticulous-looking spreadsheets, and decades of month-by-month financial projections. Yet nothing could be further from the truth. In fact, often the more elaborately crafted a business plan, the more likely the venture is to flop. Why? Most plans waste too much ink on numbers and devote too little to information that really matters to investors. The result? Investors discount them. In How to Write a Great Business Plan, William A. Sahlman shows how to avoid this all-too-common mistake by ensuring that your plan assesses the factors critical to every new venture: The people—the individuals launching and leading the venture and outside parties providing key services or important resources The opportunity—what the business will sell and to whom, and whether the venture can grow and how fast The context—the regulatory environment, interest rates, demographic trends, and other forces shaping the venture's fate Risk and reward—what can go wrong and right, and how the entrepreneurial team will respond Timely in this age of innovation, How to Write a Great Business Plan helps you give your new venture the best possible chances for success.***

***The 1-Page Marketing Plan, serial entrepreneur and rebellious marketer Allan Dib reveals a marketing implementation breakthrough that makes creating a marketing plan simple and fast. It's literally a single page, divided up into nine squares. With it, you'll be able to map out your own sophisticated marketing plan and go from zero to marketing hero. Whether you're just starting out or are an experienced entrepreneur, The 1-Page Marketing Plan is the easiest and fastest way to create a marketing plan that will propel your business growth. In this groundbreaking new book you'll discover: - How to get new customers, clients or patients and how to make more profit from existing ones. - Why "big business" style marketing could kill your business and strategies that actually work for small and medium-sized businesses. - How to close sales without being pushy, needy, or obnoxious while turning the tables and having prospects begging you to take their money. - A simple step-by-step process for creating your own personalized marketing plan that is literally one page. Simply follow along and fill in each of the nine squares that make up your own 1-Page Marketing Plan. - How to annihilate competitors and make yourself the only logical choice. - How to get amazing results on a small budget using the secrets of direct response marketing. - How to charge high prices for your products and services and have customers actually thank you for it.***

Do you want to create a better marketing plan for your business which will ultimately result in better marketing and more customers for your business? If you do, then this book is for you. This book is written with entrepreneurs and small business owners in mind. If you are an entrepreneur or a small business owner, creating a marketing plan is very important because the better prepared you are, the better your marketing campaigns will do. In this book you get a marketing plan template and two examples of marketing plans. You also get practical advice on how to plan and fill out every section of a marketing plan document. Go ahead and get this book, and let's help you create better marketing plans which will improve your company's overall marketing success. For what kind of businesses can you create a marketing plan using this book? With the strategies in this marketing book, you can create a business plan for a restaurant or diner, coffee shop, barbershop, nightclub, local event, business selling t-shirts, most kinds of stores ranging from boutiques to grocery stores to jewelry shops, animal care or grooming, lawn care or landscaping businesses, moving businesses, gym, frozen yogurt or ice cream shop, a deli, liquor store or a sandwich shop, a beauty salon or a hair salon, a spa, a daycare business, a hardware store, commercial cleaning or residential cleaning, car wash, general contractor business, dog walking or pet sitting, martial arts studio, or a dance studio. Here is a list of potential online businesses for which you can create a marketing plan using this marketing plan book: blogging, affiliate marketing, e-learning, create a channel on YouTube, become an author and sell books on Amazon and the Kindle, or become a freelancer or a local concierge. Also recently added in the last update of this book is a marketing plan sample since many people commented that they wanted a marketing plan example. Although for my taste as an entrepreneur, I rather give you lots of practical planning strategies and theory that you can use in the real world instead of having a marketing plan template or workbook to write your marketing plan from. After all, a marketing plan is just a document. But to make your business a success, you will have to do it in the real world. So when you try to figure out how to create a business plan, don't just focus on the marketing plan document. Instead, focus on a plan for the real world with actionable and effective strategies.
