From New York Times & USA Today Bestseller, Vi Keeland, comes a steamy new romance novel. The rules: No dating. No sex outside of the game. No disclosing the terms of the contract. Rules were made to be broken, right? Eight weeks ago I signed a contract. One that seemed like a good idea at the time. A handsome bachelor, luxury accommodations, and a chance to win big. I thought I was in for the best of both worlds. I was wrong. Turns out, the rules were not intended for readers under the age of 18.

He is perhaps the best-known justice on the Supreme Court today and certainly the most controversial. Yet most Americans have probably not read even one of his several hundred Supreme Court opinions. Ring, former counsel to the U.S. Senate's Constitution Subcommittee, lets Justice Scalia speak for himself. This volume—the first of its kind— showcases the quotable justice's take on many of today's most contentious constitutional debates. Scalia Dissentscontains over a dozen of the justice's most compelling and controversial opinions. Ring also provides helpful background on the opinions and philosophy. *Scalia Dissents* is the perfect book for readers who love scintillating prose and penetrating insight on the most important constitutional issues of our time.

When I wrote TRUTH OF THE STOCK TAPE in 1923, it was because there was a demand for a book of that kind. People needed the help that I could give them and the benefit of my experience and knowledge. In that book I gave the best I had and received my reward. People appreciated my efforts. They bought the book then and they are still worth the money. That is very gratifying to me. After the 1929 bull market culminated there was a demand for a new book to meet changed conditions under the so-called 'New Era,' so I wrote WALL STREET STOCK SELECTOR in the spring of 1930. I gave freely of my knowledge and the benefit of years of experience. This book helped other investors who read the book pronounced it one of the best. It is still selling, and again I have been rewarded. No man can learn all there is to know about forecasting the trend of stocks in 3, 5, 10, or 20 years, but if he is a deep student and hard worker, he learns more and knowledge comes easier after years of experience. I knew more about detecting the trend of stocks after more years of experience gave me more knowledge and enabled me to write the WALL STREET STOCK SELECTOR in 1930 and give my readers the benefit of my increased knowledge. Now, after five more years have elapsed, my experience and practical test of new rules have enabled me to learn more of value since 1930. The 1929-1932 panic and the 1932-1935 bull market have given me more experience and I have gained more knowledge about detecting the right stocks to buy and sell. I cannot lose if I pass this knowledge on to those who will appreciate it.
