Suitable for a specialist in Quranic studies, this book shows how much Muslim scholars have devoted to the study of the Qur'an and how varied and diverse were the fields in which those studies were made. If you are afraid of death, this book will make you happy. And yes when you die you will see the family that you lost and they will come and ask you about the living. This important book covers an area about which most people have very little knowledge but which is at the same time, of vital

interest to all human beings. It outlines what happens to the human soul from the moment of death until the arrival of the Day of Judgement. It describes the death process itself, the exact relationship of the soul to the body, the states of the soul after it leaves this world, and the nature of the ongoing relationship between the dead and those who are still alive.

the first time that the objectives of shari'a were addressed, as they are in this book. The book is an authority in understanding the objectives of the shari'a. The difficulty that some may find in comprehending some of its parts may be attributed to the fact that it was the first time that the codification of the maqasid or objectives of the shari'a was undertaken. It was first published in 1884 in Tunis, and since then it has been a source of inspiration, moderation and renewal in fiqh. The book, however, deals with much more than the maqasid, and substantial research is needed to

unravel its full contribution. The book is divided into five parts: the fundamental concepts of the discipline; the ahkam (rules) and what is related to them; the legal purposes of the shari'a and the ahkam related to them; the comprehensive treatment of the adilla (evidences); and the rules of ijtihad and taqlid." Volume I dealt with the first two parts, and this volume covers the third part, dealing with the purposes of shari'a.

jungle, playing soccer on rice paddies, and swimming in the blue waters of Lake Maninjau. His mother wants him to attend an Islamic boarding school, a pesantren, while he dreams of public high school. Halfheartedly, he follows his mother's wishes. He finds himself on a grueling three-day bus ride from Sumatra to Madani Pesantren (MP) in a remote village on Java. On his first day at MP, Alif is captivated by the powerful phrase *man jadda wajada*. He who gives his all will surely succeed. United by punishment, he quickly becomes friends with five boys from across the archipelago, and together they become known as the Fellowship of the Manara. Beneath the mosque's minaret, the boys gaze at the clouds on the horizon, seeing in them their individual dreams of far-away lands, like America and Europe. Where would these dreams

The Land of Five Towers is the first book in a trilogy written by A. Fuadi—a former TEMPO & VOA reporter, photography buff, and a social entrepreneur. He went to George Washington University and Royal Holloway, University of London for his masters. Meetings are not always effective. No clear agenda, no participation from the audience, and no decision after hours of meeting - these are just few things contributing to an ineffective meeting. Imagine you are the leader of the meeting - would you let this happen?

Leading a meeting is about progressing towards a decision making, to come to a conclusion of what to do next. Aside from a clear agenda of why a meeting is needed, those in the room have their role to play. As participants, their ideas and thoughts do matters to the objective of the meeting. Leading a meeting is about facilitating the thinking process and communication among all participants, including yourself. If you agree with this statement, then this book is for you!
