The scriptural analogy of trees serves as a vehicle to communicate how one may break generational curses and overcome sinful habits. Through the work of God in Christ, one can plant a good tree and cut the roots to the evil tree. Through the nurturing of the good tree, one can become victorious over the effects of the evil tree.

From the New York Times bestselling author of the Legion of the Damned® novels and the Mutant Files series comes the second novel in a postapocalyptic military science fiction series about America struggling to overcome a natural disaster but starting a second civil war... As people fight to survive the aftereffects of more than a dozen meteor strikes, a group of wealthy individuals conspires to rebuild the United States as a corporate entity called the New Confederacy, where the bottom line is law. As a second civil war rages, with families fighting against families on opposite sides, Union president Samuel T. Sloan battles to keep the country whole. To help in the fight for unity, Union Army captain Robin "Mac" Macintyre and her crew of Stryker vehicles are sent after the ruthless "warlord of warlords," an ex-Green Beret who rules a large swath of the West. But defeating him will be even more difficult than she thought. The warlord is receiving military assistance from Mac's sister—and rival—Confederate major Victoria Macintyre. And when the siblings come together in the war-torn streets of New Orleans, only one of them will walk away.

RICK WARD WANTS TO GO TO WAR. And he's not sure why. Maybe he's running from his dad and his crazy temper. Maybe he's running from his girl, who seems to think he's more of a joke than a man. Or maybe he's just running -- to find himself. But after Rick ventures into the Vietnam jungle, he discovers that no one -- not protestors, politicians, or writers -- has got a clue. War is far bigger, scarier, and more complicated than anything he ever could have imagined.

An exciting and important study of genocide.

This book is a must read for all God-believing, Bible-believing, pastors who are retiring or leaving their position for any reason. It is also a must-read book by all readers who are searching for a Christian church led by a God-fearing Bible-believing pastor. In addition, the book will educate

families so that they can have ideas of what to do when the family is voodooed. The book tells all the tricks and techniques that are used by pastors that are pretenders and are devil worshippers, not godly pastors. Yes, I mean some pastors are not really pastors, and they do not believe in our Mighty Father God! Their goal is to destroy the churches, so they move from church to church to accomplish their evil mission. This book will prepare you with many tricks that are played to God's children. After reading this book, you will thank God, and you will become strong in faith. You will realize God is the only way and is stronger than any devil. However, as Christians, we must be prepared. You do not want to be caught off guard! This is what makes the devil happy because many people (Christians) never expected such tricks and had never seen neither expected such tricks, just because they believe the devil cannot tempt them because they are born again! I have given many true examples to help you understand how the enemy works. This can be very difficult for Christians who have lived a clean life all their life until they are tested. This book will help to make your faith stronger and be able to fight the evil one if you meet a voodoo pastor at a church or other voodoo people outside the church. This book will also help non-Christians to understand the way of our mighty God is the best way and no other way. God's grace and peace to all who will be reading this book! The devil does not want you to read this book, but I wish you all the best, and let us be strong with God so that when in this world we are tested like Job, our Mighty Father can give us wisdom and strength in faith to fight the devil! I have had some people or some pastors say, the devil cannot attack born-again Christians. This is not true. Satan has no boundaries on the earth; he is in all countries of this world. His goal is to attack and corrupt Christians who are not strong in their faith. In summary, I pray that this book will help make your faith in God (Father, Son, and Holy Spirit) stronger!

The 1st Squadron, 1st Cavalry Regiment, of the 1st Armored Division, deployed to Vietnam from Fort Hood, Texas, in August 1967. Search and Destroy covers the 1/1's harrowing first year and a half of combat in the war's toughest area of operations: I Corps. The book takes readers into the savage action at infamous places like Tam Ky, the Que Son Valley, the Pineapple Forest, Hill 34, and Cigar Island, chronicling General Westmoreland's search-and-destroy war of attrition against the Viet Cong and North Vietnamese Army. Exploring the gray areas of guerrilla war, military historian Keith Nolan details moments of great compassion toward the Vietnamese, but also eruptions of My Lai-like violence, the grimmer aspects of the 1/1's successes. Search and Destroy is a rare account of an exemplary fighting force in action, a dramatic close-up look at the Vietnam War.

Nothing to Lose is the first in a trilogy. Dan Munro has discovered a methodology for living that generates deep, genuine self-confidence over time, without requiring approval from anyone else. Nothing to Lose explores the first pillar of confidence: Curiosity.

Spectator Play dates, soccer practice, day care, political correctness, drudgery without facts, television, video games, constant supervision, endless distractions: these and other insidious trends in child rearing and education are now the hallmarks of childhood. As author Anthony Esolen demonstrates in this elegantly written, often wickedly funny book, almost everything we are doing to children now constricts their imaginations. *Ten Ways to Destroy the Imagination of Your Child* takes square aim at these accelerating trends. This practical, insightful book is essential reading for any parent who cares about the paltry thing that childhood has become, and who wants to give a child something beyond the dull drone of today's culture.

extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing books. She encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and to share her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In exquisitely crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." —*The New York Times* "Deserve to be on the same shelf with *The Diary of a Young Girl* by Anne Frank." —*USA Today* DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

There were eighty of them. They were young, clever and cultivated; they were barely in their thirties when Adolf Hitler came to power. Their university studies in law, economics, linguistics, philosophy and history marked them out for brilliant careers. They chose to join the repressive bodies of the Third Reich, especially the Security Service (SD) and the Nazi Party's elite paramilitary, the SS. They theorized and planned the extermination of twenty million individuals of allegedly 'inferior' races. Most of them became members of the paramilitary death squads known as Einsatzgruppen and participated in the slaughter of over a million people. Based on extensive archival research, Christian Ingrao tells the gripping story of these children of the Great War, and on the networks of fellow activists, academics and friends in which they moved, studying the way in which they envisioned

the 'world of enemies' which, in their view, threatened them. The mechanisms of their political commitment are revealed in roles in Nazism and mass murder. Thanks to this pioneering study, we can now understand how these men came to do what they did, and how these beliefs became so destructive. The history of Nazism, shows Ingrao, is also a history of belief. A powerful military machine was interwoven with personal experiences, fervour, anguish, utopia and cruelty.

A provocative, comprehensive analysis of Vladimir Putin and Russia's master plan to destroy democracy in the age of Trump. In the greatest intelligence operation in the history of the world, Donald Trump was made President of the U.S. with the assistance of a foreign power. For the first time, *The Plot to Destroy Democracy* reveals the dramatic story of how blackmail, espionage, assassination, and psychological warfare were used by Vladimir Putin and his spy agencies to sway the U.S. election -- and attempted to bring about the fall of NATO, the European Union, and western democracy. It will show how Russia and its fifth column allies tried to flip the cornerstones of democracy in order to re-engineer the world political system. *The Plot to Destroy Democracy* has kept most of the world free since 1945. Career U.S. Intelligence officer Malcolm Nance will examine how Russia has used cyber warfare, political propaganda, and manipulation of our perception of reality -- and will do so again -- to weaponize American news, traditional media, social media, and the workings of the internet to attack and break apart democracy from within, and what we can expect to come should we fail to stop their next attack. Nance has utilized top secret, declassified, sourced political and hybrid warfare strategy documents to demonstrate the master plan to undermine American institutions that has been in effect from the Cold War to the present day. Based on original research and countless interviews with intelligence experts, Nance examines how Putin's recent hacking accomplished a crucial first step for destabilizing the West for the first time -- why Putin is just the man to do it. Nance exposes how Russia has supported the campaigns of right-wing extremists in both the U.S. and Europe to leverage an axis of autocracy, and how Putin's agencies have worked since 2010 to bring the Republican candidate Donald Trump into elections. Revelatory, insightful, and shocking, *The Plot To Destroy Democracy* puts a previously hidden spy lens on Putin's plot and unravels it play-by-play. In the end, he provides a better understanding of why Putin's election is a serious threat to our national security and global alliances -- in much more than one election -- and a blistering indictment of Putin's puppet, President Donald J. Trump.

How can we comprehend the sociopolitical processes that give rise to extreme violence, ethnic cleansing, or genocide? A breakthrough in comparative analysis, *Purify and Destroy* demonstrates that it is indeed possible to compare the Holocaust, the Rwandan genocide, and ethnic cleansing in Bosnia-Herzegovina while respecting the specificities of each appalling phenomenon. Jacques Semelin achieves this, in part, by leading his readers through the three examples simultaneously, the unravelling of which sometimes converges but most often diverges. Semelin's method is multidisciplinary, relying not only on contemporary history but also on social psychology and political science. Based on the seminal distinction between massacre and genocide, Pu

Destroy identifies the main steps of a general process of destruction, both rational and irrational, born of what Semmelweis called "delusional rationality." He describes a dynamic structural model with, at its core, the matrix of a social imaginary that, responding to fears, resentments, and utopias, carves and recarves the social body by eliminating "the enemy." Semmelweis outlines the main stages that can lead to a genocidal process and explains how ordinary people can become perpetrators. He provides an intellectual framework to analyze the entire spectrum of mass violence, including terrorism, in the twentieth century. Strongly critical of today's political instrumentalization of the "genocide" notion, Semmelweis urges genocide research to move from legal and normative definitions and come of age as a discipline in its own right in the social sciences.

Lies about marriage are rampant in our culture and the church. They're killing marriages. But the corresponding truths can strengthen marriages and even save the most troubled relationships. In this book, marriage experts Greg Smalley and Robert Paul identify the lies, explain how they work to destroy marriages, and reveal the truths that not only can improve marriages but rescue those that are floundering. Hope Restored, the renowned crisis marriage program created for Focus on the Family, is the basis for the discovery and understanding of these specific lies and their impact. Dr. Greg Smalley, a general marriage expert, and Robert Paul, the therapeutic director of a program that resuscitates nearly dead marriages, bring an unusual but powerful combination of perspectives that restore hope and healing in any marriage. 9 Lies That Will Destroy Your Marriage includes several self-tests to help you assess the extent to which your own marriage has been affected by each of the nine lies.

A NEW YORK TIMES BESTSELLER! A growing number of Americans want to tear down what it's taken us 250 years to build—and they'll start by canceling our shared history, ideals, and culture. Traditional areas of civic agreement are vanishing. We can't agree on what makes America special. We can't even agree that America is special. We're coming to the

point that we can't even agree what the word America itself means. "Disintegrationists" say we're stronger together, but their assault on America's history, philosophy, and culture will only tear us apart. Who are the disintegrationists? From Howard Zinn's A People's History of the United States to the New York Times' 1619 project, many modern analyses view American history through the lens of competing oppressions, a racist and corrupt experiment from the very beginning. They see American philosophy as a lie - beautiful words pasted over a thoroughly rotted system. They see America's culture of rights as a façade that merely reinforces traditional hierarchies of power, instead of being the only culture that guarantees freedom for individuals. Disintegrationist attacks on the values that built our nation are insidious because they replace each foundational belief, from the rights to free speech and self-defense to the importance of marriage and faith communities, with nothing more than an increased reliance on the government. This twisted disintegrationist vision replaces the traditional "unionist" understanding that all Americans are united in a shared striving toward the perfection of universal ideals. How to Destroy America in Three Easy Steps shows that to be a cohesive nation we have to uphold foundational truths about ourselves, our history, and reality itself-to be unionists instead of disintegrationists. Shapiro offers a vital warning that if we don't recover these shared truths, our future-our union-as a great country is threatened with destruction.

Do you perhaps believe that we here on planet earth are alone in this universe or believe that we came from some evolution? Or do you subscribe to the ever popular "big bang theory"? Please! Be assured by all of the evidence that smacks us in the face every minute of every day proves there is a supreme and all wise and all knowing creator and a spirit realm that is far superior and more powerful than we humans and He has placed us all in the middle of a spiritual battle against these beings, something that defies human limits of imagination. This battle is for the prize of eternity that begins right after our last breath called death. How and when this death occurs is not nearly as important as what comes after. Our creator tells us that He has given human life a limited physical life span yet eternal in the spirit realm and that after our physical death, we then face

His judgment for all of our actions (read Hebrews 9:27 and Revelations 20:13). Depending on the basis of our relationship to Him determines where we will spend the rest of eternity. The question for you is, where do I want to fit in? We are here and in this battlefield whether we believe it, like it, agree or disagree with it or not. The critical subjects of God, satan, angels, demons and our part in all of this are covered in this important book. It is critical to your eternal future for you to gain this knowledge and even God Himself said "My people are destroyed for a lack of knowledge" (Hosea 4:6). Destroyed by whom or what? The answers are in the pages of this book!

A crucial, genre-bending tale, equal parts Ned Vizzini and Patrick Ness, about the life-saving power of friendship. Solomon and Ash both experienced a traumatic event when they were twelve. Ash lost all memory of that event when she fell from Solomon's treehouse. Since then, Solomon has retreated further and further into a world he seems to have created in his own mind. One that insulates him from reality, but crawls with foes and monsters . . . in both animal and human form. As Solomon slips further into the place he calls Darkside, Ash realizes her only chance to free her best friend from his pain is to recall exactly what happened that day in his backyard and face the truth—together. Fearless and profound, Sam J. Miller's follow up to his award-winning debut novel, *The Art of Starving*, spins an intimate and impactful tale that will linger with readers. INCLUDES FREE "POWER PYRAMID SYSTEM" VIDEO AND 2 EXPANSION GUIDES! Every person I talk to has one thing in common... And it isn't something they like to admit. Every one of them wants things better... They

feel lost in a desert. Almost like they were born at the wrong time in history. And when they go to build their dreams, accomplish their ambitions and live at their highest expressions, they violently swing between moments of power and moments of fear, uncertainty and diminishing confidence. In other words - they hit their own limiting beliefs. They want to make money doing something meaningful with their lives... but they keep showing up at a job or have a business that leeches their life and energy. They want better intimacy... but they don't know the skillsets and mindsets to keep the fire alive with their lover. They want to be a great parent... but when they spend time with their kids, they are only half engaged. They want to feel strong, alive and vibrant... but they feel so overwhelmed and busy with all the other areas of life, they continually let their health slip. They want to follow their passion... but they don't have a freaking clue what they are even passionate about. They don't even know why they are here. At the end of it all, everyone knows inside that they are called to greatness... To live an epic life...To have no regrets...To leave a legacy to be proud of. But even with everyone having this fire of greatness within... Most aren't even close to where they imagined or dreamed they would be in life... Why? Because schools and our parents didn't know how to show us the mindsets and skillsets to destroy the limiting beliefs and internal self sabotage patterns. Patterns that all of us face when we decide to live anything more than an average life.You can have your dream...but if your internal beliefs don't believe it's possible. It isn't. Lots of people still debate what success means. How about this.Success is when someone is willing to not just dream about becoming great...but take responsibility for making it happen. Success is doing the INNER work that is necessary to move past the hidden "blocks" that keep you from creating your dreams. So the question is simply this. Are you ready to seize your greatness and not let go? Are you are ready for the mindsets and skillets that allow you to destroy ANY limiting belief that is holding you back from your greatness? If so...THE UNLIMITED SELF is for you.

You Can Destroy What Steals Your Strength Just like Superman, who can leap over any hurdle and defeat every foe, followers of Christ have the supernatural ability to conquer the challenges we face. But the problem for both Superman and us is there's a kryptonite that steals our strength. Of course, both Superman and kryptonite are fictional. But spiritual kryptonite is not. This book offers answers to why so many of us are unable to experience the divine strength that was evident among first-century Christians. In Killing Kryptonite, John Bevere reveals what this kryptonite is, why it's compromising our communities, and how to break free from its bondage. Not for the faint of heart, Killing Kryptonite is anything but a spiritual sugar high. This is serious truth for any Christ-follower who longs to embrace the challenging but rewarding path of transformation. Includes discussion questions for group study

This is a dynamic sermon, like teaching, on loving yourself before you destroy yourself and miss your blessings. Love is the greatest gift you can give to yourself. Loving yourself is also the greatest gift that you can give to others. When you love yourself, you are more relaxed and content with yourself as well as other people. Loving God and his Son, Jesus, is the first and greatest gift of all. Loving ourselves helps us to fulfill

the second commandment to extend such love to others and to the world. This book presents to you many of the tools you need in order to apply yourself with the love that you deserve. If you do not know how to receive the love, you need to overcome feelings of unworthiness that were fed into you in the past. This book can help you. It shares with you how to receive the benefits of living the abundant life that you were intended to live. For a long time, I experienced significant damage from not loving myself. This can destroy a person mentally, emotionally, and socially and keep him or her from obtaining the abundant, happy life that God intended for all of his children to have. I hope that by applying the tools that this book offers, you will understand and follow the way that has helped me. Love Yourself Before You Destroy Yourself and Miss Your Blessings will teach you how to walk in love, faith, and confidence, knowing that you are made in the image of God. Jezebel died 3,000 years ago. But her spirit lives today. Jezebel was the most wicked woman in the Bible, a powerful seductress who killed the prophets, led Israel into idolatry and immorality, and emasculated men. She was seductive and determined to snuff out the voices coming against her, because these voices were calling out for repentance. In twenty-first-century America, Jezebel is not a person. But it ' s as if the spirit of Jezebel is alive again today. The influence of the same demonic force is being felt in the massive increase of pornography and sexual temptation, the militant spirit of abortion, the rise of radical feminism, and most importantly, in the attempt to silence prophetic voices. Just as Jezebel clashed with strong men almost three thousand years ago, the demonic spirit of Jezebel is powerful in America, and it is going after the church. This eye-opening book not only unveils the satanic plot to destroy America, beginning with an all-out assault on the church, but it will equip every believer with tools to defeat the enemy in their own personal lives as well as in the nation. This book will show you how the spirit of Jezebel is active in America today and teach you how to protect the church. OTHER BOOKS BY MICHAEL L. ' MEIN KAMPF ' is the autobiography of Adolf Hitler gives detailed insight into the mission and vision of Adolf Hitler that shook the world. This book is the merger of two volumes. The first volume of MEIN KAMPF ' was written while the author was imprisoned in

a Bavarian fortress. The book deals with events which brought the author into this blight. It was the hour of Germany ' s deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The books narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the emprint of its own time. Moreover, Hitler has declared that his acts and ' public statements ' constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler ' s ideal, the Volkischer Staat, as the People ' s State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

I believe we are living in the latter part of the period the Bible describes as The Last Days. When we refer to the Last Days, we are refer-ring to such important doctrines as The Rapture of the Church, The Great Tribulation, and The Coming Kingdom. Despite all the interest in these subjects, there has never been so much confusion and deception in this area. When a pastor or Bible teacher says he/she believes in the Second Coming, you don't really know what they really believe. Mormon prophet Joseph Smith declared that at His Second Coming, Jesus Christ would return to Independence, Missouri, despite the clear statement in the Bible that He will come back to the Mount of Olives outside Jerusalem. Mormons also have a prophecy about the man on white horse in Revelation 6. You can look it up on Google. Charles T. Russell, founder of the watchtower cult, prophesied that Christ would return visibly in 1874. When Christ did not show up in 1874, Russell changed his calculations. For many more years he prophesied Christ's return in the year 1914. But 1914 came and went, and again Jesus Christ failed to show up. Russell was not disheartened. He rede-fined the second coming of Christ to mean that Jesus Christ had returned as an invisible spirit, a ghost, in 1914 to help set up his organization. Muslims believe Jesus will return to the earth in the last days near a mosque in Damascus. He will arrive at a time when the Mahdi and his army will be preparing to pray. He will be offered to lead the prayer by the Mahdi but will decline in direct deference to the Mahdi whom Jesus declares to be the leader of the Muslims. Muslims believe Jesus will be a faithful Muslim. He will make a pilgrimage to Mecca. He will visit Muhammad's grave and salute Muhammad, whereby Muhammad will return the salute from the grave. Muslims believe Jesus will destroy Christianity. They believe Jesus will establish Shariah Law throughout the earth. They also believe Jesus will remain on the earth for roughly forty years, during which time He will marry, have children, and then die. One popular teaching is that Jesus returned in A.D. 70 when the Romans destroyed Jerusalem. Those holding this view believe that Daniel and the Revelation were fulfilled in the past and have no message for the future. There is much confusion over the Rapture and the Great Tribulation. Some pastors preach that Jesus will come for His church before the Tribulation. Others preach that Jesus will come for His church in the middle of the Tribulation. Others say He will come after the Tribulation. Many deny the Rapture altogether. Many are confused over the Millennium. The word Millennium refers to the 1,000-year reign of Christ on earth mentioned in The Revelation 20:1-6. This is what the early church believed for the first 250 years of church history. Today, some believe that the Kingdom of God is simply the rule of God in the hearts of believers. Others believe the Kingdom is the Church. It is amazing to discover how many pastors these days avoid preaching from Daniel and from the Revelation completely. In our opinion, the book of Daniel is the "key" to the entire Old Testament revelation. You must understand Daniel in order to understand God's plan for the nations of the world and especially God's plan for the nation of Israel. This book was written to help our readers sort through all the confusion and false doctrines that abound and come up with an accurate, Bible-based

understanding on these important subjects.

A “mesmerizing” novel of a love triangle and a mysterious disappearance in South Korea (Booklist). In the fast-paced, high-urban landscape of Seoul, C and K are brothers who have fallen in love with the same beguiling drifter, Se-yeon, who gives herself freely to both of them. Then, just as they are trying desperately to forge a connection in an alienated world, Se-yeon suddenly disappears. All the while, a spectral, calculating narrator haunts the edges of their lives, working to help the lost and hurting find escape through suicide. When Se-yeon reemerges, it is as the narrator’s new client.

Recalling the emotional tension of Milan Kundera and the existential anguish of Bret Easton Ellis, *I Have the Right to Destroy Myself* is a dreamlike “literary exploration of truth, death, desire and identity” (Publishers Weekly). Cinematic in its urgency, the novel offers “an atmosphere of menacing ennui [set] to a soundtrack of Leonard Cohen tunes” (Newark Star-Ledger). “Kim’s novel is art built upon art. His style is reminiscent of Kafka’s and also relies on images of paintings (Jacques-Louis David’s ‘The Death of Marat,’ Gustav Klimt’s ‘Judith’) and film (Jim Jarmusch’s ‘Stranger Than Paradise’). The philosophy—life is worthless and small—reminds us of Camus and Sartre, risky territory for a young writer. . . . But Kim has the advantage of the urban South Korean landscape. Fast cars, sex with lollipops and weather fronts from Siberia lend a unique flavor to good old-fashioned nihilism. Think of it as Korean noir.” —Los Angeles Times “Like Georges Simenon, [Kim’s] keen engagement with human perversity yields an abundance of thrills as well as chills (and, for good measure, a couple of memorable laughs). This is a real find.” —Han Ong, author of *Fixer Chao*

This book will show an understanding of the Bible, some "doom and gloom" but not entirely, a must read. Feed on His Word, to be victorious in the battle. All soldiers go to Boot camp. The word "revelation" in Greek means "unveiling" of hidden things only revealed by God. Revelation is our armour, power for the time of judgment. We must put on the whole armour of God to defeat Satan. Without armour we will be destroyed. The Word is our sword. "My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children." (Ho. 4: 6) In the beginning of Revelation, His Word states, "Blessed is he that readeth and they that hear the words of this prophecy, and keep those things which are written therein: for the time is at hand." (Rev. 1: 3) Revelation is the book in the Bible that contains a special promise to obedient readers and at the same time pronounces a curse upon those who tamper with its contents. Obedience will bring us reward, and disobedience the wrath of God in the last days. Jesus said, "If you love me, pick up your cross and follow me daily." To learn the truth of his will we must come with a humble and teachable heart. In doing so, we will obtain the wisdom and knowledge of his Word. The mystery of Jesus Christ and his coming, is to all those who read it. The final Victory of the Son of God is in his Love. Then we will rejoice forever in the glory of his presence and in the abundance of his reward. A-men. A-men.

An updated examination of what's weakening the U.S. economy, and how to fix it The Committee to Destroy the World: Inside the Plot to Unleash a Super Crash on the Global Economy is a passionate and informed analysis of the struggling global economy. In this masterfully conceived and executed work, Michael Lewitt, one of Wall Street's most respected market strategists and money managers, updates his groundbreaking examination of the causes of the 2008 crisis and argues that economic and geopolitical conditions are even more unstable today. His analysis arrives in time for the impending economic and geopolitical debates of the 2016 election season. Lewitt explains in detail how debt has now overrun the world's capacity, how federal policies of the past few decades have created a downward vortex sapping growth and vitality from the American economy, and how greed and corruption are preventing reform. The financial crisis created tens of trillions of debt, leaving investors to pay a huge price for these policy failures: The highest asset inflation we've seen in our lifetimes, although the government claims there isn't enough inflation More than \$2 trillion of stock buybacks funded with low cost debt that are artificially inflating stock prices The Federal Reserve and other global central banks becoming the largest buyers of government debt in order to suppress interest rates An M&A boom resulting from companies needing to find growth outside of their core businesses While the financial media misses the story, Lewitt pulls no punches explaining how all of these trends are leading to the brink of another crisis. Lewitt lays out a survival plan for the average investor to protect their assets when the debt bubble bursts. The first edition of this book expressed hope that policymakers would not let the financial crisis go to waste. This book urges investors to learn from the crushed hope and take action before the next crisis.

An account of the Waffen-SS unit led by Heinrich Himmler and made up of convicted criminals. "An important look at the singularity of Nazi barbarism." -L'humanite The Dirlewanger Brigade was an

anti-partisan unit of the Nazi army, reporting directly to Heinrich Himmler. The first members of the brigade were mostly poachers who were released from prisons and concentration camps and who were believed to have the skills necessary for hunting down and capturing partisan fighters in their camps in the forests of the Eastern Front. Their numbers were soon increased by others who were eager for a way out of imprisonment—including men who had been convicted of burglary, assault, murder, and rape. Under the leadership of Oskar Dirlewanger, a convicted rapist and alcoholic, they could do as they pleased: there were no repercussions for even their worst behavior. This was the group used for its special “talents” to help put down the Jewish uprising of the Warsaw Ghetto, killing an estimated 35,000 men, women, and children in a single day. Even by Nazi standards, the brigade was considered unduly violent and an investigation of its activities was opened. The Nazi hierarchy was eager to distance itself from the behavior of the brigade and eventually exiled many of the members to Belarus. Based on the archives from Germany, Poland, and Russia, The SS Dirlewanger Brigade offers an unprecedented look at one of the darkest chapters of World War II. “A terrifying and passionate book that is infinitely disturbing.” –Thomas Wieder, Le Monde des Livres “Invites an original and stimulating take on the violence perpetrated by the Nazis.” –Liberation
