"Dr. Spock? Check. Penelope Ann Leach (remember her?)? Check. What to Expect When You're Expecting? Check. I had a seven hundred dollar Bellini crib for God's sake! I was perfect. And so was Mia when she was born . . ." ...and so begins Kim Stagliano's electrifying and hilarious memoir of her family's journey raising three daughters with autism. In these stories, Stagliano has joined the ranks of David Sedaris and Augusten Burroughs with her amazing ability to lay everything on the table—from family, friends, and enemies to basement floods to birthdays to (possible) heroin addictions—eviscerating and celebrating the absurd. From her love of Howard Stern to her increasing activism in the autism community and exhaustive search for treatments that will help her daughters, she covers it all. Always outspoken, often touching, and sometimes heartbreaking, Kim Stagliano is a powerful new voice in comedic writing—her "Kimoir" (as she calls it) will be a must-read within the autism community and the literary world at large.

Peter and Rebecca Harris: mid-forties denizens of Manhattan's SoHo, nearing the apogee of committed careers in the arts—he a dealer, she an editor. With a spacious loft, a college-age daughter in Boston, and lively friends, they are admirable, enviable contemporary urbanites with every reason, it seems, to be happy. Then Rebecca's much younger look-alike brother, Ethan (known in the family as Mizzy, "the mistake"), shows up for a visit. A beautiful, beguiling twenty-three-year-old with a history of drug problems, Mizzy is wayward, at loose ends, looking for direction. And in his presence, Peter finds himself questioning his artists, their work, his career—the entire world he has so carefully constructed. Like his legendary, Pulitzer Prize-winning novel, *The Hours*, Michael Cunningham's masterly new novel is a heartbreaking look at the way we live now. Full of shocks and aftershocks, it makes us think and feel deeply about the uses and meaning of beauty and the place of love in our lives.

NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Martin Scorsese and starring Leonardo DiCaprio By day he made thousands of dollars a minute. By night he spent it as fast as he could. From the binge that sank a 170-foot motor yacht and ran up a \$700,000 hotel tab, to the wife and kids waiting at home and the fast-talking, hard-partying young stockbrokers who called him king, here, in Jordan Belfort's own words, is the story of the ill-fated genius they called the Wolf of Wall Street. In the 1990s, Belfort became one of the most infamous kingpins in American finance: a brilliant, conniving stock-chopper who led his merry mob on a wild ride out of Wall Street and into a massive office on Long Island. It's an extraordinary story of greed, power, and excess that no one could invent: the tale of an ordinary guy who went from hustling Italian ices to making hundreds of millions—until it all came crashing down. Praise for The Wolf of Wall Street "Raw and frequently hilarious."—The New York Times "A rollicking tale of [Jordan Belfort's] rise to riches as head of the infamous boiler room Stratton Oakmont . . . proof that there are indeed second acts in American lives."—Forbes "A cross between Tom Wolfe's The Bonfire of the Vanities and Scorsese's GoodFellas . . . Belfort has the Midas touch."—The Sunday Times (London) "Entertaining as pulp fiction, real as a federal indictment . . . a hell of a read."—Kirkus Reviews

When Dr. Sears can't help, the lilaguide can.-San Francisco MagazineA great resource that's long overdue.-SF WeeklyThe definitive owner's manual for families with babies and toddlers.-San Francisco Downtown MagazineLike they say, everything changes when you have a baby. That's why the lilaguide has become the essential item on every new parent's checklist. Most parents wish their baby came with some sort of user-friendly handbook. Luckily, babies come with a lot of excellent word-of-mouth advice from other parents and friends. In fact, we found that nearly every parent out there has a great piece of child-rearing advice, like which baby store is the most helpful, or which restaurant tolerates strained carrots on the floor. Someone, we thought, should write this stuff down. And that's how, please pardon the pun, the lilaguide was born. Our guides are literally written by parents for parents, through thousands of volunteer surveys. It's what happens when someone writes down all the parental wisdom, organizes it, calculates it and presents it in an easy-to-use format. Apparently a lot of other new parents appreciate the inside scoop provided by the lilaguide, because our little green-striped books are quickly becoming a staple item in diaper bags across the country. You'll find us in bookstores, toy stores, gift stores and maternity wards. Not to mention at a whole lot of baby showers. We're rapidly expanding into major metro markets throughout the country, making the lilaguide the only national guide of its kind.
