The notions of Karaka and Vacya comprising a theory of co-reference in Syntactico Semantics is an established theory in Indian Grammar. In relation to the descriptive analysis of Bengali noun-phrase the complexity of Karaka-Vacya configuration has been discussed in this book. Also the notion of role and the notion of ergative have been dealt with.

The novel, Srikanta, depicts the story of a vagabond young man who wandered from one place to another harbouring some inexplicable yearning. He remained a stoic all his life even as he lived among beautiful women. He lived apathetic to worldly pleasures. He was dear to all but belonged to none. An immortal piece of work, the novel was written by globally renowned Bengalee story-teller Sharat Chandra Chattopadhyay. The Life of Captain Sir Richard F. Burton is a 2 volumes biography of a British explorer, writer, ethnologist, spy, Freemason, and diplomat, written by his wife Lady Isabel Burton. Burton was famed for his travels and explorations in Asia, Africa, and the Americas, as well as his extraordinary knowledge of languages and cultures. Burton's travels and services were widely known and popular, so the author's main goal was to show the real man beneath the cultivated mask that generally hid all feelings and belief. Lady Isabel tells the story of her husband and his achievements through the story of their common life, providing some exclusive information from their private life and showing side of his life that was not known to the public.

This is a fascinating tale of three girls who encountered amazing adventures as young teenagers, shared beautiful moments, and had a great sense of camaraderie. But as they embark on a journey of life, they encounter a chain of events that change their lives for the better or worse. It is a tale of the rewards , the medley of emotions they experience, the constraints they face, and the perils of breaking free from the past that finally shape their passage to independence. Both of you are at the cusp of an exciting stage. Things are not so rosy for me. I am depressed by this dull and weary life was what a young girl, Anne, had told her smart city-bred friends. Anne did not complain and did not feel sorry for herself. She danced when the sun shone, lay low in winter, collected colorful fall leaves in autumn, enjoyed her walk in the spring. She enjoyed the seasons of her life. Her friends Meena and Sunita chose to liberate themselves from the marriage to seek adventure, freedom, and independence, but were they jeopardizing everything they had? The journey of life of these three girls is filled with a magical mosaic of love ,friendship ,betrayal, despair, and hope. We are shown how, when encountering struggle and dealing with our inner conflicts, we learn important lessons that are sometimes bitter and sometimes sweet.

India is the largest film producing country in the world and its output has a global reach. After years of marginalisation by academics in the Western world, Indian cinemas have moved from the periphery to the centre of the world cinema in a comparatively short space of time. Bringing together contributions from leading scholars in the field, this Handbook looks at the complex reasons for this remarkable journey. Combining a historical and thematic approach, the Handbook discusses how Indian cinemas need to be understood in their historical unfolding as well as their complex relationships to social, economic, cultural, political, ideological, aesthetic, technical and institutional discourses. The thematic section provides an up-to-date critical narrative on diverse topics such as audience, censorship, film distribution, film industry, diaspora, sexuality, film music and nationalism. The Handbook provides a comprehensive and cutting edge survey of Indian cinemas, discussing Popular, Parallel/New Wave and Regional cinemas as well as the spectacular rise of Bollywood. It is an invaluable resource for students and academics of South Asian Studies, Film Studies and Cultural Studies. The Encyclopaedia Which Brings Together An Array Of Experts, Gives A Perspective On The Fascinating Journey Of Hindi Cinema From The Turn Of The Last Century To Becoming A Leader In The World Of Celluloid.

This dictionary is the first of its kind in India as well as perhaps in the Third World. It covers the terms, concepts, theories and paradigms of public administration. Each term is defined and explained concisely but clearly. The dictionary deals with the theory of public administration in all its sub-fields like administrative theory, personal administration, financial administration, comparative public administration, administrative law and public policy.

Written in 1980, this novel by prize-winning Indian writer Mahasweta Devi, translated and introduced by Gayatri Chakravorty Spivak, is remarkable for the way in which it touches upon vital issues that have in subsequent decades grown into matters of urgent social concern. Written by one of India's foremost novelists, and translated by an eminent cultural and critical theorist. Ranges over decades in the life of Chotti – the central character – in India moves from colonial rule to independence, and then to the unrest of the 1970s. It depicts the changes, some forced, some welcome, in the daily lives of a marginalized rural community. Raises questions about the place of the tribal on the map of national identity, rights and human rights, the 'museumization' of 'ethnic' cultures, and the justifications for violent resistance as the last resort of a desperate people. Represents enlightening reading for students and scholars of postcolonial literature and postcolonial studies.
