*"A wondrous, sparkling fusion of wisdom and insight." - Patricia Santhuff* What do the wonderful myths of ancient Greece, the beautiful stories in the Bible and Qur'an, and all the sacred stories from traditions around the world, have in common? They open our hearts to wonder, mystery, passion, and joy. I know, on the outside these stories seem very different, confusing, conflicting, and often violent and divisive. But when read symbolically and internally, they are all telling the same story. They show us the path of spiritual awakening and enlightenment. Sometimes the story is called "Returning to the Promised Land." Sometimes it's called "Seeking the Holy Grail." Sometimes it's called "Persephone's Return to Olympus." But whatever it's called, the inner meaning and purpose is always the same. The stories are all a call to awaken, to live passionately and consciously, and to enter the door that leads to enlightenment and communion with the divine. The door is always open. The light is always ready to receive us. But we have to learn how to tread the path! Fortunately, that's what all the sacred stories are really about. **THE DOOR IS OPEN** uncovers the 7 Universal Steps that are found within the symbols and allegories of all great mythology and scripture. Each chapter ends with a series of practical and enjoyable spiritual exercises and activities. You can do this work on your own, or together with a group. It could be a church or synagogue group, a book club, a classroom, or any group of friends who want to get together and expand their spiritual horizons.

*Real-life psychic, near-death, and paranormal experiences are combined with cutting-edge science and vivid adventure stories in this energetic look at why extreme athletes and mountaineers take the risks that allow them to push the limits of consciousness, and what they encounter there. In the life-or-death world of extreme adventure sports, there is one thing that athletes often keep quiet about: the "forbidden" territory of paranormal experiences. Ranging from fleeting moments of transcendence to full-blown encounters with ghosts and everything in between—visions, near-death experiences, psychic communication—many extreme athletes have experienced these moments of connection with the beyond, but have been reluctant to talk about them. In Explorers of the Infinite, award-winning outdoors journalist and lifelong adventure sports devotee Maria Coffey probes the mystical and paranormal experiences of mountaineers, snowboarders, surfers, and more. She reviews cutting-edge science, and consults the history of philosophy and spirituality to answer the question: Could the state of intense "aliveness" that is the allure of extreme sports for so many actually be a route to a connection with the beyond? Coffey investigates the scientific explanations for mystical phenomena, ranging from simple explanations to theories from consciousness studies and quantum physics, and leaves us wondering where science ends and spirituality begins. An energetic, you-are-there look at the spiritual lives of extreme athletes, Explorers of the Infinite asks why extreme athletes take the risks that allow them to push the limits of consciousness, what they encounter there, and what we can learn from them.*

**Everyone is controlled by something. Who is controlling your life, you, the devil, or the Holy Spirit? The Bible says we are controlled by the Holy Spirit. But how can someone know who is in control? Our flesh will always manipulate, make demands, and pressure us to fulfill its desires. The Holy Spirit is always gentle, meek, and humble. He will lead and guide us in a still small voice. By contrast, the devil's voice is sharp, hard, and pressing. The Holy Spirit will always lead us into all truth and bring clarity and understanding to our minds. Satan has only one purpose: to lie, deceive and confuse us. In THE SECRETS OF SPIRITUAL POWER, Joyce Meyer shows you how to obey the Holy Spirit. And by doing this you will experience spiritual power as well as love, joy, peace, patience, kindness, goodness, gentleness, faithfulness, and self-control.**

Oprah had a lightbulb moment when she connected with Debbie Ford's shadow work. Now, Debbie deepens our shadow work and shows how our shadow side holds the key to our happiness. Each of us has a shadow that whispers stories of our own self-defeating fears to us-for example: that we aren't enough, that we are unworthy of being loved, that we will be deserted by those whom we care about. Debbie guides us to hear those stories and find the positive message within each of them. She shows how understanding our own shadow side can lead us to lives of tremendous fulfillment and peace. Full of case studies and exercises, this book complements her first book on shadow work, which has sold almost half a million copies.

The notion of a parallel universe has intrigued the human mind for millennia. This book, however, is not about science fiction; it is about real life. Indeed, Jesus Christ himself, the most "real" human being that ever existed, spoke of the "Kingdom of Heaven" almost as though it were another dimension--a parallel universe.

Based on a best-selling documentary film of the same name, this books presents the “Law of Attraction,” which, according to the tagline, “has traveled through centuries to reach you.” By synthesizing “how to get rich” ideas from classic self-help books by Wallace D. Wattles (The Science of Getting Rich), Napoleon Hill (Think and Grow Rich!), and Charles Haanel (The Master Key System) with twenty-five modern-day self-improvement gurus like Jack Canfield, Bob Proctor, Michael Bernard Beckwith, James Ray, Lisa Nichols, and Joe Vitale, author Rhonda Byrne and her team have created an almost alchemically rich and compelling promise. They claim that “The Secret” was discovered by such historical luminaries as Plato, da Vinci, Galileo, Napoleon, Hugo, Beethoven, Newton, Edison, and Einstein/ that “The Secret” has existed in fragments in religions, philosophies, and oral traditions for centuries . . . but only now has it all been put together. “The Secret is everything you have dreamed of . . . and is beyond your wildest dreams,” trumpet the marketing materials. Could it really be true, or is it just a new spin on the very old (and decidedly not secret) “the power of positive thinking” wedded to “ask and you shall receive”? Alexandra Bruce goes behind the scenes to investigate the phenomenon, from its roots in Australia to the sales bonanza that has seen creator Rhonda Byrne become the most successful debut author in memory. Bruce takes a hard but fair look at the “teachers” featured in The Secret and the “Law of Attraction” that is the central theme. To truly understand the significance of The Secret, perspective is needed. Beyond The Secret delivers that and much more.

**For untold centuries, the shaman was the tribe's most revered and respected member, possessing the unique ability to tap into the universal source of wisdom by journeying deep within the self -- seeking, and finding, answers to pressing questions, achieving profound understanding by avoiding the stumbling blocks of the outer material world. Developing techniques for communicating with the innermost world of the spirit can be a valuable boon in these modern times with their contemporary problems and concerns. Through a series of easy-to-follow exercises, lessons, and rituals, psychologist Jose Stevens and wife, Lena, can show you how to identify your inner spiritual guides -- and how, through a unique and powerful communication with them, you can achieve undreamed-of professional success, psychological enlightenment, and personal fulfillment ... and completely change the way you live your life.**

**"Hidden Mountain Secret Garden: a theological contemplation on prayer" helps the reader discover the riches of mental prayer in the Catholic Tradition. In fact, the images of the "Hidden Mountain" and the "Secret Garden" are ancient metaphors for contemplative prayer, a kind of prayer that begins and ends in faith. This book is especially**

for those whose prayer is a search for the loving eyes of One who has conquered death. This kind of prayer beholds the wonder of Christ's living but hidden presence in one's highest thoughts and most noble aspirations as well as in one's instinctual urges and deepest longings. The ecstasy of this kind of prayer extends beyond even the vast unexplored horizons of the human heart and opens to an immensity of such excessive mercy that all else is forgotten -- and only love remains. The whole world needs this love: it is the secret garden, the hidden mountain, the inexhaustible riches only prayer knows and an excess of grace only prayer can make known. This is why Blessed John Paul II told the Church not to be afraid to open wide the doors of our hearts to Christ and it is why He told the young people of the world to be proud to proclaim the Gospel of the Lord. For those brave souls who have faithfully open their hearts to the Lord through this discipline of this kind of prayer, every Christian owes you a debt of gratitude. For those who want to join them, this work encourages you along the way -- for the journey you endeavor is at once the most perilous, the most heart-rending and the most wonderful adventure this world has ever known. "Dr. Anthony Lilles has authored an introduction to prayer that is inspiring and encouraging. For those desiring to pray this is a resource that is full of practical advice - written simply and attractively. This book bears the mark of a man - husband, father and teacher - who is not only imbued with the wisdom of the Saints, but who has also, through his own prayer, learned how all of us can, through prayer, foster faith in and love for Jesus and his Gospel." THOMAS G. WEINANDY, O.F.M., CAP. Executive Director for the Secretariat for Doctrine United States Conference of Catholic Bishops This is a wonderful book. I've taught spiritual theology many years and I wish I had had this text use. In fact, I wish I had written this book. It is scriptural, patristic, historical, theological, mystical, experiential and user friendly. Dr. Lilles takes us through the spiritual journey of prayer, citing Fathers and doctors, saints and even sinners to guide us on our Christian way toward contemplation. Weaving many themes into a harmonious whole, he opens up the life of contemplation for all Christians, our baptismal birthright in a way that is accessible and attractive. This is a book one will read more than once. FR. GILES DIMOCK, O.P., S.T.D University Parish of St. Thomas Aquinas At the University of Virginia In this book we find the real meat of the new evangelization. The church in America will not be renewed by "facts about Jesus" but only through one's choice to let Christ reach the heart and change it from within. It is an ancient message received by only few: Do not be afraid of letting go of what now defines you. Let Christ tell you who you are. Dr. Lilles is one of

**the ablest guides to lead us through to such a choice. Will I stay with knowledge about Jesus or will I enter the garden of prayer and finally come to know Him!! Do not be afraid to be loved, read this book.**

**Explores the secrets and benefits of alternate nostril breathing practices • Includes breathing techniques to help overcome infertility, bad luck, and illnesses • Explains the interactions of the vital energy of breath with the chakras and energy channels (nadis) There is an intimate relationship between breathing and our emotional states. When we are nervous or excited, our breath rate increases.**

**Conversely, if we alter our rate of breathing, we can alter our emotional state. The ancient civilization of India developed methods for changing the emotions and states of consciousness through yogic meditation and pranayama (breath control). Secret Power of Tantrik Breathing teaches the advanced pranayama system of svaraodaya, which is based on the fact that we normally breathe freely through only one nostril at a time. In a healthy person, breathing changes roughly every one and a half hours from one nostril to the other, with each nostril imparting different qualities to one's mental and physical state. The left nostril is cool, soothing, passive, and feminine in nature; the right is warm, energizing, active, and masculine. When the breath remains in one nostril for longer than normal, mental and physical illness can result. The goal of svaraodaya is to harmonize the breath from each nostril with the life task needing to be accomplished. This book explains how to practice this breath control and how the vital energy of breath interacts with the chakras and energy channels (nadis) to create overall balance and harmony. It also includes svaraodaya breathing techniques to help overcome illnesses, infertility, and bad luck; make predictions; and attain liberation from the cycle of rebirth.**

The Law of Attraction tells us that we can have anything we want. Or does it? How do we know if we're using it for the right purpose? In *Beyond The Secret*, psychologist and Law of Attraction coach, Lisa Love offers answers to these questions, answers she discovered during her own spiritual quest to understand the Law of Attraction. She explains the difference between using the Law in an egotistical rather than a spiritual way. She shows how to use the Law of Attraction as a tool for spiritual growth, psychological integration, and, ultimately, connecting with Spirit. *Beyond the Secret* offers a ten-step process for spiritual attraction. Love provides readers with the basic principles and philosophies that explain the process along with techniques to help readers implement each step effectively. She shares insights, stories, and examples that reveal how spiritual attraction can be used to create an abundant and satisfying life.

"*Beyond the Secret*," the fascinating autobiography of Dr. Louis Turi, recounts his unusual life and experiences that range from tragic to euphoric, mundane and miraculous, all of which have given him great compassion for his fellow humans. What is grace? The answer lies deeper than you might suppose. To understand grace in its fullness, we must explore the great mystery of our very existence. In search of that deep understanding, *Essential Grace* takes you on an eternal journey. It begins with the mind of God, all alone in eternity past. It consummates in the heights of heaven, where we see God surrounded by the glorious host of His redeemed people. In between, it explores the multi-faceted grace of God poured out on His creation. Powerful and vivid, *Essential Grace* will open your eyes to the liberating reality of God's grace.

*Clams in Cups* is a unique collection of short stories that inspire hope and delve into the experiences that touch our hearts as we journey through life. Every event in our lives is a cup that holds a different clam; an experience that touches our hearts. Like clams, we create barriers to protect ourselves from sadness, yet these barriers are like brittle shells that often can be easily broken. At times, we are anchored by doubt or circumstance, but we can consciously make choices to move along life's path. Every direction we take makes us who we are and changes the course of our

lives. These stories are legends of the heart borne out of treasured moments in life; some with acceptance of what life sends our way and others with hope for what can happen when we believe without doubt. Review by Writer's Digest (November 2007) "The general premise of D.C. Legendre's collection of short stories in the book Clams in Cups is timely, with nostalgia being the overriding theme. With today's sense of unrest and turmoil throughout the world, this book is a breath of fresh air, bringing hope for the future while reflecting on the past. Legendre quickly immerses the reader in the world created by skilled writing, sophisticated phrases, and reflective scenes."

There's a sacred and hidden path inside each one of us, a path of mysteries and amazing manifestations, where nothing is impossible, not even our wildest spiritual creations. This is the realm of impossibilities, where imagination is carried away by a spiritual insight, which is here referred as the phoenix. The allegory inside this book takes us to a subconscious realm, that can lead us to the most uplifting and unknown side of ourselves, but also to other realities as well, namely, the ones that are parallel to ours, and also other dimensions and galaxies. It is with this allegory of the phoenix that we understand the role of the dragons and serpents of our planet, and how they interfere in the Tao of our existence. As a dance of forces, vibrations of different natures, these symbols and concepts take us to the deepest truth within, of who we are and how far can we go. This is a book about the adventures of our soul, the journey within that so many Shamans live to explore. It's also about a path that all spiritualists and gurus have experienced, a path that some have called nirvana, enlightenment or awaking, but few have ever had the ability to fully describe in a way that can be perceived by the common mortal. The Native Americans have often told us about the spirit of the eagle that keeps guard over the spiritual world. This eagle, or big bird, is representative of another living force, which is the phoenix, the bird of fire. This is why many mystics of ancient times believed that only fire could take souls to another world. The fire purifies the body, but the most potent fire comes from within, as an energy that we burn with our conscious awareness. This is the fire that Buddhists, Taoists and Hindus persist in awakening from within, commonly using disciplines created specifically for this purpose, such as yoga, chikung and meditation. This fire represents the power of our own spirituality, which most people are unaware to possess. As mortals and genetically manipulated slaves of a few alien species, we've lost the physical capability to ignite it. But the phoenix can help us reach it, through the spiritual nature that is within each one of us. The one who can ride the phoenix, can travel very far, to amazing lands. And these are the ones that often come back, when they choose to, as our prophets and religious leaders. This book describes their journey to Valhalla, Heaven, Paradise, or more simply, the Laboratory of God.

The life force, also known as “ spirit, ” is the essence of being and the conscious and most important form of energy. Living energy is personal and within our conscious control, and by learning about it, we can use it to transform our life into vibrant and meaningful expressions of who we really are. Consciousness is purely energetic and therefore difficult to quantify in mechanistic terms. It is the characteristic of living energy and is the foundation of awareness. Consciousness is the thread running through all life. Living Energy is an introduction to the process of mystic spirituality. The reader is encouraged to attain a deep and meaningful connection to the divine with expanded awareness. The principles given in this book are equally relevant to the novice and the advanced practitioner. Robert explains how we may reveal our hidden potential by shifting our perception away from what is customary and comfortable to open the doors to greater spiritual awareness.
