Your guide to the Top 10 best of everything in Tallinn.

A Return to Living Through the 12 Steps and the 12 Traditions of Marijuana Anonymous

Similar to The Big Book of Alcoholics Anonymous, Life with Hope thoroughly explains the 12 Steps and 12 Traditions as they relate to marijuana addicts and those with cannabis use disorder. This is an essential resource for anyone seeking recovery through Marijuana Anonymous (MA). "How can we tell you how to recover? We cannot. All we can do is share with you our own experiences and recovery through the Twelve Steps of Marijuana Anonymous." Similar to The Big Book of Alcoholics Anonymous, Life with Hope thoroughly explains the Twelve Steps and Twelve Traditions as they relate to individuals with cannabis use disorder. The text includes the 12 Steps and the 12 Traditions, fifteen personal stories from Marijuana Anonymous members, and the section, A Doctor's Opinion about Marijuana Addiction. Life with Hope is an essential resource for the marijuana addict and for anyone with a cannabis use disorder who is seeking recovery through Marijuana Anonymous (MA). The text is ideal for newcomers, people who are in active addiction, and anyone interested learning more about how marijuana addiction affects people's lives.

Autodesk Authorized Publisher

To take full advantage of Building Information Modeling, the Autodesk(R) Revit(R) 2018 MEP: Fundamentals student guide has been designed to teach the concepts and principles of creating 3D parametric models of MEP system from engineering design through construction documentation. The student guide is intended to introduce students to the software's user interface and the basic HVAC, electrical, and piping/plumbing components that make the Autodesk Revit software a powerful and flexible engineering modeling tool. The student guide will also familiarize students with the tools required to create, document, and print the parametric model. The examples and practices are designed to take the students through the basics of a full MEP project from linking in an architectural model to construction documents. Topics Covered Working with the Autodesk Revit software's basic viewing, drawing, and editing commands. Inserting and connecting MEP components and using the System Browser. Working with linked architectural files. Creating spaces and zones so that you can analyze heating and cooling loads. Creating piping networks with air terminals, mechanical equipment, ducts, and pipes. Creating plumbing networks with plumbing fixtures and pipes. Creating electrical circuits with electrical equipment, devices, and lighting fixtures and adding cable trays and conduits. Creating HVAC and plumbing systems with automatic duct and piping layouts. Testing duct, piping and electrical systems. Creating and annotating construction documents. Adding tags and creating schedules. Detailing in the Autodesk Revit software. Prerequisites This student guide introduces the fundamental skills for learning the Autodesk Revit MEP software. It is highly recommended that students have experience and knowledge in MEP engineering and its terminology.
