Described by its author as 'almost irresponsibly optimistic', *Saved* is a play set in London in the sixties. Its subject is the cultural poverty and frustration of a generation of young people on the dole and living on council estates. The play was first staged privately in November 1965 at the Royal Court Theatre before members of the English Stage Society in a time when plays were still censored. With its scenes of violence, including the stoning of a baby, *Saved* became a notorious play and a cause célèbre. In a letter to the Observer, Sir Laurence Olivier wrote: 'Saved is not a play for children but it is for grown-ups, and the grown-ups of this country should have the courage to look at it.' *Saved* has had a marked influence on a whole new generation writing in the 1990s. Edward Bond is "a great playwright - many, particularly in continental Europe, would say the greatest living English playwright" (Independent)

Tears of laughter' examines the interactions of comedy and drama in three vital thematic

strands of British cinema during the 1990s: comedies exploring issues of class, culture and community in British society, 'ethnic' comedy-dramas engaging with complex issues of identity and allegiance in modern Britain, and romantic comedies featuring characters searching (somewhat desperately or frantically) for a suitable and desirable long-term or short-term partner. Films to be discussed in detail include 'Brassed Off' (1996), 'The Full Monty' (1997), 'East is East' (1999), 'Four Weddings and a Funeral' (1994), 'Notting Hill' (1999) and a post-1990s romantic comedy, 'Love Actually' (2003). The study discusses these specific films and a range of other 1990s British comedy-drama films within the context of community-orientated Ealing comedy classics, contentious situation comedies treating race relations as both a laughing matter and a site of conflict ('Till Death Us Do Part' and 'Love Thy Neighbour'), and romantic comedies set and produced in Britain. It is aimed at film studies academics, students and film enthusiasts.

Over the last two decades, the study of discourse in film and television has become one of the most promising research avenues in stylistics and pragmatics due to the dazzling variety of source material and the huge pragmatic range within it. Meanwhile, with the advent of streaming and the box set, film and television themselves are becoming separated by an increasingly blurred line. This volume closes a long-standing gap in stylistics research, bringing together a book-level pragmastylistic showcase. It presents current developments from the field from two complementary perspectives, looking stylistically at the discourse in film and the discourse of and around film. This latter phrase comes to mean the approaches which try to

account for the pragmatic effects induced by cinematography. This might be the camera work or the lighting, or the mise en scène or montage. The volume takes a multimodal approach, looking at word, movement and gesture, in keeping with modern stylistics. The volume shows how pragmatic themes and methods are adapted and applied to films, including speech acts, (im)politeness, implicature and context. In this way, it provides systematic insights into how meanings are displayed, enhanced, suppressed and negotiated in both film and televisual arts.

Butterfly is the inspiring story of how one woman saved fellow refugees from drowning—and how she went on to become an Olympic swimmer. When young Syrian refugee Yusra Mardini realized her boat's engine shut down as she was traveling from Syria to Greece with other refugees, there was no hesitation: she dove into the water. Surfacing, she heard desperate prayers and sobbing from the passengers in the sinking boat above her. Between the waves, her elder sister Sarah

screamed at her to get back on the boat. But Mardini was determined. She was not going to let Sarah do this alone. Grabbing the rope with one hand, she began kicking up the black water, inching the boat towards the distant shore. This bold act of bravery saved the lives of a boatload of refugees heading to Turkey from Syria. After her arrival in Greece, Mardini, focused and undeterred, worked toward a lifelong goal: to compete in the Olympics. She succeeded, and competed in 2016 on the Refugee Olympic Team in Rio de Janeiro. Butterfly tells her story, from Syria to the Olympics to her current work with the UN as a Goodwill Ambassador. Mardini is eager to tell her story in the hopes that readers will remember that refugees are ordinary people in extraordinary circumstances, chased from their homes by a devastating war. In today's political climate, this story is guaranteed to inspire and educate readers from every background. This is a study guide for HSC students. Zwischenprüfungsarbeit aus dem Jahr 2008 im Fachbereich Englisch - Pädagogik, Didaktik, Sprachwissenschaft, Note: 2,3, Universität zu Köln, Sprache: Deutsch, Abstract:

Against the background of the coal miner 's strikes situated in Northern England during the years of 1984/1985 and the difficulties caused by drastic actions of then prime minister Margaret Thatcher 's governance Stephen Daldry 's film "Billy Elliot- I will dance" deals with various possibilities and occurrences of manliness. Those are demonstrated by the conflict between eleven years old Billy, the main character, and his father as well as his brother: "Darüber hinaus thematisiert er [der Film] den sozialen Konflikt, das Gefühl der Entfremdung,

möglicherweise den "Verrat" an seiner Familie, seiner Klasse, weil der Tanz Billy unweigerlich aus seinem Milieu, aus seinem Dorf hinausführen wird" (Brenneisen, 2002, p.5). Employing and using this film in an English language classroom provides several opportunities to foreign language teachers. First of all, the film is generally applicable to discuss the specific difficulties and problems younger people are faced with during their own period of coming of age. While watching and receiving the film learners can put themselves in the main character´s position. They can possibly compare it to their own life situation and their own experiences. This effect can be regarded as highly motivating for the learners, since it is a topic that affects most of them. They are able to bring in and talk about their personal experiences which will probably lead to authentic discussion prompts that are encouraged among the learners.

Billy Elliot by Stephen Daldry

Tears of laughter

Stephen Daldry's Billy Elliot

'Billy Elliot', directed by Stephen Daldry, is contextually in the midst of the industrial unrest of the 1984 'Miner's Strike', viewed by screenwriter Lee Hall as being 'one of the defining moments in British History, a time of enormous personal and social struggle against political oppression. Daldry wanted to celebrate 'the human spirit' and used the 'despair and courage of that sort of situation' to portray 'a community at war with its own government.' The struggle of a Durham mining community to achieve social justice is effectively combined with a young boy's personal struggle to achieve his artistic ambitions and become a ballet dancer. Cinema is a powerful storytelling medium because images are universally powerful and intuitively understood. The film validates both individual and communal determination and perseverance. The interwoven storylines are given emotional resonance via the film's gritty script and masterful editing and cinematography. Human resolve and resilience in response to adversity is enhanced by the incorporation of some of the best protest music of the era including 'Town Called Malice' by 'The Jam'. The film's depiction of the Miner's Strike retains relevance because of its enduring legacy of injustice and human suffering.

Part of a series of innovative home group Bible studies, the material in this book is aimed at encouraging Bible study within the context of exploring topical issues in a Biblical way. All the studies in the series are based on popular books or films. This study looks at the film Billy Elliot. In this extraordinary debut novel with its deft nod to Dickensian heroes and rogues, Mira Bartók tells the story of Arthur, a shy, fox-like foundling with only one ear and a desperate desire to belong, as he seeks his destiny. Have you been unexpectedly burdened by a recently orphaned or unclaimed creature? Worry not! We have just the solution for you! Welcome to the Home for Wayward and Misbegotten Creatures, an institution run by evil Miss Carbunkle, a cunning

villainess who believes her terrified young charges exist only to serve and suffer. Part animal and part human, the groundlings toil in classroom and factory, forbidden to enjoy anything regular children have, most particularly singing and music. For the Wonderling, an innocent-hearted, one-eared, fox-like eleven-year-old with only a number rather than a proper name — a 13 etched on a medallion around his neck — it is the only home he has ever known. But unexpected courage leads him to acquire the loyalty of a young bird groundling named Trinket, who gives the Home's loneliest inhabitant two incredible gifts: a real name — Arthur, like the good king in the old stories — and a best friend. Using Trinket's ingenious invention, the pair escape over the wall and embark on an adventure that will take them out into the wider world and ultimately down the path of sweet Arthur's true destiny. Richly imagined, with shimmering language, steampunk motifs, and gripping, magical plot twists, this high adventure fantasy is the debut novel of award-winning memoirist Mira Bartók and has already been put into development for a major motion picture.

A celebration

Think about it. Think what you could achieve without women in your life. If all the time you spent on them, you spent on yourself. Think how much money you could save. Think how much

aggravation you could avoid. Journeying over from the West Indies to England, Ferdy, Lennie, Dennis and Bernie are all eager to make successes of themselves and take full advantage of what they think The Big Life has to offer. So they pledge to abstain from women for three years. But Mary, Kathy, Zuleika and Sybil have other ideas. They know that man cannot live by bread alone! Will the men stick with their idea of The Big Life, or will Cupid have the final say? The Big Life is a brand new musical, a wonderfully upbeat story of unrequited love and a great comedy all rolled into one. It was produced at the Theatre Royal Stratford East, April 2004.

The life of a coal miner's son in Northern England is forever changed one day when he stumbles upon a ballet class after his boxing lessons. Joining the class but keeping it a secret from his widowed father and overbearing brother, 11 year old Billy (Jamie Bell) shows a raw talent that dancing instructor, Mrs Wilkinson (Julie Walters) immediately recognises. She encourages him to audition for the Royal Ballet School but Billy is torn between his responsibility to his family and his overwhelming desire to dance. CERT 15.

Essay from the year 2017 in the subject English Language and Literature Studies - Culture and Applied Geography, grade: 2.3, Bielefeld University, language: English, abstract: Everington, Durham, 1984 - British Prime Minister Margaret Thatcher has just declared war on the mining industry, and therefore, on the entire county. The people have laid down their tools to go on strike, and they are willing to make sacrifices until their fight for better salaries and working conditions succeeds. In this environment, hard men cannot allow themselves to show any weaknesses, because it could lead to the ruin of their families or the entire community. The miners stick together-anyone who falls out of line, particularly the picket line, will certainly suffer a loss of reputation among the others. In this male-dominated, standardized context, the rise of an individual can attract a great deal of attention, and Billy Elliot represents an individual in every sense of the word. He is a boy on the edge of reaching puberty and does not express himself in the rough Durhamian way. He is bad at boxing and speaks softly. His best friend is a secret homosexual, a misfit in the midst of the community. Despite his uniqueness, Billy still seems to possess

a predetermined future: one day, he will become a miner, too. In Everington, your origins determine your future, and it is the natural order of things that a boy will follow in the footsteps of his ancestors. Billy, however, is unwilling to accept this natural order, instead choosing a different way of expressing his feelings and struggle with life. He begins dancing ballet, an unthinkable activity for a boy from Durham, because it exactly contradicts the ideal of rural manhood. Even if Billy works extremely hard to improve his dancing skills with the support of his ballet teacher, he also must convince his biggest critics that his dream is one worth fighting for. Only when his father, his brother and the miners in general finally accep

WHAT IS THE STORY GRID? The Story Grid is a tool developed by editor Shawn Coyne to analyze stories and provide helpful editorial comments. It's like a CT Scan that takes a photo of the global story and tells the editor or writer what is working, what is not, and what must be done to make what works better and fix what's not. The Story Grid breaks down the component parts of stories to identify the problems. And finding the problems in a story is almost as difficult as the writing of the story itself (maybe even more

difficult). The Story Grid is a tool with many applications: 1. It will tell a writer if a Story ?works? or ?doesn't work. 2. It pinpoints story problems but does not emotionally abuse the writer, revealing exactly where a Story (not the person creating the Story'the Story) has failed. 3. It will tell the writer the specific work necessary to fix that Story's problems. 4. It is a tool to re-envision and resuscitate a seemingly irredeemable pile of paper stuck in an attic drawer. 5. It is a tool that can inspire an original creation.
