Author Erin Hotovy teamed up with several top-Akita breeders to create the ULTIMATE book for new Akita owners! The Akita, also known as the Akita Inu, is an ancient spitz breed that is known worldwide for its loyalty and steadfast nature. Akitas have been used for several different purposes throughout the centuries, including hunting, military work, search and rescue, and show-ring work. In 1931, the breed was named a national monument of Japan. These large, powerful dogs tend to be aloof with strangers but are exceptionally affectionate and loyal towards their family members. Akitas are a powerful and dignified breed, but with a strong independent streak that can be too much to handle for some pet parents. While they are unwaveringly loyal towards their family, they can also be aggressive or territorial with other canines. This book will provide you with clear insight into this breed's history, behavior, and health,

as well as delivering actionable tips and tricks that you can use to refine your dog's behavior, both at home and out in public. Covering crucial questions about owning an Akita, including: What temperament does the Akita have? Selecting an Akita pup from a breeder How do I prepare my home for an active Akita pup? Diet and nutrition for the Akita breed Step-by-step instructions for training the Akita dog What is the best way to train and socialize an Akita Inu? While these dogs are exceptionally devoted animals, they are also independent thinkers with strong protective instincts. Early socialization and training are essential to ensure that your active Akita pup develops into a dependable, well-mannered adult Akita. This comprehensive guidebook covers all of the essential information you will need to give your new Akita the best life possible, including: The history of the Akita Inu Adopting an adult Akita What to expect the first few days at home House-training your Akita The importance of Akita socialization and training Best practices for grooming

Brownies, pancakes, slaws . . . there are so many things you can make

easily and quickly. Not only that, but blending offers the perfect opportunity to sneak in some extra nutrition: Black beans in your chocolate cake? Carrots in your tomato sauce? "As soon as I saw you it was like a light shining down from the heavens. As I got to know you, I realised that that light went soul deep, and I fell for you so hard."HulkAfter an accident and my girlfriend leaving I didn't think I'd find anyone to have in my life. Sure I had my brother and the club but I never wanted anything more. Until Claire walked into my life. She had a harrowing story behind her and it made my protective instincts come out full force. I just had to get past the walls she'd built around her. ClaireSome say

amnesia is a new start which is true, but what happens when you wake up one day and everything is a blank. Let me tell you it's not fun. It's downright scary. That was my life now. Sure I'd made a family and new memories with Monique and the triplets, but when Monique reunited with Derrick he came with a while new family. Hulk was the sergeant at arms for the club and the man who would steal my heart.

From the critically acclaimed author of *The Young Wives Club*, a "heartwarming story about friendship, heartache, and self-discovery" (Karen White, *New York Times* bestselling author), comes a charming novel reminiscent of the works of Mary Alice Monroe and Kristy Woodson Harvey, about three sisters who win a huge lottery prize and learn what it truly means to be lucky. Lexi, Callie, and Hanna Breaux grew up in small-town Louisiana, and have always struggled to

make ends meet. For years, they've been playing the lottery, fantasizing about how much better life would be if they had the money. For Lexi, it means the perfect wedding; for Callie, it means having the courage to go after her career dreams; and for Hanna, it means buying a house that isn't falling apart and sending her bullied son to private school. When the incredible happens and the Breaux sisters hit it big—\$204 million dollars big—all their dreams come true. Or so they think. Because it's actually not a cliché—money isn't the answer to everything, and it often comes with problems of its own.

Heartfelt, engaging, and featuring characters you'll root for from the first moment you meet them, Louisiana Lucky is a satisfying page-turner from a rising star in women's fiction.

A few quotes from 'NOT THE SAME but JUST AS GOOD' : "We won't always end up in the same place because not everyone has the same start. But to decide that we are better than others is just unkind and not very smart." "If I don't do as well in our school or get the same marks that you get. It could just mean that I'm great in other things or just haven't found my talent as yet." "It's not fair to decide that you know someone because of what people on your screen may say. So you must ask yourself this big question: If someone does something very wrong, does that mean everyone who looks like them is also that way?" Important, relevant book for all children and adults. Provides tools for healthy emotional and social development, as it promotes self-esteem and understanding of others in a gentle, yet strong delivery of ways to deal with increasingly relevant issues. For pre and elementary school levels, but may easily be used in higher grades to discuss social issues, bullying, kindness and tolerance. Characters are multi-faceted and multiracial. Stunning and captivating illustrations by Corey Scott.

The present volume includes essays originally given as papers at two conferences. The first Passages from Antiquity to the Middle Ages was held in Tampere January 2003. The second conference, subtitled Aging, Old Age, and Death, was held in Tampere August 2005. This collection starts with the essays by Beryl Rawson and Didier Lett, which reflect the present state and the future challenges of the study of childhood. The latter part of this volume, starting from the Eva Cantarella's contribution on marriage, consists of thematic studies. They all show an interest in individuals and families in different stages of life seeking to secure continuity, that is, continuity of the family, its material fortune, name, memory, and the continuity of its individual members in the afterlife.

House cleaning has been an innate human activity forever but only since the early 19th century have mechanical devices replaced the physical labor (performed mostly by women). Mechanical carpet sweepers were replaced by manual suction cleaners, which in turn were replaced by electric vacuum cleaners in the early 20th century. Innovative inventors, who improved vacuum cleaners as electricity became commonly available, made these advances possible. Many early manufacturers failed, but some, such as Bissell, Hoover, Eureka and others, became household names as they competed for global dominance with improved features, performance and appearance. This book describes the fascinating people who made this possible, as well as the economic, cultural and technological contexts of their times. From obscure beginnings 200 years ago, vacuum cleaners have become an integral part of modern household culture. Earth Day celebrates our beautiful planet and calls us to act on its behalf. Some people spend the day planting flowers or trees. Others organize neighborhood clean-ups, go on nature walks, or make recycled crafts. Readers will discover how a shared holiday can have multiple traditions and be celebrated in all sorts of ways.

In this collection of essays, Rob J. Quinn offers insights on his own experiences as a man living with cerebral palsy and challenges the perceptions of people with disabilities offered by the able-bodied world. daily lives. Quinn tackles topics such as going to school, physical therapy, dealing with the isolation that people with disabilities can experience, and pushing the limits of the physical abilities people possess despite a disability. I'm Not Here to Inspire You is intended as a positive, yet honest look at aspects of living with a physical disability. After reading several essays from Quinn, Philadelphia Inquirer columnist Daniel Rubin wrote that the writer "chronicles his life unflinchingly."
