

## Black Taxi

**When Rosie agrees to take care of her grandfather’s Mercedes while he is in jail, she gets more than she bargained for, including being thrust into the middle of a jewel heist mystery and being attracted to a dangerous boy.**

**In her first posthumous work, the revered poet crafts a personal history of Black dance and captures the careers of legendary dancers along with her own rhythmic beginnings. Many learned of Ntozake Shange’s ability to blend movement with words when her acclaimed choreopoem for colored girls who have considered suicide/when the rainbow is enuf made its way to Broadway in 1976, eventually winning an Obie Award the following year. But before she found fame as a writer, poet, performer, dancer, and storyteller, she was an untrained student who found her footing in others’ classrooms. Dance We Do is a tribute to those who taught her and her passion for rhythm, movement, and dance. After 20 years of research, writing, and devotion, Ntozake Shange tells her history of Black dance through a series of portraits of the dancers who trained her, moved with her, and inspired her to share the power of the Black body with her audience. Shange celebrates and honors the contributions of the often unrecognized pioneers who continued the path Katherine Dunham paved through the twentieth century. Dance We Do features a stunning photo insert along with personal interviews with Mickey Davidson, Halifu Osumare, Camille Brown, and Dianne McIntyre. In what is now one of her final works, Ntozake Shange welcomes the reader into the world she loved best.**

**The high-flyers of London’s investment banks are all too aware that information is gold–plot when billion pound deals are at stake. But as the highly-paid guns at Skidder Barton, a fading giant in the cut-throat corporate finance sector, secretly plot the huge take-over that will revive their fortunes, they forget that there’s one place they can be overheard ... Len and his cabbie colleagues, Terry and Einstein, embark on a cunning and dangerous attempt to profit from the next big take-over move. Because Len needs the money, and he needs it fast - his daughter’s life depends on it. Will the cabbies’ world of solidarity triumph over the brutal self-interest of the sharp suits who will stop at nothing on the road to unimaginable riches?**

**“Niko’s race through Hell is one of the greatest supernatural adventure stories of recent memory. . . . A damned good story” (Cory Doctorow). Decades ago, a young rock and blues guitarist and junkie named Niko signed in blood on the dotted line and in return became the stuff of music legend. But when the love of his damned life grows mortally and mysteriously ill, he realizes he has lost more than he bargained for—and that was not part of the deal. So Niko sets out on a harrowing journey from the streets of Los Angeles through the downtown subway tunnels and across the red-lit plain of the most vividly realized hell since Dante to play the gig of his mortgaged life and win back the purloined soul of his lost love. Mortality Bridge remixes Orpheus, Dante, Faust, the Crossroads legend, and more in a beautiful, brutal, and surprisingly funny quest across a Hieronymus Bosch landscape of myth, music, and mayhem, and across an inner terrain of addiction, damnation, and redemption. Winner of the 2011 Emperor Norton Award for best novel by a San Francisco Bay Area writer.**

**Black Cab Story**

Strange how change brings no change. Explosive satirical novel indicting the System and ‘40s and ‘50s number kings- the folks who bankrolled Black businesses, then turned them into legal state lotteries.

Beautiful, fearless, resourceful and talented. That’s Taxi. One night, a man named Nelson rescues her from an attack... and changes her life. He works for a news agency called Control Press, and “recruits” Taxi for his investigative team. In “The Dragon’s Labyrinth,” a rampant disease is killing only black people. Taxi risks her life to expose the sinister plot behind this “Black Death.”

In 1993, Kendall Hunter travelled to Johannesburg, South Africa, as a volunteer photojournalist for the South African newspaper, New Nation. She immersed herself in the lives of the South African people and witnessed firsthand the country’s most monumental changes, including the demise of apartheid legislation and Nelson Mandela’s ascent to the presidency. As a photojournalist, her life was often at risk, but her photographs of this difficult and violent time were published internationally.

Taxi is Kendall Hunter’s personal account, in words and photographs, of her year spent working, living and documenting South Africa’s journey to freedom.

Martin kann es nicht fassen. Belfast! Er soll sein Auslandsstudium ausgerechnet in der nordirischen Hauptstadt absolvieren. Nordirland kennt Martin nur aus den Nachrichten. Bombenanschläge, Straenschlachten, die IRA und bis an die Zhne bewaffnete britische Soldaten, die irgendwelche Stadtviertel strmen, dass alles verbindet er mit Belfast. Aber neben Gewalt, Hoffnungslosigkeit und blindem Hass findet er dort auch freundliche Menschen, die trotz der widrigen Umstnde an einen fruchtigen Punkt nicht vorbei und auch Martin gert in den immer undurchsichtigeren Konflikt zwischen Loyalisten und Nationalisten. Die moralischen Werte des jungen deutschen Studenten werden auf eine harte Probe gestellt und die ehemals so klaren Grenzen zwischen Gut und Bse verschwimmen zunehmend. Ein Projekt im Belfast’er Hafen knnte die ersehnte Wende einluten, doch der Jahrzehnte alte Brgerkrieg wirft lange Schatten. Kann es trotzdem gelingen?

Facts, Fallacies and Fiction about the Combi-taxi Industry

American Republican Drivers

Mortality Bridge

Eagles of the Damned

The Negro Motorist Green Book

The last car Danny Ferry’s dad worked on before he died was a sleek black taxi cab. It’s still sitting in his dad’s garage. The owner dropped it off and never came back. One day Danny finds the keys and turns on the radio. But it isn’t music he picks up on the dial. It’s voices. Dead voices. Voices that call his name?and want a ride. Now Danny’s got a new gig: taxi driver for the recently deceased. Except not everybody’s happy now that Danny’s behind the wheel. And when the dead get angry, they really come to life.

From the origins of the Hackney carriage, the author follows the evolution of the taxi through early 20th century designs by William Beardmore of Glasgow to the dominance of later vehicles commissioned from Austin by Mann and Overton in 1929. Later designs follow a distinct lineage and despite continual improvement of the design over the years, coupled with a succession of more refined and cleaner diesel engines, the black cab remains an enduring icon of Britain’s transport heritage. Part of a new range of Enthusiast Manuals from Haynes, this book traces the history and development of the ubiquitous Austin FX4 London Taxi, built between 1958 and 1997.

All hail the black cab taxi notepad! The ultimate gift for taxi drivers is here, and it’s super useful too!All pages in this taxi drivers journal are lined. This ruled notebook makes for an ideal present for taxi drivers who prefer using paper for their note taking.This lightweight note pad comes in a perfect 8 x 6 inch size, perfect for fitting in the glove compartment. This fun pocket notebook also features a matte laminated cover for extra protection. The pad contains 150 high quality pages for a cabbie to jot their notes on.Hand illustrated designed in the UK and printed in the UK

‘An inch in the right direction is better than a mile in the wrong direction’‘If you think your life is bland, then you haven’t added enough flavour’‘People who live in glass houses should never undress’ In September 2009, London cabbie Mark Solomon began asking passengers in the back of his taxi for a random quote or proverb. It started spontaneously, to give him more purpose and direction, but he found that sharing these daily inspirations with others made them feel part of something special too.The project developed into a popular website (www.blackcabquotes.com), and now this pocket-sized book offers the best 400 thoughts for the day, ranging from the truly philosophical to the downright bizarre.

The Economic Role of the Black Taxi Industry

FX4 Black Cab

It’s a honeymoon sex in the back of a taxi! Great value trilogy of books. Not for the prudish or faint-hearted! Charlotte Edwards is at her naughtiest in this series of erotic tales about what could have happened in the back of that black cab you’re sitting in! Take a cold shower afterwards! Taxi for Tess: A nightly feast on taxi-porn had put some dangerous ideas in my head. I had a black cab, it was fully fitted with cameras for security and I picked up gorgeous babes all the time. How hard could it be to make my own back seat porno? Taxi for Teresa: Straight from his easy seduction of the teenaged mix, Tess, the black cab driver sees another great opportunity. Classy, gorgeous and married, Teresa has a look that makes his balls tighten. Married to a rich man but upset because he’s cheated. She may just be his next back seat conquest! Taxi for Bethany: Pretty student Bethany makes the cabbie an offer he can’t refuse but he wants a lot more than she has on offer!

In his new book, well-known London cabbie Alf Townsend tells us the complete story of the black cab, from its origins in the seventeenth century to the brand new taxis which now grace the capital’s streets.The history and development of the black cab is explored here in Alf’s straightforward writing style, alongside ninety colour and black and white images.This is a light-hearted romp through the world of ‘the knowledge’, the vehicles, the streets of London and the cabbies themselves, and is full of juicy snippets and fascinating quotes which will be of great interest to anyone who loves this London icon.

When the old black taxi breaks down, Little Red Car offers to pick up his passengers and finds that the job is harder than he thought.

The idea of “The Green Book” is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn’t know about and aren’t listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

problems and potential

The Complete History of British Taxi Service

FX4 Black Cab Manual

1940 Edition

As any traveler knows, some of the best and most honest conversations take place during car rides. So, when a long-time NPR correspondent wanted to learn more about the real China, he started driving a cab--and discovered a country amid seismic political and economic change. China--America’s most important competitor--is at a turning point. With economic growth slowing, Chinese people face inequality and uncertainty as their leaders tighten control at home and project power abroad. In this adventurous, original book, NPR correspondent Frank Langfitt describes how he created a free taxi service--offering rides in exchange for illuminating conversation--to go beyond the headlines and get to know a wide range of colorful, compelling characters representative of the new China. They include folks like “Beer,” a slippery salesman who tries to sell Langfitt a used car; Rocky, a farm boy turned Shanghai lawyer; and Chen, who runs an underground Christian church and moves his family to America in search of a better, freer life. Blending unforgettable characters, evocative travel writing, and insightful political analysis, the Shanghai Free Taxi is a sharply observed and surprising book that will help readers make sense of the world’s other superpower at this extraordinary moment.

This 120-page Taxi Driver Journal features: 120 wide-ruled lined pages 6 x 9 inches in size - big enough for your daily writings and also small enough to take with you smooth white-color paper, perfect for ink, gel pens, pencils or even colored pencils a black matte-finish cover for an elegant, professional look and feel This (Coolest Taxi Driver Ever) journal can be used for writing poetry, jotting down your brilliant ideas, recording your accomplishments and much more. Our journals to write in offer a wide variety of journals, so keep one by your bedside as a dream journal, one in your car to record mileage and expenses, one by your computer for login names and passwords, and one in your purse or backpack to jot down random thoughts and inspirations throughout the day. Paper journals never need to be charged and of course no batteries are required! You only need your thoughts and dreams and something to write with. This Taxi Driver journal makes a wonderful present, so put a smile on someone’s face today!

For four hundred years, London taxi drivers have been serving the capital in one form or another. From hackney coaches to Hansom cabs; from taxicabs to black cabs, the vehicles may have evolved but the driver has remained basically the same. But who were the men who drove those cabs? London’s taxi drivers are continually voted the best in the world, each one of them having gone through the hardest test, “The Knowledge”, but very little is known about those who got us where we are today. This book seeks to remedy that situation. Now, the history of the trade from the driver’s perspective is told for the first time. Hundreds of stories, compiled from a variety of sources, give a more intimate point of view than has ever been seen before.Enjoy, but most of all..Be Lucky! “These harrowing poems make montage, make mirrors, make elegiac biopic, make ‘a dope ass trailer with a hundred black children / smiling into the camera & the last shot is the wide mouth of a pistol.’ That’s no spoiler alert, but rather, Smith’s way—saying & laying it beautifully bare. A way of desensitizing the reader from his own defenses each time this long, black movie repeats.”—Marcus Wicker “Danez Smith’s BLACK MOVIE is a cinematic tour-de-force that lets poetry vie with film for the honor of which medium can most effectively articulate the experience of Black America.”—Rain Taxi

Black Cabs

A practical handbook for people who want to be safe and do something. Racial profiling does happen. And while cases where victims find themselves looking down the barrel of a policeman’s gun make the six o’clock news, dozens of less extreme, yet troubling, examples occur every day. Cabs that whiz by only to be seen stopping for “safer”-looking people just up the block; being asked for multiple pieces of identification when making purchases with credit cards; being followed around a department store by salespeople and security while never being asked if they need any assistance; being detained for hours and extensively searched in an airport or train station--Driving While Black clearly defines the system officially known as CARD (class, age, race, dress) and offers advice about how to handle potentially life-threatening situations with the police, as well as recourse for readers who suspect their civil rights have been denied due to racial profiling. A book written to save lives. Driving While Black is not just for people of color, but for anyone who likes to wear a baseball cap, baggy jeans, sneakers, and a tee shirt and finds they are often treated like a “suspect.”

\* \* \* \* \*
They are often treated like a “suspect.”
This book is about the plight of Black Americans and other minorities living in the United States and suffering from injustices as a result of the government’s failure in justice provision to them due to a mistaken or willful allowance of a third branch of the American government without an election. Then whether they were to try their own businesses or become well-educated to serve on any layer of the American government, the last words always belong to someone of the opposite race. And the law had made it so through Plessey claiming equal opportunity to the Black race where later in their interactions on the job, both races would show separate social behaviors deriving from two different educations. Plessey of which, the poorly financed Black schools had herein clearly shown through the holding positions of those minorities. Evidently, looking at the judiciary, most of the judges are whites and thus have no intention of favoring those minorities in any way because the surviving prevalence of their position does not depend on those minorities’ ballots. Then through the decision of the lower courts, those minorities, although already facing impoverishment due to the established slavery (which has plagued them for so long), are either constantly imprisoned or have to make some sort of payment to those white leaders’ administrations, whether on a local, state, or federal level. Obviously, such actions have decimated every possibility for the descendants of those minorities to properly excel while facing the children of the opposite race. Indeed, the hiring of Black Judge Thurgood Marshall, for example, might be an exception, their separate education from that of the Whites, such as Plessey, had set it would not normally allow those minorities to such position and that the full segregation of the United States Supreme Court until Thurgood Marshall had evidenced it. Then those Blacks used to have a slave master on the plantation fields behind them with a cowhide, so they would not leave. In New York, for example, the city had set such victimization of minorities through the action of preventing them from leaving their poorly financed school system to go to a better one as they had applied Plessey through some school districting rule system. Obviously, those leaders, mostly Whites of European descendants, might have acted this way up to now so they could continue to reign over their former slaves. Then through the application of such behavior that they would have always all claimed was the work of the city council, even with a few members of the minority community in that council, those leaders will force minorities to continue poking at them with the epithet of neo-slave drivers of the American republic, for none had done something to end that culture. Then they faced “Occupy Wall Street” that failed. They will continue to witness more protests around the courthouses as in Oregon. Then more of George Floyd’s “I Can’t Breathe” right across those mayors’ offices such as in the city wall park of New York when equalizer corona had temporarily stopped those leader’s exploitation and abuse of those drivers on the street of Manhattan, the daily drivers’ farming fields till the reshaping of the courts for the establishment of laws favoring them.

London Black Cab Drivers have a rich and documented history of mobile work practices that are geographically distributed and driven by situated choices for everyday work. This dissertation aims to study the evolution of such work practices since the introduction of mobile Information and Communication Technology (mICT) aids. The theoretical framework for this research is based on studies of taxi drivers’ work practices, mobility research, computer supported co-operative work and organisational change promoted by IS interventions. The ontology of this research pinpoints the factors influencing the situated and self-referential choice attached to the use of mICTs when carrying out planned and unplanned work. Embedding and mixing elements of self-referenced work - as discretionary and independent - with working practices in which mutual interdependencies are supported by the use of mICT aids seems to provide the case for a re-negotiation of the working practices model as well as its associated organisational forms, together with a social shift in the definition of the role and skills required to perform this type of mobile work.

*“Black Passenger Yellow Cabs” is an erotic auto/ethnographic memoir exploring in easy layperson’s terms the socio-psycho-sexual dynamics of Japan and the erotic capital of the Western male. It offers an exploration of deviant behavior in an exotic land and a journey from self-destruction to self-actualization.*

*It was autumn in the year AD 9. The summer campaigning season was over. Centurion Rufus and his battle-hardened century were part of three mighty Roman Legions returning to the safety of their winter quarters beside the River Rhine. Like their commanding General, the Centurion and his men suspected nothing. Little did they know, but the entire Germanica province was about to explode... \* \* \* \* \*
Three of Rome’s mightiest Legions were systematically and ruthlessly annihilated, during seventy-two hours of unimaginable terror and unrelenting butchery. They were mercilessly slaughtered within the Teutoburg, a vast tract of dark and forbidding forest on the northernmost rim of the Roman Empire. Little could they have imagined, as they were brutally cut down, their fate had been irrevocably sealed years earlier by their own flawed system of provincial governance, and a rabid traitor’s overwhelming thirst for vengeance.But how could such a military catastrophe have ever happened to such a well trained and superbly equipped army? This is their story... \**

*Whether living in an urban sprawl, a sunny suburb or rolling countryside, the taxi is a mode of transport that no doubt every resident of the UK will use in their lives. So prevalent is it in British society that the black cab has become one of the most iconic symbols of the country and its capital. Here Danny Roth presents the most comprehensive history of the taxi service of Britain complete with in-depth appendices and a wide-ranging, fascinating collection of 250 taxi images. Beginning from the birth of the taxi, four millennia before Christ, through Victorian times to the present day with views on the future, no stone is left unturned in this history of British taxi service. Accessibly written and filled with technical detail, this is a volume no car or taxi enthusiast can do without.*

Rosie Sinclair is just a typical teenage girl -- except that her best friend is an exotic dancer and her beloved grandad is involved in just a bit of crime. When he has the bad luck to get busted on the last job of his career, he turns his cell phone and the keys to his black Mercedes over to Rosie for safekeeping while he's inside. Although Rosie has to cart around her grandad's elderly friends -- the wrinkles -- on their errands, she soon realizes that the Mercedes has its benefits. It helps her land dates with two of the hottest guys in town. Life is looking pretty rosly until the day she gets the first threatening call on her cell phone. A jewelry heist has gone wrong, and every crook in town thinks her grandad has something to do with a diamond ring that's missing. With his safety in jeopardy, Rosie sets out to solve the mystery. But can she find the answers before the icy voice on the other end of the phone finds her?
