Excerpt from *At Home and Abroad: A Sketch-Book of Life, Scenery and Men* It the first place, it runs in the blood. If there is any law I believe in, it is that of the hereditary transmission of traits, qualities, capacities, and passions. My father is a farmer; my grandfather was, and his father before him, and his, and his again, to the seventh ancestor, who came over in one of William Penn's vessels, and immediately set about reducing the superfluous sylvanism of that Apostle's Sylvania. If I could brush away the clouds which hang about this portion of the genealogical tree, I have no doubt but that I should find its trunk striking through cottages or country halls for some centuries further; and that "Roger, (ob. 1614,) the son of Thomas, the son of Roger," who wore the judicial ermine upon his escutcheon, had his favorite country-house in the neighborhood of London. Everything is changing for Becket Branch. From subways to sidewalks to safety rules, Becket is a city kid born and raised. Now the Branch family is trading urban bustle for big green fields and moving to Gran's farm, where Becket has to make sense of new routines from feeding animals to baling hay. And as much as Becket loves to yell "Beautiful Alert!" there's a lot about the countryside that is just plain odd. But Becket is ready to put her own spin on the simple life. Whether selling her mouth-

puckering lemonade, feeding hostile hens, or trying to make a best friend of her new neighbor Frieda Franca, Becket is determined to use her city smarts to get a grip on farm living. Laugh and learn with Becket as she mucks through the messy, exuberant human experience of change she didn't ask for, in a story that sparkles with quirky characters and lasting connections.

For over four decades, John Coykendall's passion has been preserving the farm heritage of a small community in rural southeastern Louisiana. A Tennessee native and longtime master gardener at Blackberry Farm, Coykendall has become a celebrity in a growing movement that places a premium on farm-to-table cuisine with locally sourced, organic, and heirloom foods and flavors. While his work takes him around the world searching for seeds and the cultural knowledge of how to grow them, what inspires him most is his annual pilgrimage to Louisiana. Drawn to the Washington Parish area as a college student, Coykendall forged long-lasting friendships with local farmers and gardeners. Over the decades, he has recorded oral histories, recipes, tall tales, agricultural knowledge, and wisdom from generations past in more than eighty illustrated and handwritten journals. At the same time, he has unearthed and safeguarded rare varieties of food crops once grown in the area, then handed them back to the community. In *Preserving Our Roots: My Journey to Save Seeds and Stories*, Coykendall shares a wealth of materials collected in his journals, ensuring they are passed on to future generations. Organized by season, the book offers a narrative chronicle of Coykendall's visits to Washington Parish since 1973. He highlights staple crops, agricultural practices, and favorite recipes from the families and friends who have hosted him. Accompanied by a rich selection of drawings, journal pages, and photographs—along with over forty recipes—*Preserving Our Roots* chronicles Coykendall's passion for recording foods and narratives that capture the rhythms of daily life on farms, in kitchens, and across generations.

Both serious artists and casual doodlers can use the handsome sketchbooks, now offered in seven colors, four sizes, and with the options of lizard finish or Kivar covers and a sewn or spiral wire-o binding. Many choose the popular large format for sketching outdoors or for toting to art class. Others like to toss the smaller sizes into a purse or backpack. The archival-quality, vellum-finish paper is especially appealing to artists. It will not yellow with time, ensuring the preservation of their drawings, and its smooth surface readily accepts any drawing medium. The spiral-bound version opens flat. All the covers have a leatherlike finish but are actually tough and waterproof.

William Cumming began as a self-taught artist who grew up in Tukwila, a small town outside Seattle. In 1937, at the age of twenty, he met Morris Graves, who was at that time working in Seattle for the Federal Art project of the Works Progress Administration. Through Graves he soon became part of the circle of friends who came to be known as the Northwest School of artists: Mark Tobey, then nearing fifty, the patriarchal leader of the group; Kenneth Callahan and his wife Margaret, a writer and critic who became Cumming's particular mentor; Guy Anderson, Lubin Petric, and others. He has

taught for many years at the Art Institute of Seattle and Cornish College of the Arts. "Bill Cumming is at once an exceptional and successful regional artist and one of the most erudite, perceptive, and entertainingly cantankerous characters in this part of the world. [He] tells what it was like to be an artist in the Great Depression, tells tales out of school about such international luminaries as Mark Tobey and Morris Graves, tells how the Northwest School (of which he was the youngest member) developed, tells about the early success -- and ultimate failure -- of the Communist movement in the Far West, and shows how the political, economic, and cultural events of a half-century affected the life of a region and of its creative minority. Cumming is a natural raconteur, equipped with more literary wit and charm than most professional writers." -- Tom Robbins "Besides being one of the Northwest's best painters, Bill Cumming has certainly had a knack for being, historically speaking, in the right place at the right time. Beyond being good local history, his Sketchbook is a moving, sometimes chillingly perceptive, and certainly fascinating glimpse into the nature of artists themselves." -- Wesley Wehr "Pilgrim Trails: A Plymouth-to-Provincetown Sketchbook" by Frances Lester Warner. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. In this four-eBook bind-up of the Faithgirlz Sadie's Sketchbook series by Naomi Kinsman, readers meet twelve-year-old Sadie Douglas. Sadie is a regular girl struggling with everyday things like friendships, moving, family, and faith ... and relying on that faith to survive. This eBook collection includes: Shades of Truth: It's Going to Be a Bear of a Year Sadie thought she'd have a perfect fresh start when she moved to Owl Creek, Michigan, but finding her place in her new school proves harder than she expected. In this divided town, Sadie's father's job mediating between bear hunters and researchers doesn't help her social life. Sadie's art instructor encourages her to explore her beliefs and express herself through her sketchbook, and things improve after Sadie befriends a kind girl from school and a researcher's son---but she can't stop worrying about the bears. As everything swirls around her, Sadie must learn what it means to have faith when you don't have all the answers. Flickering Hope: Can You Ever Trust the Enemy? Things finally seem to be falling into place for Sadie. Bear season is over, and her relationship with her art teacher is on the mend. Her home life is going better than ever, and even her enemy, Frankie, wants to be friends. But can Frankie be trusted? Ruth and Andrew think she's spying for her father, helping him find a way to capture Sadie's favorite bear. But Sadie suspects something else is going on with Frankie. She must decide who to trust and find out if---and how---her growing faith can get her through. Waves of Light: Where is God when you need him? After struggling to fit into a new town and school, Sadie faces questions about her faith, family, and friendships, questioning all she has come to believe. Sadie's life is spinning out of control. Her friend moved away, her mom remains ill, and her dad wants to leave town. At least the play Sadie is helping produce appears to be going well. After all, she gets to create the sets with her art teacher's help. But even that falls apart when a flash flood destroys her teacher's home and art. How can she trust or even believe in a God who would allow all this? God isn't fair. With everything crumbling and her faith on the edge, Sadie must find strength in the God she's questioning in order to hold on in

the midst of her struggles. Brilliant Hues: Sketching A Whole New Life Won't Be Easy Life comes full circle for Sadie as she heads back to Menlo Park, California. But Sadie finds she no longer fits in, especially when one of her dad's cases thrusts her into the spotlight and puts her in danger. She turns to her faith, but the youth group just isn't the same, and Sadie has a lot to think about when she hears what some kids believe. She returns to Owl Creek for a reprieve, but everything feels different. She just wants things to go back the way they used to be. Will her faith be strong enough to get her through?
