

## Blood Debts A Nate Temple Supernatural Thriller Book 2 The Temple Chronicles

Nate Temple must die.Mordred-the bastard son of King Arthur-has returned, and he will stop at nothing to utterly destroy everything his father ever created-burning the Arthurian Legend from the history books for good.He's already defeated Nate Temple once, corrupting the fabled Knights of the Round Table into darker, nigh-invincible, merciless, killing machines-Kr more than a pile of fiery rubble, Mordred plans to conquer St. Louis-after slaughtering Nate and everyone he's ever cared about, of course.But a vengeful god is also hunting Nate, and starts attacking his friends to draw him out. When one of Nate's best friends is gravely wounded, Nate is forced to make an impossible choice-save his city from Mordred or save his enough daddy issues to grant a first-year psychologist a second-year retirement. But Nate's not that stable either, and if he can't get a grip on his own demons, his victory might very well be worse than anything either of his enemies ever could have imagined.The only option left is to shatter all the rules, opening himself up to deadly powers better left untouched and whisper of a hope.Then again, if we don't have hope, we've already lost.So, it's time for Nate Temple to roll the dice.Because in this game, even Hope can die...

To become a godkiller you have to awaken the monster inside you Almost a year has passed since Nate's ex-fiancée woke up a Greek god intent on world domination and war. The problem? He doesn't know which god. And the promised war hasn't started yet.With the Four Horsemen refusing to help, and an army of monsters living on his lawn, Nate resorts to the Greek Heroes in hopes of jump-starting the war.But then he receives an ominous invitation that he literally cannot refuse. A dark, deadly place where nightmares roam free demands an audience. The Land of the Fae.He must forget every story he's heard about the Fae. They're nothing like he imagined, nothing like he's been told, But to kill a God, he must first become The greatest trick the First Vampire ever pulled was convincing the world that he didn't exist.Before the now-infamous Count Dracula ever tasted his first drop of blood, Sorin Ambrogio owned the night...and now he's back.Fleeing Europe and starting a new chapter in his diary of death--one not written in blood--Sorin finds new meaning to his life when he is adopted American Colonies.A wife and a miracle child give this monster a new beginning.Until his vampiric past comes back to haunt him, to eradicate him, to burn his name from their histories and to murder anyone who ever met him--especially his family.Wounded and on the brink of death, Sorin vows to avenge the fallen if the tribe's Medicine Man--the only other survivor to sleep was only supposed to be brief--days or weeks.But Sorin is awoken centuries later by a fledgling Shaman named Nosh--a descendant of the very Medicine Man who first put Sorin to sleep centuries before--who will risk anything to avenge his own murdered tribe from the vampires and other monsters now openly walking the streets of present-day Manhattan changed from the virginal American Colonies he had come to call home.When humanity's only savior is the first man-made devil, the streets of New York City will flow with rivers of blood.

Praise for How Learning Works "How Learning Works is the perfect title for this excellent book. Drawing upon new research in psychology, education, and cognitive science, the authors have demystified a complex topic into clear explanations of seven powerful learning principles. Full of great ideas and practical suggestions, all based on solid research evidence, this book offers levels who wish to improve their students' learning." —Barbara Gross Davis, assistant vice chancellor for educational development, University of California, Berkeley, and author, Tools for Teaching "This book is a must-read for every instructor, new or experienced. Although I have been teaching for almost thirty years, as I read this book I found myself resonating with the authors' ways of thinking about teaching." —Eugenia T. Paulus, professor of chemistry, North Hennepin Community College, and 2008 U.S. Community Colleges Professor of the Year from The Carnegie Foundation for the Advancement of Teaching and the Council for Advancement and Support of Education "Thank you Carnegie Mellon for making accessible what has previously been inaccessible to those of us not learning scientists. Your focus on the essence of learning combined with concrete examples of the daily challenges of teaching and clear tactical strategies for faculty to consider is a welcome work. I will recommend this book to all my colleagues." —Catherine M. Casserly, senior partner, The Carnegie Foundation for the Advancement of Teaching "As you read a book in this book, you will find advice that is grounded in learning theory, based on research evidence, relevant to college teaching, and easy to understand. The authors have extensive knowledge and experience in applying the science of learning to college teaching, and they graciously share it with you in this organized and readable book." —From the Foreword by Richard M. Gage, University of California, Santa Barbara; coauthor, e-Learning and the Science of Instruction; and author, Multimedia Learning and Design

Carnage

A Novel in The Nate Temple Supernatural Thriller Series

Proverbial Philosophy

***The first three novels and the prequel novella in the million-selling Nate Temple Series: Obsidian Son, Blood Debts, Grimm, and Fairy Tale.My name is Nate Temple, and I'm secretly a wizard.I ride a foul-mouthed unicorn, I drink with Achilles, and I'm pals with the Four Horsemen. I've even cow-tipped the Minotaur. I understand the theory of following the rules¿I'm just not very good at the application.Because rules were meant to be broken, and St. Louis has a bit of a supernatural infestation these days. Someone should probably be keeping an eye on these things-and probably an eye on me, too. Before I blow up another building¿or three.***

***The Brothers Grimm - legendary supernatural assassins - have escaped their prison, and their first day in St. Louis could be Nate Temple's last... Sharing a beer with Death - one of the Four Horsemen of the Apocalypse - really put a few things into perspective for this foul-mouthed, billionaire wizard. Like finally strapping on the boots to propose to his girlfriend. But assassination contracts have a way of putting wedding plans on hold. Perhaps permanently. And with the entire wedding party on the bloodthirsty Grimm's hit-list, and his family fortune in jeopardy, Nate realizes they can't run and they can't hide. So, time to do magic and stuff... But with every flavor of supernatural thug teaming up to help the Grimms, Nate realizes that friends have become enemies and enemies have become friends, and he's forced to cross lines that are better left uncrossed. When magic, claws, and teeth dance to the song of war, the only thing left to learn is who lives and who dies. And if Nate can live with the consequences. No wonder a guy is terrified to propose... If you like Jim Butcher, Kevin Hearne, or Patrick Rothfuss, you will LOVE the fourth installment of The Nate Temple Supernatural Thriller series.***

***My resume is pretty full: I've cow-tipped the Minotaur, decimated a gang of weredragons, sucker-punched an Angel, and eaten pancakes with the Four Horsemen of the Apocalypse... I've kidnapped one of the most powerful wizards on the planet, and slaughtered the Brothers Grimm. I'm kind of a big deal. But I never thought I'd find myself at a crossroads, a pawn in a deadly game that I hadn't known existed, willing to sell my soul to save the life of someone I loved... That's when I learned true fear, because the world I thought I knew was all just smoke and mirrors, and I was just a puppy playing amongst wolves... If you like Jim Butcher, Kevin Hearne, or Patrick Rothfuss, you will LOVE the fifth installment of The Amazon Bestselling Nate Temple Supernatural Thriller series.***

***Its mysterious symbols and rituals had been used in secret for centuries before Freemasonry revealed itself in 1717. But where had this powerful organization come from and why had Freemasonry been attacked by the Roman Catholic Church? Robinson answers those questions and more.***

*The Book of the Courtier*

*When Scotland Was Jewish*

*Born in Blood*

*Halo Breaker*

*Alabama Communists during the Great Depression*

*The Army Medical Department, 1775-1818*

**The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.**

**Meet Callie Penrose. Is she Heaven's Devil or Hell's Angel?**

**Callie Penrose - a wizard with a splash of Angel's blood flowing through her veins - kind of broke the Vatican and their band of Holy-warrior, wizard-priests, the Shepherds. Officially, the report stated Callie forgot to turn the other cheek, and things escalated ... She returns home to Kansas City to find new gangs of supernaturals roving the streets, preying on the innocent while the local factions do nothing. Although not unified, everyone seems to agree on one point ... Callie Penrose must die. And she's still hearing those strange Whispers in her mind - much more frequently than before, and not nearly as ... forgiving. But when an epic betrayal blindsides her and she discovers the truth of her birth - why Heaven and Hell have been so interested in her - Callie's world begins to crumble, and she must decide whether she wants to be a good girl ... Or if it's time to be a little naughty. No matter how hard you try, you can't make an Angel cry ... They just roar.**

**Expounding upon, 'The Republic, ' the earlier work of his teacher Plato, Aristotle in 'Politics' examines the various options for governance and their respective values. A detailed and pragmatic approach to the subject, Aristotle's 'Politics' provides much of the foundation for modern political thought**

**The Lost Secrets of Freemasonry**

**Unchained**

**Nate Temple Series Book 14**

**Knightmare**

**War Hammer**

**The History of Money**

**Those Wonderful Toys**

Gwen Cooper never imagined she would return to the Otherworld. But when her Breenan friend Bran grows ill, she must pass through a portal once again to take him home. Gwen ' s actions three months earlier have left the Otherworld failing and her mother dying. Driven by guilt, Gwen must travel through dangerous Breenan territory on a quest for a spell to restore the realm and heal her mother. She encounters terrifying obstacles and a ruthless Breenan king who puts a countdown on Gwen ' s life. Can she unite her two worlds to restore the realm before she is lost in the Otherworld forever?

Blood Debts

Callie Penrose has taken over Castle Dracula all for herself, finally feeling like she has time to take a breath and relax.Until she learns that her new real estate acquisition comes with a few unsavory job perks, Nate Temple has been abducted, and Darling and Dear-the mysterious Armorers of the Apocalypse-have been hiding much more than even she suspected.Callie learns that the only way she's going to get some answers and find Nate Temple before it's too late is to round up the other Horsemen and put on her own Mask of Despair...and scare the living hell out of absolutely everyone.

A groundbreaking contribution to the history of the "long Civil Rights movement," Hammer and Hoe tells the story of how, during the 1930s and 40s, Communists took on Alabama's repressive, racist police state to fight for economic justice, civil and political rights, and racial equality. The Alabama Communist Party was made up of working people without a Euro-American radical political tradition: devoutly religious and semiliterate black laborers and sharecroppers, and a handful of whites, including unemployed industrial workers, housewives, youth, and renegade liberals. In this book, Robin D. G. Kelley reveals how the experiences and identities of these people from Alabama's farms, factories, mines, kitchens, and city streets shaped the Party's tactics and unique political culture. The result was a remarkably resilient movement forged in a racist world that had little tolerance for radicals. After discussing the book's origins and impact in a new preface written for this twenty-fifth-anniversary edition, Kelley reflects on what a militantly antiracist, radical movement in the heart of Dixie might teach contemporary social movements confronting rampant inequality, police violence, mass incarceration, and neoliberalism.

Something Borrowed

Grimm

"If you're interested in the revolutionary transformation of the meaning and use of money, this is the book to read!"—Charles R. Schwab Cultural anthropologist Jack Weatherford traces our relationship with money, from primitive man's cowrie shells to the electronic cash card, from the markets of Timbuktu to the New York Stock Exchange. The History of Money explores how money and the myriad forms of exchange have affected humanity, and how they will continue to shape all aspects of our lives—economic, political, and personal. "A fascinating book about the force that makes the world go round—the dollars, pounds, francs, marks, bahts, ringits, kwansas, levs, biplwelles, yuans, quetzales, pa'angas, ngultrums, ouguiyas, and other 200-odd brand names that collectively make up the mysterious thing we call money."—Los Angeles Times

The White Rose marches for war. The angels will weep, the devils will cry, and mankind may die.Callie Penrose wields the Spear of Destiny and wears Envy's Halo-the corrupting power of darkness balanced by the legendary blade of light. Both fight for dominance of the White Rose, but which force will win? Her best friend, Claire, has been abducted or killed, and her only surviving family has been ritually murdered to hide the truth of the Divines and the Sev'n Most Sinistr.Heaven has deemed her a criminal and Hell begs her to be their queen or die.The Vatican is preparing to march on the City of Fountains to defend mankind against the horrors of the White Rose, the new Master Dracula, once and for all.The answers to her past-and mankind's future-are hidden deep within Solomon's Temple, locked away for very good reason. Callie will have to face some dark, painful truths to bring harmony to a world gone mad. To discover why Heaven and Hell are so eager to bring her under their control.But the Horsewoman of Despair is not alone. The Horseman of Justice and Absolution ride to Kansas City to lay waste to her foes. Three of the Dread Four will march against the forces of Heaven, Hell, and the Vatican.And Kansas City is not the only battleground. The Garden of Eden is in grave peril, and no one knows if Callie is the danger or if she's the savior.After all, how good can Master Dracula be? The Halo Breaker rides a path as thin as the edge of a sword, and even she doesn't know what is right or wrong.But that's what family is about. Getting into-and out of-trouble.Let's just hope the city can survive. Let us pray that the Garden of Eden will thrive.The flip of a coin will decide the fate of the world.

"A wonderful introduction the Japanese tradition of jisei, this volume is crammed with exquisite, spontaneous verse and pithy, often hilarious, descriptions of the eccentric and committed monastics who wrote the poems." —Tricycle: The Buddhist Review Although the consciousness of death is, in most cultures, very much a part of life, this is perhaps nowhere more true than in Japan, where the approach of death has given rise to a centuries-old tradition of writing jisei, or the "death poem." Such a poem is often written in the very last moments of the poet's life. Hundreds of Japanese death poems, many with a commentary describing the circumstances of the poet's death, have been translated into English here, the vast majority of them for the first time. Yoel Hoffmann explores the attitudes and customs surrounding death in historical and present-day Japan and gives examples of how these have been reflected in the nation's literature in general. The development of writing jisei is then examined—from the longing poems of the early nobility and the more "masculine" verses of the samurai to the satirical death poems of later centuries. Zen Buddhist ideas about death are also described as a preface to the collection of Chinese death poems by Zen monks that are also included. Finally, the last section contains three hundred twenty haiku, some of which have never been assembled before, in English translation and romanized in Japanese.

Appendices include laws and legislation concerning the Army Medical Department. Maps include those of territories and frontiers and Continental Army hospital locations. Illustrations are chiefly portraits.

*It's Mardi Gras in St. Louis, but Nate Temple - plagued with horrifying night terrors of carnage and chaos that could qualify him as a card carrying psychopathic insomniac - is not celebrating. Instead, he's been using those sleepless nights to try and get a grip on his sudden boost in magical power, the power that surged inside him following his parents' murder - the power that abruptly made him the strongest wizard for hundreds of miles. And that jump in power has only created a glaring void of jealousy in his wizard brethren, painting a nice fat target on his back. Still, desperate for answers regarding his parents' murder - and the mysterious Pandora Protocol project they had gifted him - he finds himself risking everything to dish out vengeance against the monster that destroyed his family. But will he succeed when the ruling body of wizards strips him of his powers, his allies desert him, the city itself fights to shut him and his billion dollar company down, and the heaviest of the Biblical big hitters threaten him to cease and desist his investigation before his Blood Debt ignites Armageddon? Nate soon realizes that he's in the fog of war against a foe that has been playing chess while Nate has been playing checkers, and every supernatural nation is fighting to get their grubby claws on the mysterious Pandora Protocol. Backed against a wall, it's time for Nate Temple to realize who he is without his magic, his allies, or his money. And at the end of that road, only Death is waiting to greet him...*

*Matsutake is the most valuable mushroom in the world—and a weed that grows in human-disturbed forests across the northern hemisphere. Through its ability to nurture trees, matsutake helps forests to grow in daunting places. It is also an edible delicacy in Japan, where it sometimes commands astronomical prices. In all its contradictions, matsutake offers insights into areas far beyond just mushrooms and addresses a crucial question: what manages to live in*

*the ruins we have made? A tale of diversity within our damaged landscapes, The Mushroom at the End of the World follows one of the strangest commodity chains of our times to explore the unexpected corners of capitalism. Here, we witness the varied and peculiar worlds of matsutake commerce: the worlds of Japanese gourmets, capitalist traders, Hmong jungle fighters, industrial forests, Yi Chinese goat herders, Finnish nature guides, and more. These companions also lead us into fungal ecologies and forest histories to better understand the promise of cohabitation in a time of massive human destruction. By investigating one of the world's most sought-after fungi, The Mushroom at the End of the World presents an original examination into the relation between capitalist destruction and collaborative survival within multispecies landscapes, the prerequisite for continuing life on earth.*

*The Mushroom at the End of the World*

*Feathers and Fire Book 8*

*DNA Evidence, Archeology, Analysis of Migrations, and Public and Family Records Show Twelfth Century Semitic Roots*

*Feathers and Fire Book 4*

*A Primitive Rite and Its Bearing on Scripture*

*A TempleVerse Anthology Book 1*

**Nate Temple has been abducted by Zeus and is thrown into the middle of an Olympian family feud that could very well kick off the Omega War all by itself.He will need every ally and every tool at his disposal to have a chance at surviving. The only problem is that none of those allies have any idea where he is, but they're scouring the world to find him. Before it's too late.**

**"A city that doesn't believe in magic. A weredragon invasion. Good thing this reckless playboy is a wizard... It's been said that monsters cry when a good man goes to war. But they should run screaming like terrified school girls when that man is a wizard, and not necessarily good..."--Author's website.**

**The Reverend Clarence Larkin was one of the most widely influential thinkers on end-times prophecies of the early twentieth century, and his writings remain vital to appreciating the apocalyptic Christian thought that today enjoys widespread popularity. This 1919 book serves as a study guide for the Book of Revelation, the Bible's prophetic final chapter. Larkin explains the concepts of the Beast and the False Prophet, the Seven Seals and the Seven Trumpets, and the importance of the Book of Daniel in understanding the Rapture. Charts and illustrations depict the "Pale Horse Rider," "Daniel's Four Wild Beasts," "Egyptian Plagues Compared," and more. Also available from Cosimo Classics: Larkin's The Spirit World, Rightly Dividing the Word, and The Second Coming of Christ. American Baptist pastor and author CLARENCE LARKIN (1850–1924) was born in Pennsylvania, and later set up his ministry there. He wrote extensively and popularly on a wide range of Biblical and theological matters.**

**A Wizard, an Angel, and a Horseman of the Apocalypse walk into a bar... The ancient pact between mankind, Heaven, and Hell has been broken. And this upstart wizard's quest for vengeance may have just kicked off Armageddon. So, time for a drink... or maybe two. Already plagued with sinister night terrors that could qualify him as a card-carrying psychopathic insomniac, Nate can barely even manage to put his pants on in the morning, let alone pick teams for the Apocalypse. But when he's framed as a demon sympathizer, condemned by the Armies of Heaven, and hunted down by both his allies and the Four Horsemen, this wizard doesn't think it can get any worse... Then they take away his magic. And a wizard without magic stands no chance against the forces of Heaven and Hell... If you like Jim Butcher, Kevin Hearne, or Patrick Rothfuss, you will LOVE the second installment of The Nate Temple Supernatural Thriller series.**

**Doctors**

**No Future**

Economic history states that money replaced a bartering system, yet there isn't any evidence to support this axiom. Anthropologist Graeber presents a stunning reversal of this conventional wisdom. For more than 5000 years, humans have used elaborate credit systems to buy and sell goods. Since the beginning of the agrarian empires, humans have been divided into two groups: those who work the land and those who manage the credit. Money was replaced by gold and the system as a whole went into decline. This fascinating history is told for the first time.

"Para-investigators resolve mysteries and crimes using paranormal abilities. They can be professional ghost-hunters, psychics, cryptid-creature stalkers or just ordinary people who find themselves in a paranormal mystery. Para-investigators are men, women--even children involved in the search for truth. They can be official law-enforcement or just civilian truth-seekers with supernatural abilities to protect and serve a society that does not yet accept their existence. Para-investigators are "over-crossers" who enter realms beyond our physical world. These are their true stories in their own words. Yet, to understand them, we must delve into how para-investigation is possible. It is vital to grasp what true investigation means, what real investigation is, and how it differs from our material world. At times, they do so without conscious knowledge that they crossed over and often without even knowing that they have these supernatural abilities."--Back cover.

Something Borrowed Emily Giffin The smash-hit debut novel for every woman who has ever had a complicated love-hate friendship. Rachel White is the consummate good girl. A hard-working attorney at a large Manhattan law firm and a diligent maid of honor to her charmed best friend Darcy, Rachel has always played by all the rules. Since grade school, she has watched her lopsided friendship. But that suddenly changes the night of her thirtieth birthday when Rachel finally confesses her feelings to Darcy's fiancé, and is both horrified and thrilled to discover that he feels the same way. As the wedding date draws near, events spiral out of control, and Rachel knows she must make a choice between her heart and conscience. In so doing, she discovers that love can be messy, endings aren't always neat, and sometimes you have to risk everything to be true to yourself.

The Black Panther Party represents Black Panther Party coordinated responses over the last four decades to the failure of city, state, and federal bureaucrats to address the basic needs of their respective communities. The Party pioneered free social service programs that are now in the mainstream of American life. The Party's Sickle Cell Anemia Research Program was among the nation's first such testing programs. Its Free Breakfast Program served as a model for national programs. Other initiatives included free clinics, grocery giveaways, school and education programs, senior programs, and legal aid programs. Published here for the first time in book form, The Black Panther Party makes the case that the programs' methods were a response to social injustices and economic problems of today's American cities and suburbs.

Silver Tongue

Seven Research-Based Principles for Smart Teaching

The 9/11 Commission Report

*From the author of How We Die, the extraordinary story of the development of modern medicine, told through the lives of the physician-scientists who paved the way. How does medical science advance? Popular historians would have us believe that a few heroic individuals, possessing superhuman talents, lead an unselfish quest to better the human condition. But as renowned Yale surgeon and medical historian Sherwin B. Nuland shows in this brilliant collection of linked life portraits, the theory bears little resemblance to the truth. Through the centuries, the men and women who have shaped the world of medicine have been not only very human, but also very much the products of their own times and places. Presenting compelling studies of great medical innovators and pioneers, Doctors gives us a fascinating history of modern medicine. Ranging from the legendary Father of Medicine, Hippocrates, to Andreas Vesalius, whose Renaissance masterwork on anatomy offered invaluable new insight into the human body, to Helen Taussig, founder of pediatric cardiology and co-inventor of the original "blue baby" operation, here is a volume filled with the spirit of ideas and the thrill of discovery.*

*In this searing polemic, Lee Edelman outlines a radically uncompromising new ethics of queer theory. His main target is the all-pervasive figure of the child, which he reads as the linchpin of our universal politics of "reproductive futurism." Edelman argues that the child, understood as innocence in need of protection, represents the possibility of the future against which the queer is positioned as the embodiment of a relentlessly narcissistic, antisocial, and future-negating drive. He boldly insists that the efficacy of queerness lies in its very willingness to embrace this refusal of the social and political order. In No Future, Edelman urges queers to abandon the stance of accommodation and accede to their status as figures for the force of a negativity that he links with irony, jouissance, and, ultimately, the death drive itself. Closely engaging with literary texts, Edelman makes a compelling case for imagining Scrooge without Tiny Tim and Silas Marner without little Eppie. Looking to Alfred Hitchcock's films, he embraces two of the director's most notorious creations: the sadistic Leonard of North by Northwest, who steps on the hand that holds the couple precariously above the abyss, and the terrifying title figures of The Birds, with their predilection for children. Edelman enlarges the reach of contemporary psychoanalytic theory as he brings it to bear not only on works of literature and film but also on such current political flashpoints as gay marriage and gay parenting. Throwing down the theoretical gauntlet, No Future reimagines queerness with a passion certain to spark an equally impassioned debate among its readers.*

*The Godkiller will rise. Despite his recent victories, Nate Temple's problems are only just beginning. Although it had been necessary, killing the most infamous of the Norse gods has consequences, and no one knows petty vengeance like the Aesir. Especially with Odin's legendary spear mysteriously missing. But Nate has more important things to worry about than a pantheon of angry gods. Because the God of Mischief has been freed from his imprisonment, and so has his monstrosity of a son-a creature prophesied to play a major role in Ragnarok. With Loki's masterful abilities at illusion and deception, any of Nate's acquaintances could be Loki in disguise, so he's forced to play things close to the chest, retreating away from those he trusts the most. But with gangs of expert assassins relentlessly hunting Nate for the largest contract fee ever known, the police and FBI starting to take a closer look at Nate Temple and his alleged crimes, his best friend's kids born with bizarre abilities, and his new Horsemen desperately needing their leader to begin training them for the Omega War... Now is a terrible time to be alone. And an even worse time for his people to be without their leader. Especially when Nate knows his old enemies were actually just the henchmen and that the real masters are still lurking in the shadows-likely even posing as his allies. The blades of betrayal strike swifter than the first kiss of new love, and the fate of the world is riding on one man's shoulders... The Catalyst walks the world. And no one seems to know exactly what that really means. Except that it's going to change the future of existence for everyone. For better or for worse. Because Nate Temple has changed the rules-the most hated, feared, and respected beings in human history are no longer safe in St. Louis. Even gods can die... If you like Jim Butcher, Sarah J. Maas, Kevin Hearne, Steve McHugh, Michael Anderle, Ilona Andrews, Patricia Briggs, Shannon Mayer, or K.F. Breene, you won't be able to put down the highly addictive Nate Temple Series. "Shayne Silvers, Jim Butcher, and Kevin Hearne are easily my favorite Urban Fantasy Authors. In that order." - Michael Anderle, Amazon Top 25 Bestselling Author More than 1m copies downloaded and thousands of five-star reviews. Available in digital, print, and audiobook formats.
