

## *Blood Moons Timeline Meaning From The Bible*

If you were forewarned of an impending disaster, what would you do? Take heed to this invitation to run to the safety of God's arms.

Alphabetically arranged entries cover the history of astrology from ancient Mesopotamia to the 21st century. In addition to surveying the Western tradition, the book explores Islamic, Indian, East Asian, and Mesoamerican astrology. •

Provides alphabetically arranged reference entries that delineate the historical and cultural significance of astrology from ancient Mesopotamia to the present • Directs direct users to additional sources of information via entry bibliographies • Offers sidebars offer additional facts from primary source documents •

Incorporates a timeline to help readers to place astrological developments in chronological context • Features an introductory essay for a narrative overview of the history of astrology, priming readers on its cultural relevance

Has the final countdown to the end days begun? Are the heavens telling us we are nearing the end? Astronomers have noticed it is coming. Historians have noted its significance. In 2014 and 2015, there will be a phenomenon in the skies of four blood moons falling during Jewish feasts. This has only happened three times in recorded history: 1493-94, 1949-50 and 1967-68. Each time these dates have had extraordinary significance for the Israelites. From the discovery of the New World to the creation of modern-day Israel, these years of the four blood moons have truly been turning points in history. Bible prophecy describes the moon being darkened and turned to blood. What is the significance of these signs in the skies? What will the future bring? Prophecy expert Mark Hitchcock guides you through the relevant Bible passages so you can understand the times in which you live.

**A NEW YORK TIMES BESTSELLER An Indie Bestseller! An Indie Next Pick! The blockbuster co-writing debut of Amanda Foody and Christine Lynn Herman, *All of Us Villains* begins a dark tale of ambition and magick... You Fell in Love with the Victors of the Hunger Games. Now Prepare to Meet the Villains of the Blood Veil. The Blood Moon rises. The Blood Veil falls. The Tournament begins. Every generation, at the coming of the Blood Moon, seven families in the remote city of Ilvernath each name a champion to compete in a tournament to the death. The prize? Exclusive control over a secret wellspring of high magick, the most powerful resource in the world—one thought long depleted. But this year a scandalous tell-all book has exposed the tournament and thrust the seven new champions into the worldwide spotlight. The book also granted them valuable information previous champions never had—insight into the other families' strategies, secrets, and weaknesses. And most important, it gave them a choice: accept their fate or rewrite their legacy. Either way, this is a story that must be penned in blood. The *All of Us Villains* Duology: #1) *All of Us Villains* #2) *All of Our Demise* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.**

How does the apocalypse actually begin? What will cause the creator of the universe to intervene in the affairs of humanity, affecting mankind globally, decisively, and unmistakably? For the

secular world today, the possibility of divine intervention is either ignored or mocked, yet the book of Revelation predicts that a global cataclysm will occur. Red moon rising offers a challenge both to prophecy skeptics outside the church and to prophecy scholars within the church with its systematic and sensible chronological model of prophetic events, from the birth pangs of the apocalypse, to the brief triumph of the antichrist, to the final destruction of the beast's kingdom and the second coming of Jesus Christ.

As darkness fell across the globe on April 15, 2014, millions of people around the world turned their eyes toward the darkening night sky, anxious to see a Blood Moon fill the heavens. But this was no ordinary Blood Moon. The Blood Moon appeared on the Feast of Passover, and was just the beginning of a rare astronomical event in history ? the tetrad. According to NASA, the next Blood Moon in the tetrad will appear on October 8, 2014, during the Feast of Tabernacles. What does this mean, and why is this significant? Why does the Blood Moon look so red? Why are the Blood Moons mentioned in the Bible as a sign of the end times? Has this ever happened before, and will it happen again? Understanding the Blood Moons will answer these questions and more, and will help you to discover the historical and biblical significance of this unfolding event. This easy-to-understand presentation of the Blood Moon tetrad phenomenon will bring new insight as you explore this mystery of the heavens and its relevance to the times in which we live.

As sales of Hagee's current New York Times bestseller, *Four Blood Moons*, continue to soar, hundreds of thousands of readers have had their thirst whetted to know what is to come at the end of this world . . . heaven itself! Hagee's national media power assures another mega-bestseller.

A pastor argues that God uses certain celestial signs to communicate the coming of major events and explains what has been foretold. Original.

The Story of Eclipses

Goodnight Moon

A surprising look at the role of menopause in human history—and why we should change the ways we think about it Are the ways we look at menopause all wrong? Susan Mattern says yes and, in *The Slow Moon Climbs*, reveals just how wrong we have been. From the rainforests of Paraguay to the streets of Tokyo, Mattern draws on historical, scientific, and cultural research to show how perceptions of menopause developed from prehistory to today. For most of human history, people had no word for menopause and did not view it as a medical condition. Rather, in traditional foraging and agrarian societies, it was a transition to another important life stage. Introducing new ways of understanding life beyond fertility, Mattern examines the fascinating “ Grandmother Hypothesis, ” looks at agricultural communities where households relied on postreproductive women for the family ’ s survival, and explores the emergence of menopause as a medical condition in the Western world. *The Slow Moon Climbs* casts menopause in the positive light it deserves—as an essential juncture and a key factor in human flourishing.

Vast legions of gods, mages, humans, dragons and all manner of creatures play out the fate of the Malazan Empire in this first book in a major epic fantasy series. The Malazan Empire simmers with discontent, bled dry by interminable warfare, bitter infighting and bloody confrontations with the formidable Anomander Rake and his Tiste Andii, ancient and implacable sorcerers. Even the imperial legions, long inured to the bloodshed, yearn for some respite. Yet Empress Laseen's rule remains absolute, enforced by her dread Claw assassins. For Sergeant Whiskeyjack and his squad of Bridgeburners, and for Tattersail, surviving cadre mage of the Second Legion, the aftermath of the siege of Pale should have been a time to mourn the many dead. But Darujhistan, last of the Free Cities of Genabackis, yet holds out. It is to this ancient citadel that Laseen turns her predatory gaze. However, it would appear that the Empire is not alone in this great game. Sinister, shadowbound forces are gathering as the gods themselves prepare to play their hand... Conceived and written on a panoramic scale, *Gardens of the Moon* is epic fantasy of the highest order--an enthralling adventure by an outstanding new voice. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Are the blood moons of 2014-2015 portents of pending calamitous events in the Middle East? Are they true harbingers of doomsday? Is the apocalypse foretold in the books of Daniel and Revelation coming to pass in our lifetime? Just how important is belief in the return of Jesus Christ to the Christian faith? Does Bible Prophecy have any relevance to the way Christians live their lives in the twenty-first century? What did Jesus mean by the coming of the Kingdom of God? Are there authentic heavenly signs of the apocalypse that can tell us when the end of the age is? S. Douglas Woodward, best-selling author of seven books on eschatology, theology, and the religious history of America brings his acute analytical skill and decades of biblical study to the hot topic of the 'blood moon' prophecies. His effort brings a mature, seasoned perspective to this subject and as such, delivers an enduring classic on eschatology destined to be a cherished inspirational resource and vital prophetic reference for many years to come. In *Blood Moon: Biblical Signs of the Apocalypse*, Woodward examines the Blood Moon Prophecy as articulated by Mark Biltz and John Hagee. He also evaluates the criticisms of Mark Hitchcock and Chris White. Woodward finds a middle ground, identifying why the Blood Moon Prophecy is likely to be authentic, but cautions against accepting its validity without the test of time. Woodward points out many reasons to find cause for belief and many reasons that it legitimately could be questioned. Woodward evaluates the nature of biblical signs by studying the phrase signs and wonders as used in both the Old Testament (Hebrew and Aramaic) and in the New Testament (Greek). He also evaluates the issues of whether biblical signs of the apocalypse must all be supernatural--showing why many may be 'natural' in terms of astronomical events that are unusual but not paranormal acts of God. The heart of the book, however, is an apologetic for why the study and adherence to the Kingdom of God (and the apocalypse it implies)

is mandated by the words of Jesus Christ. His followers MUST keep watch--always. He finds surprising corroboration in modern liberal theology and disconcerting denials in evangelicalism. Woodward professes belief in the Pre-Tribulation Rapture of the Church. In Blood Moon, he argues forcefully for this interpretation of the Second Coming of Jesus Christ, yet shows respect for alternative views not in agreement with his. Likewise, Woodward affirms faith in what is known as the 'Ruin and Restoration' Theory for God's creation (aka The Gap Theory). Readers will find substantial evidence for this point of view from an analysis of 2 Peter's statement concerning 'scoffers' in the last days and why Peter used this perspective to strengthen the argument for the apocalypse and the coming of Christ to establish His Kingdom here on earth. Blood Moon is a consummate prophecy book--perhaps the most well-written argument for the importance of biblical prophecy to the Christian faith that has been written in the past several decades. After reading this book, those fascinated by eschatology will understand exactly why their preoccupation with prophetic subjects is perfectly in line with the admonitions of the gospel. Of all the books on the blood moon prophecy, Woodward's will be the most memorable and influential over the long term. It is a must read for all students of eschatology. Like his other books, readers will want to return to it again and again, not because it is hard to follow, but because it is jam packed with so much information.

In this classic of children's literature, beloved by generations of readers and listeners, the quiet poetry of the words and the gentle, lulling illustrations combine to make a perfect book for the end of the day. In a great green room, tucked away in bed, is a little bunny. "Goodnight room, goodnight moon." And to all the familiar things in the softly lit room—to the picture of the three little bears sitting on chairs, to the clocks and his socks, to the mittens and the kittens, to everything one by one—the little bunny says goodnight. One of the most beloved books of all time, Goodnight Moon is a must for every bookshelf and a time-honored gift for baby showers and other special events.

The Mystery of the Shemitah Updated Edition

Blood Moon - Biblical Signs of the Coming Apocalypse

Blood Moon

Charting the Course of Change

Red Moon Rising

"...There will be signs in the sun, in the moon, and in the stars...Now when these things begin to happen, look up and lift up your heads, because your redemption draws near." Luke 21:25a, 28 It is rare that Scripture, science, and history align with each other, yet the last three series of Four Blood Moons have done exactly that. Are these the "signs" that God refers to in His Word? If they are, what do they mean? What is their prophetic significance?

When penniless businessman Mr Bedford retreats to the Kent coast to write a play, he meets by chance the brilliant Dr Cavor, an absent-minded scientist on the brink of developing a material that blocks gravity. Cavor soon succeeds in his experiments, only to tell a stunned Bedford the invention makes possible one of the oldest dreams of humanity: a journey to the moon. With Bedford motivated by

money, and Cavor by the desire for knowledge, the two embark on the expedition. But neither are prepared for what they find - a world of freezing nights, boiling days and sinister alien life, on which they may be trapped forever.

In *Black Sun, Blood Moon*, author Doug Woodward provides provocative and fresh insights in many other areas of unfolding prophecy:

- The world's fascination with the year 2012 and its link to the apocalypse of the Bible.
- Forecasts for natural disasters, solar storms, hurricanes, tsunamis, and cataclysmic earthquakes such as hit Japan in March, 2011.
- The possibility that Christians can escape the massive cataclysms determined for the period of time the Bible calls, The Great Tribulation: - Comets that threaten to strike earth with deadly force; - Cauldrons like Yellowstone Park which could explode, sending mountains of volcanic ash into the atmosphere, and - Plagues unleashed through bio-terrorism or genetic tampering.
- Date-setting efforts attempting to predict the timing of these events.
- What the Bible teaches about the nature of the world's creation and its implications for the new world to come.
- How doomsday speaks to humanity's quest for meaning.
- The biblical depictions of the world AFTER Armageddon.
- The nature of immortality and the Bible's teaching regarding the afterlife.
- And much more.

To be perfectly clear: Woodward's book isn't a litany of gloomy facts. At the core of almost every topic is a premise of hope, both for today and the future. That's why readers will not only learn a great number of new things on the topics Woodward tackles (the reading light will burn late into the night), they will be encouraged for having done so. Indeed, the structure of the book lends itself to contemplative consideration of the material and even small group discussion. It is a most unusual volume.

From New York Times bestselling author and astronaut Chris Hadfield comes this exceptional thriller and "exciting journey" into the dark heart of the Cold War and the space race (Andy Weir, author of *The Martian* and *Project Hail Mary*). 1973: a final, top-secret mission to the Moon. Three astronauts in a tiny spaceship, a quarter million miles from home. A quarter million miles from help. NASA is about to launch Apollo 18. While the mission has been billed as a scientific one, flight controller Kazimieras "Kaz" Zemeckis knows there is a darker objective. Intelligence has discovered a secret Soviet space station spying on America, and Apollo 18 may be the only chance to stop it. But even as Kaz races to keep the NASA crew one step ahead of their Russian rivals, a deadly accident reveals that not everyone involved is quite who they were thought to be. With political stakes stretched to the breaking point, the White House and the Kremlin can only watch as their astronauts collide on the lunar surface, far beyond the reach of law or rescue. Full of the fascinating technical detail that fans of *The Martian* loved, and reminiscent of the thrilling claustrophobia, twists, and tension of *The Hunt for Red October*, *The Apollo Murders* is a high-stakes thriller unlike any other. Chris Hadfield captures the fierce G-forces of launch, the frozen loneliness of space, and the fear of holding on to the outside of a spacecraft orbiting the Earth at 17,000 miles per hour as only someone who has experienced all of these things in real life can. Strap in and count down for the ride of a lifetime. "Packed with cosmic action... Featuring undercover spies, scheming Russians and psychopathic murderers, sometimes all at once, it teems with authoritative details." —The New York Times "Nail-biting . . . I couldn't put it down." —James Cameron, writer and director of *Avatar* and *Titanic* "Not to be missed." —Frederick Forsyth, author of *The Day of the Jackal* "An explosive thriller by a writer who has actually been to space . . . Strap in for the ride!" —Gregg Hurwitz, author of *Orphan X*

Revealing the Prophetic Meaning Behind Events Leading to the Dawn of Eternity

**Woodward examines the Blood Moon Prophecy as articulated by Mark Biltz and John Hagee and evaluates the criticisms of Mark**

Hitchcock and Chris White. Woodward finds a middle ground, identifying why the Blood Moon Prophecy is likely to be authentic, but cautions against accepting its validity without the test of time. Woodward points out many reasons to find cause for belief and many reasons that it legitimately could be questioned. Woodward evaluates the nature of biblical signs by studying the phrase "signs and wonders". He also evaluates the issues of whether biblical signs of the apocalypse must all be supernatural - showing why many may be 'natural' in terms of astronomical events that are unusual but not paranormal acts. The heart of the book is an apologetic for why the study and adherence to the Kingdom of God (and the apocalypse it implies) is mandated by the words of Christ. His followers MUST keep watch—always. It is a must read for all students of eschatology. High on the Mountain is a prophetic and historical documentation of the Jewish people. Four thousand years ago, the Jewish people were in an area which would, two thousand years later, be named by the Romans as Palestine. God made a covenant with Abraham and his descendants that the land would be theirs forever. Prophecy stated that the Jewish descendants would go into captivity. Four hundred fifty years later they were led from their Egyptian captivity and occupied the land of their fathers. High on the mountain of Moriah was a city called Jerusalem, which would become their capital city under David. There was also a thirty-five-acre plot of land that had been dedicated as the Temple Mount and would become known to the world as the holiest plot of land in the world. The Jewish people and their beloved city would survive until 587 BC, when they were taken into captivity by the Babylonians. They would return to the land that they considered their homeland. They were almost completely destroyed by the Romans in AD 70 and would be scattered throughout the world. The land became a desolation and unproductive--just as prophecy had stated. Although they have been subjected to a multitude of attacks, cruelties, persecutions, and deaths by the millions, they would again return to their beloved land and become the Nation of Israel. They would reclaim their capital city of Jerusalem and the Temple Mount. A land that was said to be "dead forever" would again flourish and become productive. Why was this land so important? What is their claim to the land? Who actually owns the land? How could a land become productive again and "better than before"? What has the prophetic word of God said about this land and these people? High on the Mountain will address all these questions and much more. This powerful, timely novel in verse exposes provocative truths about periods, sex, shame, and going viral for all the wrong

reasons. After school one day, Frankie, a lover of physics and astronomy, has her first sexual experience with quiet and gorgeous Benjamin--and gets her period. It's only blood, they agree. But soon a gruesome meme goes viral, turning an intimate, affectionate afternoon into something sordid, mortifying, and damaging. In the time it takes to swipe a screen, Frankie's universe implodes. Who can she trust? Not Harriet, her suddenly cruel best friend, and certainly not Benjamin, the only one who knows about the incident. As the online shaming takes on a horrifying life of its own, Frankie begins to wonder: is her real life over? Author Lucy Cuthew vividly portrays what it is to be a teen today with this fearless and ultimately uplifting novel in verse. Brimming with emotion, the story captures the intensity of friendships, first love, and female desire, while unflinchingly exploring the culture of online and menstrual shaming. Sure to be a conversation starter, Blood Moon is the unforgettable portrait of one girl's fight to reclaim her reputation and to stand up against a culture that says periods are dirty.

**NATIONAL BOOK AWARD FINALIST • NATIONAL BESTSELLER •** A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of *The Lost City of Z*. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history.

*A captivating paranormal from a rising voice in erotic romance. As*

undisputed Alpha, Rafael must choose a life mate to preserve the dominance of his Lycan pack. He never suspected his mate would be a human, the same wounded girl-woman he seduced from the brink of death. Falon is a dangerous combination of Lycan and Slayer-bred to destroy his kind. She's also a mesmerizing beauty whose sensuality tempts the warrior to take risks. Surrendering to their primal heat could destroy them both...for a vengeful foe awaits to take what is rightfully his by Blood Law.

**NEW YORK TIMES BESTSELLER** The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Examines what the Bible says about the last days and whether the four blood moons that will occur during two significant Jewish festivals in 2014 and 2015 fit into the prophecy found in scripture.

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Four Blood Moons Something is About to Change Worthy Books

"The blood moons do not signify the end of the world ... but they have always been associated with events that change the face of our world." -- Dr. Judah Arcadia At the time of completion of this short guide to understanding the blood moons, the last of the 4 blood moon eclipses of 2014-2015 has just gone by and a few media networks are already mocking the prophetic importance of the blood moon signs, suggesting that they were meaningless events. They couldn't be more wrong. The global changes foretold by the blood moon eclipses are only just beginning now. Over the coming months our generation will live through world events so astounding, that they will burn themselves into the annals of history, never to be forgotten. In this breakthrough analysis, the mysteries of the four 2014-2015 blood moon eclipses are torn open to reveal what will happen to our world in the coming months. Additionally, the messages contained in the prior blood moon eclipse events of 1967-68 and 1949-1950 are revealed in detail. The prophetic warnings within these prior blood moon tetrads went unnoticed and unheeded during those years, with tremendous loss of human life following. You will discover: The Key Principles for Decoding All of the Blood Moon Eclipse Tetrads Biblical "Babylon" Positively & Absolutely Identified The True History of the Blood Moon Tetrads & How Our World Was Affected!

Over the last 500 years, blood-red moons have fallen on the first day of Passover three separate times. These occurrences were connected to some of the most significant days in Jewish history: 1492 (the final year of the Spanish Inquisition when Jews were expelled from Spain), 1948 (statehood for Israel and the War of Independence) and 1967 (the Six-Day War). The next series of four blood moons occurs at Passover and Sukkot in 2014 and 2015. In this devotional study guide, Pastor Hagee challenges readers to further explore the meaning behind blood moons, understand why Christians must recognize these signs that God refers to in Scripture, and absorb their prophetic significance. Ideal for individuals and groups, this devotional study guide combines questions and reflective journaling for deeper meaning and life application.

The Science, History, and Meaning of Menopause

Four Blood Moons

Gardens of the Moon

***The Pocket Book is for use by doctors nurses and other health workers who are responsible for the care of young children at the first level referral hospitals. This second edition is based on evidence from several WHO updated and published clinical***

**guidelines. It is for use in both inpatient and outpatient care in small hospitals with basic laboratory facilities and essential medicines. In some settings these guidelines can be used in any facilities where sick children are admitted for inpatient care. The Pocket Book is one of a series of documents and tools that support the Integrated Managem.**

**The Origins and History of Consciousness draws on a full range of world mythology to show how individual consciousness undergoes the same archetypal stages of development as human consciousness as a whole. Erich Neumann was one of C. G. Jung's most creative students and a renowned practitioner of analytical psychology in his own right. In this influential book, Neumann shows how the stages begin and end with the symbol of the Uroboros, the tail-eating serpent. The intermediate stages are projected in the universal myths of the World Creation, Great Mother, Separation of the World Parents, Birth of the Hero, Slaying of the Dragon, Rescue of the Captive, and Transformation and Deification of the Hero. Throughout the sequence, the Hero is the evolving ego consciousness. Featuring a foreword by Jung, this Princeton Classics edition introduces a new generation of readers to this eloquent and enduring work. \*Finalist for the Pulitzer Prize and the National Book Critics Circle Award\* \*A New York Times Notable Book\* \*Winner of the Texas Book Award and the Oklahoma Book Award\* This New York Times bestseller and stunning historical account of the forty-year battle between Comanche Indians and white settlers for control of the American West "is nothing short of a revelation...will leave dust and blood on your jeans" (The New York Times Book Review). Empire of the Summer Moon spans two astonishing stories. The first traces the rise and fall of the Comanches, the most powerful Indian tribe in American history. The second entails one of the most remarkable narratives ever to come out of the Old West: the epic saga of the pioneer woman Cynthia Ann Parker and her mixed-blood son Quanah, who became the last and greatest chief of the Comanches. Although readers may be more familiar with the tribal names Apache and Sioux, it was in fact the legendary fighting ability of the Comanches that determined when the American West opened up. Comanche boys became adept bareback riders by age six; full Comanche braves were considered the best horsemen who ever rode. They were so masterful at war and so skillful with their arrows and lances that they stopped the northern drive of colonial Spain from Mexico and halted the French expansion westward from Louisiana. White settlers arriving in Texas from the eastern United States were surprised to find the frontier being rolled backward by Comanches incensed by the invasion of their tribal lands. The war with the Comanches lasted four decades, in effect holding up the development of the new American nation. Gwynne's exhilarating account delivers a sweeping narrative that encompasses Spanish colonialism, the Civil War, the destruction of the buffalo herds, and the arrival of the railroads, and the amazing story of Cynthia Ann Parker and her son Quanah—a historical feast for anyone interested in how the United States came into being. Hailed by critics, S. C. Gwynne's account of these events is meticulously researched, intellectually provocative, and, above all, thrillingly told. Empire of the Summer Moon announces him as a major new writer of American history.**

*An astonishing untold story from the nineteenth century—a "riveting...engrossing...‘American Epic’" (The Wall Street Journal) and necessary work of history that reads like Gone with the Wind for the Cherokee. "A vigorous, well-written book that distills a complex history to a clash between two men without oversimplifying" (Kirkus Reviews), Blood Moon is the story of the feud between two rival Cherokee chiefs from the early years of the United States through the infamous Trail of Tears and into the Civil War. Their enmity would lead to war, forced removal from their homeland, and the devastation of a once-proud nation. One of the men, known as The Ridge—short for He Who Walks on Mountaintops—is a fearsome warrior who speaks no English, but whose exploits on the battlefield are legendary. The*

*other, John Ross, is descended from Scottish traders and looks like one: a pale, unimposing half-pint who wears modern clothes and speaks not a word of Cherokee. At first, the two men are friends and allies who negotiate with almost every American president from George Washington through Abraham Lincoln. But as the threat to their land and their people grows more dire, they break with each other on the subject of removal. In Blood Moon, John Sedgwick restores the Cherokee to their rightful place in American history in a dramatic saga that informs much of the country's mythic past today. Fueled by meticulous research in contemporary diaries and journals, newspaper reports, and eyewitness accounts—and Sedgwick's own extensive travels within Cherokee lands from the Southeast to Oklahoma—it is “a wild ride of a book—fascinating, chilling, and enlightening—that explains the removal of the Cherokee as one of the central dramas of our country” (Ian Frazier). Populated with heroes and scoundrels of all varieties, this is a richly evocative portrait of the Cherokee that is destined to become the defining book on this extraordinary people.*

*Full lunar eclipses are called blood moons and get their name because only the infrared band of light gets around the earth and bounces off the moon making it appear red. Throughout history, seven back-to-back, blood-red moons have fallen on the first day of Passover. Three of these occurrences were connected to some of the most significant days in Jewish history: 1492 (the final year of the Spanish Inquisition), 1948 (statehood for Israel and the War of Independence) and 1967 (the Six-Day War). There are no solar or lunar accidents; every heavenly body is controlled by the unseen hand of God to send signals to humanity of coming events. The eighth occurrence of back-to-back blood moons will be during the sabbatical year 20142015. In this riveting book, Hagee explores what these upcoming blood moons mean, and why its critical Christians understand what these signs mean both for Israel and the world.*
