

Bogati

Interviewing war criminals and their victims, Neuffer explains, through the voices of people she follows over the course of a decade, how genocide erodes a nation's social and political environment. Her characters' stories and their competing notions of justice—from searching for the bodies of loved ones, to demanding war crime trials, to seeking bloody revenge—convinces readers that crimes against humanity cannot be resolved by simple talk of forgiveness, or through the more common recourse to forgetfulness.

Incisive contributions from leading and emerging scholars in the field of Peace Studies In the Wiley Blackwell Companion to Religion and Peace, a team of renowned scholars delivers an authoritative and interdisciplinary sourcebook that addresses the key concepts, history, theories, models, resources, and practices in the complex and ambivalent relationship between religion and peace. The editors have included contributions from a wide range of perspectives and locations that reflect diverse methods and approaches. The Companion provides a collection grounded in experience and context that draws on established, developing, and new research characterized by academic rigor. The differences between the approaches taken by several religious traditions are fully explored and numerous case studies highlight relevant theories, models, and resources. Accessible as either a standalone collection or as a partner to the Companion to Religion and Violence, this edited volume also offers: A thorough introduction to religion and its search for peace, including the relationships between religion and peace Comprehensive explorations of religion and peace in local contexts, including discussions of women's empowerment and peacebuilding in an Islamic context Practical discussions of practices and embodiments of religion and peace, including treatments of museums for peace and self-religion in global peace movements In-depth examinations of lived Christian theologies and building peace, including discussions of Martin Luther King Jr. and spiritual activism in Scotland Perfect for students and scholars of peacemaking, peacekeeping, and peace building, the Wiley Blackwell Companion to Religion and Peace will also earn a place in the libraries of anyone professionally or personally interested in the field of Peace or Religious Studies, International Relations, History, Politics, or Theology.

VENIT DE BAZ? UNIVERSAL. O SPTTMÂN? DE LUCRU DE 15 OR. GRANI?E DESCHISE. Rare prea frumos ca s? fie adev?rat? Unul dintre cei mai importan?i tineri gânditori europeni ne arat? cum putem construi lumea ideal? ast?zi. Dup? ce lucr?m o zi întreag? la un serviciu care cel mai adesea ne displace, cum?r?m lucruri de care nu avem nevoie. Rutger Bregman, un istoric olandez, ne aduce aminte c? via?a nu trebuie s? fie a?a - ?i c? în unele locuri nici nu este astfel. Ideile lui Rutger Bregman despre venitul de baz? universal au p?rut radicale pân? la extrem în 2014, când ?i le-a f?cut publice. Dup? câ?iva ani, subiectul este serios luat în considerare de economi?tii de frunte ?i de liderii de guvern din toat? lumea. Este doar una dintre numeroasele idei utopice pe care Bregman le-a dovedit a fi posibile în prezent. Utopie pentru reali?ti este una dintre acele c?r?i rare care te iau prin surprindere ?i te provoac? s? te gânde?ti ce s-ar putea întâmpla. De la un ora? canadian care a eradicat la un moment dat complet s?r?cia, la Richard Nixon ?i la ideile lui de a implementa venitul de baz? pentru milioane de americani, Bregman ne poart? într-o c?l?torie prin istorie, ?tergând grani?ele ideologice dintre stânga ?i dreapta ?i prezentându-ne idei a c?ror vreme poate a venit.

The objective of this guideline is to provide recommendations on the consumption of potassium to reduce noncommunicable diseases in adults and children. The recommendations given here can be used by those developing cprogrammes and policies to assess current potassium intake levels relative to benchmark. If necessary, the recommendations can also be used to develop measures to increase potassium intake, through public health intervention such as food and product labelling, consumer education, and the establishment of food-based dietary guidelines.

Ova knjiga je krajnji vodič za razumijevanje spasenja kroz Isusa Krista. U ovoj klasičnoj knjizi shvatit ćete koliko vas Isus voli, kako se možete ponovno roditi, kako možete izbjeći odlazak u pakao i što znači biti novo stvorenje u Kristu Isusu. Dajte ovu knjigu bilo kome i on će razumjeti što znači biti spašen krvju Isusa Krista.

This volume is a collection of articles on clitic doubling, a phenomenon that has preoccupied generative linguists since the 1980s, when its theoretical importance was noted. Clitic doubling is prevalent in the Balkan languages. However, generative studies initially dealt with its properties in Romance languages, with the Balkan patterns coming increasingly into focus. Since the mid-nineties, these patterns presented a variety of challenges to the generalisations reached on the basis of Romance, while also raising new research questions. The volume deals among other things with the following aspects of the phenomenon: its extension within and outside the Balkan Sprachbund and the observed variation; its realizational possibilities and the constraints on the status of the doubled DP (direct or indirect object, pronominal or non-pronominal); its semantics (definite, specific, presupposed, neither) and pragmatics (topic or not, D-linked or not); its temporal and locational genesis; the relationship between the clitic and its associate.

Survey of Accounting is designed to cover both financial and managerial accounting in a single 16-week course, presenting the material in a style easy for non-accounting majors to grasp. It incorporates the same pedagogical innovations that have made Edmonds' financial and managerial titles such fast-growing successes in the marketplace, including his unique Horizontal Financial Statements Model and a multiple accounting cycle approach that demonstrates the impact of related events over a series of accounting cycles.

Brother and sister detectives search for a missing husband and father while wrestling with their own family discord. When all is said and done, will they turn up one man short?

Lukien is the Bronze Knight, beloved by his kingdom and renowned in battle throughout his world. After betraying his king and losing his beloved, he wishes only for death, but rather than die, Lukien is given a chance for redemption: to be the protector of the Inhumans—those fragile mortals who live deep in the desert, far from the prying eyes of their world. These remarkable individuals have been granted magical powers in exchange for the hardships and handicaps life has handed them. And Lukien, now immortal himself, must be their champion. But how can one man, even an immortal warrior, protect hundreds from a world of potential enemies?

Anya, a South African exile who runs a dress shop in London, and Laci, a sculptor who left Hungary after the uprising, find that their love affair leads to a fiery clash of wills

Isus Krist otkriva sokantno na?elo koje upravlja prosperitetom i bogatstvom. Onaj tko ima, imat ?e jos više! Kako to nepravedno zvu?i! A ipak, to je stvarnost koja se svakodneвно odigrava pred nama. Ova knjiga nastoji objasniti ovo nedovoljno shva?eno Pismo. Otkrit ?ete tajne blagostanja prou?avaju?i ovu novu knjigu Dag Heward-Millsa.

Sámuel Gyarmath's *Affinitas linguae hungaricae cum linguis fennicae originis grammaticae demonstrata* (Göttingen 1799) was received as a distinguished work of scholarship in its own days, and its historical importance has been fully recognized ever since. This volume provides an English translation of the entire Latin text, including the Latin glosses of the original (with the exception of zoological and botanical terms, and a few passages where specific reference is made to Latin grammar). This translation includes two additions to the text of *Affinitas* as reprinted in the Indiana University series: Appendix III, a letter to Gyarmath by A. L. von Schotzler, and a number of notes in the author's own hand, found in his copy of the work (now held in the Library of the Lycée of Zaf?u). The translator's Preface provides an introduction to the work and an overview of Gyarmath's life.

Recent years have seen a growing interest in linguistic phenomena whose formal manifestation and underlying licensing conditions represent the convergence of two or more areas of the grammar, an area of investigation particularly invigorated in recent generative research by developments such as phase theory (cf. Chomsky 2001; 2008) and the cartographic enterprise (cf. Rizzi 1997; Cinque 1999). In this respect, the dialects of Italy are no exception, in that they present comparative Romance linguists and theoretical linguists alike with many valuable opportunities to study the linguistic interfaces, as highlighted by the many case studies presented in this volume which provide a series of original insights into how different components of the linguistic system - syntactic, phonetic, phonological, morphological, semantic and pragmatic - do not necessarily operate in isolation but, rather, interact to license phenomena whose nature and distribution can only be fully understood in terms of the formal mapping between the interfaces.

Focused on the case of the People's Liberation Army in Nepal, this book examines changes in insurgent masculinity during conflict and in the transition to post-conflict.

Dvojezična publikacija vsebuje strokovna izhodišča o vzgoji za raznolikost, o izseljevanju in priseljevanju v Slovenijo ter iz teh dveh držav, o razumevanju integracije, vešjezičnosti, o sobivanju v raznolikosti, zakonodajna izhodišča v Sloveniji in Italiji, o pomenu društev priseljencev in o sestavljeni identiteti. Bogatijo jo kratki opisi izkušenj preseljevanja in vključevanja šestih priseljencev (in njihovih družin) v Slovenijo in Italijo. Ciljna skupina so predvsem osnovnošolci v zadnjem triletnju osnovne šole in srednješolci v Sloveniji oz. učenci nižjih in višjih srednjih šol v Italiji.

The Founder's Dilemmas examines how early decisions by entrepreneurs can make or break a startup and its team. Drawing on a decade of research, including quantitative data on almost ten thousand founders as well as inside stories of founders like Evan Williams of Twitter and Tim Westergren of Pandora, Noam Wasserman reveals the common pitfalls founders face and how to avoid them.

The study contains a synchronical description of the San Giorgio variety of the Slovene dialect spoken in the Resia valley (Val Resia/Rezijska dolina) situated in north-eastern Italy. The following linguistic levels are analysed: phonology, morphonology and morphology. Apart from this some remarks on syntax and a lexicon have been included. The first chapter contains an overview of existing descriptive publications on Resian. Taking this overview as a starting point the choice of exactly the San Giorgio variety as the topic of this study is accounted for and the need for not only phonological, but also morphological analysis is made pointed out. The chapter further contains information on the native speakers whose speech is analysed and on the various methods used to obtain the dialect material. In the second chapter the phoneme inventory is presented, along with information on realisations, (optional) neutralisations and sandhi phenomena. Notwithstanding the considerable amount of phonetic detail given, the first and foremost aim of this chapter remains the quest for phonological oppositions and their functioning. In the third chapter the morphological alternations that occur in the substantive, adjective and verb categories are being treated. Instead of dividing this information over the respective chapters on these categories, the alternations are presented together in a separate chapter, because some of the more frequent of them occur in all these word classes. However, through a classification by accent classes alternations concerning the location of stress are treated together with the word class they occur in. The third through seventh chapter inclusive contain the morphology of the substantive (chapter 4), the adjective (chapter 5), the pronoun, the numeral and the article (chapter 6) and the verb (chapter 7), respectively. In each chapter, together with an inventory of the attested desinences, an overview is given of rare desinences, of irregular declinations/conjugations and of the distribution of alternative desinences.
