A fast-paced, action packed adventure, by USA Today Bestselling author Charlene Hartnady. We can't help who we are. Some things are preordained. I was born half god and half dragon shifter. We call ourselves the dragon demigods. Mortal, powerful, arrogant as sh!t. Being a dragon demigod has definite perks. Perks we have to be very careful about using, since the humans don't know about our existence. We're able to shift into dragon form. We have unique powers. Lastly, we're attractive to the human race. Handy, since we live among them. Unlike others of my kind, I inherited one of those traits. Only one. Thing is, I'm okay with that. More than okay. I'm talented at what I do. I own my own custom workshop. I like to get my hands dirty. There is only one rule at my place of business. I never deal directly with the clients. I'm a moody bastard. A loner. Happiest when under the hood of a car. I never once broke my rule, until the day she walked into my shop. How could he have done this? I should be sad. I should be grieving but I'm not. All I can feel is angry. My brother killed himself because he owed a lot of money to the worst kind of people and now, they're after me. They want payment one way or another. For the last couple of weeks, all I've done is exist. Running from one place to the next. These murderous gangsters are right on my tail. They're slowly catching up to me. It won't be long and they'll have me. Just when I think it can't get any worse, my car breaks down. That's when I meet him. A beast of a man. He's rude. He's conceited. He might be exactly what I need to get out of this mess. No cheating! Contains hot alpha males and therefore strong sexual themes/language.

Book 5 in this exciting new world. If you like dragons and egotistical, super-sexy demigods, then this is the series for you. Bolt I am the son of a god. Not just any god, but the mighty Zeus. I take after my father in many ways. I am powerful and astute. I can be ruthless when I need to be. You have to be driven and relentless when you run an empire. When thousands of people rely on you for their livelihoods. I'm still all of those things, but since meeting her, I'm broken. A shadow of the man I used to be. I'm angry. Impossible to be around, but I can't seem to get over it...I can't get over her. I'm in love with a ghost. Someone I don't even know. This woman got her claws into me. Wove a magic spell so tightly around me that I am unable to break free. I wish I could hate her. I can't. Not when my body and soul yearn for her. I know it isn't real, and yet I can't help the way I feel. There is no outlet for all of these emotions because the object of my hate, my affection, my love - real or imagined - is dead. Gone! I heard that doppelgangers exist. I never really believed it until Ashley Shaw walked through my door. Ashley It's wrong to lie. My parents taught me better than that. I realize this, but I'm desperate. I need this job. How hard can it be to work as a Personal Assistant? I can run errands and take calls. I can send an email and type up a document...slowly...using two fingers. Still, I can do it. So what if I fibbed a little on my resume? It won't take me long to get the hang of things, that is if I actually make it through the interview. I'm sure I'll manage. People generally like me. I'm nice. Polite. I try. When I see him. The man I would sell my soul for...be a PA for. I almost run away. The terms 'dark, brooding, dangerous, and sexy' are accurate, and yet they have nothing on him. He's more...he's also angry, arrogant, tortured...and beautiful. Up until today, I didn't realize a man could be beautiful. Particularly one so masculine. Yet, here he is. I'm so nervous I completely hash the interview. It's for the best because harboring sexual fantasies about your boss is not a good idea. I'm shocked when I get the job. I remember thinking that there had to be a catch...and I was right. There is! No cheating! Contains hot alpha males and therefore strong sexual themes/language.

I know I'm destined for a fairy tale romance and I'm done kissing frogs. Believe me, I've dated enough of them to know they never turn into Prince Charming. Wayne makes my heart race. And even though I almost screwed everything up between us, I think we have a chance at the fantasy romance I've always dreamed of. That's if my creepy stalker ex doesn't ruin everything first. But Wayne's got one heck of a trick up his sleeve. Turns out I've traded in my frogs for a fire-breathing dragon, and he wants to claim me as his mate. My ex doesn't stand a chance.

I'll do whatever it takes to be free of him. Eight months ago, my ex-boyfriend decided that if he couldn't have me, then nobody could. What should have been the best night of my life was ruined. Stripped of friends, my parents, and denied a mate, my Soulshift was a disaster I didn't see coming. By now I should have been making my own family, instead I'm still searching for the one he destroyed. Once a month I slink back to my hometown for the Wild Moon. It sucks having to relive everything, but it's better than being hunted by the Alpha for breaking his rules. This time though, everything changes. When the Wild Moon finally shows me my mate, my last spark of hope dies. It's him. The man who destroyed my life. There's no way I'm letting that happen. Instead I'm leaving town for good, and while I'm at it, I'm going to find my parents. Even if rejecting the bond kills me. Because anything is better than being Soulbound to him.

a little steam. Sometimes, when they're lucky enough, it's to find a mate ... a sweet, human mate ... since shifter females are in such short supply. Winston wishes it was his turn to find a partner because he's done with all the screwing around. Done with all the meaningless one-night-stands. His good intentions are blown to hell when he meets Ana, a timid female struggling with an event from her past. Who is this beautiful creature? This broken, sad shadow of herself. Winston promises to help her. Hell, they'll help each other. He might have vowed celibacy but he's not dead. Not by a long damn shot. This way, he can spend time with a beautiful female without any expectations and in return, he'll help her get over her fears. Problem is though, friends should not be this attracted to one another. **Book 6 in this exciting new world. If you like dragons and egotistical, super-sexy demigods, then this is the series for you. I'm the son of a god. The other half of a coin. Where my identical twin brother, Jarrod, can see the past. I can see into the future. An awesome ability. I'm lucky, right? Nope, I think I'm cursed. Imagine, for a second, that every time you touched someone, you could see into their future. Their happiness, their misfortune, and their death. You'd feel obliged to help them. To steer them clear of imminent disaster. I don't mind helping others, but I'm not always successful. I've seen horrible things. Things that keep me up at night. Trust me, if you had this ability, you'd steer clear of people too. You'd do everything in your power not to touch them, or to be touched. I guess that means I'm lonely. It comes with the territory. I've learned to live with it. The words 'stay away' are my motto. That's until I see her. I'm mesmerized because surely a more perfect creature does not exist. I'm the one who touches her. I haven't willingly touched another person in the longest time. Imagine my surprise when I get nothing from her. No vision. No future. No nothing! That can only mean one thing, this beautiful woman isn't human. Who is she? What is she? What happens next, chills me to my bones. I might not be able to see into her future, but she sees into mine. What? How? She mutters a quick word of warning and then is gone. What she tells me is bad. It's terrifying! I'm in serious trouble. No cheating! Still, she never expected a god-like, tall, amazingly gorgeous man to walk into her shelter and say he wants to volunteer, and then admit that he just wanted an excuse to get to know her. It seems too good to be true, other than the fact that Luc seems to be hiding secrets behind his dazzling sapphire eyes. *Book 2 in this exciting new world. If you like dragons and egotistical, super-sexy demigods, then this is the series for you. I hate my father. At least, I want to. He is an evil bastard. I should hate him. You see, he's Hades. God of the Underworld. I am his son. I find I desperately want his approval and, at the same time, don't want to be anything like him. It's a screwed-up place to be in. And people wonder why I am the way I am. Hades is despicable. Immoral. Cunning. He's my dad. I'm not sure why I keep returning to hell. Why I keep going back to see him. Why I torture myself with his indifference. Am I ever going to learn? It seems not. It's always the same, just when I think I am dead to him, he gives me another one of his duties. Something easy, he says. Something even I - his disappointment of a son - can get right. I should know better. I should turn him down flat. I can't!! do a stupid thing and accept. Now I have to bring a soul to hell. Her time is up. This woman killed an innocent. Fetch her. End her. She's a murderer. Deserves to spend eternity down here. Only it isn't as simple as my father said it would be. Not even close. No cheating!
