Political Science.

“ A bizarre collection of evolution tales . . . the weirder, the better. ” —Entertainment Weekly A fascinating exploration of the awe-inspiring, unsettling ingenuity of evolution from Wired writer Matt Simon, author of Plight of the Living Dead (coming soon from Penguin Books) On a barren seafloor, the pearlfish swims into the safety of a sea cucumber ’ s anus. To find a meal, the female bolas spider releases pheromones that mimic a female moth, luring male moths into her sticky lasso web. The Glyptapanteles wasp injects a caterpillar with her young, which feed on the victim, erupt out of it, then mind-control the poor (and somehow still living) schmuck into protecting them from predators. These are among the curious critters of The Wasp That Brainwashed the Caterpillar, a jaunt through evolution ’ s most unbelievable, most ingenious solutions to the problems of everyday life, from trying to get laid to finding food. Join Wired science writer Matt Simon as he introduces you to the creatures that have it figured out, the ones that joust with their mustaches or choke sharks to death with snot, all in a wild struggle to survive and, of course, find true love. Winner of the American Library Association ’ s Alex Award

In *A History of the World Since 9/11* Dominic Streatfeild expertly combines history, biography and investigative journalism to show how a massacre on a clear September day in 2001 has touched the lives of millions of people around the world. In a series of brilliantly interlinked chapters he shows how an Afghani wedding party; and a gas station proprietor in Texas; and a planespotter in Mallorca have been affected, sometimes devastatingly, by the American response to the attacks on the Twin Towers. Streatfeild shows how the sleep of reason and good sense in successive US administrations post-9/11 has brought forth the monsters of extraordinary rendition, Guantanamo Bay, extrajudicial execution and wholesale contravention of international law. This is a work that informs as it entertains and induces outrage as it inspires.

Mark Noll has written a major indictment of American evangelicalism. Reading this book, one wonders if the evangelical movement has pandered so much to American culture and tried to be so popular only to lose not only it's mind but it's soul as well. For evangelical pastors and parishoners alike, this is a must read! --Robert Wuthnow.

The Manchurian Candidate

A Study of 'brainwashing' in China

**A journalist's twenty-year fascination with the Manson murders leads to shocking new revelations about the FBI's involvement in this riveting reassessment of an infamous case in American history. Over two grim nights in Los Angeles, the young followers of Charles Manson murdered seven people, including the actress Sharon Tate, then eight months pregnant. With no mercy and seemingly no motive, the Manson Family followed their leader's every order -- their crimes lit a flame of paranoia across the nation, spelling the end of the sixties. Manson became one of history's most infamous criminals, his name forever attached to an era when charlatans mixed with prodigies, free love was as possible as brainwashing, and utopia -- or dystopia -- was just an acid trip away. Twenty years ago, when journalist Tom O'Neill was reporting a magazine piece about the murders, he worried there was nothing new to say. Then he unearthed shocking evidence of a cover-up behind the "official" story, including police carelessness, legal misconduct, and potential surveillance by intelligence agents. When a tense interview with Vincent Bugliosi -- prosecutor of the Manson Family and author of Helter Skelter -- turned a friendly source into a nemesis, O'Neill knew he was onto something. But every discovery brought more questions: Who were Manson's real friends in Hollywood, and how far would they go to hide their ties? Why didn't law enforcement, including Manson's own parole officer, act on their many chances to stop him? And how did Manson -- an illiterate ex-con -- turn a group of peaceful hippies into**

remorseless killers? O'Neill's quest for the truth led him from reclusive celebrities to seasoned spies, from San Francisco's summer of love to the shadowy sites of the CIA's mind-control experiments, on a trail rife with shady cover-ups and suspicious coincidences. The product of two decades of reporting, hundreds of new interviews, and dozens of never-before-seen documents from the LAPD, the FBI, and the CIA, Chaos mounts an argument that could be, according to Los Angeles Deputy District Attorney Steven Kay, strong enough to overturn the verdicts on the Manson murders. This is a book that overturns our understanding of a pivotal time in American history. Hailed by The New York Times as "a compelling dystopian look at paranoia from one of the most unique and perceptive writers of our time," this brief, captivating novel offers a cautionary tale. The story unfolds within a society in which all traces of individualism have been eliminated from every aspect of life — use of the word "I" is a capital offense. The hero, a rebel who discovers that man's greatest moral duty is the pursuit of his own happiness, embodies the values the author embraced in her personal philosophy of objectivism: reason, ethics, volition, and individualism. Anthem anticipates the themes Ayn Rand explored in her later masterpieces, The Fountainhead and Atlas Shrugged. Publisher's Weekly acclaimed it as "a diamond in the rough, often dwarfed by the superstar company it keeps with the author's more popular work, but every bit as gripping, daring, and powerful." Anthem is a dystopian fiction novella by Ayn Rand, written in 1937 and first published in 1938 in England. It takes place at some unspecified future date when mankind has entered another dark age characterized by irrationality, collectivism, and socialistic thinking and economics. Technological advancement is

## Download Free Brainwash The Secret History Of Mind Control Dominic Streatfeild

now carefully planned (when it is allowed to occur at all) and the concept of individuality has been eliminated.

Black people are not dark-skinned white people, says advertising visionary Tom Burrell. In fact, they are a lot more. They are survivors of the Middle Passage and centuries of humiliation and deprivation, who have excelled against the odds, constantly making a way out of no way! At this point in history, the idea of black inferiority sh...

“SINCE 1933, when a completely drugged and trial-conditioned human wreck confessed to having started the Reichstag fire in Berlin, Dr. Joost A. M. Meerloo has studied the methods by which systematic mental pressure brings people to abject submission, and by which totalitarians imprint their subjective “truth” on their victims’ minds. The first two and one-half years of WWII, Dr. Meerloo spent under the pressure of Nazi-occupied Holland, witnessing at first-hand the Nazi methods of mental torture on more than one occasion...Then, after personal experiences with enforced interrogation, he escaped from a Nazi prison and certain death to England, where he was able, as Chief of the Psychological Department of the Netherlands Forces, to observe and study coercive methods officially.... After the war, he came to the United States...As more and more cases of thought control, brainwashing, and mental coercion were disclosed - Cardinal Mindszenty, Colonel Schwable, Robert Vogeler, and others - his interest grew. It was Dr. Meerloo who coined the word menticide, the killing of the spirit, for this peculiar crime... It is Dr. Meerloo’s position that through pressure on the weak points in men’s makeup, totalitarian methods can turn anyone into a “traitor.” And in *The Rape of the Mind* he goes far beyond the direct military implications of mental torture to describing how our

# Download Free Brainwash The Secret History Of Mind Control Dominic Streatfeild

own culture unobtrusively shows symptoms of pressurizing people's minds. He presents a systematic analysis of the methods of brainwashing and mental torture and coercion, and shows how totalitarian strategy, with its use of mass psychology, leads to systematized "rape of the mind." He describes the new age of cold war with its mental terror, verbocracy, and semantic fog, the use of fear as a tool of mass submission and the problem of treason and loyalty, so loaded with dangerous confusion. The Rape of the Mind is written for the interested layman, not only for experts and scientists."-Print ed.

## Download Free Brainwash The Secret History Of Mind Control Dominic Streatfeild

*Jacobson takes us on a journey of the multi-faceted dimension of mind control and shows us how to save our mind and soul from the mind manipulators. The book leaves one pondering and wondering how we have been duped and how we actively engage ourselves in our own mental prisons. Jacobson encourages us to shatter the shackles and free our minds. Steven Jacobson, film editor for thirteen years, researcher of hypnotic techniques within the film and music industry, researcher of metaphysics and of conspiracy theories has given us an excellent expose of the ruling elite's intent to control our minds. This work is both outrageous and sobering; and is indeed a necessary breakthrough in the fusing of the fields of metaphysics and politics.*

*In December 2010 the U.S. Embassy in Kabul acknowledged that it was providing major funding for thirteen episodes of Eagle Four—a new Afghani television melodrama based loosely on the blockbuster U.S. series 24. According to an embassy spokesperson, Eagle Four was part of a strategy aimed at transforming public suspicion of security forces into something like awed respect. Why would a wartime government spend valuable resources on a melodrama of covert operations? The answer, according to Timothy Melley, is not simply that fiction has real political effects but that, since the Cold War, fiction has become integral to the growth of national security as a concept and a transformation of democracy. In *The Covert Sphere*, Melley links this cultural shift to the birth of the national security state in 1947. As the United States developed a vast infrastructure of clandestine organizations, it shielded policy from the public sphere and gave rise to a new cultural imaginary, "the covert sphere."*

## Download Free Brainwash The Secret History Of Mind Control Dominic Streatfeild

*One of the surprising consequences of state secrecy is that citizens must rely substantially on fiction to "know," or imagine, their nation's foreign policy. The potent combination of institutional secrecy and public fascination with the secret work of the state was instrumental in fostering the culture of suspicion and uncertainty that has plagued American society ever since—and, Melley argues, that would eventually find its fullest expression in postmodernism. The Covert Sphere traces these consequences from the Korean War through the War on Terror, examining how a regime of psychological operations and covert action has made the conflation of reality and fiction a central feature of both U.S. foreign policy and American culture. Melley interweaves Cold War history with political theory and original readings of films, television dramas, and popular entertainments—from The Manchurian Candidate through 24—as well as influential writing by Margaret Atwood, Robert Coover, Don DeLillo, Joan Didion, E. L. Doctorow, Michael Herr, Denis Johnson, Norman Mailer, Tim O'Brien, and many others.*

*Ever since American prisoners of war in Korea suddenly switched sides to the Communist cause, the concept of brainwashing has continued to fascinate and confuse. Is it really possible to force any thinking person to act in a way completely alien to his character? What makes so-called brainwashing so different from the equally insidious effects of indoctrination and conditioning, or even advertising and education? Research findings from psychology show that brainwashing is not a special subversive technique; it is the clever manipulation of unrealized influences that operate in all our lives. This book, by breaking down so-called*

Originally published: New York: Doubleday, 2016.

"Candy Jones" was the stage name of Jessica Wilcox (b. 1921) who became famous as a model and "pinup girl" in the early 1940s. Her story seems too bizarre to be true. One of America's most famous models, brainwashed by the CIA? Yes, it is another example of truth being stranger than fiction. The story begins with Candy's wedding to

## Download Free Brainwash The Secret History Of Mind Control Dominic Streatfeild

Long John Nebel, New York's most successful radio talk-show host. During the wedding, and regularly thereafter, Candy's personality would seem to shift. She would suddenly change from her affable, self-effacing self to a brusque, aggressive "stranger." For the first few months of the marriage, these shifts were infrequent enough that Nebel didn't worry much about it, but as time went on, they got worse. Nebel began trying to relax his wife by hypnotizing her. Although Candy insisted that she couldn't be hypnotized, she slipped easily into a relaxed state, and then into a healthy, deep sleep. But during the third session, with no suggestion from Nebel, Candy spontaneously regressed to a young age. After that, Nebel began to record their sessions. The result of these sessions was that Nebel discovered his wife had been brainwashed into have a second identity, "Arlene," whom a CIA doctor had used to carry messages all over the world. Eventually, Candy was tortured at CIA headquarters, so that her doctor could display her "successful" programming. "The Control of Candy Jones" sent shockwaves through the corridors of power when it was first published in 1976. After reportedly being suppressed by the CIA, it became an instant classic, and remains so today. In Book Two of the "Mind Control Technology" book series, the author details very personal experiences surrounding abuse and victimization by law enforcement using real time surveillance and highly advanced, patented, influence technology, as extremely low frequency technology (ELF) called psychological electronic or "psychotronic" on her covertly hoping to substantiate false allegations. When the

## Download Free Brainwash The Secret History Of Mind Control Dominic Streatfeild

manipulative effort failed resulting in this explosive tell-all book, the physical and psychological effort escalated as attempts to prevent publication and the author's living Hell around the clock by non-ionizing radiation inside her home. It appeared that those spearheading "The Program" were attempting to make good on the promise, by repeated threats, that if she did not stop publication she would suffer the consequences. And, the consequences could be deployed with ease from one of the approximate 120 state-of-the-art fusion / intelligence centers across our country today, unseen or detectable or as close as a neighbor's residence. Little known today, various advanced, highly perfected technologies are being used globally such as patented Synthetic Telepathy also known as the "Hearing Voices" effect, mind reading, consciousness altering, etc., along with the capability of subliminal message carrying through communication towers and also satellite Neurophone. These new technologies are being used for manipulation and influencing, physical coercion torture, through microwave Directed Energy Weapons and acoustic weapons. The technological arsenal of today consists of technology which can manipulate thoughts, dreams, create visual holograms, or even stimulate a person sexually, electromagnetically, a new form of covert, legalized, terrorism, and it can be done from any of the numerous state-of-the-art fusion / operation centers miles away through a super computer terminal or as close as portable devices from nearby. With the availability of highly advanced technologies, after well over 50 years of research, testing, and development by the Department of

*oversaw the CIA's secret drug and mind-control experiments of the 1950s and '60s. The visionary chemist Sidney Gottlieb was the CIA's master magician and gentlehearted torturer—the agency's "poisoner in chief." As head of the MK-ULTRA mind control project, he directed brutal experiments at secret prisons on three continents. He made pills, powders, and potions that could kill or maim without a trace—including some intended for Fidel Castro and other foreign leaders. He paid prostitutes to lure clients to CIA-run bordellos, where they were secretly dosed with mind-altering drugs. His experiments spread LSD across the United States, making him a hidden godfather of the 1960s counterculture. For years he was the chief supplier of spy tools used by CIA officers around the world. Stephen Kinzer, author of groundbreaking books about U.S. clandestine operations, draws on new documentary research and original interviews to bring to life one of the most powerful unknown Americans of the twentieth century. Gottlieb's reckless experiments on "expendable" human subjects destroyed many lives, yet he considered himself deeply spiritual. He lived in a remote cabin without running water, meditated, and rose before dawn to milk his goats. During his twenty-two years at the CIA, Gottlieb worked in the deepest secrecy. Only since his death has it become possible to piece together his astonishing career at the intersection of extreme science and covert action. Poisoner in Chief reveals him as a clandestine conjurer on an epic scale.*

*Written by a cult survivor and renowned expert on cults and totalitarianism, Terror, Love and Brainwashing draws on the author's 25 years of study and research to explain how almost anyone, given the right set of circumstances, can be radically manipulated to engage in otherwise incomprehensible and often dangerous acts. Illustrated with compelling stories from a range of cults and totalitarian systems, from religious to political to commercial, the book defines and analyses the common and identifiable traits that underlie almost all these groups. It focuses on how charismatic, authoritarian leaders control their followers' attachment relationships via manipulative social structures and ideologies so that, emotionally and*

## Download Free Brainwash The Secret History Of Mind Control Dominic Streatfeild

*cognitively isolated, they become unable to act in their own survival interests. Using the evolutionary theory of attachment to demonstrate the psychological impact of these environments, and incorporating the latest neuroscientific findings, Stein illustrates how the combined dynamic of terror and 'love' works to break down people's ability to think and behave rationally. From small local cults to global players like ISIS and North Korea, the impact of these movements is widespread and growing. This important book offers clarity and a unique perspective on the dynamics of these systems of control, and concludes with guidance to foster greater awareness and prevention. It will be essential reading for mental health professionals in the field, as well as policy makers, legal professionals, cult survivors, and their families, as well as anyone with an interest in these disturbing groups. Students of social and developmental psychology will also find it fascinating.*

*A masterful and eye-opening examination of Trump and the coercive control tactics he uses to build a fanatical devotion in his supporters written by "an authority on breaking away from cults...an argument that...bears consideration as the next election cycle heats up" (Kirkus Reviews). Since the 2016 election, Donald Trump's behavior has become both more disturbing and yet increasingly familiar. He relies on phrases like, "fake news," "build the wall," and continues to spread the divisive mentality of us-vs.-them. He lies constantly, has no conscience, never admits when he is wrong, and projects all of his shortcomings on to others. He has become more authoritarian, more outrageous, and yet many of his followers remain blindly devoted. Scott Adams, the creator of Dilbert and a major Trump supporter, calls him one of the most persuasive people living. His need to squash alternate information and his insistence of constant ego stroking are all characteristics of other famous leaders—cult leaders. In The Cult of Trump, mind control and licensed mental health expert Steven Hassan draws parallels between our current president and people like Jim Jones, David Koresh, Ron Hubbard, and Sun Myung Moon, arguing that this presidency is in many*

## Download Free Brainwash The Secret History Of Mind Control Dominic Streatfeild

*ways like a destructive cult. He specifically details the ways in which people are influenced through an array of social psychology methods and how they become fiercely loyal and obedient. Hassan was a former "Moonie" himself, and he presents a "thoughtful and well-researched analysis of some of the most puzzling aspects of the current presidency, including the remarkable passivity of fellow Republicans [and] the gross pandering of many members of the press" (Thomas G. Gutheil, MD and professor of psychiatry, Harvard Medical School). The Cult of Trump is an accessible and in-depth analysis of the president, showing that under the right circumstances, even sane, rational, well-adjusted people can be persuaded to believe the most outrageous ideas. "This book is a must for anyone who wants to understand the current political climate" (Judith Stevens-Long, PhD and author of Living Well, Dying Well).*

**Brainwashed is the explosive exposé of the leftist agenda at work in today's colleges, revealed by firebrand Ben Shapiro, a recent UCLA graduate, syndicated columnist, and one of today's most exciting new conservative voices, who's been on the front lines of the battle for America's young minds. This book proves once and for all that so-called higher education continues to sink lower and lower into the depths of liberal madness as close-minded professors turn their students into socialists, atheists, race-baiters, and sex-crazed narcissists. "Ben Shapiro's writing is smart, informative, and incisive. He is wise beyond his years without losing the refreshing fearlessness of youth." —Ann Coulter, best-selling author of High Crimes and Misdemeanors, Slander, and Treason "In Brainwashed, Shapiro tells the truth—that universities are forums of left-liberal indoctrination, where dissent is discouraged and penalized, with more restrictions on free speech rather any other part of American society. Parents who are paying for tuition might want to take note, and see what their hard-earned money is paying for." —Michael Barone, U.S. News & World report and co-author of The Almanac of American Politics "Welcome to P.C. 101. In this trenchant insider's expose, Ben Shapiro bears witness to the modern American campus freak show. You'll get up close and personal with the Marxist loons, moral relativists, multicultural zealots, and American-haters who are corrupting young minds. Brainwashed reveals the**

**ignominious lows to which higher education has sunk. Get deprogrammed. Buy this book!" ?Michelle Malkin, nationally syndicated columnist and author of Invasion "Sharp thinking, tight writing, crazy-but-true stories: Ben Shapiro sees campus brainwashing and raises a national protest. This is a good book to give both freshmen who need warning and voters/alumni who need to take action." ?Dr. Marvin Olasky, University of Texas professor and editor-in-chief of World magazine "A worthy successor to God and Man at Yale and Harvard Hates America in exploring the bely of the academic beast." ?David Horowitz, founder of Students for Academic Freedom and author of Radical Son and Left Illusions "What Animal House did for the toga party, Brainwashed should do for American resistance to campus radicalism." ?Rusty Humphries, nationally syndicated radio talk show host Informed by Erik Erikson's concept of the formation of ego identity, this book, which first appeared in 1961, is an analysis of the experiences of fifteen Chinese citizens and twenty-five Westerners who underwent "brainwashing" by the Communist Chinese government. Robert Lifton constructs these case histories through personal interviews and outlines a thematic pattern of death and rebirth, accompanied by feelings of guilt, that characterizes the process of "thought reform." In a new preface, Lifton addresses the implications of his model for the study of American religious cults.**

**A fresh look at the how US troops played a part in the resistance of US troops to the American war in Vietnam Even if you don't know much about the war in Vietnam, you've probably heard of "The Hanoi Hilton," or Hoa Lo Prison, where**

**captured U.S. soldiers were held. What they did there and whether they were treated well or badly by the Vietnamese became lasting controversies. As military personnel returned from captivity in 1973, Americans became riveted by POW coming-home stories. What had gone on behind these prison walls? Along with legends of lionized heroes who endured torture rather than reveal sensitive military information, there were news leaks suggesting that others had denounced the war in return for favorable treatment. What wasn't acknowledged, however, is that U.S. troop opposition to the war was vast and reached well into Hoa Loa Prison. Half a century after the fact, Dissenting POWs emerges to recover this history, and to discover what drove the factionalism in Hoa Lo. Looking into the underlying factional divide between pro-war "hardliners" and anti-war "dissidents" among the POWs, authors Wilber and Lembcke delve into the postwar American culture that created the myths of the Hero-POW and the dissidents blamed for the loss of the war. What they found was surprising: It wasn't simply that some POWs were for the war and others against it, nor was it an officers-versus-enlisted-men standoff. Rather, it was the class backgrounds of the captives and their pre-captive experience that drew the lines. After the war, the hardcore hero-holdouts—like John McCain—moved on to careers in politics and business, while the dissidents faded from view as the antiwar movement, that might otherwise have championed them, disbanded. Today, Dissenting POWs is a necessary myth-buster, disabusing us of the revisionism that has replaced actual GI resistance with images of suffering POWs—ennobled victims that serve to suppress the fundamental**

It is the 21st century and we have experienced a technology explosion that has granted a cornucopia of luxuries and opportunities. At this point, virtually anything seems possible. However, along with the positive developments are ominous collaborations designed to deprive us of an inherent birthright—the power of a free mind. Mind Programming is a riveting expose on the plethora of research that has been carried out simply to discover how to control your every thought and desire. What you will learn will both shock and horrify. Tweaking your psyche has become big business. Never again will you be able to ignore the truth—your very thoughts are not your own. Mind Programming provides the tools to take back control and reprogram your own mind. Eldon Taylor provides the insight, information, and easy-to-use methods that will empower you to realize the life of your dreams. You were not meant to be the product of another's manipulation, whether in attitude and mood or in ambition and consumption.

today, taking readers into such locations as the isolation cells of America's prisons, crack houses in New York, and the jungles of Bolivia and Colombia, tracing its manufacture and chronicling the accounts of its cultivators, traffickers, and fighters. Reprint. 20,000 first printing.

Mind control is a tool that one can use for good or evil purposes. It all depends on the mind control that is involved and the intent of the individual who wants to apply it. It depends on whether the target or subject of mind control will benefit from it or is harmed. Nonetheless, mind control is a very intriguing and fascinating topic. The majority of us use some form of mind control such as persuasion or manipulation in our everyday lives to get what we want from others and to achieve our goals. Some of us even have used the mind control technique of self hypnosis on ourselves for self improvement in the areas of weight loss, reducing stress levels, or eradicating bad habits such as smoking from our lives. Mind control is a vast subject that has many components and factors to it and to get the proper understanding of it and the many techniques that are involved, it must be examined and explored in great detail. In his book entitled Banned Mind Control Techniques Unleashed author Daniel Smith covers in detail Mind Control and its associated techniques that are literally hidden away from the general public. You will learn about the dark secrets of hypnosis, manipulation, deception, persuasion, brainwashing and human psychology. After reading this book you will have a deeper understanding of mind control and its core principles. You will also have the information that you need to use mind control on others.

stop others from using mind control on you!

Named a Best Book of the Year by NPR and Science Friday A quest to explore some of the most spectacular ancient cities in human history—and figure out why people abandoned them. In *Four Lost Cities*, acclaimed science journalist Annalee Newitz takes readers on an entertaining and mind-bending adventure into the deep history of urban life. Investigating cities across the centuries and around the world, Newitz explores the rise and fall of four ancient cities, each the center of a sophisticated civilization: the Neolithic site of Çatalhöyük in Central Turkey, the Roman vacation town of Pompeii on Italy's southern coast, the megacity of Angkor in Cambodia, and the indigenous metropolis Cahokia, which stood on the Mississippi River where East St. Louis is today. Newitz travels to all four sites and investigates the cutting-edge research in archaeology, revealing the mix of environmental changes and political turmoil that doomed these ancient settlements. Tracing the early development of urban planning, Newitz also introduces us to the often anonymous workers—slaves, women, immigrants, and manual laborers—who built these cities and monuments that lasted millennia. *Four Lost Cities* is a journey into the forgotten past, foreseeing a future in which the majority of people on Earth will be living in cities, it may reveal something of our own fate.

Military Mind Control

ANTHEM

Brainwashing, Conditioning, and Indoctrination  
The Science of Thought Control

NEW YORK TIMES BESTSELLER • The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by The New York Times as "an exceptional work, a humane book about an incendiary subject." WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Economist • The New York Times Book Review • BBC History Magazine • Mother Jones • Kirkus Reviews The Talmud says: "If someone comes to kill you, rise up and kill him first." This instinct to take every measure, even the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks

against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Remnick as “arguably [Israel’s] best investigative reporter”—offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country’s military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world’s most feared intelligence agency), Caesarea (a “Mossad within the Mossad” that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, *Rise and Kill First* brings us deep into the heart of Israel’s most secret activities. Bergman traces, from statehood to the present, the gripping events and

thorny ethical questions underlying Israel's targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. "A remarkable feat of fearless and responsible reporting . . . important, timely, and informative."—John le Carré

From the dawn of humanity, the desire to control the thoughts, behaviors, and actions of others has been a pervasive one. From the use of coercive persuasion by ancient Egyptians and the Knights Templar to today's claims of electronic harassment and microwave "bombing," we have always been at the mercy of those who wish to reprogram our thoughts and reshape our beliefs. Mind Wars includes fascinating stories of: Ancient attempts at mind control using spell casting, potions, and rituals. Cults and the use of mental reprogramming. More modern mind-control techniques, from hypnosis, drugs, and electroshock to radiation and psychic driving. The inside story of the quest for a real Manchurian Candidate—MKUltra and the CIA connection. The brave new world of electronic harassment, "voice to skull" technology, and gang-stalking. The inner frontier of the human mind is the last bastion of privacy. But are we really in control of our own minds? The answer may shock you!
