The third edition of the
Emergency Ambulance
Response Driver's
Handbook is the

essential resource for all professional drivers of ambulances. It provides drivers with a safe and effective basis for their driving practice as well as an understanding of how to minimise any risk to ambulance drivers, passengers and other road users. The book is designed to serve as both an introductory

school social work practice given the changing educational context. While unique in that the content aligns with the newly developed national practice model developed by SSWAA, the text includes several other useful

features. For one, practice and policy are approached from an intersectionality perspective, which provides a framework for thinking about various systems of oppression and allows the practitioner to account for the
