

Branding Guidelines Example

Maximize the impact and precision of your message! Now in its fourth edition, the Microsoft Manual of Style provides essential guidance to content creators, journalists, technical writers, editors, and everyone else who writes about computer technology. Direct from the Editorial Style Board at Microsoft—you get a comprehensive glossary of both general technology terms and those specific to Microsoft; clear, concise usage and style guidelines with helpful examples and alternatives; guidance on grammar, tone, and voice; and best practices for writing content for the web, optimizing for accessibility, and communicating to a worldwide audience. Fully updated and optimized for ease of use, the Microsoft Manual of Style is designed to help you communicate clearly, consistently, and accurately about technical topics—across a range of audiences and media.

NAME YOUR BUSINESS. TELL YOUR STORY. Advertising and marketing masters from Ogilvy to Godin have proven the value of words when it comes to building a brand, attracting an audience, and making a sale. In our increasingly crowded and noisy world, a name is the foundation of every product, brand, or business—and it needs to stand out. In The Naming Book, Bullhorn Creative founder and partner Brad Flowers presents a clear framework for crafting and choosing the name that sticks. With a five-step blueprint that takes you from brainstorming to trademarking, this book is the ultimate guidebook to naming anything. You ’ ll learn how to: Set clear goals for your name and brand before you start Craft a brainstorming list based on your business mission Build a brand unique to you by creating your own word Find the balance between “ cool ” and clear Narrow down your list of names with five easy tests

Retaining brand relevance is fundamental to organizational success, and an increasing challenge that high-level marketing professionals now face. In the past, many have responded with product or price-based competition, yet this can only propel a brand so far when it comes to retaining long-term relevance. Research shows that consumers are in fact driven by emotion and positive brand experiences have the power to drive engagement, while simultaneously offering countless options for competitive differentiation. Building Brand Experiences enables managers and executives to realize this and create tailored, relevant experiences that will appeal to consumers and drive brand performance. Practically structured around The Brand Experience Blueprint, Building Brand Experiences provides a step-by-step guide to the process of building effective brand experiences based on tried-and-tested tools, templates and informed research. Combining expert insight and real-world examples in an anecdotal and digestible way, Building Brand Experiences is the essential guide to crafting relevant experiences that consumers will love, to improve brand engagement and drive results.

The Language of Branding: Theory, Strategies and Tactics shows marketers how to use language successfully to improve brand value and influence consumer behavior. Luna and Lerman are among only a few researchers who take a multidisciplinary perspective on the ways language influences how consumers act. Together with Morais, an anthropologist engaged in market research, they show how understanding the power of language can impact the essence – and sales – of a brand. The book covers the fundamentals of brand language and applications for an array of marketing initiatives. Readers will learn why brand language matters, how language is used in marketing, and how to build a brand strategy that capitalizes on the richness and complexity of language. This book includes real-world case histories that demonstrate vividly how brand language is created and exercises that enable both students of marketing and marketing professionals to apply the book ’ s concepts and stimulate class discussion. The Language of Branding: Theory, Strategies and Tactics can be used in a number of courses, including consumer behavior, branding, advertising, linguistics, and communications.

B2B brand communications have changed little in the last 25 years, until now. This book combines experience, insight, anecdote, observation and example to demonstrate how businesses can dramatically improve their creative communication and the value of their brands.

As seen in Fast Company, Inc., Entrepreneur, Quartz at Work, Big Think, Chief Learning Officer, Chief Executive Officer, and featured in the Financial Times, and Forbes Recommended Reading for Creative Leaders. The workplace is going through a large-scale transition with digitization, automation, and acceleration. Critical skills and expertise are imperative for companies and their employees to succeed in the future, and the most forward-thinking companies are being proactive in adapting to the shift in the workforce. Kelly Palmer, Silicon Valley thought-leader from LinkedIn, Degreed, and Yahoo, and David Blake, co-founder of Ed-tech pioneer Degreed, share their experiences and describe how some of the smartest companies in the world are making learning and expertise a major competitive advantage. The authors provide the latest scientific research on how people really learn and concrete examples from companies in both Silicon Valley and worldwide who are driving the conversation about how to create experts and align learning innovation with business strategy. It includes interviews with people from top companies like Google, LinkedIn, Airbnb, Unilever, NASA, and MasterCard; thought leaders in learning and education like Sal Khan and Todd Rose; as well as Thinkers50 list-makers Clayton Christensen, Daniel Pink, and Whitney Johnson. The Expertise Economy dares you to let go of outdated and traditional ways of closing the skills gap, and challenges CEOs and business leaders to embrace the urgency of re-skilling and upskilling the workforce.

A fully revised and updated edition of the bible of the newspaper industry

In this long-awaited book from the world's premier brand expert and author of the seminal work Building Strong Brands, David Aaker shows managers how to construct a brand portfolio strategy that will support a company's business strategy and create relevance, differentiation, energy, leverage, and clarity. Building on case studies of world-class brands such as Dell, Disney, Microsoft, Sony, Dove, Intel, CitiGroup, and PowerBar, Aaker demonstrates how powerful, cohesive brand strategies have enabled managers to revitalize brands, support business growth, and create discipline in confused, bloated portfolios of master brands, subbrands, endorser brands, cobrands, and brand extensions. Renowned brand guru Aaker demonstrates that assuring that each brand in the portfolio has a clear role and actively reinforces and supports the other portfolio brands will profoundly affect the firm's profitability. Brand Portfolio Strategy is required reading not only for brand managers but for all managers with bottom-line responsibility to their shareholders.

Presenting yourself effectively in writing is one of the keys to success in any field. Whether your project is a term paper or a newsletter, a catalog or an annual report, Merriam-Webster's Guide to Punctuation and Style will help you produce it with flair and finesse. This practical guide gives you quick, easy-to-understand answers to the questions you face most often in your writing.

Management fads come and go in the blink of an eye, but branding is here to stay. Closely watched by the stock market and obsessed over by the biggest companies, brand identity is the one indisputable source of sustainable competitive advantage, the vital key to customer loyalty. David Aaker is widely recognised as the leading expert in this burgeoning field. Now he prepares managers for the next wave of the brand revolution. With coauthor Erich Joachimsthaler, Aaker takes brand management to the next level - strategic brand leadership. Required reading for every marketing manager is the authors' conceptualisation of 'brand architecture' - how multiple brands relate to each other - and their insights on the hot new area of Internet branding. Full of impeccable, intelligent guidance, BRAND LEADERSHIP is the visionary key to business success in the future.

Why do consumers pay a premium for a Dell or Hewlett-Packard laptop, when they could get a generic machine with similar features for a lower price? The answer lies in the power of branding. A brand is not just a logo. It is the image your company creates of itself, from your advertising look to your customer interaction style. It makes a promise for your business, and that promise becomes the sticking point for customer loyalty. And that loyalty and trust is why, so to speak, your laptops sell and your competitors’ don’t. Whatever your business is, whether it’s large or small, global or local, Branding For Dummies gives you the nuts and bolts know-how to create, improve, or maintain a brand. This plain-English guide will help you brand everything from products to services to individuals. It gives you step-by-step advice on assembling a top-notch branding team, positioning your brand, handling advertising and promotion, avoiding blunders, and keeping your brand viable, visible, and healthy. You’ll get familiar with branding essentials like: Defining your company’s identity Developing logos and taglines Launching your brand marketing plan Managing and protecting your brand Fixing a broken brand Making customers loyal brand champions Filled with easy-to-navigate icons, charts, figures, top ten lists, and humor, Branding For Dummies is the straight-up, jargon-free resource for making your brand stand out from the pack—and for positioning your business to reap the ensuing rewards.

They Ask, You Answer

Building Better Brands is the essential guide to creating and evolving brands. Leveraging three decades of brand consulting for legendary companies like Caterpillar, Harley-Davidson, 3M, Owens-Illinois, National Australia Bank, and American Express, as well as middle-market and new-media startups, Scott Lerman shares the processes and frameworks needed to build great brands. This book is for you if you're a CEO seeking to enhance your knowledge of the branding process, a marketing/communications specialist who wants to take a leadership role in advancing an organizations brand, a brand consultant who is striving to sharpen and extend your skills, or a student who wants to jump-start a career in branding. Whatever its starting point—market leader or struggling competitor—any organization that follows this step-by-step guide will end up with a better brand.

The revolutionary guide that challenged businesses around the world to stop selling to their buyers and start answering their questions to get results: revised and updated to address new technology, trends, the continuous evolution of the digital consumer, and much more In today's digital age, the traditional sales funnel—marketing at the top, sales in the middle, customer service at the bottom—is no longer effective. To be successful, businesses must obsess over the questions, concerns, and problems their buyers have, and address them as honestly and as thoroughly as possible. Every day, buyers turn to search engines to ask billions of questions. Having the answers they need can attract thousands of potential buyers to your company—but only if your content strategy puts your answers at the top of those search results. It's a simple and powerful equation that produces growth and success: They Ask, You Answer. Using these principles, author Marcus Sheridan led his struggling pool company from the bleak depths of the housing crash of 2008 to become one of the largest pool installers in the United States. Discover how his proven strategy can work for your business and master the principles of inbound and content marketing that have empowered thousands of companies to achieve exceptional growth. They Ask, You Answer is a straightforward guide filled with practical tactics and insights for transforming your marketing strategy. This new edition has been fully revised and updated to reflect the evolution of content marketing and the increasing demands of today's internet-savvy buyers. New chapters explore the impact of technology, conversational marketing, the essential elements every business website should possess, the rise of video, and new stories from companies that have achieved remarkable results with They Ask, You Answer. Upon reading this book, you will know: How to build trust with buyers through content and video. How to turn your web presence into a magnet for qualified buyers. What works and what doesn't through new case studies, featuring real-world results from companies that have embraced these principles. Why you need to think of your business as a media company, instead of relying on more traditional (and ineffective) ways of advertising and marketing. How to achieve buy-in at your company and truly embrace a culture of content and video. How to transform your current customer base into loyal brand advocates for your company. They Ask, You Answer is a must-have resource for companies that want a fresh approach to marketing and sales that is proven to generate more traffic, leads, and sales.

This book explores the psychological factors underlying brand choices we make. How we encounter brands (and how often we), think about them, feel about them, and how we experience them in relation to competing brands, has a big effect on which ones we choose, and keep on choosing. At the same time, presumably there are neural events occurring when we encounter and mentally respond to brands. These represent ways in which we can explain and understand why people choose and remain loyal to brands. These explanations of branding are related and intuitive. But how does the psychology of branding work? This book offers answers to that question. Brands are all around us and in a sense represent any person, place, or thing to which people attach associations - anything that represents something for someone. This insight has led those trying to improve society, not just to sell products, services, and organizational reputations, but to take up the mantle of branding. The branding of social and health behaviors has become widespread and is now a central approach in social marketing - the use of marketing to benefit society rather than the marketer. In an earlier volume, my co-editor Gerard Hastings and I noted "that by learning about concepts such as brand development, identity and equity, we can do for public health what Phillip Morris had done for teen smoking." This is exactly what's been happening for some 20 years, and now branding represents a powerful strategy to change social and health behaviors for the better. Branding is now truly a systemic approach to modifying human behavior for commercial as well as socially beneficial purposes.

"A terrific and timely book that makes a compelling case for fundamentally rethinking how your business communicates. Recommended!" —Jay Baer, founder of Convince & Convert and author of Hug Your Haters "Once upon a time, storytelling was confused with talking at people. Not anymore. Shane and Joe are your narrators in a journey that will transform how you talk to other human beings to be more believable, relevant, compelling and unforgettable." —Brian Solis, experience architect, digital anthropologist, best-selling author "Shane Snow and Joe Lazauskas spend the overwhelming majority of their time thinking, writing, and theorizing about brand storytelling - so you don't have to. They're smart and they know this topic inside out (and sideways). Read their book. While I can't guarantee you'll rise to Shane and Joe's ridiculously obsessive level, you will be infinitely better prepared to tell your own brand's story. Promise!" —Rebecca Lieb, Analyst, Author & Advisor "The Contently team understands the power of story, and how to craft and spread a great narrative, like no other. In an era where brand, design, and mission are a competitive advantage for every business, Contently underscores the importance of stories and how they transform companies and industries." —Scott

Belsky, Entrepreneur, Investor, & Author (Founder of Behance, bestselling author of Making Ideas Happen) "I can't think of a better way to illustrate the power of story telling than by telling great stories. This book should be required reading not just by those with content in their titles, but by anyone in Marketing AND Sales. Then, when you're done, give it to your CEO to read... but make sure you get it back, because I guarantee you'll refer to it more than once."—Shawna Dennis, Senior Marketing Leader "Neuroscience, algorithms, illustrations, personal anecdotes and good, old-fashioned empathy: This entertaining and informative tome journeys to the core of how we communicate and pushes us, as marketers and humans, to do it better, "speeding the reader through and leaving us wanting more."—Ann Hynek, VP of global content marketing at Morgan Stanley Transform your business through the power of storytelling. Content strategists Joe Lazauskas and Shane Snow offer an insider's guide to transforming your business—and all the relationships that matter to it—through the art and science of telling great stories. Smart businesses today understand the need to use stories to better connect with the people they care about. But few know how to do it well. In The Storytelling Edge, the strategy minds behind Contently, the world renowned content marketing technology company, reveal their secrets that have helped award-winning brands to build relationships with millions of advocates and customers. Join as they dive into the neuroscience of storytelling, the elements of powerful stories, and methodologies to grow businesses through engaging and accountable content. With The Storytelling Edge you will discover how leaders and workers can craft the powerful stories that not only build brands and engage customers, but also build relationships and make people care—in work and in life.

How Brands Grow

George Orwell set out ‘to make political writing into an art’, and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell’s essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Politics and the English Language, the second in the Orwell’s Essays series, Orwell takes aim at the language used in politics, which, he says, ‘is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind’. In an age where the language used in politics is constantly under the microscope, Orwell’s Politics and the English Language is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can – and must – be rediscovered with every age.' – Irish Times

An expert presents in a compact form the 20 essential principles of branding that will lead to the creation of strong brands.

Laying the Foundations is a comprehensive guide to creating, documenting, and maintaining design systems, and how to design websites and products systematically. It's an ideal book for web designers and product designers (of all levels) and especially design teams. This is real talk about creating design systems and digital brand guidelines. No jargon, no glossing over the hard realities, and no company hat. Just good advice, experience, and practical tips. System design is not a scary thing – this book aims to dispel that myth. It covers what design systems are, why they are important, and how to get stakeholder buy-in to create one. It introduces you to a simple model, and two very different approaches to creating a design system. What's unique about this book is its focus on the importance of brand in design systems, web design, product design, and when creating documentation. It's a comprehensive guide that's simple to follow and easy on the eye.

WWW may be an acronym for the World Wide Web, but no one could fault you for thinking it stands for wild, wild West. The rapid growth of the Web has meant having to rely on style guides intended for print publishing, but these guides do not address the new challenges of communicating online. Enter The Yahoo! Style Guide. From Yahoo!, a leader in online content and one of the most visited Internet destinations in the world, comes the definitive reference on the essential elements of Web style for writers, editors, bloggers, and students. With topics that range from the basics of grammar and punctuation to Web-specific ways to improve your writing, this comprehensive resource will help you: – Shape your text for online reading – Construct clear and compelling copy – Write eye-catching and effective headings – Develop your site's unique voice – Streamline text for mobile users – Optimize webpages to boost your chances of appearing in search results – Create better blogs and newsletters – Learn easy fixes for your writing mistakes – Write clear user-interface text This essential sourcebook–based on internal editorial practices that have helped Yahoo! writers and editors for the last fifteen years–is now at your fingertips.

The NASA Graphics Standards Manual, by Richard Danne and Bruce Blackburn, is a futuristic vision for an agency at the cutting edge of science and exploration. Housed in a special anti-static package, the book features a foreword by Richard Danne, an essay by Christopher Bonanos, scans of the original manual (from Danne's personal copy), reproductions of the original NASA 35mm slide presentation, and scans of the Managers Guide, a follow-up booklet distributed by NASA.

Ideal for students of design, independent designers, and entrepreneurs who want to expand their understanding of effective design in business, Identity Designed is the definitive guide to visual branding. Written by best-selling writer and renowned designer David Airey, Identity Designed formalizes the process and the benefits of brand identity design and includes a substantial collection of high-caliber projects from a variety of the world's most talented design studios. You'll see the history and importance of branding, a contemporary assessment of best practices, and how there's always more than one way to exceed client expectations. You'll also learn a range of methods for conducting research, defining strategy, generating ideas, developing touchpoints, implementing style guides, and futureproofing your designs. Each identity case study is followed by a recap of key points. The book includes projects by Lantern, Base, Pharos, OCD, Rice Creative, Foreign Policy, Underline Studio, Fedoriv, Freytag Anderson, Bedow, Robot Food, Together Design, Believe in, Jack Renwick Studio, ico Design, and Lundgren+Lindqvist. Identity Designed is a must-have, not only for designers, but also for entrepreneurs who want to improve their work with a greater understanding of how good design is good business.

This marketing classic has been expanded to include new commentary, new illustrations, and a bonus book: The 11 Immutable Laws of Internet Branding. Smart and accessible, The 22 Immutable Laws of Branding is the definitive text on branding, pairing anecdotes about some of the best brands in the world, like Rolex, Volvo, and Heineken, with the signature savvy of marketing gurus Al and Laura Ries. Combining The 22 Immutable Laws of Branding and The 11 Immutable Laws of Internet Branding, this book proclaims that the only way to stand out in today's marketplace is to build your product or service into a brand—and provides the step-by-step instructions you need to do so. The 22 Immutable Laws of Branding also tackles one of the most challenging marketing problems today: branding on the Web. The Rieses divulge the controversial and counterintuitive strategies and secrets that both small and large companies have used to establish internet brands. The 22 Immutable Laws of Branding is the essential primer on building a category-dominating, world-class brand.

This practical toolkit helps you build your own robust, dynamic brands that generate conversion. You'll find over 100 DIY branding tactics and inspiring case studies, and step-by-step instructions for building and measuring 25 essential brand strategy ingredients, from logo design to demo-day pitches, using The Lean Startup methodology's Build-Measure-Learn loop. Learn exactly what a brand is—and what it isn't Build a minimal set of brand ingredients that are viable in the marketplace: brand story, brand symbols, and brand strategy Measure your brand ingredients by using meaningful metrics to see if they meet your conversion goals Pivot your brand ingredients in new directions based on what you've learned—by optimizing rather than trashing Focus specifically on brand story, symbols, or strategy by following the Build-Measure-Learn chapters that apply

"Beloved Brands is a book every CMO or would-be CMO should read." Al Ries With Beloved Brands, you will learn everything you need to know so you can build a brand that your consumers will love. You will learn how to think strategically, define your brand with a positioning statement and a brand idea, write a brand plan everyone can follow, inspire smart and creative marketing execution, and be able to analyze the performance of your brand through a deep-dive business review. Marketing pros and entrepreneurs, this book is for you. Whether you are a VP, CMO, director, brand manager or just starting your marketing career, I promise you will learn how to realize your full potential. You could be in brand management working for an organization or an owner-operator managing a branded business. Beloved Brands provides a toolbox intended to help you every day in your job. Keep it on your desk and refer to it whenever you need to write a brand plan, create a brand idea, develop a creative brief, make advertising decisions or lead a deep-dive business review. You can even pass on the tools to your team, so they can learn how to deliver the fundamentals needed for your brands. This book is also an excellent resource for marketing professors, who can use it as an in-class textbook to develop future marketers. It will challenge communications agency professionals, who are looking to get better at managing brands, including those who work in advertising, public relations, in-store marketing, digital advertising or event marketing. "Most books on branding are really for the MARCOM crowd. They sound good, but you find it's all fluff when you try to take it from words to actions. THIS BOOK IS DIFFERENT! Graham does a wonderful job laying out the steps in clear language and goes beyond advertising and social media to show how branding relates to all aspects of GENERAL as well as marketing management. Make no mistake: there is a strong theoretical foundation for all he says...but he spares you the buzzwords. Next year my students will all be using this book." Kenneth B. (Ken) Wong, Queen's University If you are an entrepreneur who has a great product and wants to turn it into a brand, you can use this book as a playbook. These tips will help you take full advantage of branding and marketing, and make your brand more powerful and more profitable. You will learn how to think, define, plan, execute and analyze, and I provide every tool you will ever need to run your brand. You will find models and examples for each of the four strategic thinking methods, looking at core strength, competitive, consumer and situational strategies. To define the brand, I will provide a tool for writing a brand positioning statement as well as a consumer profile and a consumer benefits ladder. I have created lists of potential functional and emotional benefits to kickstart your thinking on brand positioning. We explore the step-by-step process to come up with your brand idea and bring it all together with a tool for writing the ideal brand concept. For brand plans, I provide formats for a long-range brand strategy roadmap and the annual brand plan with definitions for each planning element. From there, I show how to build a brand execution plan that includes the creative brief, innovation process, and sales plan. I provide tools for how to create a brand calendar and specific project plans. To grow your brand, I show how to make smart decisions on execution around creative advertising and media choices. When it comes time for the analytics, I provide all the tools you need to write a deep-dive business review, looking at the marketplace, consumer, channels, competitors and the brand. Write everything so that it is easy to follow and implement for your brand. My promise to help make you smarter so you can realize your full potential.

This book provides evidence-based answers to the key questions asked by marketers every day. Tackling issues such as how brands grow, how advertising really works, what price promotions really do and how loyalty programs really affect loyalty, How Brands Grow presents decades of research in a style that is written for marketing professionals to grow their brands.

More than half-a-million business leaders have discovered the power of the StoryBrand Framework, created by New York Times best-selling author and marketing expert Donald Miller. And they are making millions. If you use the wrong words to talk about your product, nobody will buy it. Marketers and business owners struggle to effectively connect with their customers, costing them and their companies millions in lost revenue. In a world filled with constant, on-demand distractions, it has become near-impossible for business owners to effectively cut through the noise to reach their customers, something Donald Miller knows first-hand. In this book, he shares the proven system he has created to help you engage and truly influence customers. The StoryBrand process is a proven solution to the struggle business leaders face when talking about their companies. Without a clear, distinct message, customers will not understand what you can do for them and are unwilling to engage, causing you to lose potential sales, opportunities for customer engagement, and much more. In Building a StoryBrand, Donald Miller teaches marketers and business owners to use the seven universal elements of powerful stories to dramatically improve how they connect with customers and grow their businesses. His proven process has helped thousands of companies engage with their existing customers, giving them the ultimate competitive advantage. Building a StoryBrand does this by teaching you: The seven universal story points all humans respond to; The real reason customers make purchases; How to simplify a brand message so people understand it; and How to create the most effective messaging for websites, brochures, and social media. Whether you are the marketing director of a multibillion-dollar company, the owner of a small business, a politician running for office, or the lead singer of a rock band, Building a StoryBrand will forever transform the way you talk about who you are, what you do, and the unique value you bring to your customers.

Join a Growing movement: Learn how you can join a fast-growing global movement to redefine success in business—led by well-known icons like Patagonia and Ben & Jerry ’s as well as disruptive upstarts like Warby Parker and Etsy—recently covered by the New York Times, the Economist, the Wall Street Journal, Entrepreneur, and Inc. Build a better business: Drawing on best practices from 100+ B Corps, this book shows that using business as a force for good can help distinguish your company in a crowded market, attract and retain the best employees, and increase customer trust, loyalty, and evangelism for your brand. More than 1,000 companies from 80 industries and 30 countries are leading a global movement to redefine success in business. They ’re called B Corporations—B Corps for short—and these businesses create high-quality jobs, help build stronger communities, and restore the environment, all while generating solid financial returns. Author and B Corp owner Ryan Honeyman worked closely with over 100 B Corp CEOs and senior executives to share their tips, advice, and best-practice ideas for how to build a better business and how to meet the rigorous standards for—and enjoy the benefits of—B Corp certification. This book makes the business case for improving your social and environmental performance and offers a step-by-step “quick start guide” on how your company can join an innovative and rapidly expanding community of businesses that want to make money and make a difference.

In the field of branding logos have to be optimized for smart phones, tablets, TVs, desktops and meet users’ needs at the same time, with design variants for all types of physical and digital supports, in a trend known as responsive logos. This book features with detailed analysis examples to help designers make logos that are both useful and stylish in this digital era.

Designing for the Digital World

The Associated Press Stylebook 2015

Creating a brand identity is a fascinating and complex challenge for the graphic designer. It requires practical design skills and creative drive as well as an understanding of marketing and consumer behaviour. This practical handbook is a comprehensive introduction to this multifaceted process. Exercises and examples highlight the key activities undertaken by designers to create a successful brand identity, including defining the audience, analyzing competitors, creating mood boards, naming brands, designing logos, presenting to clients, rebranding and launching the new identity. Case studies throughout the book are illustrated with brand identities from around the world, including a diverse range of industries - digital media, fashion, advertising, product design, packaging, retail and more.

An investigation into how specific Web technologies can change the dynamics of organizing and participating in political and social protest.

Ash Harrington's life is out of control. At twenty-three years old, he's suddenly the head of a multibillion dollar global corporation he is in no way equipped to run. His father is dying. His mother's run away. He's spent his entire adult life playing fast and loose with his life and his loves, but when he's dragged into a position of responsibility with the fate of the company on his shoulders, he goes spinning into freefall. And Brand Forsythe is the only man to catch him. Icy, detached, nearly twice Ash's age, the massive monolith of a British valet is impossible to deal with and like no servant Ash has ever met. Domineering and controlling, Brand quickly puts Ash's life in order. And quickly takes Ash in hand. Even if by day Ash has to project authority, leadership, and calm...by night he's discovering the breathless pleasure of giving up control. The shivering thrill of surrendering to Brand. The sweet taboo of being submissive to the man in even the smallest things. Ash can't quite understand why it feels so good to put himself in Brand Forsythe's capable, commanding hands. He only knows, as he faces the hardest decisions of his life...the only thing that can save him is the love of his cocky valet. Author's Note: If you're reading this, you likely know why this book exists. **Bask in the petty, my darlings. Bask.**
