Reproduction of the original: Briefe aus Frankfurt und Paris 1848-1849 by Friedrich von Raumer

A Briefe Introduction to the Skill of Song by William Bathe

Briefe an Roman Ingarden

Beseiged, and Taken in Vnder the Able and Victorious Conduct of His Highnesse the Prince of Orange, Captaine Generall of the States Armie, and Admirall of the Seas, &c

A briefe and necessary Catechism. With a short instruction for all that do receive the holy Communion, etc. Third edition?

Erster Teil

Although unjustly neglected by modern writers, William Bathes contributions to music pedagogy in late sixteenth-century were profound. Bathes A Briefe Introduction to the Skill of Song (1596) not only includes the first explication of a hexachordal solmization method published by an English writer (a system similar to that which would become the standard in England during the seventeenth century) but also outlines a combinatorial method for composing canons that is remarkable in both conception and design. In addition to providing the first modern edition of Bathes treatise, the volume includes a complicated compilation and publication histories of the book, the historical and theoretical foundations of Bathes work, and the relationship between the 1596 book and Bathes 1584 treatise A Briefe Introduction to the True Arte of Musick (which is included as an appendix).

Briefe aus Frankfurt und Paris 1848-1849

**This dual-language book contains the first English-language translation of Johann Wolfgang von Goethe's "Letters From Switzerland" to appear in over 100 years-- and it is the only version now in print. Also included is an introduction, the German-language text, a glossary, interpretive essay, selected bibliography, plus assorted photos and maps [180 pages]. Goethe's expedition through Switzerland and the Savoy during the autumn 1779 traversed a wild Alpine landscape decades before it became the popular "playground of Europe" for thrill-seeking Victorian travelers. For Germany's greatest literary figure, the rugged Alpine landscape was both a place of spiritual and scientific wonder, and an environment that would provide inspiration for many of Goethe's best loved writings.**

Ungedruckte Briefe von Schiller [Dec. 1797-April, 1801], Goethe [Jan. 1798-June 1803] und Wieland [Oct. 1804].

Medicinisch Briefe. Beobachtungen und Erfahrungen in der Wissenschaft und am Krankenbette. 2 Bde

*Wolfgang Amadeus Mozart (1756 - 1791) was an extraordinarily prolific and seminal composer during the Classical era. He displayed astonishing musical ability from a very early age, composing and playing competently when just five years old. During his lifetime, Mozart composed over 600 original works, many of which are considered to be the apex of symphonic, concertante, chamber, operatic, and choral music. Featuring large, clear note heads and wide margins, this edition is perfect for studying and following the music, and is not to be missed by collectors. Classic Music Collection constitutes an extensive library of the most well-known and universally-enjoyed works of classical music ever composed, reproduced from authoritative editions for the enjoyment of musicians and music students the world over.*
