Brigadier Gentle Hero True Horse Stories

October 8th, 1918—amid the last of the Allies attempts to the Germans, Sergeant Alvin York of Tennessee,

found himself and his platoon of only seventeen men trapped in the thick of heavy machine gun fire. Rather than retreating or calling upon the artillery to take out the nest, York single-handedly took out Page 2/148

twenty-five Germans, dropping them one-by-one, and captured many more. This is only one of the many tales of York's famed heroism, which were heralded as some of the most impressive battle stories in Page 3/148

history of modern warfare. Sergeant York contains the legendary soldier's war diaries, which offer upclose snapshots of his fabled military career. Included in this new edition of a classic work are new

forewords written by York's son and grandson, which provide both personal and historical recollections of their predecessor. In Sergeant York, experience the fascinating life of an American hero.

Page 5/148

He was born, wild and free, in the vast mountainous scrublands of Nevada, Until he was a year old, no human hand touched him, though he knew something of the danger people represented to the herd. But one fateful day, Page 6/148

the herd was chased by a huge black creature in the sky, and the yearling was separated from his mother. In blind panic he ran, but he could not outdistance the terrifying, whirling thing above him, or the humans on Page 7/148

horseback that surrounded him. Before long, JB Andrew would come to the attention of many. He was big, leggy, and awkward, but he had a long, graceful stride and was chosen for an inmate prison program where he Page 8/148

would be trained and made ready for adoption. JB, short for Jail Bird, had a special quality that forced people to take notice. Before his retirement years later, he would win hearts and trophies in the elite Page 9/148

competitive dressage ring by becoming the first and only wild mustang to attain success in the sport. He paved the way for people to dream, believe, and succeed and in doing so, JB became one of the greatest

Page 10/148

ambassadors for wild mustangs the breed has ever known. Third in the True Horse Stories series, JB Andrew: Mustang Magic is as warm as it is inspiring. Russia employs a sophisticated social media Page 11/148

campaign against former Soviet states that includes news tweets, nonattributed comments on web pages, troll and bot social media accounts, and fake hashtag and Twitter campaigns. Nowhere is this threat more Page 12/148

tangible than in Ukraine. Researchers analyzed social media data and conducted interviews with regional and security experts to understand the critical ingredients to countering this campaign.

The Red Book of Heroes Juvenile History - -American Great Commanders [Illustrated Edition] Each book in the True Horse Stories focuses on a contemporary horse

from a different part of the world, and each animal is, in his or her own way, a hero. PBJ Decks Smokin Gun (Gunner) is an American Paint *Horse, one of the many of Heather* Lott Goodwin's herd, and a valuable show animal that won the World Page 17/148

Championship Paint Horse title. When Hurricane Katrina passed over the Goodwin property, it took with it the fences, the cattle, and several horses. Heather and her family lived in their horse trailer for six weeks and considered themselves Page 18/148

lucky to have safe, comfortable shelter. After the storm, they searched for the animals and recovered many of them. But three months passed before they located Gunner, a hundred miles away. They were told he was in terrible

shape and should be put down. Nevertheless. Heather drove on washed-out roads to bring him home, starving, dehydrated, and blind in one eye. With the help of a vet and her mother, she nursed him back to health. Amazingly, nine Page 20/148

months later, he was well enough to compete again in the World Championship Paint Horse Show. Gunner's story is a testament to love and to determination. BrigadierGentle HeroTundra Books *Includes more than 40 maps, plans* Page 21/148

Truce Tent and Fighting Front The Jungle Book Little Squire Includes 3 maps and 7 illustrations The command of military forces in combat is unlike any other field of human

endeavor. If war is the ultimate form of human competition, then the commander is the ultimate competitor. The commander operates in an environment of chance, uncertainty, and chaos, in which the stakes are, quite Page 45/148

literally, life and death. He or she contends against an adversary who is using every means, fair or foul, to foil his plans and bring about his defeat. The commander is ultimately responsible for every variable $_{Page\ 46/148}$

that factors into military success or failure-training, logistics, morale, equipment, planning, and execution. The commander reaps the lion's share of plaudits in victory, but also must accept the blame in defeat, warranted or

not. Very often the line that separates fame and ignominy is slender indeed. It is not difficult to identify "great" commanders, though the overwhelming majority of generals who win battles are never considered Page 48/148

"great." Something more than a favorable ratio of wins to losses is needed to establish greatness...The truly great commander is generally considered to be one who attains the unexpected or the

unprecedented; one who stands above his contemporaries through his skill on the battlefield, or through the sheer magnitude of his accomplishments. ... The commanders selected were Page 50/148

masters of warfare in their particular time and environment. Each capitalized upon the social, political, economic, and technological conditions of his day to forge successful military forces and win significant and Page 51/148

noteworthy victories that profoundly altered the world in which he lived.-Dr Christopher R. Gabel. The Great Commanders covered by this volume are Alexander the Great, Genghis Khan, Napoleon, John J.

Pershing, Erwin Rommel and Curtis E. LeMay American Military History provides the United States Armyin particular, its young officers, NCOs, and cadets-with a comprehensive but brief account Page 53/148

of its past. The Center of Military History first published this work in 1956 as a textbook for senior ROTC courses. Since then it has gone through a number of updates and revisions, but the primary intent has remained the Page 54/148

same. Support for military history education has always been a principal mission of the Center, and this new edition of an invaluable history furthers that purpose. The history of an active organization tends to expand Page 55/148

rapidly as the organization grows larger and more complex. The period since the Vietnam War, at which point the most recent edition ended, has been a significant one for the Army, a busy period of expanding roles Page 56/148

and missions and of fundamental organizational changes. In particular, the explosion of missions and deployments since 11 September 2001 has necessitated the creation of additional, open-ended chapters

in the story of the U.S. Army in action. This first volume covers the Army's history from its birth in 1775 to the eve of World War I. By 1917, the United States was already a world power. The Army had sent large expeditionary

forces beyond the American hemisphere, and at the beginning of the new century Secretary of War Elihu Root had proposed changes and reforms that within a generation would shape the Army of the future. But

world war-global war-was still to come. The second volume of this new edition will take up that story and extend it into the twenty-first century and the early years of the war on terrorism and includes an analysis of the wars

in Afghanistan and Iraq up to January 2009. Little Squire was born in an Irish meadow on an early spring day. The colt was beautifully formed with strong, straight legs and a pretty head. But due to his small Page 61/148

size, it was unlikely he would be more than a nice child's riding pony. By the following spring, the vearling was separated from his mother and turned out to pasture with the other weanlings. Little Squire wasn't happy to be away

from his dam so he charged the high stone wall and cleared it easily. Little Squire had just shown an astonishing side of himself that would eventually bring him greatness. Over time, the young horse traded hands, Page 63/148

crossed an ocean, and ended up on the American show-jumping circuit. That was when he met another diminutive Irish immigrant, Mickey Walsh. The two were inseparable until, at Mickey's request, Little Squire

was retired at the top of his game, and while he was still sound. He went out in a blaze of glory, though, ending his last performance with Mickey by jumping a six-foot-two fence rider-less — in front of a packed

arena. During the war-torn 30s, Little Squire had given people something to cheer about. SpanPublished in 1865 and edited by abolitionist L. Maria Child, The Freedmens Book was intended to be used to teach Page 66/148

recently freed African Americans to read and to provide them with inspiration. Thirsting for education, Freedmen were eagerly enrolling in any schools that would accept them. Child saw a need for texts and Page 67/148

Dorn, an unusual player on the world stage during the 1920s and beyond World War II. Over the course of his 30-year Army career, Dorn manifested probing observations and analyses Page 71/148

especially of Asia. He produced writings on subjects ranging from Philippine native tribes to Peking's Forbidden City and the origins of the Sino-Iapanese War that began in Page 72/148

1937. Following the end of World War II, he was closely involved in Gen. Douglas MacArthur's brilliant occupation and pacification of Japan. Beyond his military successes, Dorn created Page 73/148

world-class art, enjoyed cooking and writing cookbooks, was renowned for his cartography skills. and relished opportunities to comment on the frequent maelstroms and interplay of Page 74/148

relevant personalities on social and military scenes."--Provided by publisher. First published in 2003. The NATO-led Operation Allied Force was fought in 1999 to

stop Serb atrocities against ethnic Albanians in Kosovo. This war, as noted by the distinguished military historian John Keegan, "marked a real turning point . . . and proved that a war

can be won by airpower alone." Colonels Haave and Haun have organized firsthand accounts of some of the people who provided that airpower-the members of the 40th Expeditionary

Operations Group. Their descriptions-a new wingman's first combat sortie, a support officer's view of a fighter squadron relocation during combat, and a Sandy's leadership in

finding and rescuing a downed F-117 pilot-provide the reader with a legitimate insight into an air war at the tactical level and the airpower that helped convince the Serbian Page 79/148

president, Slobodan Milosevic, to capitulate. The true story of a gentle hero who won hearts and affection for his commitment to "serve and protect." A big boy right from the start, Brig Page 80/148

was a Belgian draft cross, or grade horse, with just the right temperament to earn his place on the Mounted Unit of the Toronto Police Department. Brigadier was a golden chestnut with four Page 81/148

white socks, and his size alone was imposing. But that wasn't why Sergeant Graham Acott chose this horse above all the others with such certainty. The animal's large, intelligent,

and gentle eyes were what struck him. This was a horse. and a partner, perfectly suited to the job for which he'd been bred. Brigadier never let Graham or anyone else down for a moment, and Page 83/148

his years of service with the force were happy ones. When, on that last night, he turned into the path of an oncoming car and took the full force of its impact, he did what he was trained to do Page 84/148

and he did it with the heart of a gentle hero. Thousands wept and were outraged by the senseless cruelty that ended Brig's life. For his selfless act, Brigadier received full honors, a police Page 85/148

funeral, and tributes from around the world. But his days of willing service, the smiles he brought, and his gift of companionship are what he will always be remembered for.

General George Washington The Pulitzer Prize-winning biography of Harry S. Truman, whose presidency included momentous events from the atomic bombing of Japan to the outbreak of the Cold War and the Korean War, told by America's beloved and distinguished historian. The life of Page 89/148

Harry S. Truman is one of the greatest of American stories, filled with vivid characters—Roosevelt, Churchill, Stalin, Eleanor Roosevelt, Bess Wallace Truman, George Marshall, Joe McCarthy, and Dean Acheson—and dramatic events. In this riveting biography, acclaimed historian David Page 90/148

McCullough not only captures the man—a more complex, informed, and determined man than ever before imagined—but also the turbulent times in which he rose, boldly, to meet unprecedented challenges. The last president to serve as a living link between the nineteenth and the Page 91/148

twentieth centuries, Truman's story spans the raw world of the Missouri frontier, World War I, the powerful Pendergast machine of Kansas City, the legendary Whistle-Stop Campaign of 1948, and the decisions to drop the atomic bomb, confront Stalin at Potsdam, send troops to Korea, and fire Page 92/148

General MacArthur. Drawing on newly discovered archival material and extensive interviews with Truman's own family, friends, and Washington colleagues, McCullough tells the deeply moving story of the seemingly ordinary "man from Missouri" who was perhaps the most courageous president in our Page 93/148

history.

A short story that is shrouded in mystery, "The Man that Was Used Up" follows a narrator who wants to learn more about an important military figure. A satirical tale that mocks a real person, its strengths as a literary piece lie in the grotesque and immensely Page 94/148

humorous episode in which the General is presented. Comic and amusing, the story is a must for Poe fans, even though the supernatural element is left aside, while the paradoxical roams free. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short Page 95/148

stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Bayen" (1945), "The Black Cat" (1943), and Page 96/148

"The Gold-Bug" (1843). In the spring of 1884 Ulysses S. Grant heeded the advice of Mark Twain and finally agreed to write his memoirs. Little did Grant or Twain realize that this seemingly straightforward decision would profoundly alter not only both their lives but the course of American Page 97/148

literature. Over the next fifteen months. as the two men became close friends and intimate collaborators, Grant raced against the spread of cancer to compose a triumphant account of his life and times—while Twain struggled to complete and publish his greatest novel, Adventures of Huckleberry Page 98/148

Finn.In this deeply moving and meticulously researched book, veteran writer Mark Perry reconstructs the heady months when Grant and Twain inspired and cajoled each other to create two quintessentially American masterpieces. In a bold and colorful narrative, Perry recounts the early Page 99/148

careers of these two giants, traces their quest for fame and elusive fortunes, and then follows the series of events that brought them together as friends. The reason Grant let Twain talk him into writing his memoirs was simple: He was bankrupt and needed the money. Twain promised Grant princely returns Page 100/148

in exchange for the right to edit and publish the book—and though the writer's own finances were tottering, he kept his word to the general and his family. Mortally ill and battling debts, magazine editors, and a constant crush of reporters, Grant fought bravely to get the story of his life and his Civil War Page 101/148

victories down on paper. Twain, meanwhile, staked all his hopes, both financial and literary, on the tale of a ragged boy and a runaway slave that he had been unable to finish for decades. As Perry delves into the story of the men's deepening friendship and mutual influence, he arrives at the Page 102/148

startling discovery of the true model for the character of Huckleberry Finn. With a cast of fascinating characters, including General William T. Sherman, William Dean Howells, William Henry Vanderbilt, and Abraham Lincoln, Perry's narrative takes in the whole sweep of a glittering, unscrupulous age. Page 103/148

A story of friendship and history, inspiration and desperation, genius and ruin, Grant and Twain captures a pivotal moment in the lives of two towering Americans and the age they epitomized.

The first-person account of how a small band of Green Berets used horses and Page 104/148

laser-guided missiles to overthrow the Taliban and al-Qaeda in Afghanistan after 9/11. They landed in a dust storm so thick the chopper pilot used dead reckoning and a guess to find the ground. They were met by a band of heavily armed militiamen who didn't understand a word they said. They Page 105/148

climbed a mountain on horseback to meet the most ferocious warlord in Asia. They plotted a war of nineteenthcentury maneuvers against a twentyfirst-century foe. They saved babies and treated fevers, trekked through minefields, and waded through boobytrapped streams—sometimes past the Page 106/148

mangled bodies of local tribesmen who'd shared food with them hours before. They found their enemy hiding in thick concrete bunkers, dodged bullets from machine-gun-laden pickup trucks, and survived ambushes launched with Russian tanks. They fought back with everything they had, Page 107/148

from smart bombs to AK-47s. They overthrew a government, mediated blood feuds between rival commanders, and argued with generals and politicians thousands of miles away. The men they helped called them gods. One of their commanders called them devils. Hollywood called them the Page 108/148

Horse Soldiers. They called themselves Green Berets—Special Forces ODA 595.

Changiin Reservoir [Illustrated Edition] School Library Journal Truman The Victory of Airpower Over a Fielded Army as Told by Airmen Who Fought in Operation Allied Force If nature had taken its course, Fosta would never have lived. But thanks to quick and Page 110/148

loving intervention, the plucky little foal did survive. In the first few moments of his life, he was stolen from his dame by an expectant mare. When she had no milk to give him, he had to be fostered by a third "mother" since his own refused to take him back. From the very beginning, his chances of amounting to anything were Page 111/148

horribly slim. Added to that, it didn't look as if he would ever be big enough for racing. Yet Fosta has become one of the best-known horses ever to run Australia's grueling "ultimate endurance test," the Shahzada. For five days, the toughest and fastest horses compete internationally to cover four hundred kilometers of rugged Page 112/148

terrain. The motto of the event is "To Finish is to Win," and Fosta has finished an incredible ten out of eleven starts. making him one of the most consistent and enduring horses of all time. Here is his story, told so that readers will feel they are atop Fosta as he attempts to earn his last completion buckle.

Page 113/148

"The most comprehensive and authoritative study of Washington's military career ever written." –Joseph J. Ellis, author of His Excellency: George Washington Based largely on George Washington's personal papers, this engrossing book paints a vivid, factual portrait of Washington the soldier. An Page 114/148

expert in military history, Edward Lengel demonstrates that the "secret" to Washington's excellence lay in his completeness, in how he united the military, political, and personal skills necessary to lead a nation in war and peace. Despite being an "imperfect commander"-and at times even a Page 115/148

tactically suspect one–Washington nevertheless possessed the requisite combination of vision, integrity, talents, and good fortune to lead America to victory in its war for independence. At once informative and engaging, and filled with some eye-opening revelations about Washington, the American Revolution, Page 116/148

and the very nature of military command, General George Washington is a book that reintroduces readers to a figure many think they already know. "The book's balanced assessment of Washington is satisfying and thought-provoking. Lengel gives us a believable Washington . . . the most admired man of his generation by far." Page 117/148

-The Washington Post Book World "A compelling picture of a man who was 'the archetypal American soldier'... The sum of his parts was the greatness of Washington." –The Boston Globe "[An] excellent book . . . fresh insights . . . If you have room on your bookshelf for only one book on the Revolution, this may be it." Page 118/148

-The Washington Times Good friends come in all shapes and sizes! Unlikely Friendships, the runaway New York Times bestseller with a compelling message of hope and friendship and differences overcome, is rewritten just for younger readers. This hardcover chapter book for children ages seven and up Page 119/148

collects five heartwarming true stories of animal friendship: Koko the gorilla and her favorite kittens, a dog who swims with dolphins, a zebra who cares for a young gazelle, a baby warthog who makes friends with a lonely rhinoceros, and a leopard who cuddles with a cow at bedtime. Chapter books give young Page 120/148

readers a strong sense of accomplishment, and these heartwarming animal stories, with their incredible photographs and inexplicable mysteries of attraction, their focus on friendship, love, and the ways that creatures of all different species can find common bonds of affection, will keep kids turning the pages to find out about the Page 121/148

unusual ways animals help each other and discover the love of new friends. Each is a perfect gift for young animal lovers, and a lovely subject to help kids get reading. Miskeen was born in obscurity on a Russian farm, sold to a traveling circus, and earned a reputation performing in small towns in the 1980s. He was schooled Page 122/148

first as a liberty (rider-less) horse and then as a "dancing" (dressage) performer. Dancing was what he did best, and he was often observed trotting on the spot whenever he heard music. He matured into a magnificent, highly trained and valuable animal. But then tragedy struck. Confined in his stall after an exhausting day of Page 123/148

performances in unbearable heat, Miskeen was spotted by a boy. The boy took up a training whip and beat the horse mercilessly until, in panic, Miskeen struck out. The boy was bitten severely, and, in retribution, Miskeen was ordered to have all his teeth pulled so that he could never "turn vicious" again. Suddenly the Page 124/148

magnificent animal was disabled, humiliated, unable to eat, and totally worthless to those who had prized him. Miskeen would have died, had he not been rehabilitated by a young British woman named Vicky Malia. He recovered. eventually rewarding his new owner with private dance performances. It seemed he Page 125/148

still had an ear for music and a memory of grander days. Miskeen is dancing still. American Military History Volume 1 A-10s Over Kosovo Poems by Emily Dickinson A Memoir of a Childhood General John Jacob Sierra Hotel: flying Air Force fighters in Page 126/148

Page 127/148

Winner of the Texas Book Award and the Oklahoma Book Award This New York Times bestseller and stunning historical account of the forty-year battle

between Comanche Indians and white settlers for control of the American West "is nothing short of a revelation...will leave dust and blood on your jeans" (The New Page 129/148

York Times Book Review). Empire of the Summer Moon spans two astonishing stories. The first traces the rise and fall of the Comanches, the most Page 130/148

powerful Indian tribe in American history. The second entails one of the most remarkable narratives ever to come out of the Old West: the epic saga of the pioneer

woman Cynthia Ann Parker and her mixed-blood son Quanah, who became the last and greatest chief of the Comanches. Although readers may be more familiar with the Page 132/148

tribal names Apache and Sioux, it was in fact the legendary fighting ability of the Comanches that determined when the American West opened up. Comanche boys became Page 133/148

adept bareback riders by age six; full Comanche braves were considered the best horsemen who ever rode. They were so masterful at war and so skillful with their Page 134/148

arrows and lances that they stopped the northern drive of colonial Spain from Mexico and halted the French expansion westward from Louisiana.

Page 135/148

White settlers arriving in Texas from the eastern United States were surprised to find the frontier being rolled backward by Comanches incensed by Page 136/148

the invasion of their tribal lands. The war with the Comanches lasted four decades, in effect holding up the development of the new American nation.

Page 137/148

Gwynne's exhilarating account delivers a sweeping narrative that encompasses Spanish colonialism, the Civil War, the destruction of the buffalo herds, and Page 138/148

the arrival of the railroads, and the amazing story of Cynthia Ann Parker and her son Quanah—a historical feast for anyone interested in how the Page 139/148

United States came into being. Hailed by critics, S. C. Gwynne's account of these events is meticulously researched, intellectually Page 140/148

provocative, and, above all, thrillingly told. Empire of the Summer Moon announces him as a major new writer of American history. The reconquest of the

Philippine archipelago (exclusive of Leyte), with detailed accounts of Sixth Army and Eighth Army operations on Luzon, as well as of the Eighth Army's Page 142/148

reoccupation of the southern Philippines. War Is a Racket is a speech and a 1935 short book, by Smedley D. Butler, a retired United States Marine Corps Page 143/148

Major General and twotime Medal of Honor recipient. Based on his career military experience, Butler frankly discusses how business interests

Page 144/148

commercially benefit (including war profiteering) from warfare. He had been appointed commanding officer of the Gendarmerie during the Page 145/148

United States occupation of Haiti, which lasted from 1915 to 1934. The Story of an American Friendship Russian Social Media Influence Page 146/148
