♫Becoming lean and fit is not a matter of training for a few weeks, like Rocky, to become a world champion. That only happens in Hollywood movies that portray professional athletes exercising for hours every day until they are exhausted. Real athletes never do that. They train only to the point that they can recover for the next day s training. Their progress comes in small increments, not heroic triumphs. Unfortunately, movies have persuaded people that they can become lean and fit virtually overnight. Even the weight loss and fitness industry bought into this distortion and began pushing people to become like Rocky. When that approach failed, because people were injuring themselves or burning out or jumping from one program to another, trainers began to entertain their clients instead of finding solutions to their problems. If you want to become truly lean and fit, you must work at it like an athlete, following a structured routine and that is easier and more pleasant than you may expect. The principles that work for athletes also work for ordinary people of all ages. Athletes, of course, have coaches. The Happy Body program, on the other hand, will teach you everything you need to know to be your own coach. This innovative program establishes, for the first time, exact scientific and testable methods and goals to engineer your own weight loss and fitness within precise time periods. That empowers you to self-correct your progress at every step. The Happy Body is a total health program, not just an exercise or diet plan. It will teach you to safely lose 1.0 to 2.5 pounds every week, and keep them off, without getting stuck at plateaus. You will have full control over the process, right down to the ounce. In addition to teaching you how to lose weight, the program will also help you to restore the flexibility and posture you had as a young child, and to be leaner, stronger, and faster than you have ever been. In essence, The Happy Body program will not only make you as youthful as you were at twenty, but twenty as you would have been if you had followed the program at that age.

A visual feast on 'the extravagance of the bohemian', the homes in this collection are a testament to personal style that readers will find inspiring and influential. Since the 1970s, Oberto Gili has been one of the most prolific lenses in the photography, his lush images of fashion and interiors gracing the pages of House & Garden, Town & Country, and Vogue. This collection of his signature interior photography spans this significant career. Gili's passion for the grand, bold, and elegant has given him access to the inner sanctums of both high society and the bohemian demimonde. The selection includes numerous homes of French and Italian nobility, lords of the European and American creative class, and the photographer's own residence in a Piedmont farmhouse. This volume of Gili's best work is a sumptuous and voyeuristic study of his most arresting interiors and emphasizes the adventurous nature of both the homes and their occupants. These homes exude in turns grandeur and tranquility, each interior imbued with the unique style of its occupants. The book features more than 40 homes throughout the world--from New York penthouses and artist lofts to seventeenth-century Italian villas and country homes in the mountains. Each home is personally selected by Gili and shown in full. Each house is accompanied by a short descriptive text by Susanna Salk. Sprinkled throughout the book are 10 short texts by selected homeowners (Isabella Rossellini, Mary Randolph Carter, Murilo Mello, Marella Caracciolo, Paul Fortune, and Beatrice Monti, among others) describing a personal history of the individual spaces.
