Bruce Lee Jeet Kune Do is the iconic book presenting the martial art created by Bruce Lee as explained in the master's own words. In 1970, Bruce Lee suffered a back injury that confined him to bed. Rather than allowing this to slow his growth as a martial artist, he read feverishly on Eastern philosophy and Western psychology and self help books, constructing his own views on the totality of combat and life. It was during this time that Lee wrote 7 volumes containing his thoughts, ideas, opinions, and research into the art of unarmed combat, and how it applies to the everyday life. Some of this material was posthumously published in 1975, but much more existed. This landmark book serves as a more complete presentation of Bruce Lee's notes on his art of Jeet Kune Do. The development of his unique martial art form, its principles, core techniques, and lesson plans are presented here in Lee's own words. It also features Lee's illustrative sketches and his remarkable treatise on the nature of combat, success through martial arts, and the importance of a positive mental attitude in training. In addition, there are a series of "Questions Every Martial Artist Must Ask Himself," that Lee posed to himself and intended to explore as part of his own development, but never lived to complete. Jeet Kune Do: A Comprehensive Guide to Bruce Lee's Martial Way is a book every Bruce Lee fan must have.

In the spring of 1959, eighteen-year-old Bruce Lee returned to San Francisco, the city of his birth. Although the martial arts were widely unknown in America, Bruce encountered a robust fight culture in the Bay Area, populated with talented and trailblazing practitioners such as Lau Bun, Chinatown's aging kung fu patriarch; Wally Jay, the innovative Hawaiian jujitsu master; and James Lee, the Oakland street fighter. Regarded by some as a brash loudmouth and by others as a dynamic visionary, Bruce spent his first few years back in America advocating for a modern approach to the martial arts, and showing little regard for the damaged egos left in his wake. The year of 1964 would be an eventful one for Bruce, in which he would broadcast his dissenting worldview before the first great international martial arts gathering, and then defend it by facing down Wong Jack Man—Chinatown's young kung fu ace—in a legendary behind-closed-doors showdown. These events were a catalyst to the dawn of martial arts in America and a prelude to an icon. Based on over one hundred original

interviews, Striking Distance chronicles Bruce Lee's formative days amid the heated martial arts proving ground that thrived on San Francisco Bay in the early 1960s. Letters of the Dragon: Correspondence, 1958-1973 is a fascinating glimpse of the private Bruce Lee behind the public image. So much has been written about Bruce Lee—the martial arts superstar whose combination of strength, agility and charisma are legendary—but seldom are we able to see beneath the veneer of Lee's public image to view his inner self. Bruce Lee Letters of the Dragon does just that—offering a highly personal view of the man through the letters he wrote to his close friends and family from his teenage years right up until his untimely death in 1973 at the tender age of 32. This unparalleled collection of Bruce Lee's personal correspondence begins with his high school days in Hong Kong and continues throughout the period when he was working as a successful actor in America and Hong Kong, right up until the time he died. During this period he was also developing radically new concepts about Asian martial arts—including his own Jeet Kune Do martial arts system. In these letters, we can see all the optimism, tenacity, integrity and intense loyalty for which Bruce Lee is known and adored by millions of fans today. More than a fascinating chronicle of his rise to superstardom, these letters offer intimate glimpses of the artist, husband, father and friend behind the legend. *In the months leading up to his death, Bruce Lee was working on this definitive study of the Chinese martial arts—collectively known as Kung Fu or Gung Fu. This book has now been edited and is published here for the first time in its entirety. Bruce Lee totally revolutionized the practice of martial arts and brought them into the modern world—by promoting the idea that students have the right to pick and choose those techniques and training regimens which suit their own personal needs and fighting styles. He developed a new style of his own called Jeet Kune Do—combining many elements from different masters and different traditions. This was considered heretical at the time within martial arts circles, where one was expected to study with only a single master—and Lee was the first martial artist to attempt this. Today he is revered as the "father" of martial arts practice around the world—including Mixed Martial Arts. In addition to presenting the fundamental techniques, mindset and training methods of traditional Chinese martial arts, this marial art treatise explores such esoteric topics as Taoism and Zen as applied to Gung Fu, Eastern and Western fitness regimens and self-defense techniques. Also included is a Gung Fu "scrapbook" of Bruce Lee's own personal anecdotes regarding the history and traditions of the martial arts of China. After Lee's death, his manuscript was completed and edited by martial arts expert John Little in cooperation with the Bruce Lee Estate. This book features an introduction by his wife, Linda Lee Cadwell and a foreword from his close friend and student, Taky Kimura. *"The straight punch is the core of Jeet Kune Do."—Bruce Lee The straight lead was a key element in Bruce Lee's development of his own personal style. It was designed to be uncomplicated, economical, and brutally effective but is not as simple as it might seem. Bruce Lee once described it the most difficult move in the Jeet Kune Do arsenal. Lee developed JKD as a response to the shortcomings he found in traditional martial arts, but it also includes elements of Western combat systems that he found effective. It incorporates contributions ranging from Jack Dempsey's approach to boxing to the fencing style of Aldo Nadi. In The Straight Lead: The Core of Bruce Lee's Jun Fan Jeet Kune Do, author Teri Tom describes the development of the straight punch in Western martial arts and describes Bruce Lee's refinement of the technique. It also offers a thorough instruction in the complexity and power of the move—showing martial artists of any discipline how to incorporate this devastating attack into their repertoire. A leadership book by former Navy SEAL and New York Times bestselling author Mark Divine, Staring Down the Wolf focuses on harnessing the principles of purpose and discipline in life to achieve success. What does it take to command a team of elite individuals? It requires a commitment to seven key principles: Courage, Trust, Respect, Growth, Excellence, Resiliency, and Alignment. All of these are present in an elite team which commits to them deeply in order to forge the character worthy of uncommon success. Retired Navy SEAL Commander, entrepreneur and New York Times bestselling author Mark Divine (founder of SEALFIT, NavySeal.com, and Unbeatable Mind) reveals what makes the culture of an elite team, and how to get your own team to commit to serve at an elite level. Using principles he learned on the battlefield, training SEALs, and in his own entrepreneurial and growth company ventures, Mark knows what it is to lead elite teams, and how easily the team can fail by breaching these commitments. He’s the perfect visionary to help get you out of your comfort zone and shattering the status quo.” –Joe De Sena, Founder and CEO of Spartan Edited by Bruce Lee and featuring jeet kune do legend Ted Wong, this book introduces the reader to the sil lim tao form, the immovable-elbow and centerline theories, chi sao (sticky hands), trapping, and much more. Wing Chun Kung-Fu continues to set the standard for martial arts instructional books, and it has become the perennial study guide for kung fu enthusiasts of all skill levels.

“The first noteworthy treatment of its subject—and a definitive one at that...Fascinating narrative threads proliferate” (The New York Times Book Review). The most authoritative biography—featuring dozens of rarely seen photographs—of film legend Bruce Lee, who made martial arts a global phenomenon, bridged the divide between Eastern and Western cultures, and smashed long-held stereotypes of Asians and Asian-Americans. Forty-five years after Bruce Lee’s sudden death at age thirty-two, journalist and bestselling author Matthew Polly has written the definitive account of Lee’s life. It’s also one of the only accounts; incredibly, there has never been an authoritative biography of Lee. Following a decade of research that included conducting more than one hundred interviews with Lee’s family, friends, business associates, and even the actress in whose bed Lee died, Polly has constructed a complex, humane portrait of the icon. Polly explores Lee’s early years as a child star in Hong Kong cinema; his actor father’s struggles with opium addiction and how that turned Bruce into a troublemaking teenager who was kicked out of high school and eventually sent to America to shape up; his beginnings as a martial arts teacher, eventually becoming personal instructor to movie stars like James Coburn and Steve McQueen; his struggles as an Asian-American actor in Hollywood and frustration seeing role after role he auditioned for go to a white actors in eye makeup; his eventual triumph as a leading man; his challenges juggling a sky-rocketing career with his duties as a father and husband; and his shocking end that to this day is still shrouded in mystery. Polly breaks down the myths surrounding Bruce Lee and argues that, contrary to popular belief, he was an ambitious actor who was obsessed with the martial arts—not a kung-fu guru who just so happened to make a couple of movies. This is an honest, revealing look at an impressive yet imperfect man whose personal story was even more entertaining and inspiring than any fictional role he played onscreen.

Get to know the true Bruce Lee through the eyes of his friend, M. Uyehara. Pound for pound, he may have been the greatest fighter who ever lived. Read about his good and bad times, his dreams and destiny shattered by his early death.

Bruce Lee’s daughter illuminates her father’s most powerful life philosophies—demonstrating how martial arts are a perfect metaphor for personal growth, and how we can practice those teachings every day. "Empty your mind; be formless, shapeless like water." Bruce Lee is a cultural icon, renowned the world over for his martial arts and film legacy. But Lee was also a deeply philosophical thinker, learning at an early age that martial arts are more than just an exercise in physical discipline—they are an apt metaphor for living a fully realized life. Now, in Be Water, My Friend, Lee’s daughter Shannon shares the concepts at the core of his philosophies, showing how they can serve as tools of personal growth and self-actualization. Each chapter brings a lesson from Bruce Lee’s teachings, expanding on the foundation of his iconic “be water” philosophy. Over the course of the book, we discover how being like water allows us to embody fluidity and naturalness in life, bringing us closer to our essential flowing nature and our ability to be powerful, self-expressed, and free. Through previously untold stories from her father’s life and from her own journey in embodying these lessons, Shannon presents these philosophies in tangible, accessible ways. With Bruce Lee’s words as a guide, she encourages readers to pursue their essential selves and apply these ideas and practices to their everyday lives—whether in learning new things, overcoming obstacles, or ultimately finding their true path. Be Water, My Friend is an inspirational invitation to us all, a gentle call to action to consider our lives with new eyes. It is also a testament to how one man’s exploration and determination transcended time and place to ignite our imaginations—and to inspire many around the world to transform their lives.

An adaptation of the business classic Getting Things Done for teenage readers The most interconnected generation in history is navigating unimaginable amounts of social pressure, both in personal and online interactions. Very little time, focus, or education is being spent teaching and coaching this generation how to navigate this unprecedented amount of "stuff" entering their lives each day. How do we help the overloaded and distracted next generation deal with increasing complexity and help them not only survive, but thrive? How do we help them experience stress-free productivity and gain momentum and confidence? How do we help them achieve autonomy, so that they can confidently take on whatever comes their way? Getting Things Done for Teens will train the next generation to overcome these obstacles and flourish by coaching them to use the internationally renowned Getting Things Done methodology. In its two editions, David Allen's classic has been translated into dozens of languages and sold over a million copies, establishing itself as one of the most influential business books of its era, and the ultimate book on personal organization. Getting Things Done for Teens will adapt its lessons by offering a fresh take on the GTD methodology, framing life as a game to play and GTD as the game pieces and strategies to play your most effective game. It presents GTD in a highly visual way and frames the methodology as not only as a system for being productive in school, but as a set of tools for everyday life. Getting Things Done for Teens is the how-to manual for the next generation--a strategic guidebook for creating the conditions for a fruitful and effective future.
