Before the birth of Jesus, the Ancient Greeks found salvation in their own sacraments. Sacred beverages were routinely consumed as part of the so-called Ancient Mysteries – elaborate rites that led initiates to the brink of death. In the first episode of her "Bad With Money" podcast, Gaby Dunn asked patrons at a coffee shop two questions: First, what's your favorite sex position? Everyone was game to answer, even the barista. Then, she asked how much money was in their bank accounts. People were aghast. "That's a very personal question," they insisted. And therein lies the problem. Dunn argues

Your thoughts drive your actions, and your actions drive your outcomes. Becoming a more effective thinker will help you make better decisions, solve challenging problems, and achieve your most important goals. One of the biggest obstacles to effective thinking is that most of what drives our thoughts, emotions, and behavior is unconscious and automatic. Our unconscious minds include hidden beliefs, biases, and feelings from the past that continue to influence our thoughts, behavior, and experiences today. Fortunately, you can learn to identify any faulty beliefs and feelings that are holding you back and train your unconscious mind to work for you instead of against you.
