A Story about How to Stop Bullying in Schools

A True Story

Tough!

The powerful account of one writer's unlikely friendship with his childhood bully, now the president of a motorcycle club in one of America's most dangerous cities. Once upon a time, Alex Abramovich and Trevor Latham were mortal enemies: miniature outlaws in a Long Island elementary school, perpetually at each other's throats. Then they lost track of each other. Decades later, when they met again, Abramovich was a writer and Latham had become President of the East Bay Rats, a motorcycle club in Oakland. In 2010, Abramovich moved to California to immerse himself in Latham's world – one of fight clubs, booze-filled nights, and beat-downs on the city's streets. But dangerous, dysfunctional Oakland was also becoming one of America's most rapidly gentrifying cities, and the questions Abramovich had arrived with were thrown into brutal relief: How do we live with the burden of violence? How do we overcome it? Do we overcome it? As Trevor, the Rats, and the city they live in careen between crises and moments of renaissance, Abramovich explores issues of friendship, family, history, and destiny – and looks at what happens when those things fail. Bullies is at once a vivid, visceral narrative of an unusual friendship and an incisive portrait of a beautiful, terrible city.

Thirteen-year-old Butterball doesn't have much going for him. He's teased mercilessly about his weight. He hates the Long Island suburb his mom moved them to and wishes he still lived with his dad in the city. And now he's stuck talking to a totally out-of-touch therapist named Liz. Liz tries to uncover what happened that day on the playground – a day that landed one kid in the hospital and Butterball in detention. Butterball refuses to let her in on the truth, and while he evades her questions, he takes readers on a journey through the moments that made him into the playground bully he is today. This devastating yet ultimately redemptive story is told in voice-driven prose and accented with drawings and photographs, making it a natural successor to The Absolutely True Diary of a Part-Time Indian. Loosely inspired by 50 Cent's own adolescence, and written with his fourteen-year-old son in mind, Playground is sure to captivate wide attention – and spark intense discussion.

Sam is concerned about keeping things orderly and "cool" at school. She thinks people need to have a tough skin in order to fit in and withstand others’ meanness and lack of cooperation. Sam teases her free-spirited classmate Luisa and enlists a friend, Jayla, to help. But when Sam is confronted by a concerned teacher about her bullying, and Jayla turns on Sam and befriends Luisa, Sam begins to show some heart and rethink her treatment of others. The Weird! Series These three books tell the story of an ongoing case of bullying from three third graders’ perspectives. Luisa describes being targeted by bullying in Weird! Jayla shares her experience as a bystander to bullying in Dare! And in Tough!, Sam speaks from the point of view of someone initiating bullying. Kids will easily relate to Luisa, Jayla, and Sam, as each girl has her own unique experience, eventually learning how to face her challenges with the help of friends, peers, and caring adults. "Why did he come back?" Tommy Tate finished his sophomore year alone at home, suspended from Latimer High School. Hated, dangerous, and accused of plotting to murder a classmate, Tommy was considered a monster by his peers and community. He swore that he would never step foot in LHS again. Winner of the Edgar® Award for Best Fact Crime The true account of one boy's lifelong search for his boarding-school bully. Equal parts childhood memoir and literary thriller, Whipping Boy chronicles prize-winning author Allen Kurzweil’s search for his twelve-year-old nemesis, a bully named Cesar Augustus. The obsessive inquiry, which spans some forty years, takes Kurzweil all over the world, from a Swiss boarding school (where he endures horrifying cruelty) to the slums of Manila, from the Park Avenue boardroom of the world's largest law firm to a federal prison camp in Southern California. While hunting down his tormentor, Kurzweil encounters an improbable cast of characters that includes an elocution teacher with ill-fitting dentures, a gang of faux royal swindlers, a crime investigator “with paper in his blood,” and a onoced grand master of the Knights of Malta. Yet for all its global exoticism and comic exuberance, Kurzweil’s riveting account is, at its core, a heartfelt and suspenseful narrative about the “parallel lives” of a victim and his abuser. A scrupulously researched work of nonfiction that renders a childhood menace into an unlikely muse, Whipping Boy is much more than a tale of karmic retribution; it is a poignant meditation on loss, memory, and mourning, a surreal odyssey born out of suffering, nourished by rancor, tempered by wit, and resolved, unexpectedly, in a breathtaking act of personal courage. Whipping Boy features two 8-page black-and-white photo inserts and 83 images throughout.

WORDS ARE POWERFUL- they can inflict damage and they can heal. In this anthology of first-person accounts written by teenagers for both their peers and adults, words transform pain into hope and the possibility for change. Bullying Under Attack is an eye-opening anthology of all three players in the bullying cycle. These conversational essays on life as the bullied, the bully, and the bystander provide insight and inspiration for change. Rather than offer a cumbersome psychological breakdown, this graceful and hard-hitting book places the reader firmly in the shoes of all involved. The stories written by The Bullied explain the subtleties and agony of harassment, helping readers understand that there is more to unkind words and behavior than "just joking around." Although many of these teens have suffered through harassment by their peers, their essays are both empowering and inspiring. By exploring the essays by The Bullies, readers will discover that the bullies are often times incorrectly labled as bad kids, but many are simply trying to fit in, despite their own insecurities and fears. While these bullies may still have their own seemingly insurmountable obstacles at home, they share their experiences and insights hoping to manage and reforming other bullies. The section voiced by The Bystander shares tales of those who have regrettably watched and those who have stepped up to help others. Here, readers will find the inspiration to speak out rather than just standing by while others are emotionally harmed. Whether due to race, weight, or jealousy, there are a myriad of reasons WHY. Included in this startling compendium of personal stories that convey the complexity and nuances of what it means to be bullied, are stories of regret, promises, and encouragement that will help readers find solace during their teen years and show them how—as adults—their words and actions can provide strength and reassurance to others experiencing all aspects of bullying. Ultimately, they will learn to find their voices in order to break the cycle for good.

Real-life 7-year-old Sophia Spencer was bullied for loving bugs until hundreds of women scientists rallied around her. Now Sophie tells her inspiring story in this picture book that celebrates women in science, bugs of all kinds, and the importance of staying true to yourself. Makes a perfect gift for nature lovers on Earth Day and every day! Sophia Spencer has loved bugs ever since a butterfly landed on her shoulder--and wouldn't leave!--at a butterfly conservancy when she was only two-and-a-half years old. In preschool and kindergarten, Sophia was thrilled to share what she knew about grasshoppers (her very favorite insects), as well as ants and fireflies... but by first grade, not everyone shared her enthusiasm. Some students bullied her, and Sophia stopped talking about bugs altogether. When Sophia's mother wrote to an entomological society looking for a bug scientist to be a pen pal for her daughter, she and Sophie were overwhelmed by the enthusiastic response--letters, photos, and videos came flooding in. Using the hashtag BugsR4Girls, scientists tweeted hundreds of times to tell Sophia to keep up her interest in bugs--and it worked! Sophia has since appeared on Good Morning America, The Today Show, and NPR, and she continues to share her love of bugs with others.

It is a powerfully layered novel that poses the questions: Who owns the truth? Who speaks it? Who believes it? "A patchwork story is the shame of the refugee," Nayeri writes early in the novel. In an Oklahoman middle school, Khosrou (whom everyone calls Daniel) stands in front of a skeptical audience of classmates, telling the tales of his family's history, stretching back years, decades, and centuries. At the core is Daniel's story of how they became refugees—starting with his mother's vocal embrace of Christianity in a country that made such a thing a capital offense, and continuing through their midnight flight from the secret police, bribing their way onto a plane-to-anywhere. Anywhere becomes the sad, cement refugee camps of Italy, and then finally asylum in the U.S. Implementing a distinct literary style and challenging western narrative structures, Nayeri deftly weaves through stories of the long and beautiful history of his family in Iran, adding a richness of ancient tales and Persian folklore. Like Scheherazade of One Thousand and One Nights in a hostile classroom, Daniel spins a tale to save his own life: to stake his claim to the truth. EVERYTHING SAD IS UNTRUE (a true story) is a tale of heartbreak and resilience and urges readers to speak their truth and be heard.
