When was the last time you climbed a tree? Picked blackberries? Held a snail race? Made maple syrup candy, an old-fashioned quill pen from a bird feather you found, or a plaster cast of an animal track? If the answer is "can't remember" or quite possibly "never," The Bumper Book of Nature will inspire you to get outdoors and enjoy the very best kind of free entertainment for you and your family. Who wouldn't love to discover a colorful butterfly hibernating in a woodshed for the winter or look at a snowflake under a magnifying lens? In warmer weather, why not explore rock pools by the seaside, pick wild meadow flowers (and then fry up elderflower fritters!), or go on a city safari? Whether you live in the heart of the city, the suburbs, or the deepest countryside, The Bumper Book of Nature will bring out the child in you with its treasure trove of offbeat, playful nature activities arranged by season. With lovely full-color illustrations as well as related trivia, quotes, and bits of poetry, it's a wonderful keepsake as well as a one-of-a-kind field guide.

Where do you find a sports car, a horsebox, a caravan, and a cement mixer -- more than 30 vehicles -- all together? Where else but bumper to bumper in a traffic jam? This book features pictures of vehicles which children can learn to spot and name. Jakki Wood is also the author of the popular book, Animal Parade.

The Bumper Book of Bravery recounts tales of incredible courage the world over, from the mythical to the modern, and from New York to New Zealand. Take to the seas and marvel at the first voyage around the world. Dare to go deeper and discover record-setting underwater feats, as well as the French free-diver who refused to learn her limits. Stay on land with Samurai warriors, Roman emperor gladiators and Genghis Khan's lethal Mongolian army. Reach for the skies through balloonists, fantastic flying machines and female fighter pilots. Go underground with the ultimate masters of espionage, including Russian spies, honey-traps and ruthless CIA-trained Tibetan agents. From ocean depths to giddy heights and everything in between, The Bumper Book of Bravery will awaken the adventurer and hero inside of us all.

A PICTURE MAY BE WORTH A THOUSAND WORDS-- BUT A FEW CHOICE WORDS CAN SPEAK VOLUMES! • If Ignorance Is Bliss, Why Aren't More People Happy? • Bottled Water Is for Suckers • Clones Are People Too • At Least the War on the Environment Is Going Well • Don't Believe Everything You Think • The Revolution Will Be Tweeted Long before blogs, tweets, and sound bites, people were telling bursts of information plastered on the backs of their cars. Whether they're political or religious, passionate or proud, controversial or corny, these brightly colored, boldly lettered mini manifestos are declarations of who we are, where we stand, and what we'd rather be doing. But as bestselling author and noted philosopher Jack Bowen reveals, there's much more to the pop-culture phenomenon of propaganda--no less, in fact, than a wise, funny, poignant, contentious, and truthful discourse on the human condition. Mixing pop culture with the ideas of historically prominent philosophers and scientists, If You Can Read This exposes the deeper wisdom couched behind these slogans--or, as need be, exposes where they have gone wrong. If you brake for big ideas, now's the time. Thomas & Friends
