

Business Communication 8th Edition

Research Methods For Business, 8th Edition explains the principles and practices of using a systematic, organized method for solving problematic issues in business organizations. Designed to help students view research from the perspective of management, this popular textbook guides students through the entire business research process. Organized into six main themes—Introduction, Defining the Management and the Research Problem, Theory, Collecting Information, Drawing Conclusions, and Writing and Presenting the Research Report—the text enables students to develop the skills and knowledge required to successfully create, conduct, and analyze a research project. Now in its eighth edition, this popular textbook has been thoroughly updated to incorporate substantial new and expanded content, and reflect current research methods and practices. The text uses a unique blended learning approach, allowing instructors the flexibility to custom-tailor their courses to fit their specific needs. This innovative approach combines the face-to-face classroom methods of the instructor with internet-based activities that enable students to study what they want, when they want, at their own pace.

COMMUNICATING IN BUSINESS, 8E, International Edition offers a realistic approach to communication in today's organizations. The text covers the most important business communication concepts in detail, and thoroughly integrates coverage of today's social media and other communication technologies. Building on core foundational written and oral communication skills, the 8th edition helps readers make sound medium choices and provides guidelines and examples for the many ways people communicate at work. Readers learn how to create PowerPoint decks, use instant messaging and texting effectively at work, engage customers using social media, lead web meetings and conference calls, and more.

Covering business communication skills, this text includes a grammar check, writing improvement exercises and cases which break down the writing process into simple components. E-mail, Web research, team and critical thinking exercises have also been added to this edition.

This work presents a unique approach to a hands-on business communication course. The modular structure allows teachers to focus on specific skills and provides greater flexibility for short courses and different teaching approaches.

Addressing communication on a global scale, this text introduces a comprehensive system by which business can be conducted across cultures. The text's premise is that by following a framework for asking the right questions, students can develop the skills needed to communicate in international business. Using a system known as the LESCANT model, the book encourages the assessment of needs in any international business interaction by isolating and evaluating those aspects of culture most likely to affect communication.

The ability to communicate effectively is critical for success in today's business environment. The new edition of this "back to the basics" book was specifically designed to help users develop their communication skills. The authors offer complete coverage of fundamental business English topics and concepts, with extensive practice and end-of-chapter review. Three chapters focus on essential oral and nonverbal communication skills. Facing-page models, a hallmark feature of this text, provide students with good and bad examples of business writing. This new edition also integrates technology throughout, using numerous Internet activities combined with a dedicated, completely updated chapter on technology issues and even more material on coordinating effective media presentations. Information on business and casual dress for interviews and electronic resumes helps readers prepare for the realities of today's workplace.

NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. In the fully updated Seventh Edition of Intercultural Communication: A Contextual Approach, bestselling author James W. Neuliep provides a clear contextual model (visually depicted by a series of concentric circles) for examining communication within cultural, microcultural, environmental, sociorelational, and perceptual contexts. Students are first introduced to the broadest context—the cultural component of the model—and progress chapter by chapter through the model to the most specific dimensions of communication. Each chapter focuses on one context and explores the combination of factors within that context, including setting, situation, and circumstances. Highlighting values, ethnicity, physical geography, and attitudes, the book examines means of interaction, including body language, eye contact, and exchange of words, as well as the stages of relationships, cross-cultural management, intercultural conflict, and culture shock.

Give your students a solid foundation in core accounting concepts while helping learners develop a true appreciation for why accounting is important to business and a prosperous society. Warren/Reeve/Duchac's FINANCIAL AND MANAGERIAL ACCOUNTING, 14E clearly demonstrates how accounting is much more than simply data and black and white rules. Instead, students see how accounting provides key information used to make critical business decisions. A new chapter schema provides context for how each chapter's content fits into the big picture. The book focuses on why accounting is important and consistently reinforces connections to the big picture by connecting journal entries to the accounting equation. Fresh organization progresses from the simplest to the more complex topics with reorganized and fully integrated coverage of the new Revenue Recognition standard, reorganized coverage of adjustments, and reorganized managerial accounting chapters Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

About the Book: Communication skills have emerged as a major required skill-set for young graduates and citizens in India today.
