Discourse in Content and Language Integrated Learning (CLIL) Classrooms

Exploring the Bias

Written Corrective Feedback: The Role of Learner Engagement

The label CLIL stands for classrooms where a foreign language (English) is used as a medium of instruction in content subjects. This book provides a first in-depth analysis of the kind of communicative abilities which are embodied in such CLIL classrooms. It examines teacher and student talk at secondary

school level from different discourse-analytic angles, taking into account the interpersonal pragmatics of classroom discourse and how school subjects are talked into being during lessons. The analysis shows how CLIL classroom interaction is strongly shaped by its institutional context, which in turn conditions the ways in which students experience, use and learn the target language. The research presented here suggests that CLIL programmes require more explicit language learning goals in order to fully exploit their potential for furthering the learners' appropriation of a foreign language as a medium of learning.

Peterson's Private Secondary Schools is everything parents need to find the right private secondary school for their child. This valuable resource allows students and parents to compare and select from more than 1,500 schools in the U.S. and Canada, and around the world. Also includes helpful articles on the merits of private education, planning a successful school search, searching for private schools online, finding the perfect match, paying for a private education, tips for taking the necessary standardized tests, semester programs and understanding the private schools' admission application form and process.

In this book we demonstrate a mode of teacher education that is practical in a non-technical sense and relies on Dewey's notion of curriculum as the reconstruction of experience. We present a curriculum that emerged through collaborative self-reflection and seeks to reconstruct personal histories of schooling. As four former preservice teachers and their instructor, we engaged in jointly constructed autobiographical inquiry in order to generate data on our own past and on our current histories of teaching and learning. We wanted to illuminate parts of our lives in schools that until now belonged to our 'normal' and taken-for-granted past. We did this in order to enjoy certain degrees of awareness and choice as to which of our living stories to reinforce and which to "let run out" in our classrooms today.

The book provides new insights into written corrective feedback by describing students' expectations as well as mediating factors that influence their engagement with it. The book draws on an extensive dataset to illustrate secondary school students' behavioural, cognitive and emotional engagement with written corrective feedback and the extent to which mediating factors, such as teachers, peers, feedback options, attitudes and emotions, foster or hinder it. It shows why teachers need to provide students with the purpose of the corrective feedback they provide, explain how such feedback works and introduce strategies that can be employed to engage with it. Based on the finding that a combination of several feedback types is essential to ensure learner engagement, the book also provides an extensive description and multiple authentic examples of the Engagement-Feedback-Mediator Model that was developed in the context of this study.

Brilliantteering is a real-life story of a teenager and her parents, coping with the do-or-die years of schooling (Grade 11 and

12). This is a story that many families may be familiar with - struggling with choices of courses, college and coaching classes, coordinating with tutors and mentors and dealing with anxiety and fear of failure, before finally succeeding and entering a great career. A moving narration about her This book is about a teenage girl who went through a tough phase, as she tried to break stereotypes and finally succeed with , accept her weaknesses and work towards improvement. It is also about the young girl's unwavering commitment, hard work and resilience despite all odds that life threw at her. Using a few top chartbusters of 'Beatles' which the girl played to convey her mind many a time, the author, captures the emotional moments they went through in the phase and how holding hands sometimes and letting go at other times, and keeping the faith and belief in the innate abilities of the Girl and giving freedom of choice helped the Girl succeed. The author also speaks as to how the education ecosystem takes one for a ride and how only a few sincere educators, who encouraged the Girl saying "what if you fly", made a positive impact. In short, the book provides guidance to parents and teenagers to succeed a recipe for success in this extensively competitive age.

On the train, on the beach, on the sofa ... many people in all parts of the world enjoy doing wordsearches. If you are studying English and want to learn and practise vocabulary related to various topics, then this book is for you! The topics reflect the kinds of everyday conversations that you might have both with native and non-native speakers of English. The topics are also those that are typically tested in English examinations e.g. TOEFL, Cambridge (First Certificate, Advanced), IELTS, and Trinity. Each chapter begins with a list of questions to enable you to have a conversation about a particular topic in various situations: on a social occasion (e.g. a work dinner, a conference lunch, a party); in the classroom during an English lesson; when chatting, either face to face or online; and during an English oral exam. After the list of questions, you will find a Word List associated with the topic and exercises to test your knowledge of less common words. The final aim is then to find the words from the Word List in the related Wordsearch. Easy English! is a series of books to help you learn and revise your English with minimal effort. You can improve your English by: reading texts in English that you might normally read in your own language e.g. jokes, personality tests, lateral thinking games, and wordsearches; doing short exercises to improve specific areas grammar and vocabulary, i.e. the areas that tend to lead to the most mistakes - the aim is just to focus on what you really need rather than overwhelming yourself with a mass of rules, many of which may have no practical daily value. Other books in the Easy English! series include: Wordsearches: Widen Your Vocabulary in English Test Your Personality: Have Fun and Learn Useful Phrases Word games, Riddles and Logic Tests: Tax Your Brain and Boost Your English Top 50 Grammar Mistakes: How to Avoid Them Top 50 Vocabulary Mistakes: How to Avoid Them

The forward-thinking techniques you need to manage today's diverse classrooms Contemporary educators know that discipline-based classroom management is less effective in today's schools. Evidence shows that a strategy of culturally responsive engagement is essential to giving students the best education, whatever their background. In a readable and compelling text, Laura E. Pinto outlines: Keys to developing the cultural fluency necessary to prepare all students for success. Exercises for teachers to reflect deeply on how they manage their classrooms, and identify areas for improvement. 45 easy strategies—including many that support the Common Core—for boosting engagement and cultural responsiveness in the classroom

This volume combines an analysis of PISA with a description of the policies and practices of those education systems that are close to the top or advancing rapidly, in order to offer insights for policy in the United States.
