The Restoration of Engravings, Drawings, Books, and Other Works on Paper

Fast Cars, Clean
Bodies examines
the crucial
decade from Dien
Bien Phu to the
mid-1960s when
France shifted
rapidly from an
agrarian,

Online Library Car Restoration Guide Beginners

insular, and
empire-oriented
society to a
decolonized,
Americanized,
and fully
industrial one.
In this analysis
of a startling
cultural
transformation
Kristin Ross
finds the
contradictions

Online Library Car Restoration Guide Beginners

of the period
embedded in its
various
commodities and
cultural artifacts—automobiles,
washing
machines,
women's
magazines, film,
popular fiction,
even
structuralism—as
well as in the

Online Library Car Restoration Guide Beginners

practices that
shape,
determine, and
delimit their
uses. In each of
the book's four
chapters, a
central object
of mythical
image is
refracted across
a range of
discursive and
material spaces:

Online Library Car Restoration Guide Beginners

social and
private, textual
and cinematic,
national and
international.
The automobile,
the new cult of
cleanliness in
the capital and
the colonies,
the waning of
Sartre and de
Beauvoir as the
couple of

Online Library Car Restoration Guide Beginners

national
attention, and
the emergence of
reshaped,
functionalist
masculinities
(revolutionary,
corporate, and
structural)
become the key
elements in this
prehistory of
postmodernism in
France.

Online Library Car Restoration Guide Beginners

Modernization
ideology, Ross
argues, offered
the promise of
limitless, even
timeless,
development. By
situating the
rise of "end of
history"
ideologies
within the
context of
France's

Online Library Car Restoration Guide Beginners

transition into mass culture and consumption, Ross returns the touted timelessness of modernization to history. She shows how the realist fiction and film of the period, as well as the work of social theorists

Online Library Car Restoration Guide Beginners

such as Barthes,
Lefebvre, and
Morin who began
at the time to
conceptualize
"everyday life,"
laid bare the
disruptions and
the social costs
of events. And
she argues that
the logic of the
racism prevalent
in France today,

Online Library Car Restoration Guide Beginners

focused on the figure of the immigrant worker, is itself the outcome of the French state's embrace of capitalist modernization ideology in the 1950s and 1960s. Filled with advice on

Project Mustang
is a complete
guide to restoring
America's
favorite muscle
car, written by
auto-restoration

the teardown to re-covering the seats and replacing the frame rail;and every step in between. The car restored for the project in the book is a 1968 California Special Mustang. The
