

Case In Point 9 Complete Case Interview Preparation

Crack the Case System is a complete training program, covering every aspect of the infamous "case interview" favored by top management consulting firms and a growing number of Fortune 500 companies. David Ohrvall's step-by-step approach combines practical instruction on structuring, analytics and communication, as well as insider tips and insights gained from training thousands of candidates. CTCS includes over 150 bonus videos on mbacase.com, 42 practice cases, homework and drills. About the author: David Ohrvall is the global expert on the topic of case interviews. A dynamic and sought-after speaker, he trains several thousand MBAs and undergraduates each year at premiere business schools around the world, including Wharton, Stanford, Harvard Business School, Chicago Booth, Duke's Fuqua School of Business, INSEAD, Oxford and Cambridge. David also has an extensive private coaching practice that has helped launch hundreds of candidates into consulting, venture capital, and a variety of industries. David is a former management consultant (Bain & Company), and a graduate of the Wharton School (MBA & undergrad). Learn more about David at www.mbacase.com.

This guide deals with the pregnancy issues especially the concerns of women who are employed outside the home during their pregnancies.

The third volume in the internationally bestselling McKinsey Trilogy, *The McKinsey Engagement* is an action guide to realizing the consistently high level of business solutions achieved by the experts at the world's most respected consulting firms. Former consultant Dr. Paul Friga distills the guiding principles first presented in the bestselling *The McKinsey Way* and the tested-in-the-trenches methodologies outlined in *The McKinsey Mind*, and combines them with many of the principles and procedures implemented by the military and other organizations. The result is nothing less than the business equivalent of a Special Forces Field Manual. True to its stated goal of arming consultants and corporate problem solvers with a blueprint for achieving consistently phenomenal results, *The McKinsey Engagement* is short on theory and long on action. Each chapter focuses on one element in the celebrated TEAM FOCUS problem-solving model and features a concise discussion of a key concept or principle, followed by: Clear rules of engagement A set of operating tactics Sophisticated problem solving tools Easy-to-follow action steps Exercises, checklists, and training tips War stories and best practices case studies A toolkit for bringing clarity, discipline, and purpose to all your problem-solving and change management initiatives, *The McKinsey Engagement* is an indispensable guide for consultants, as well as for executives, managers, students, and corporate trainers.

The Wall Street Journal calls *Case in Point* the MBA Bible! Cosentino demystifies the consulting case interview. He takes you inside a typical interview by exploring the various types of case questions and he shares with you the acclaimed Ivy Case System which will give you the confidence to answer even the most sophisticated cases.

The Ultimate Case Interview Workbook

The *Case Interview Workbook* contains 60 case questions for management consulting interviews, with complete solutions. Every case is compiled and edited by a team of ex-consultants from McKinsey & Company, the Boston Consulting Group, and Bain & Company. This book fills the gap left by others by providing you with plenty of high-quality cases to practice on before your interview. Many cases are from actual interviews at the top-tier firms and cannot be found elsewhere. After working through this book, you will be prepared for every type of case question you may encounter: market sizing, estimation, operations, industry analysis, pricing, growth strategy, marketing, investment, M&A, market entry, customer segmentation, profitability, valuation, logic, issue identification, cost analysis, market expansion, and brainteasers, to name a few. These cases will help you prepare for interviews at leading management consulting firms, including McKinsey & Company, The Boston Consulting Group, Bain & Company, Oliver Wyman, Strategy& (formerly Booz & Company), A.T. Kearney, Roland Berger, and L.E.K, as well as for consulting roles at large firms such as Accenture, Deloitte, PwC, EY, and KPMG. Note that is a workbook, designed to complement other preparation books. You will have a hard time solving these cases without learning first elsewhere how to do so, e.g. which frameworks to use, how to use them, and how to structure a solution.

Presents a groundbreaking investigation into the origins of morality at the core of religion and politics, offering scholarly insight into the motivations behind cultural clashes that are polarizing America.

Includes selections from Xenophon, Antiphon and Euripides.

Cheng, a former McKinsey management consultant, reveals his proven, insider's method for acing the case interview.

In the Studio

Merchant of Venice

Born in Warsaw, raised in a Hasidic community, and reaching maturity in secular Jewish Vilna and cosmopolitan Berlin, Abraham Joshua Heschel (1907-1972) escaped Nazism and immigrated to the United States in 1940. This lively and readable book tells the comprehensive story of his life and work in America, his politics and personality, and how he came

to influence not only Jewish debate but also wider religious and cultural debates in the postwar decades. A worthy sequel to his widely-praised biography of Heschel's early years, Edward Kaplan's new volume draws on previously unseen archives, FBI files, interviews with people who knew Heschel, and analyses of his extensive writings. Kaplan explores Heschel's shy and private side, his spiritual radicalism, and his vehement defence of the Hebrew prophets' ideal of absolute integrity and truth in ethical and political life. Of special interest are Heschel's interfaith activities, including a secret meeting with Pope Paul VI during Vatican II, his commitment to civil rights with Martin Luther King, Jr., his views on the state of Israel, and his opposition to the Vietnam War. A tireless challenger to spiritual and religious complacency, Heschel stands as a dramatically important witness.

*The controversial journalistic analysis of the mentality that fostered the Holocaust, from the author of *The Origins of Totalitarianism* Sparking a flurry of heated debate, Hannah Arendt's authoritative and stunning report on the trial of German Nazi leader Adolf Eichmann first appeared as a series of articles in *The New Yorker* in 1963. This revised edition includes material that came to light after the trial, as well as Arendt's postscript directly addressing the controversy that arose over her account. A major journalistic triumph by an intellectual of singular influence, *Eichmann in Jerusalem* is as shocking as it is informative—an unflinching look at one of the most unsettling (and unsettled) issues of the twentieth century.*

Why are business case competitions important? They teach future leaders how to translate classroom knowledge into positive results. Analyzing a situation, diagnosing a problem, formulating and presenting a recommendation, and gaining approval from executive leadership is one of the best processes you can learn in business school to ensure success. You are not only codifying textbook learning, you are also learning to incorporate it with teamwork, interpersonal communication, and influence. Experts Jason Rife, Kara Kravetz Cupoli, and Marc Cosentino share insight and tips in this must-have guide.

*DIV This landmark book looks at what it means to be a multiracial couple in the United States today. According to *Our Hearts* begins with a look back at a 1925 case in which a two-month marriage ends with a man suing his wife for misrepresentation of her race, and shows how our society has yet to come to terms with interracial marriage. Angela Onwuachi-Willig examines the issue by drawing from a variety of sources, including her own experiences. She argues that housing law, family law, and employment law fail, in important ways, to protect multiracial couples. In a society in which marriage is used to give, withhold, and take away status—in the workplace and elsewhere—she says interracial couples are at a disadvantage, which is only exacerbated by current law. /div*

Case interviews come in all formats. The key, as an interviewee, is being prepared. Know what the interviewer is looking for, know the industry/sector, the jargon, the constraints and stakeholders, and how people in the industry operate. Government and nonprofit cases span a wide variety of problems, issues, stakeholders, and politics, which makes them trickier than private sector case interviews.

'Domestic Violence and Child Protection' explores the challenges of working effectively in this complex field and offers positive models for practice. Leading practitioners and researchers outline the essential safety considerations for children, adult victims and child protection workers.

Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library ' s new set of beautifully repackaged hardcover classics by Truman Capote—also available are Breakfast at Tiffany ' s and Other Voices, Other Rooms (in one volume), Portraits and Observations, and The Complete Stories Truman Capote ' s masterpiece, In Cold Blood, created a sensation when it was first published, serially, in The New Yorker in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the “ new journalism. ” Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. “ I thought he was a very nice gentleman, ” he says of Herb Clutter. “ Soft-spoken. I thought so right up to the moment I cut his throat. ” Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers ' flight, Capote ' s account is so detailed that the reader comes to feel almost like a participant in the events.

Why we need to stop wasting public funds on education Despite being immensely popular—and immensely lucrative—education is grossly overrated. Now with a new afterword by Bryan Caplan, this explosive book argues that the primary function of education is not to enhance students' skills but to signal the qualities of a good employee. Learn why students hunt for easy As only to forget most of what they learn after the final exam, why decades of growing access to education have not resulted in better jobs for average workers, how employers reward workers for costly schooling they rarely ever use, and why cutting education spending is the best remedy. Romantic notions about education being "good for the soul" must yield to careful research and common sense—The Case against Education points the way.

The Complete Q&A Job Interview Book

"The ultimate job interview book! A systematic, foolproof way to generate offers. No job seeker should be without it." -National

Job Market "The programmed system works because it is a simple, practical, proven way to interview properly. Use it to win the interview and win the job!" -Mary Lyon, Associated Press "Allen's 'Q&A' interview approach eliminates the fear of the unknown, replaces it with the confidence of knowing what to expect, and trains the applicant to get job offers." -Kimberly A. Hellyar, Director, Training Consultants International What is a job interview anyway? Is it an objective examination of your experience, skills, and work ethic? Not quite. It's a screentest. You're the actor. In this bestselling guide, Jeff Allen, the world's leading authority on the interview process, shows you how getting hired depends almost completely on the "actor factor." If you know your lines, perfect your delivery, and dress for the part, you'll get hired. If you don't, you won't. In The Complete Q&A Job Interview Book, Jeff develops your own personalized interview script to prepare you in advance for any question that comes your way. Covering questions on everything from personal background to management ability and technological know-how, he gives you a fail-safe delivery format for responding the right way every time. This new edition has been updated to guide you through today's changing job market, and includes an entirely new chapter on dealing with the latest open-ended interrogation questions. If getting a job is playing a part, this is your starring role. Follow the director, and you'll be a superstar!

A trio of masterpieces by Gauguin, Cézanne, and Matisse are joined by works by other major artists in this exploration of the enduring vitality of the theme of Arcadia

Approaching a wide range of transnational topics, the editors ask how conceptions of slavery & gendered society differed in the United States, France, Germany, & Britain.

****THE INSTANT #1 NEW YORK TIMES BESTSELLER**** "An unforgettable—and Hollywood-bound—new thriller... A mix of Hitchcockian suspense, Agatha Christie plotting, and Greek tragedy." -Entertainment Weekly The Silent Patient is a shocking psychological thriller of a woman's act of violence against her husband—and of the therapist obsessed with uncovering her motive. Alicia Berenson's life is seemingly perfect. A famous painter married to an in-demand fashion photographer, she lives in a grand house with big windows overlooking a park in one of London's most desirable areas. One evening her husband Gabriel returns home late from a fashion shoot, and Alicia shoots him five times in the face, and then never speaks another word. Alicia's refusal to talk, or give any kind of explanation, turns a domestic tragedy into something far grander, a mystery that captures the public imagination and casts Alicia into notoriety. The price of her art skyrockets, and she, the silent patient, is hidden away from the tabloids and spotlight at the Grove, a secure forensic unit in North London. Theo Faber is a criminal psychotherapist who has waited a long time for the opportunity to work with Alicia. His determination to get her to talk and unravel the mystery of why she shot her husband takes him down a twisting path into his own motivations—a search for the truth that threatens to consume him....

: Crafting Your Consulting Career

Describes how patterns of information, knowledge, and cultural production are changing. The author shows that the way information and knowledge are made available can either limit or enlarge the ways people create and express themselves. He describes the range of legal and policy choices that confront.

THE STORY: Over the course of 30 years, the lives of Kayleen and Doug intersect at the most bizarre intervals, leading the two childhood friends to compare scars and the physical calamities that keep drawing them together.

Nine critically acclaimed cartoonists and graphic novelists invite us into their studios to discuss their art and inspirations. These studio visits with some of today's most popular and innovative comic artists present an unparalleled look at the cutting edge of the comic medium. The artists, some of whom rarely grant interviews, offer insights into the creative process, their influences and personal sources of inspiration, and the history of comics. The interviews amount to private gallery tours, with the artists commenting, now thoughtfully, now passionately, on their own work as well as the works of others. The book is generously illustrated with full-color reproductions of the artists' works, including some that have been published and others not originally intended for publication, such as sketchbooks and personal projects. Additional illustrations show behind-the-scenes working processes of the cartoonists and particular works by others that have influenced or inspired them. Through the eyes of these artists, we see with a new clarity the achievement of contemporary cartoonists and the extraordinary possibilities of comic art.

A Former McKinsey Interviewer Reveals how to Get Multiple Job Offers in Consulting

Twelfth Night, Or, What You Will

A towering figure in world literature, Dante wrote his great epic poem *Commedia* in the early fourteenth century. The work gained universal acclaim and came to be known as *La Divina Commedia*, or *The Divine Comedy*. Giuseppe Mazzotta brings Dante and his masterpiece to life in this exploration of the man, his cultural milieu, and his endlessly fascinating works.

Based on Mazzotta's highly popular Yale course, this book offers a critical reading of *The Divine Comedy* and selected other works by Dante. Through an analysis of Dante's autobiographical *Vita nuova*, Mazzotta establishes the poetic and political circumstances of *The Divine Comedy*. He situates the three sections of the poem—*Inferno*, *Purgatory*, *Paradise*—within the intellectual and social context of the late Middle Ages, and he explores the political, philosophical, and theological topics with which Dante was particularly concerned.

A guide to understanding the inner workings and outer limits of technology and why we should never assume that computers always get it right. In *Artificial Unintelligence*, Meredith Broussard argues that our collective enthusiasm for applying computer technology to every aspect of life has resulted in a tremendous amount of poorly designed systems. We are so eager to do everything digitally—hiring, driving, paying bills, even choosing romantic partners—that we have stopped demanding that our technology actually work. Broussard, a software developer and journalist, reminds us that there are fundamental limits to what we can (and should) do with technology. With this book, she offers a guide to understanding the inner workings and outer limits of technology—and issues a warning that we should never assume that computers always get things right. Making a case against technochauvinism—the belief that technology is always the solution—Broussard argues that it's just not true that social problems would inevitably retreat before a digitally enabled Utopia. To prove her point, she undertakes a series of adventures in computer programming. She goes for an alarming ride in a driverless car, concluding “the cyborg future is not coming any time soon”; uses artificial intelligence to investigate why students can't pass standardized tests; deploys machine learning to predict which passengers survived the Titanic disaster; and attempts to repair the U.S. campaign finance system by building AI software. If we understand the limits of what we can do with technology, Broussard tells us, we can make better choices about what we should do with it to make the world better for everyone. History has declared globalization the winner of the 20th century. Globalization connected the world and created wealth unimaginable in the wake of the Second World War. But the financial crisis of 2008-09 has now placed at risk the liberal economic policies behind globalization. Engulfing the entire world, the crisis gave new fuel to the skeptics of the benefits of economic integration. Policy responses seem to favor anti-globalizers. New regulations could balkanize the global financial system, while widespread protectionist impulses might undo the Doha Round. Issues from climate change to national security may be used as convenient excuses to keep imports out, keep jobs at home, and to clamp down on global capital. Will globalization triumph or perish in the 21st century? What reforms make sense in the post-crisis world? International economists Gary Clyde Hufbauer and Kati Suominen argue that globalization has been a force of great good, one that needs to be actively advanced and honed. Drawing on the latest economic analyses, they reveal the drivers and effects of global finance and trade, lay out the key risks to globalization, and offer a practical policy roadmap for managing the challenges while increasing the gains. Vital reading for anyone in business, finance, foreign affairs, or economics, *Globalization at Risk* is sure to advance public debate on this defining issue of the 21st century.
